

Gateway Website Review v2

Home + Service Page

By Mohammed Luqman
UI/UX Designer

1- Unsplash Screen

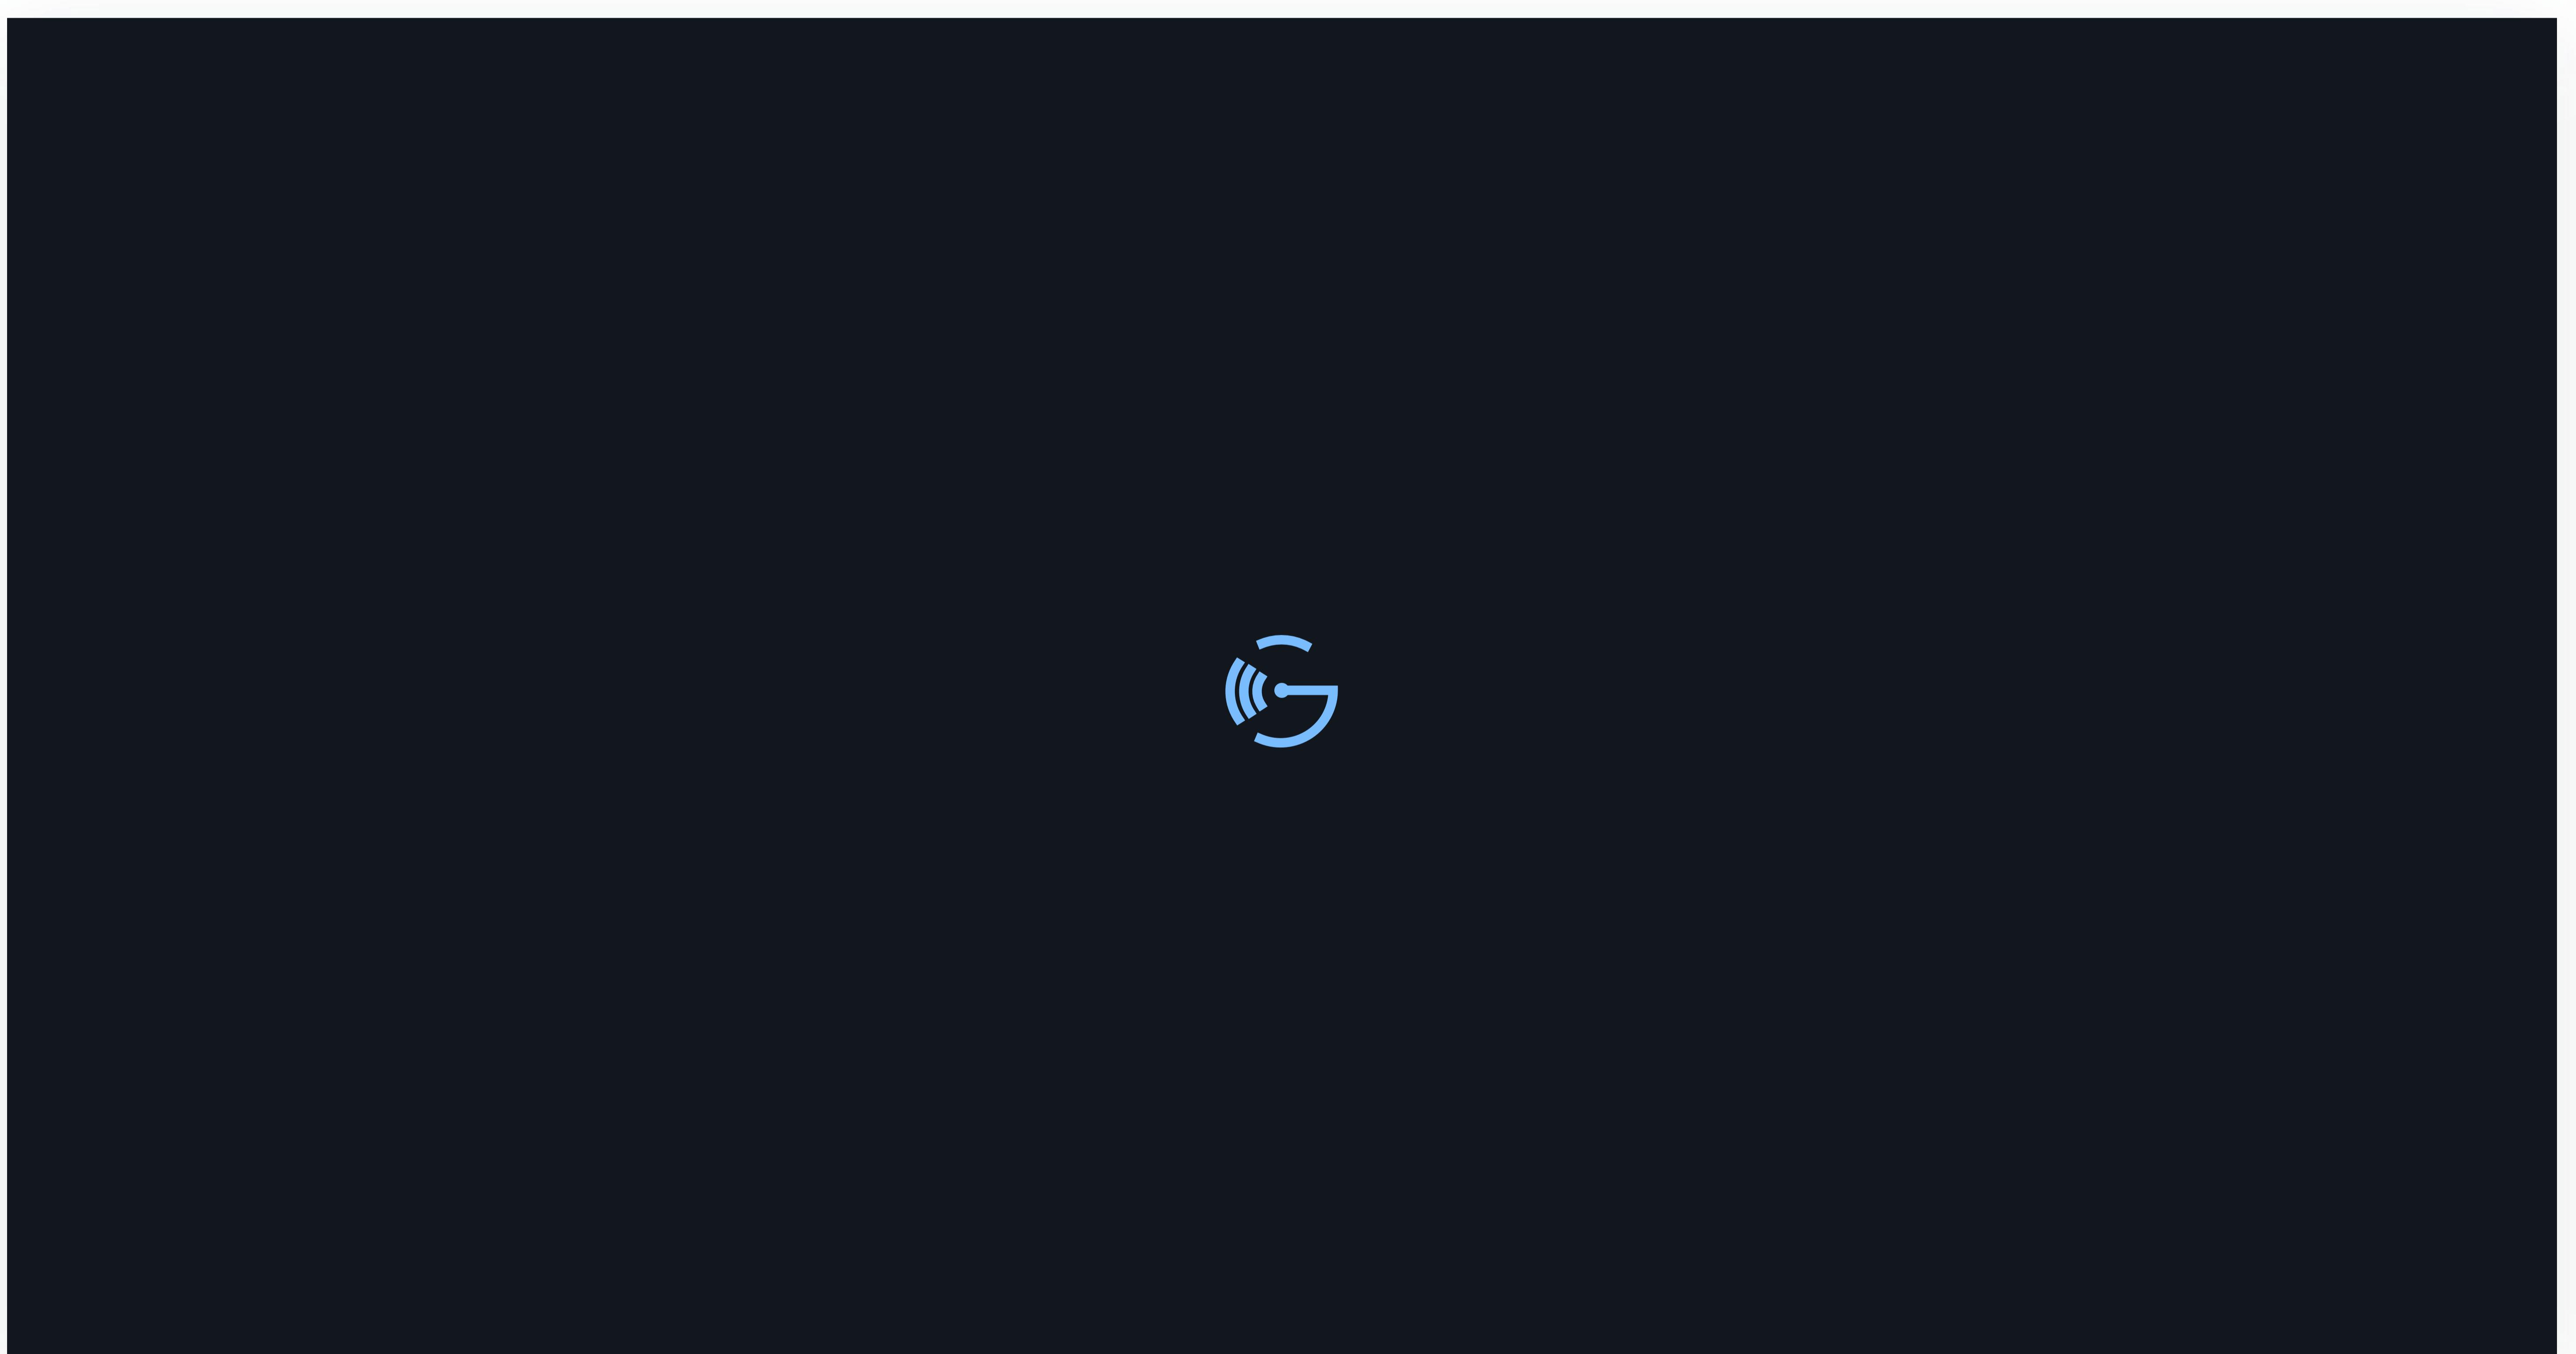

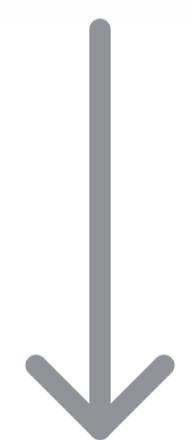

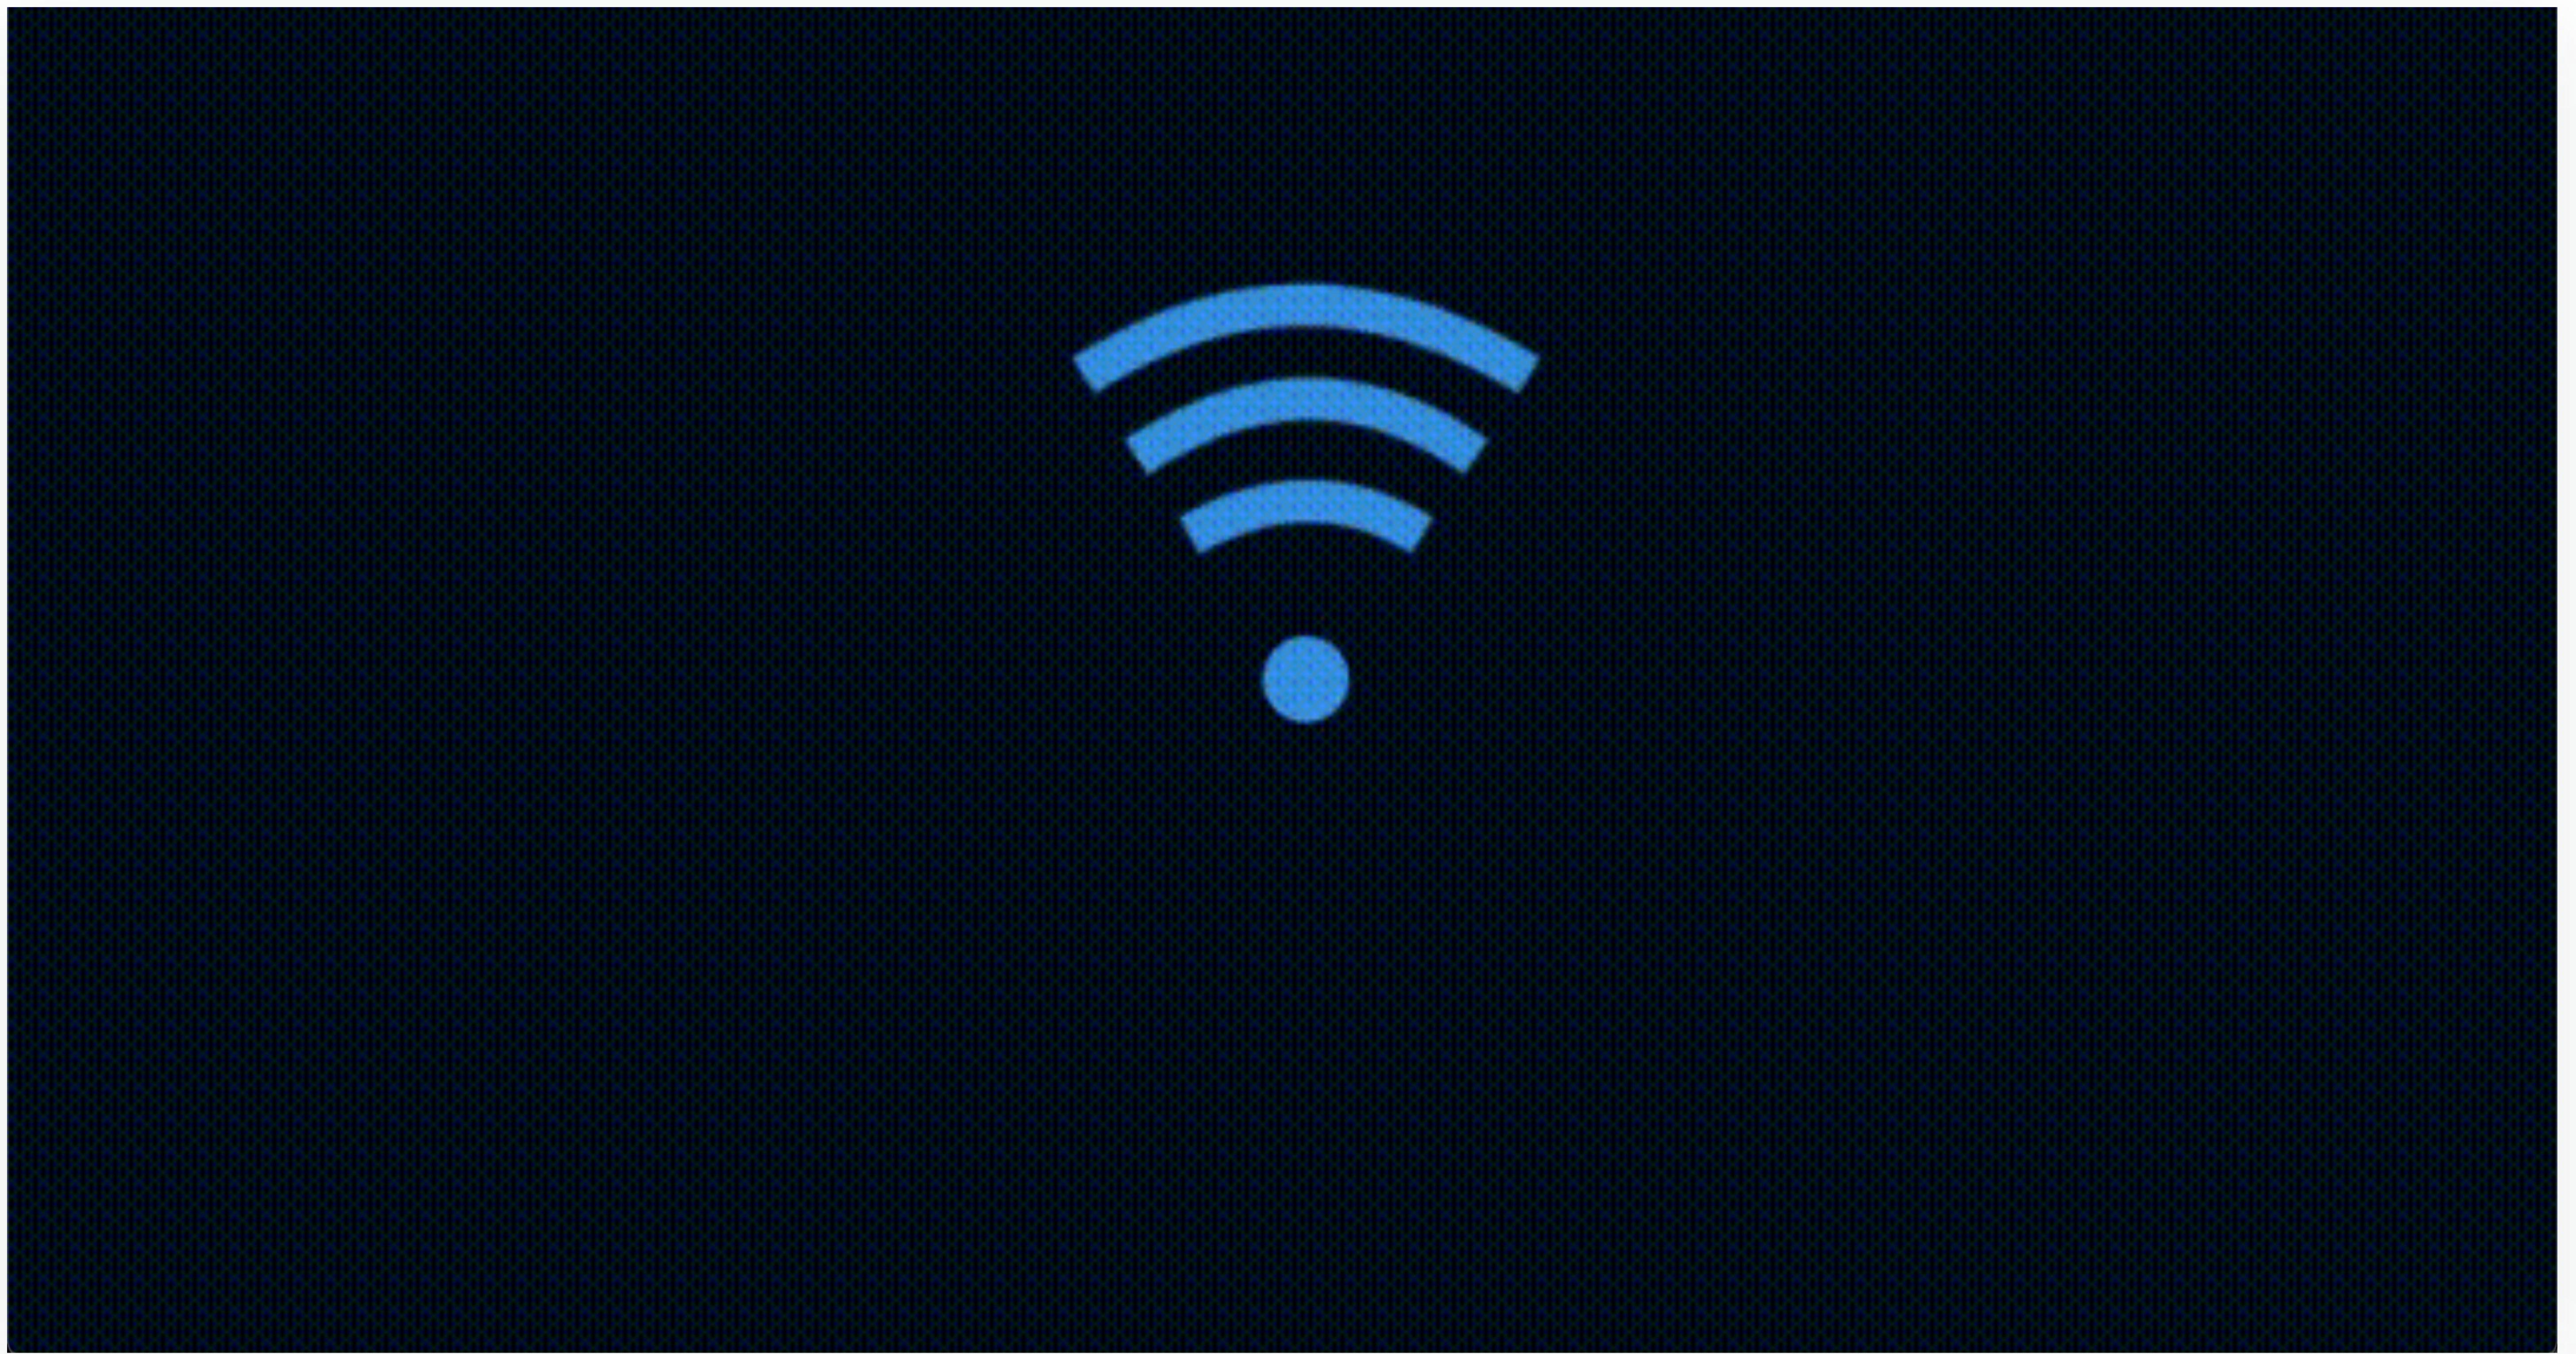

(A) Light Mode: Unsplash screen has a very low quality, please improve the quality of the animation.

File Location: New Assets/ _Desktop/ Splash Screen/ JSON [Use this]/ Light/Desktop.json

For Mobile use "Light_Mobile.json"

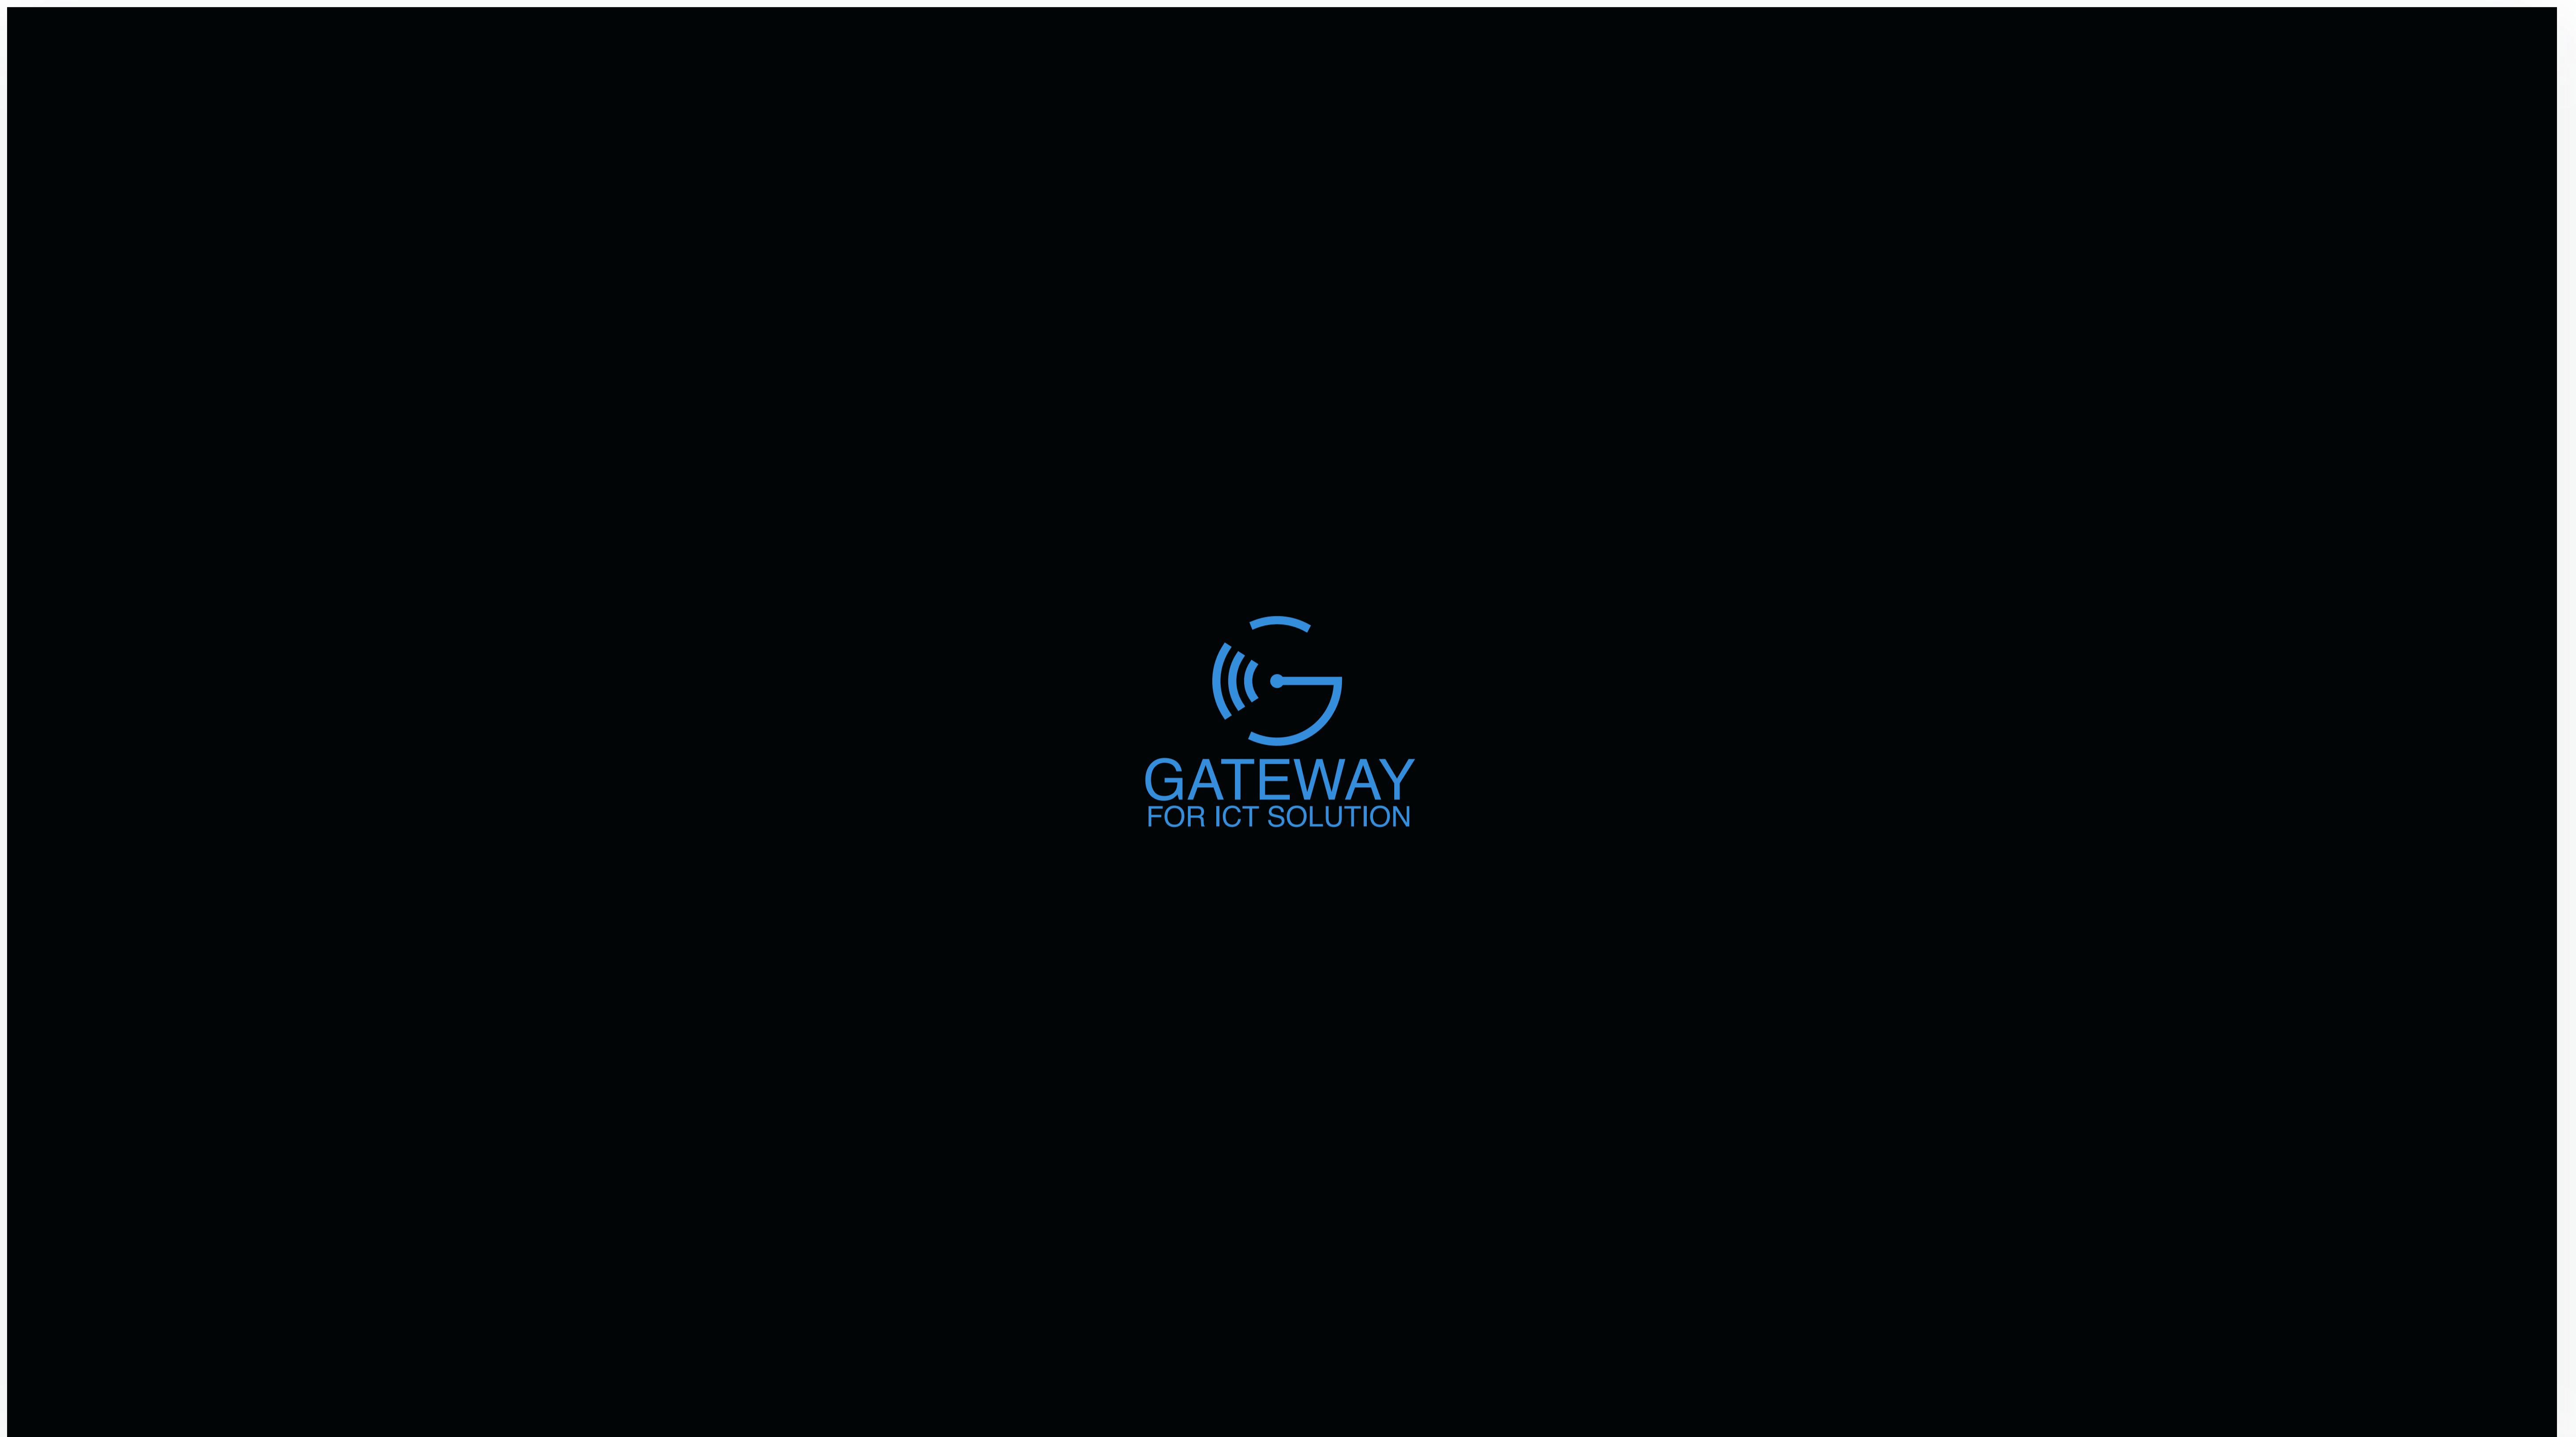

- (B) Dark Mode: we've been noticed that the image has a grinch effect!! You can focus on it! Please use our design resource from assets folder.

File Location: New Assets/ _Desktop/ Splash Screen/ JSON [Use this]/ Dark/Desktop.json

For Mobile use "Dark_Mobile.json"

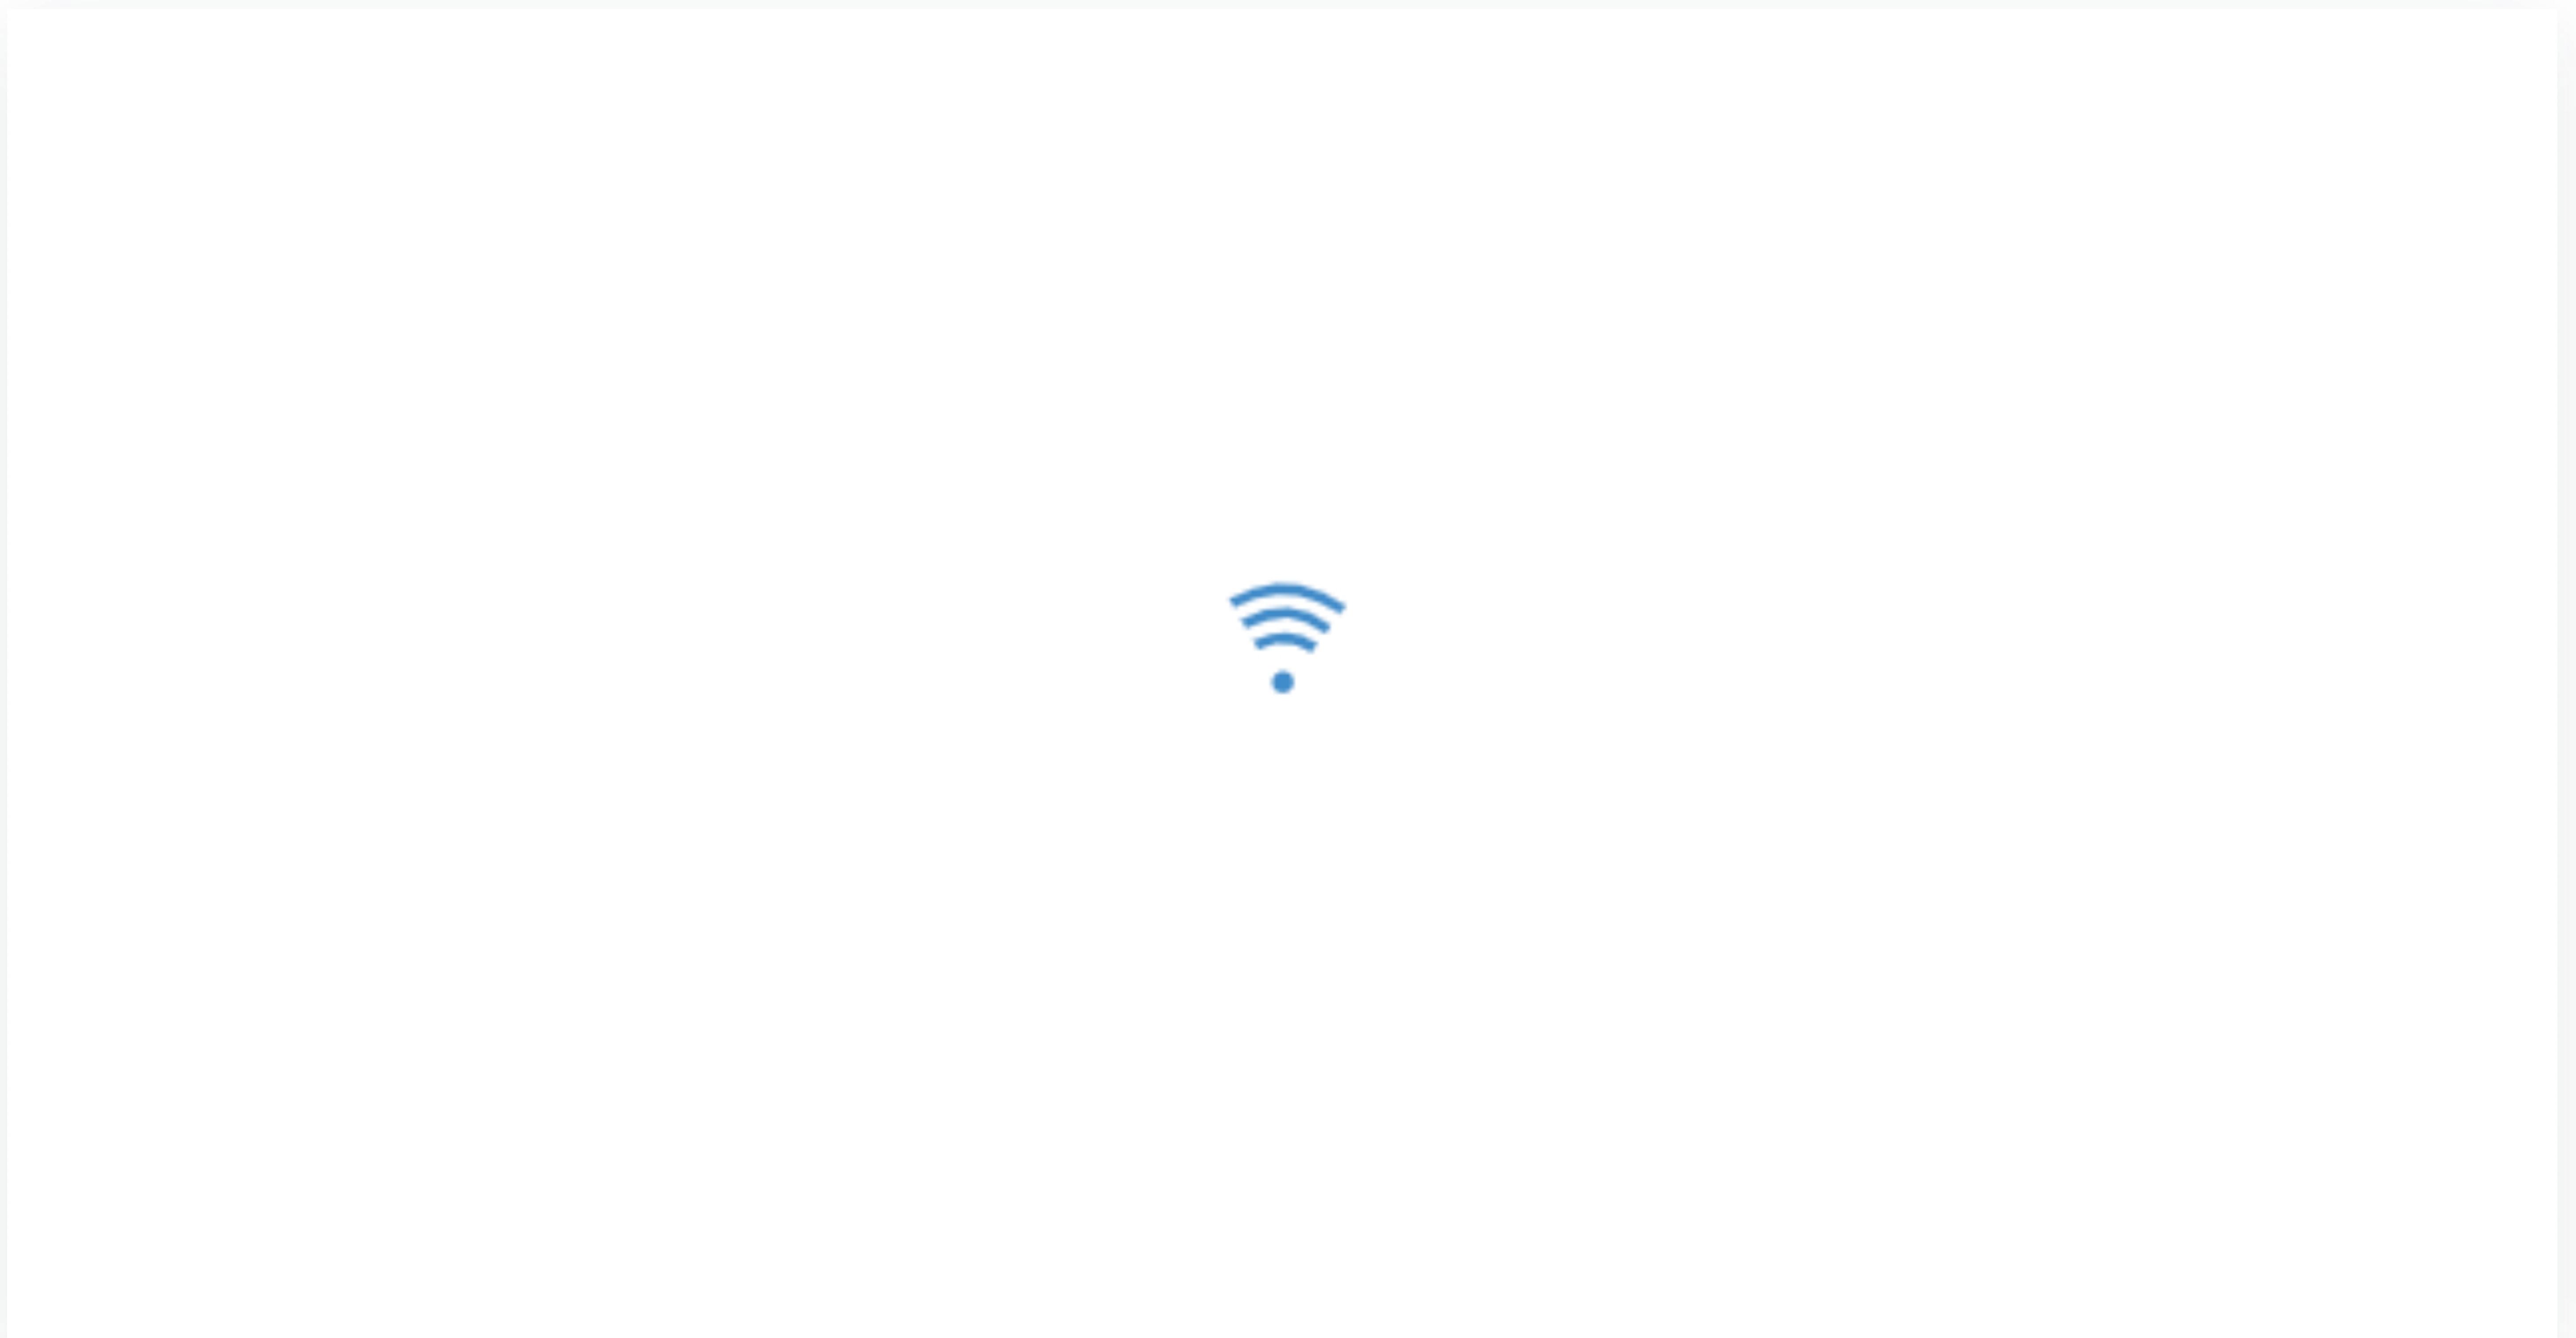

- (C) Dark Mode: we've noticed that the logo has a title "GATEWAY" and subtitle "FOR ICT SOLUTION", But there is no text in the splash screen design, please use our design resource.

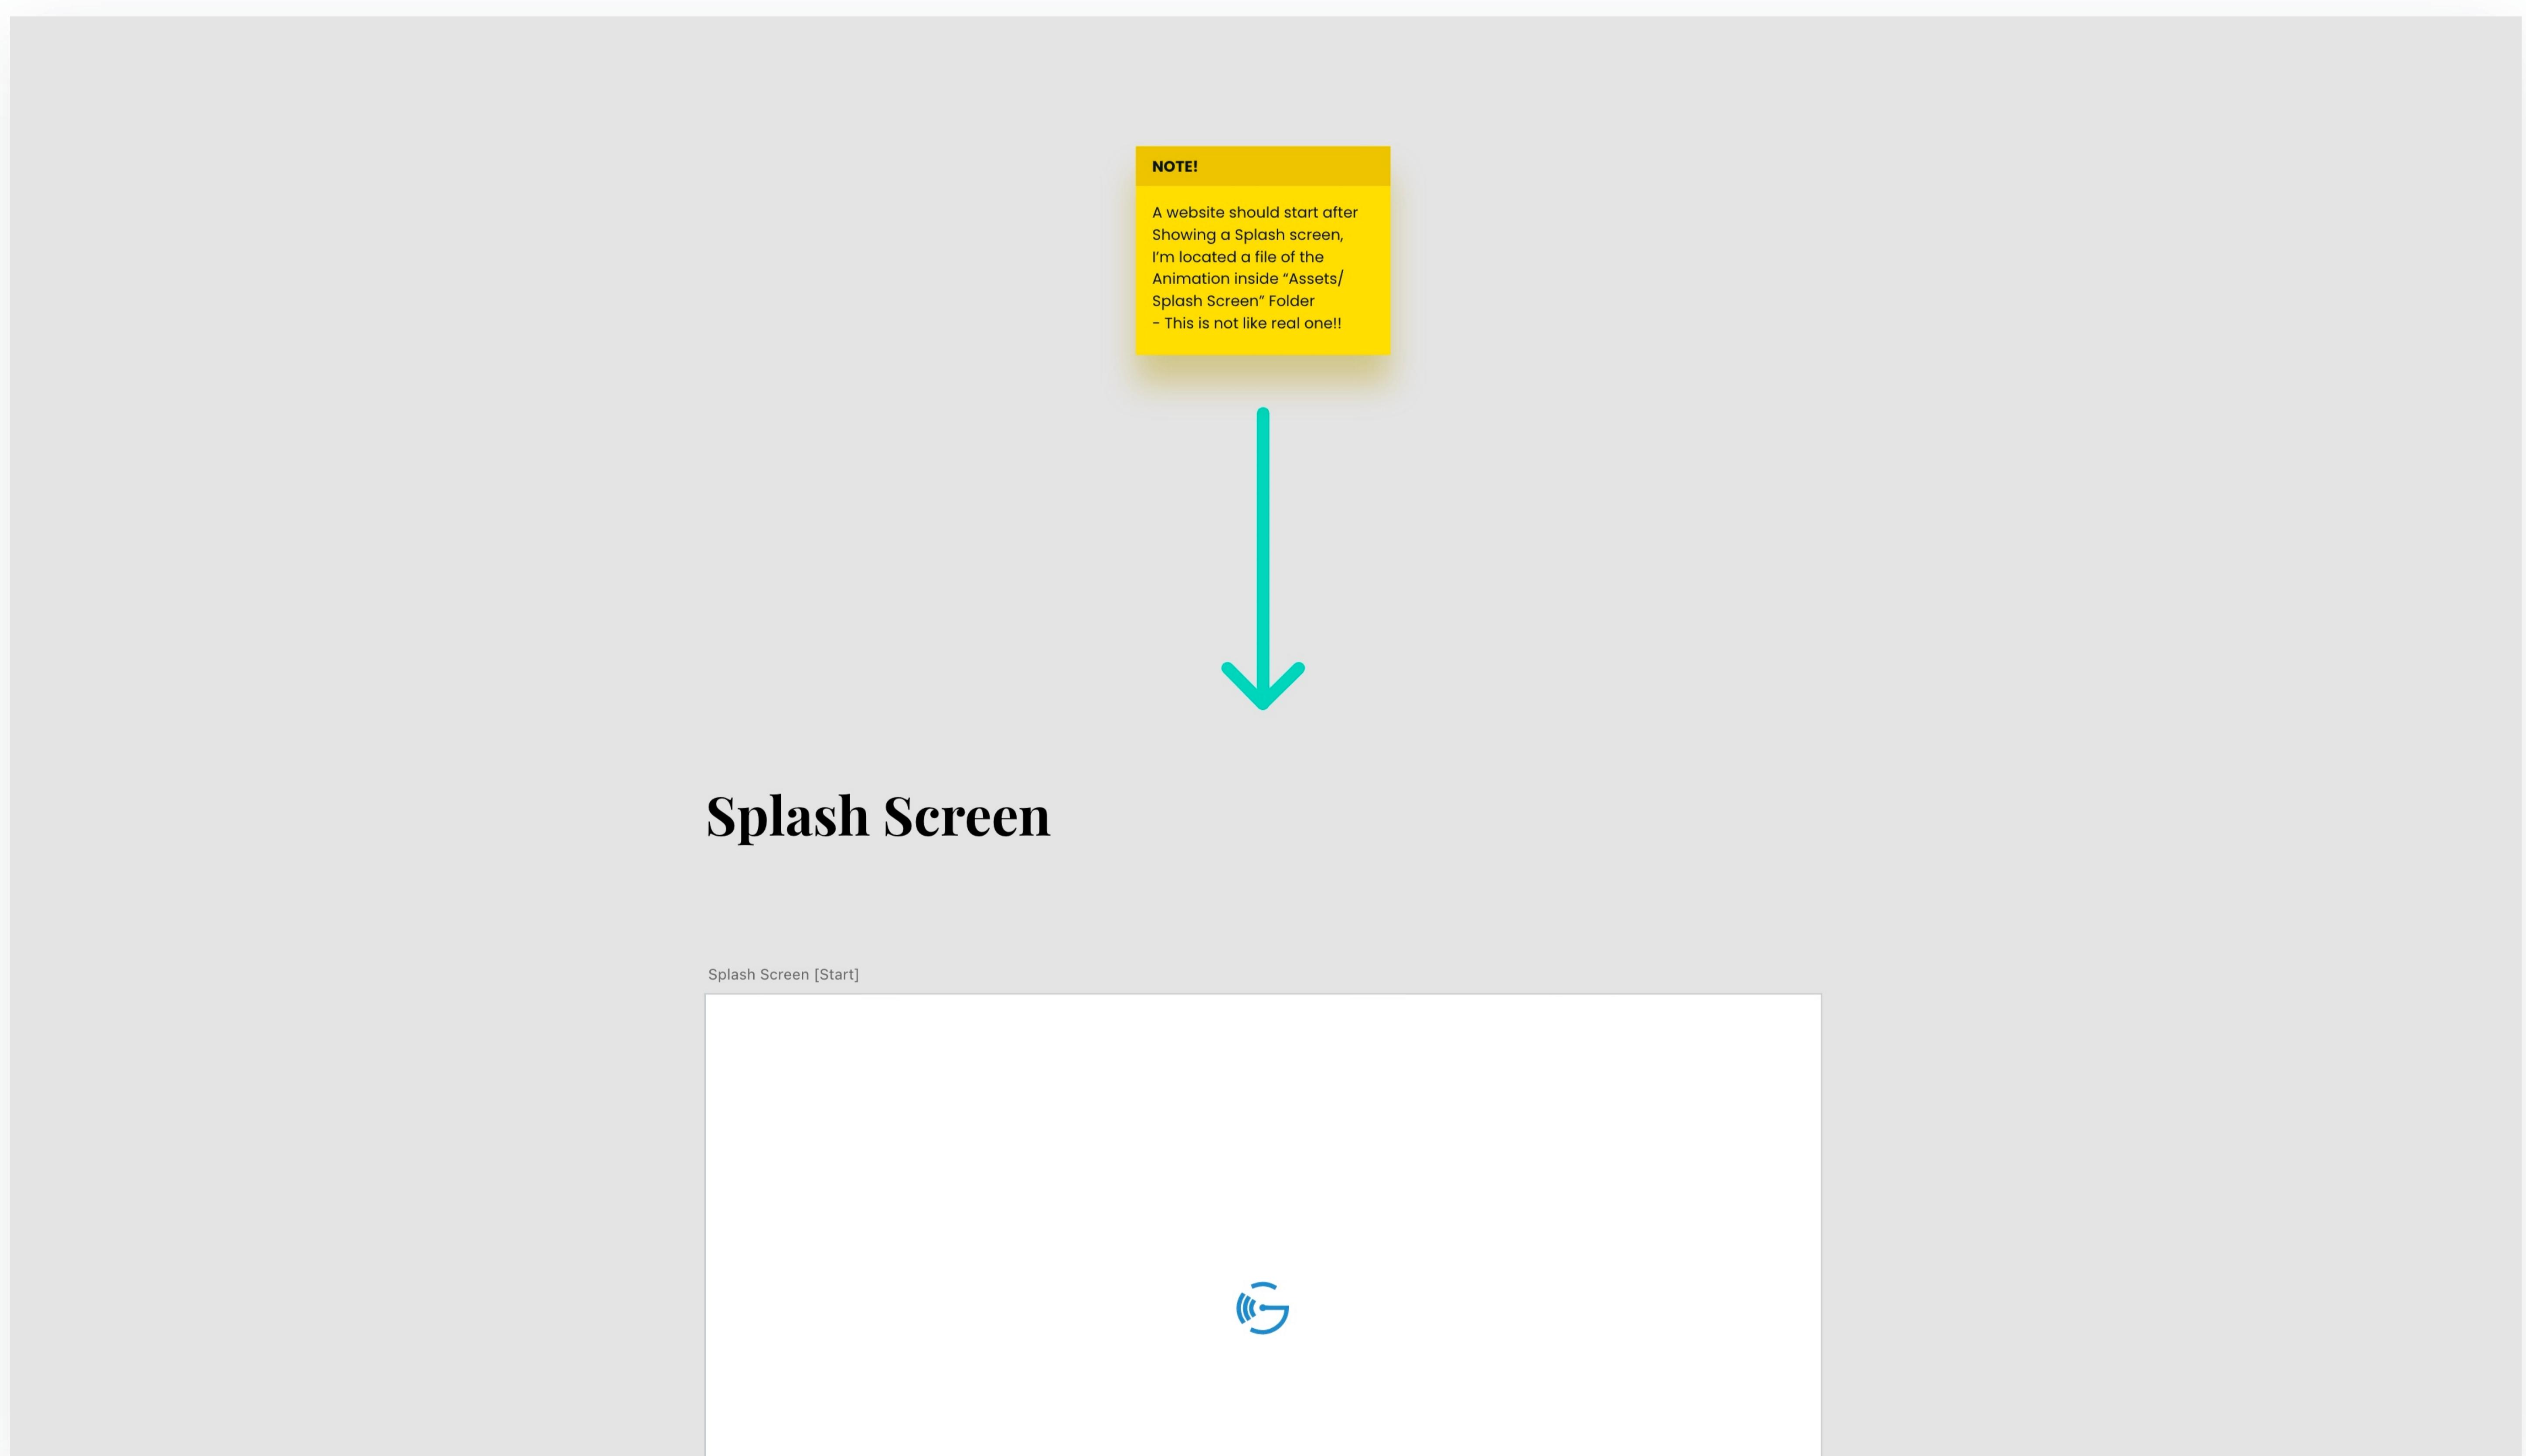

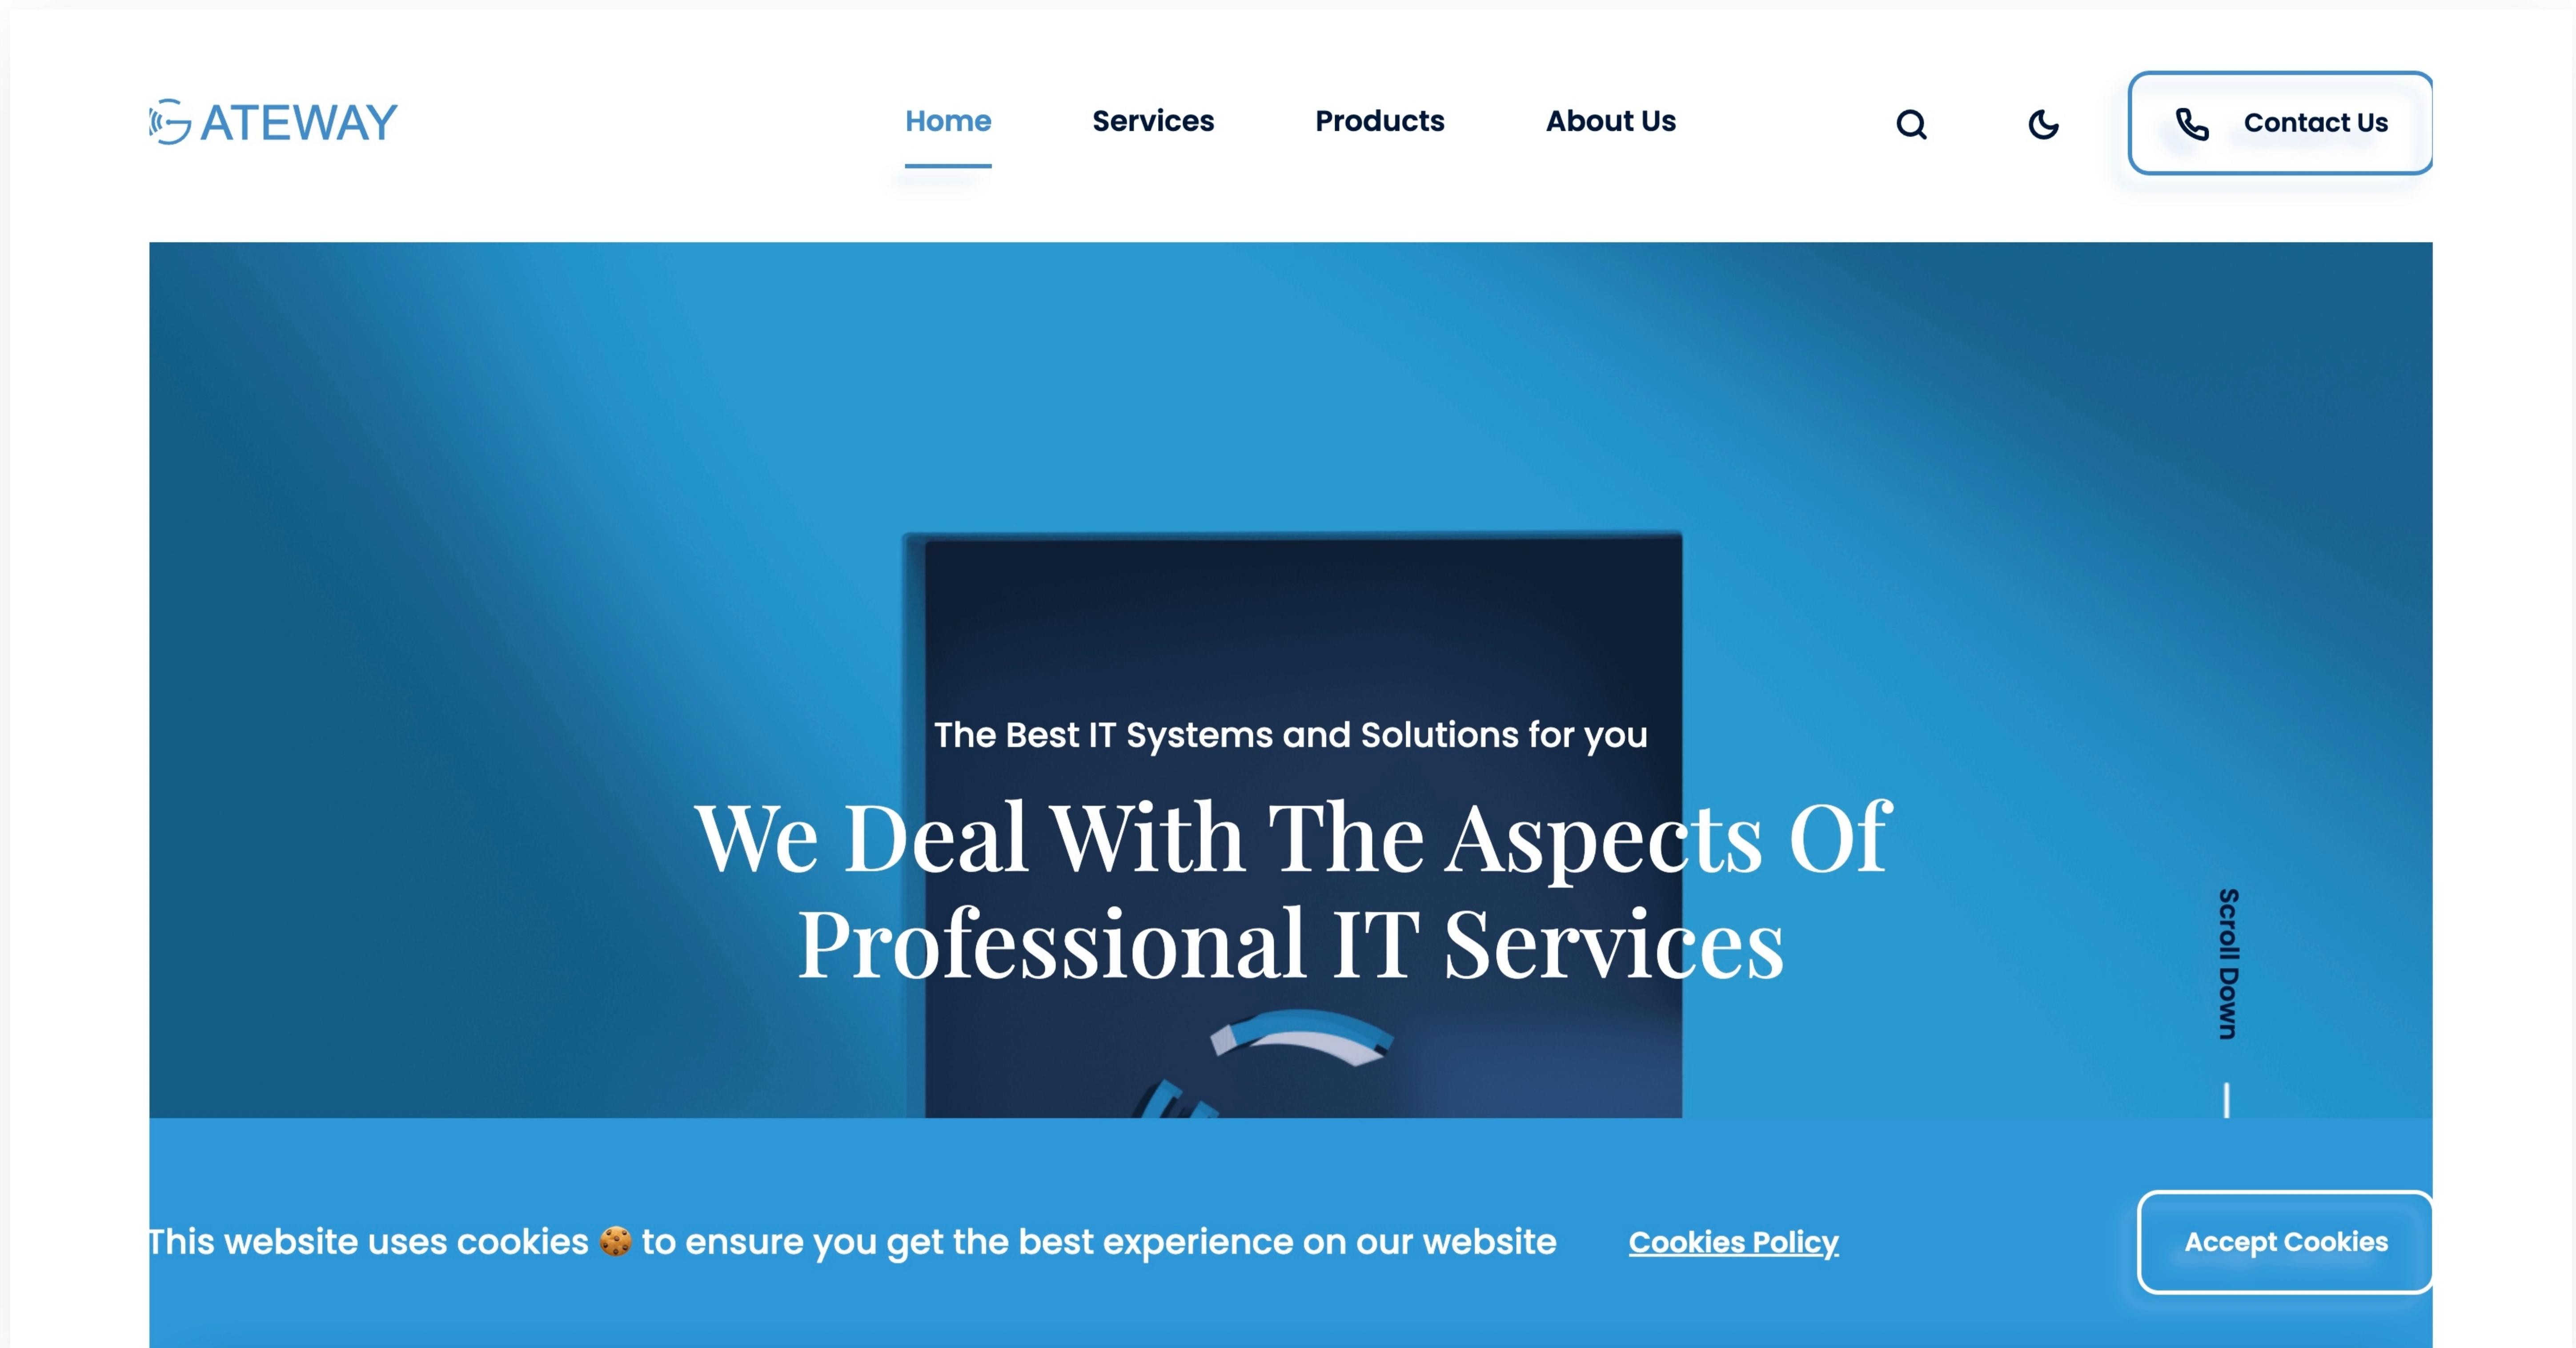

File Location: New Assets/ _Desktop/ Splash Screen/ JSON [Use this]/ Dark/Desktop.json

For Mobile use "Dark_Mobile.json"

- (D) Dark Mode: the Splash screen is not compatible with changing modes for example dark mode to light mode, the splash screen is not changing respectively.

- (E) **Dark Mode & Light Mode:** After the Unsplash animation has ended, the Top Navbar should be go down a little bit smoothly as an animation, and same thing for the Bottom Tabs [Product Tabs], it should go up a little bit smoothly as an animation. You can see the XD design file again and play the fist (Artboard) for showing Unsplash animation.

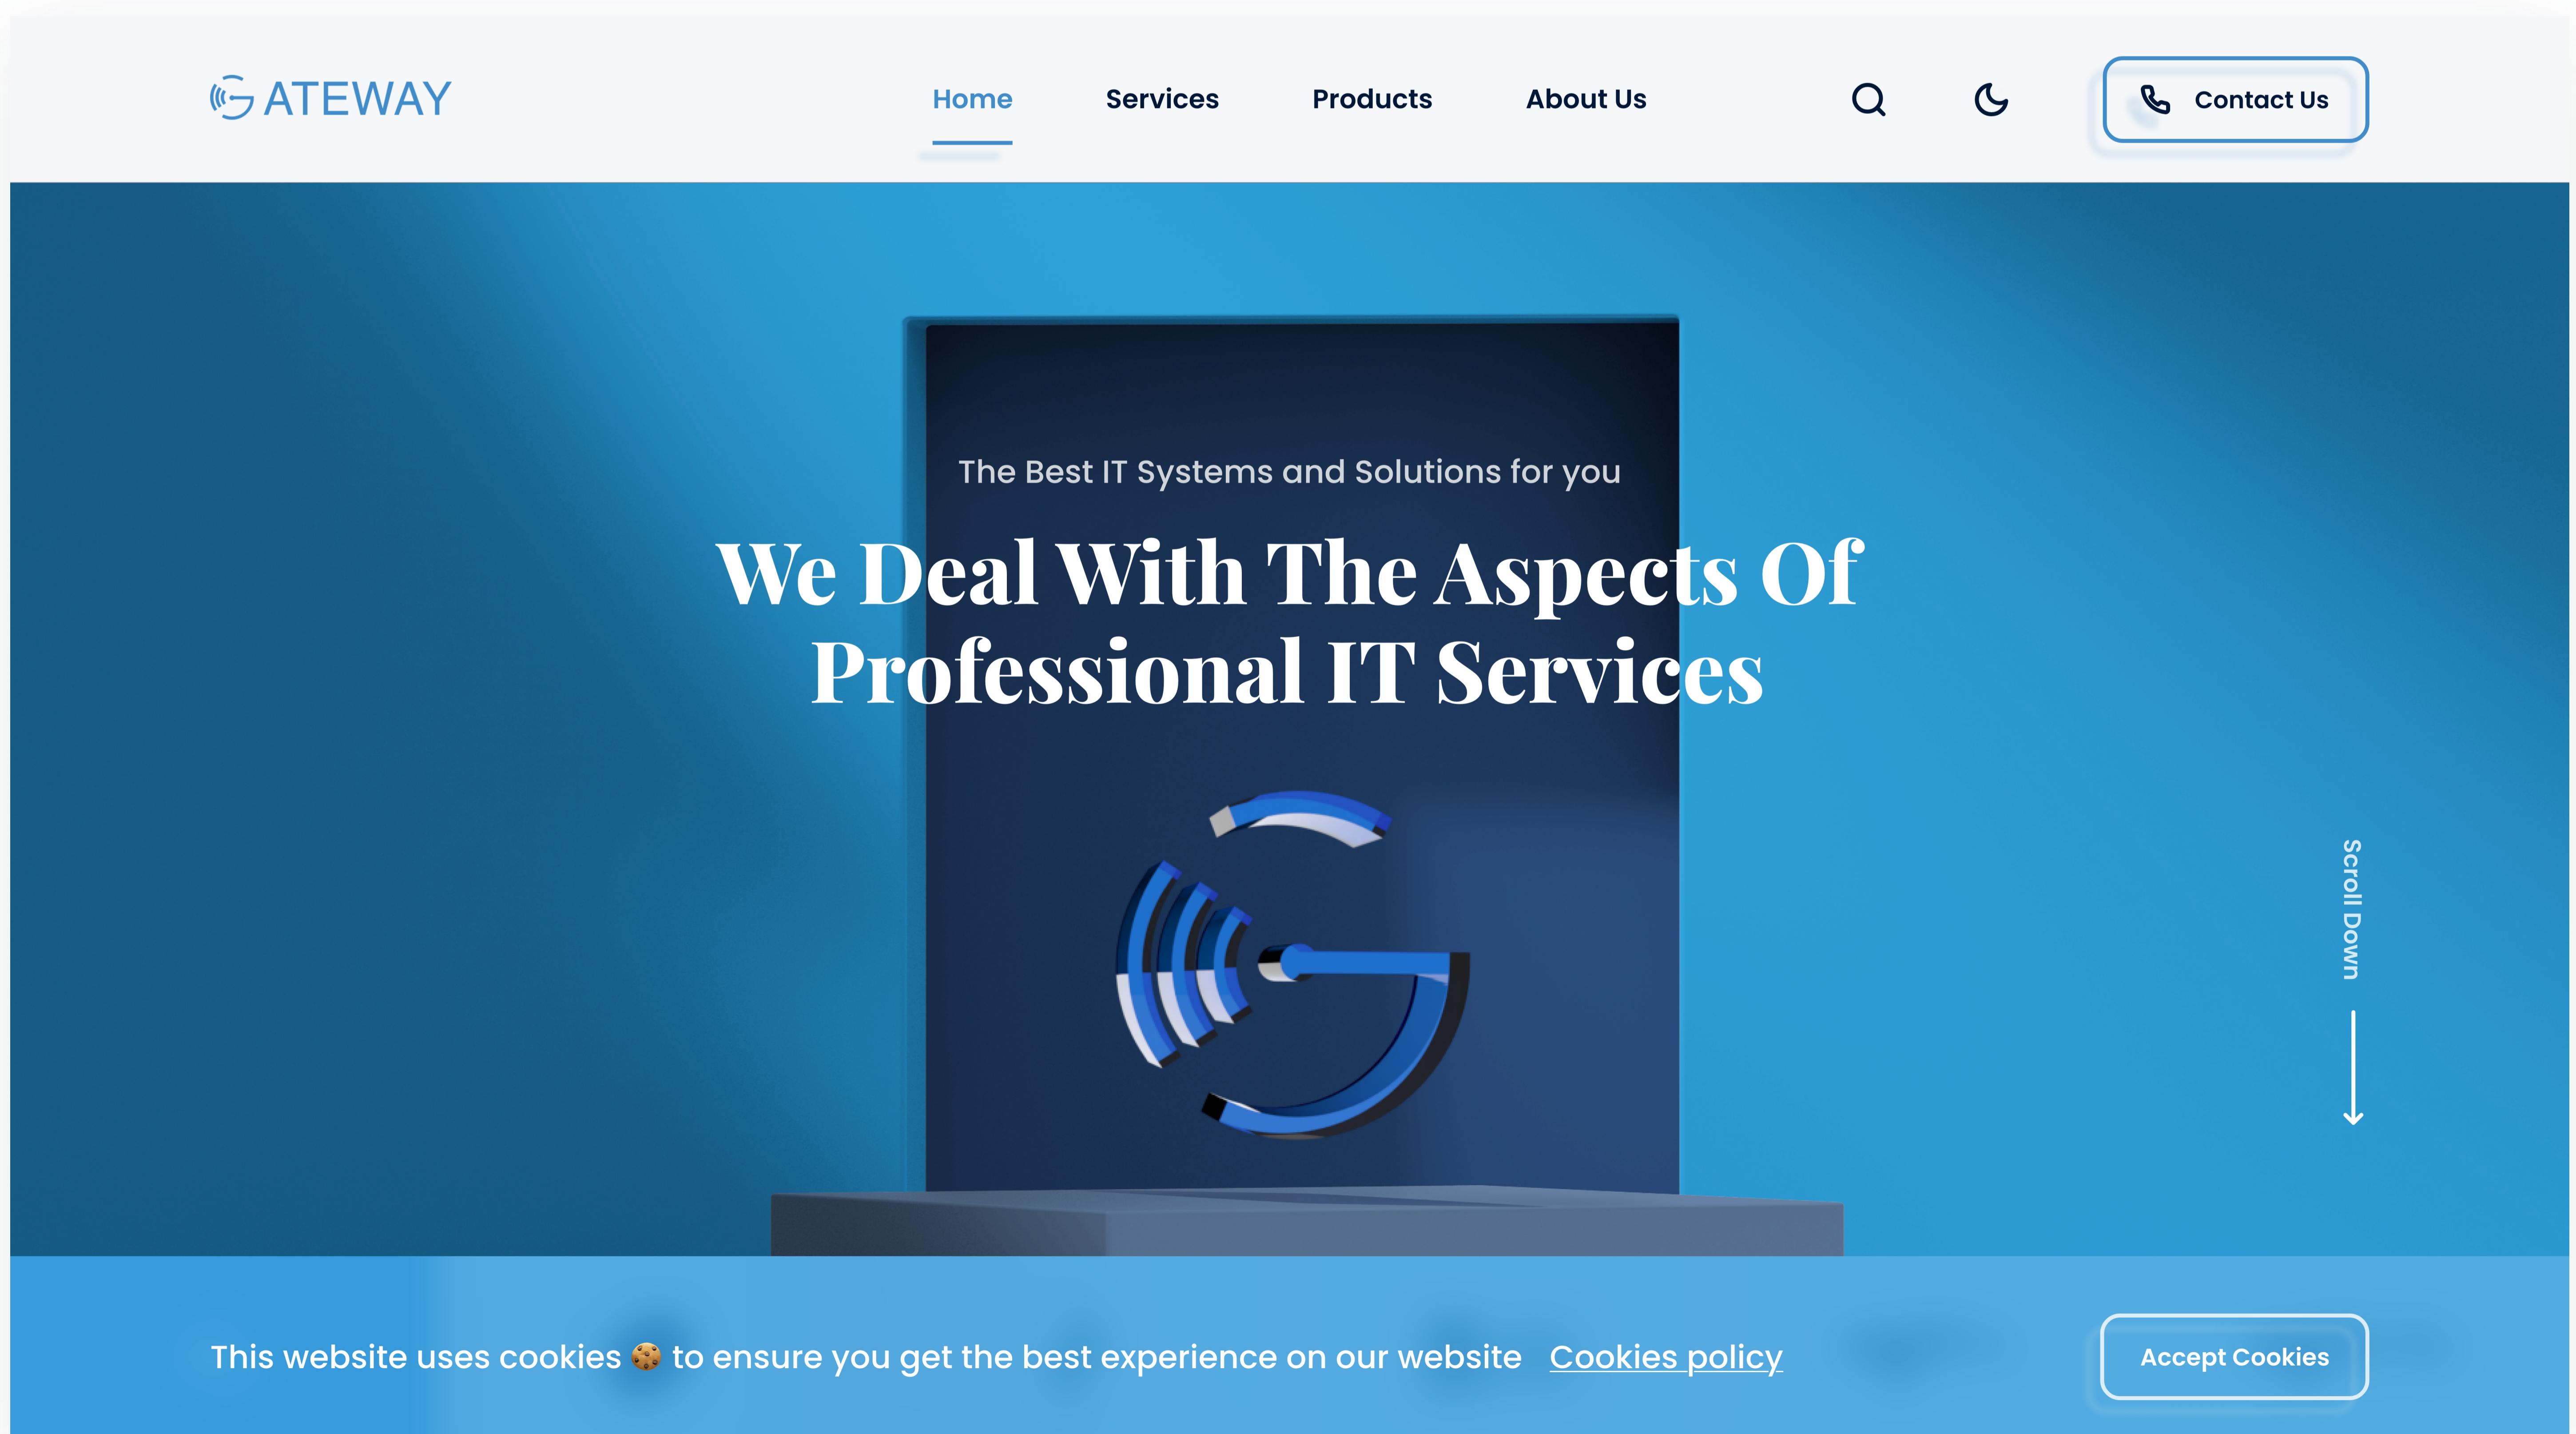

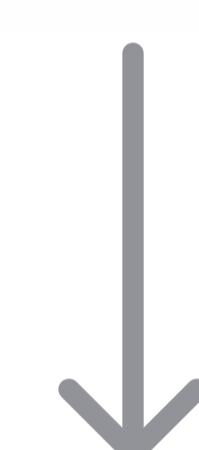

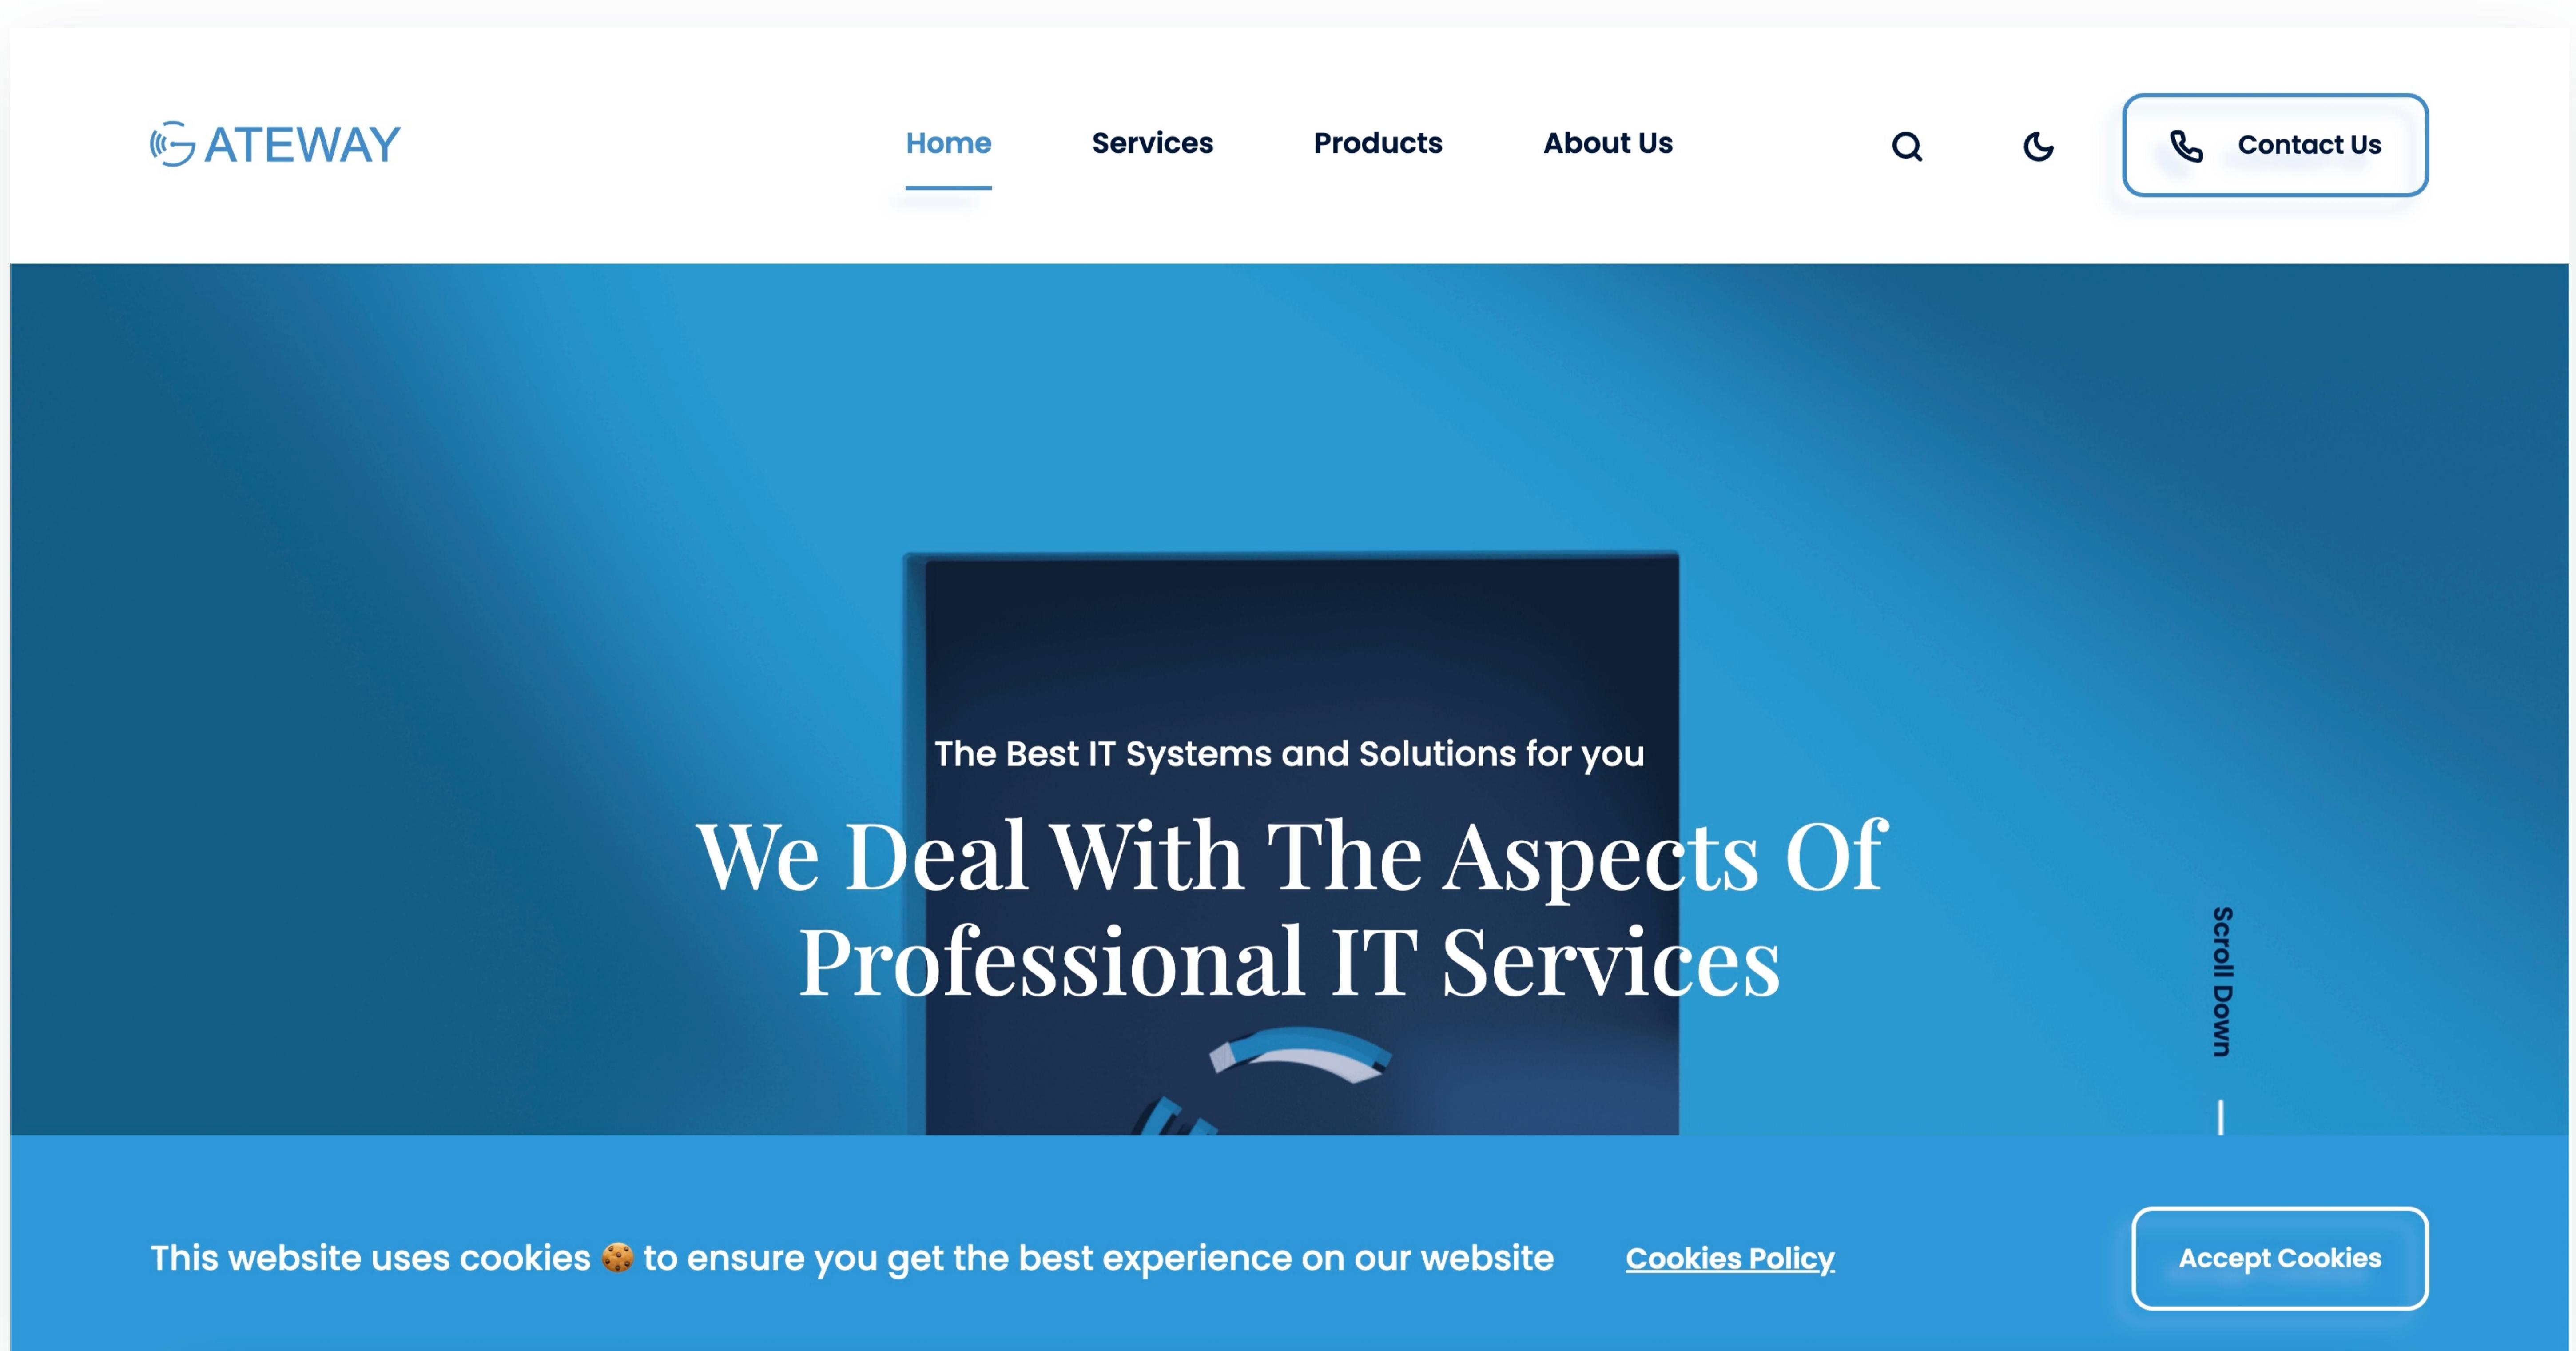

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

2- Home Page

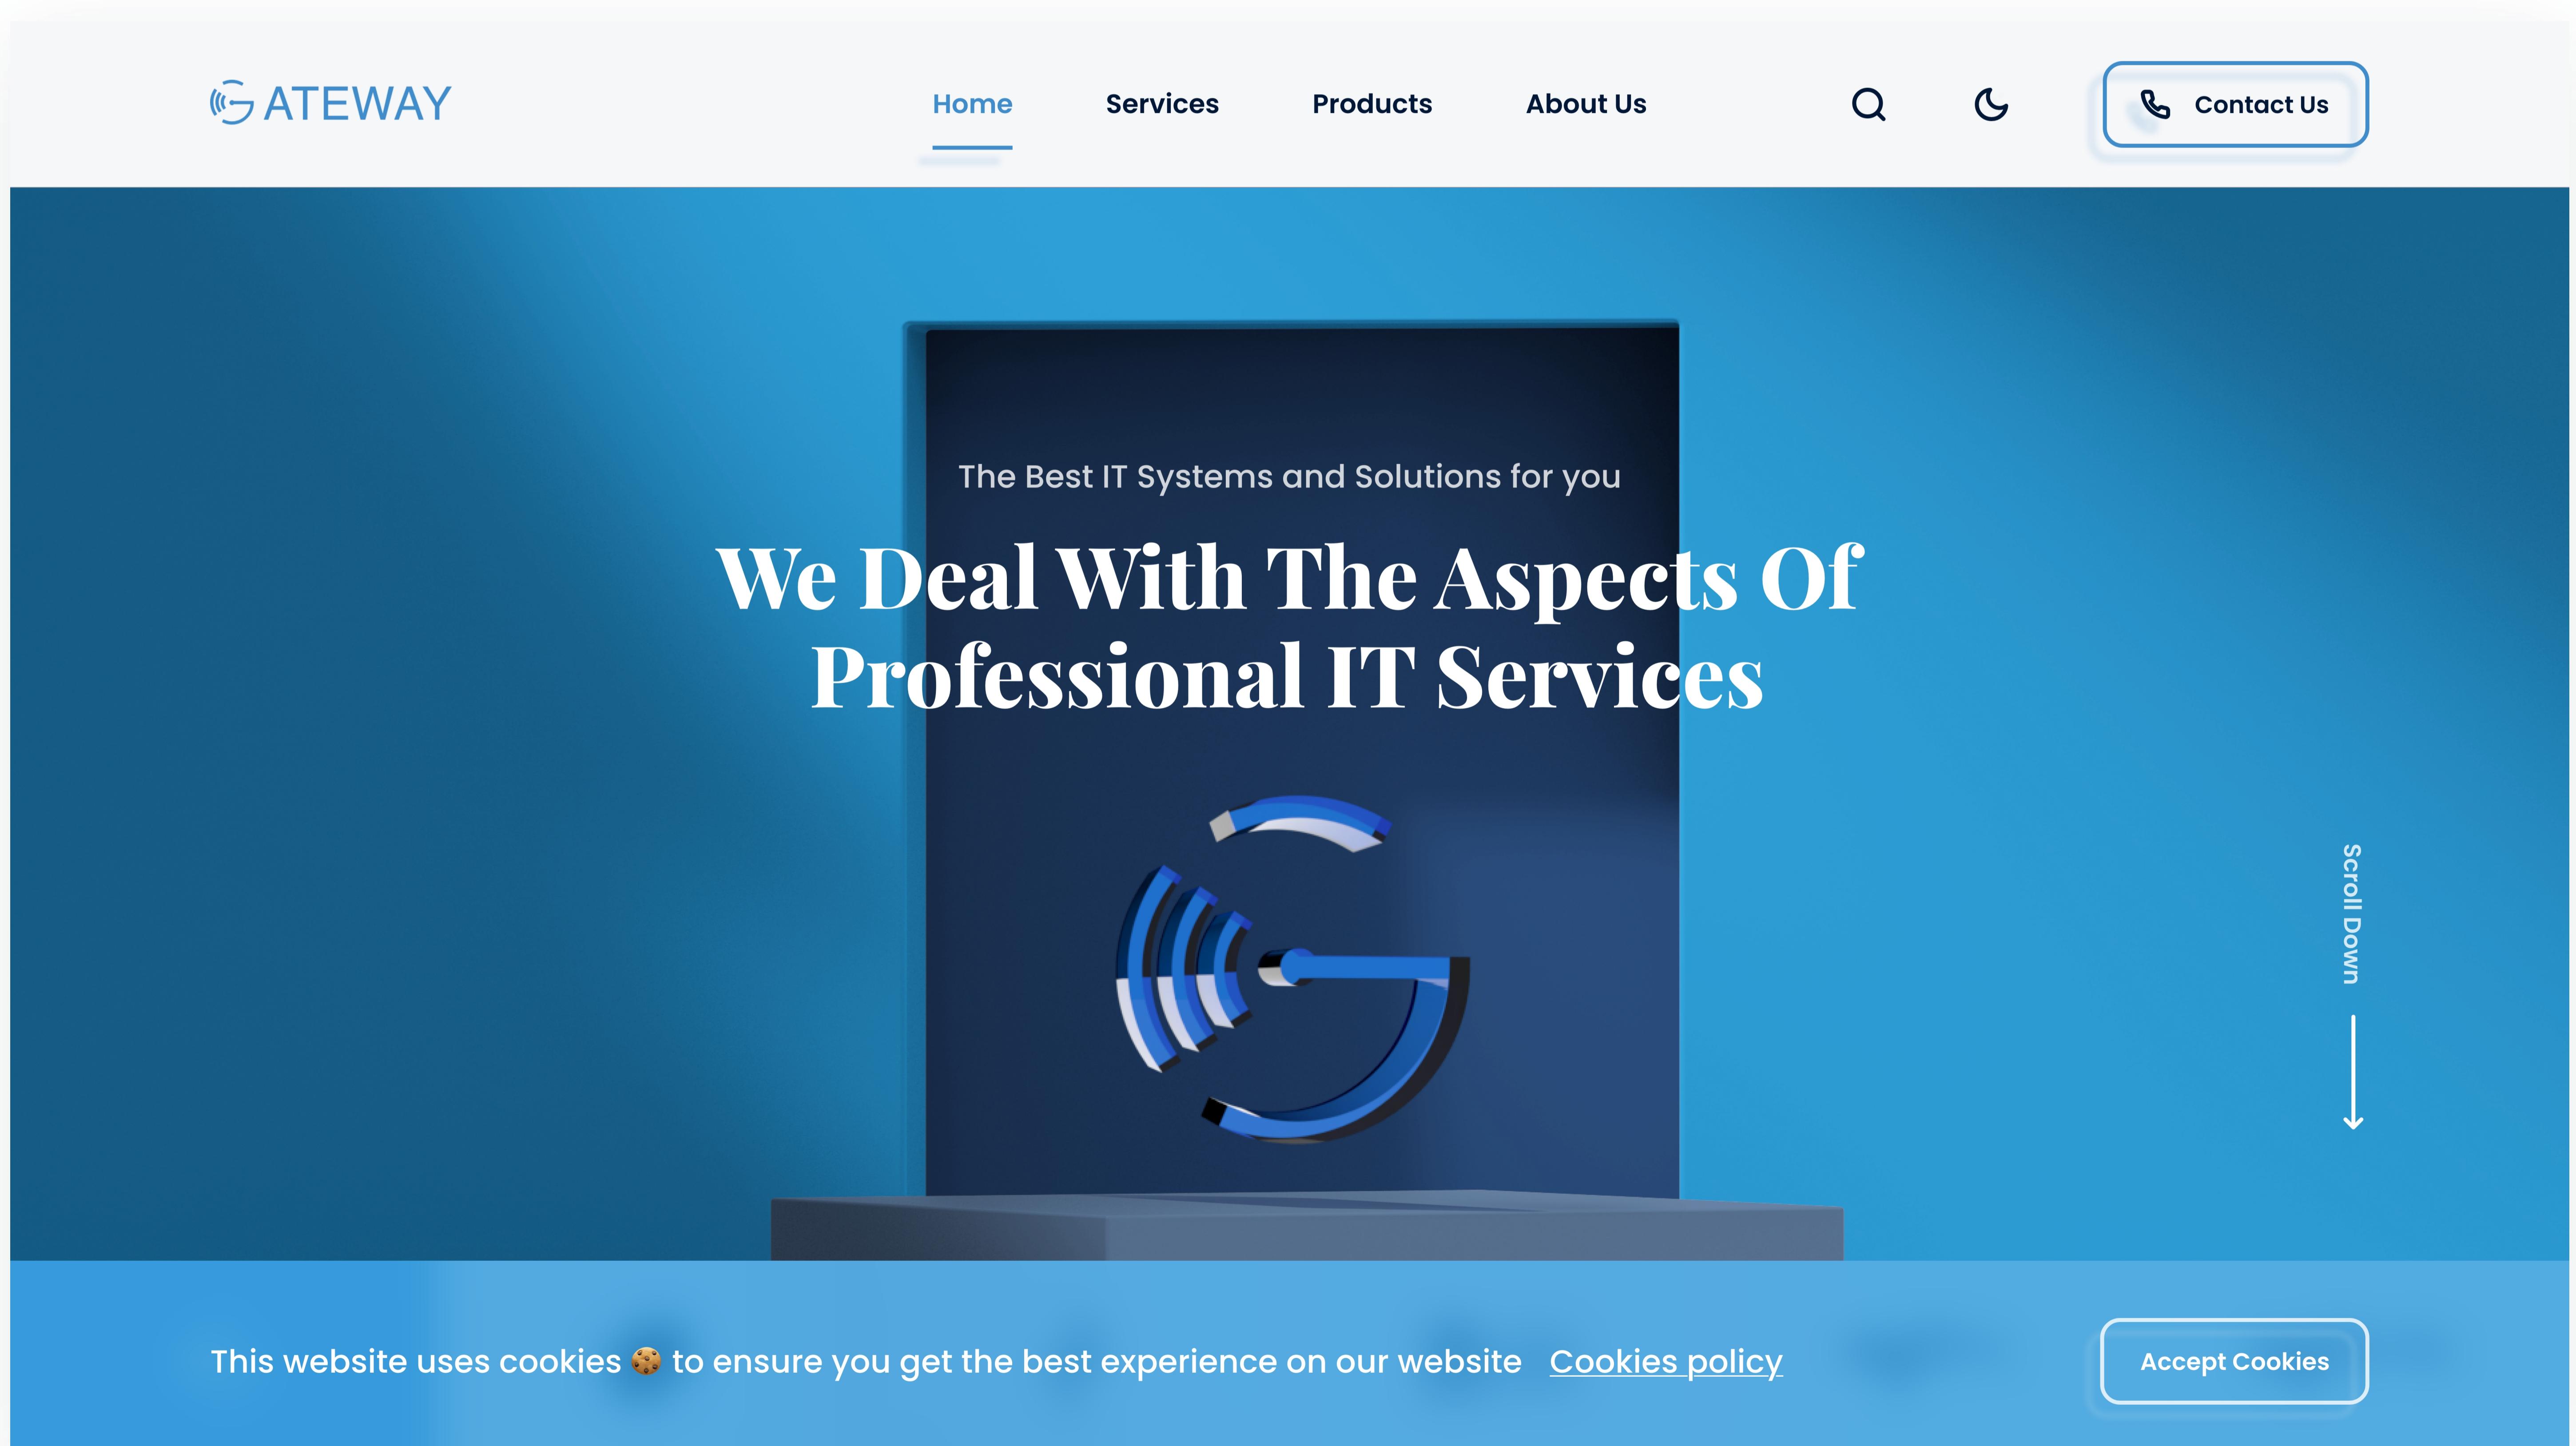

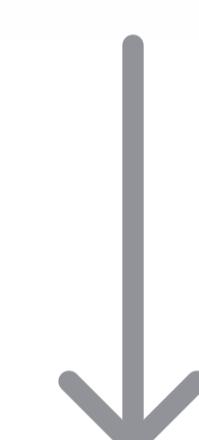

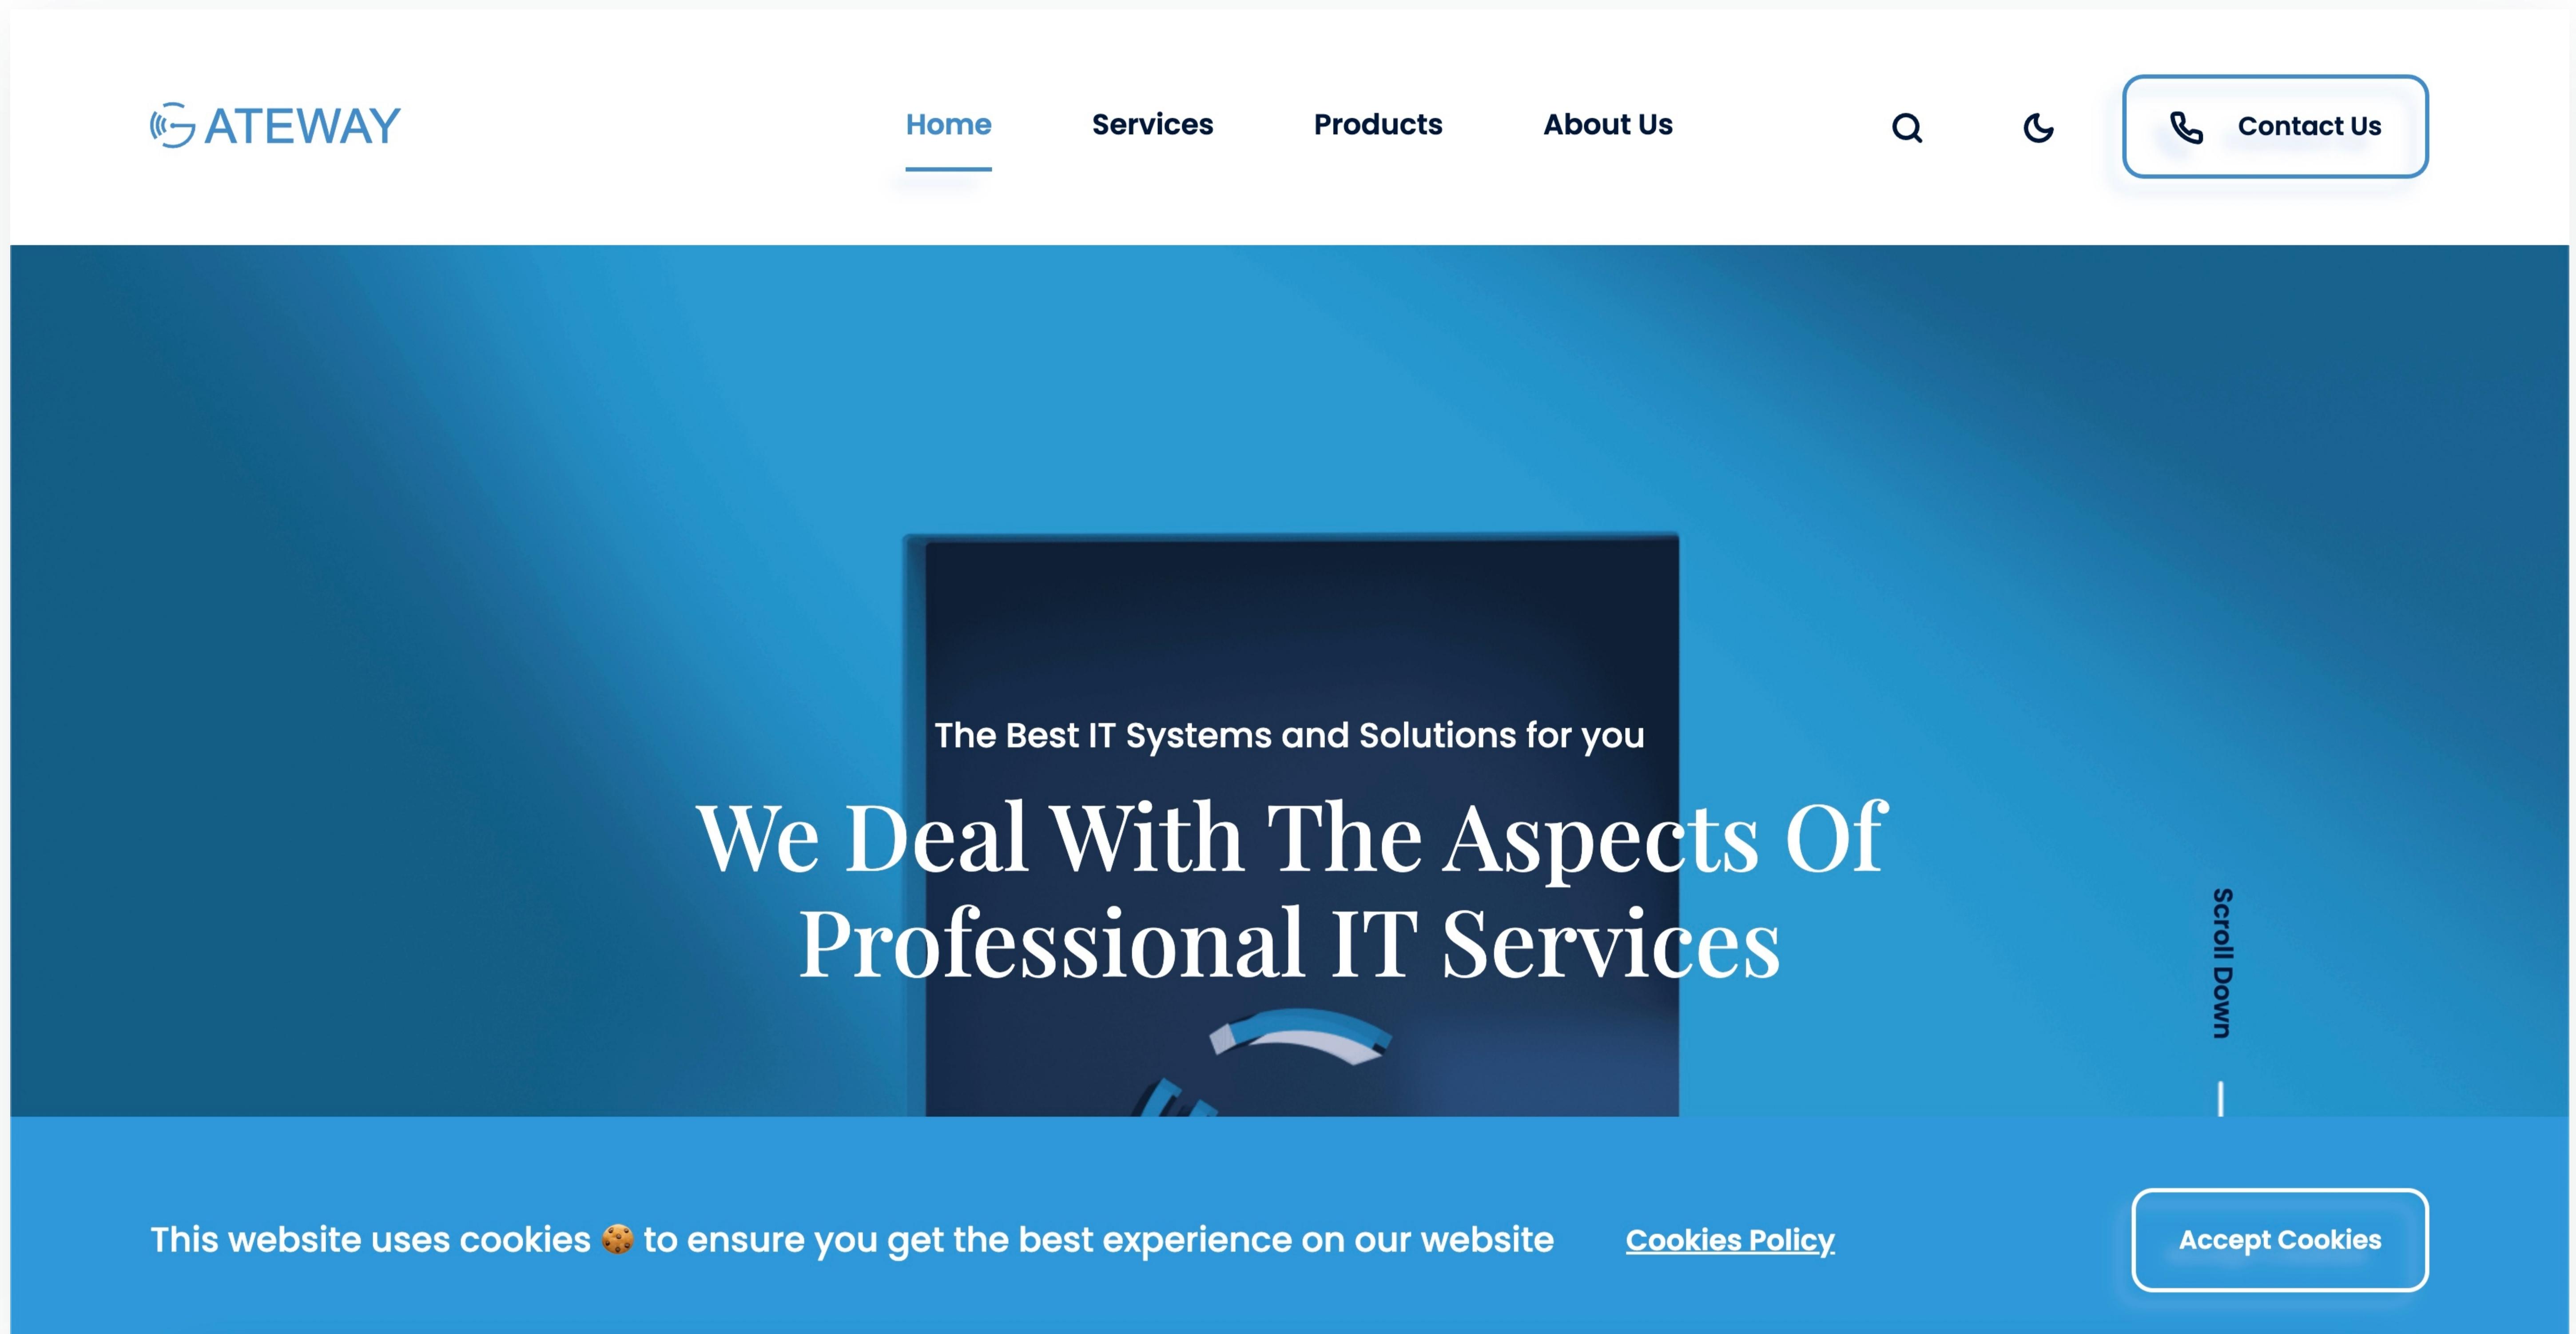

- (A) Hero Section -> Cookies Policy Message: The background of message must be a Glass effect, just like a Top Navbar background, and as we designed it in the XD design file. Please revisit it.

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

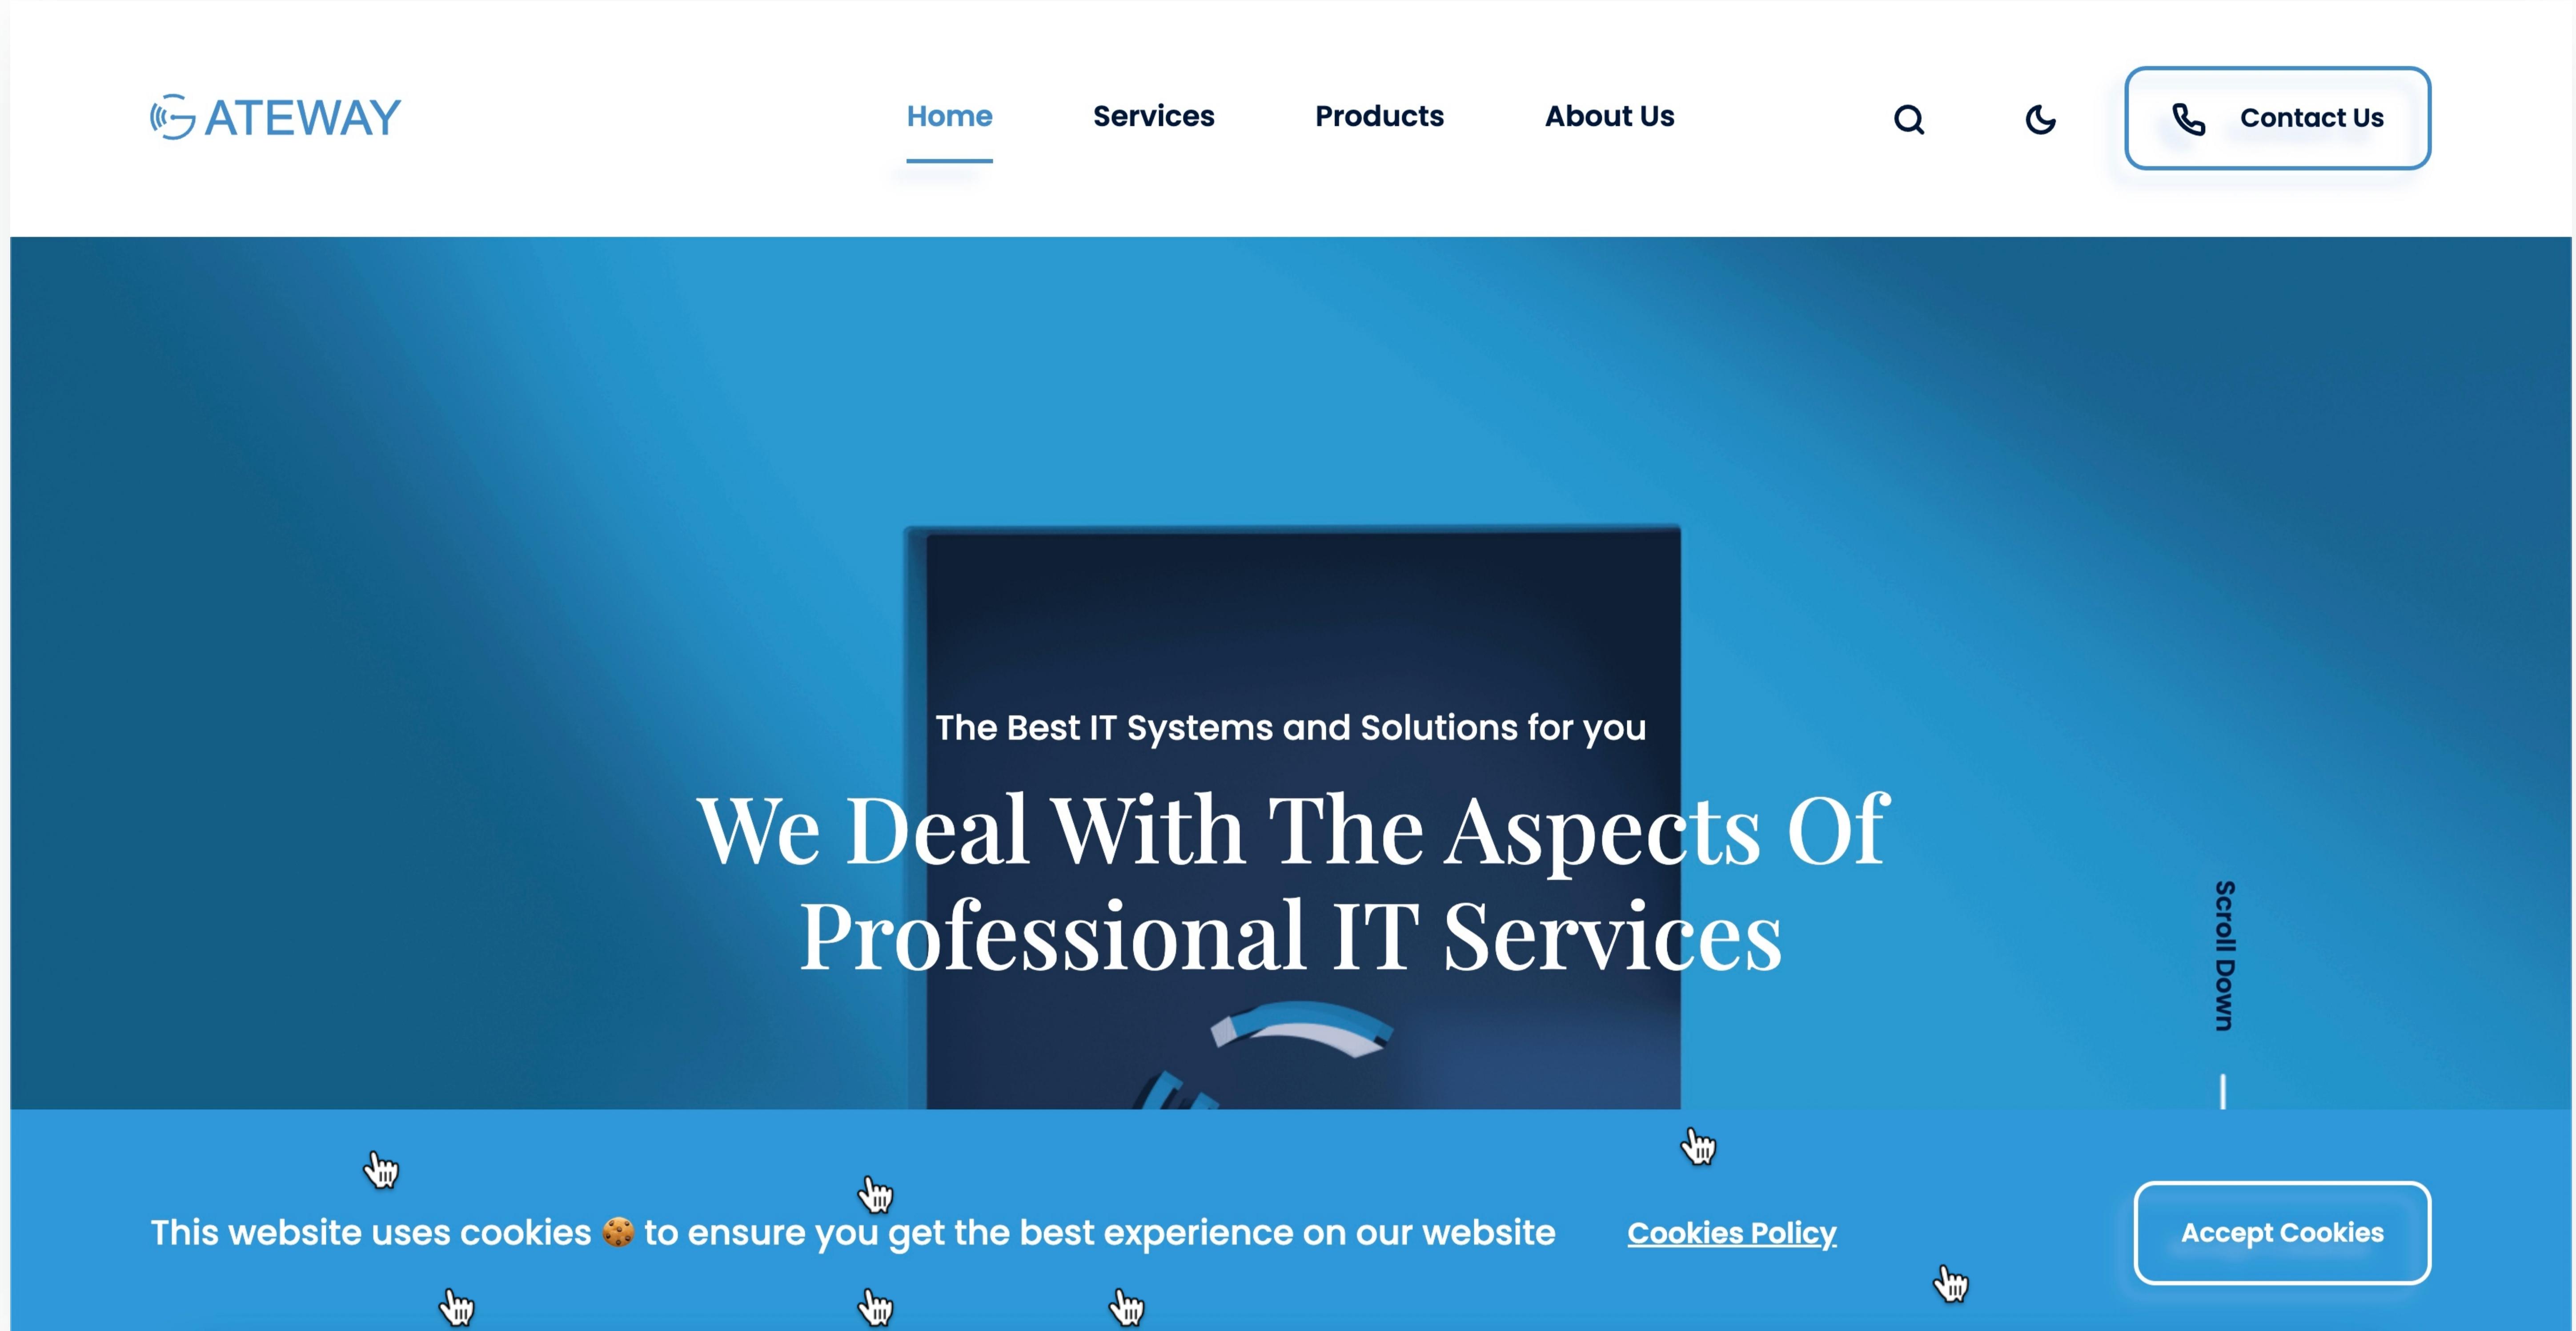

- (B) Hero Section -> Cookies Policy Message: Please be noted that the height of the "Cookies Policy Message" and "Bottom Slider Tabs" are the same, please decrease the height of the "Bottom Slider Tabs" a little bit as well as the "Cookies Policy Message". Like our design.

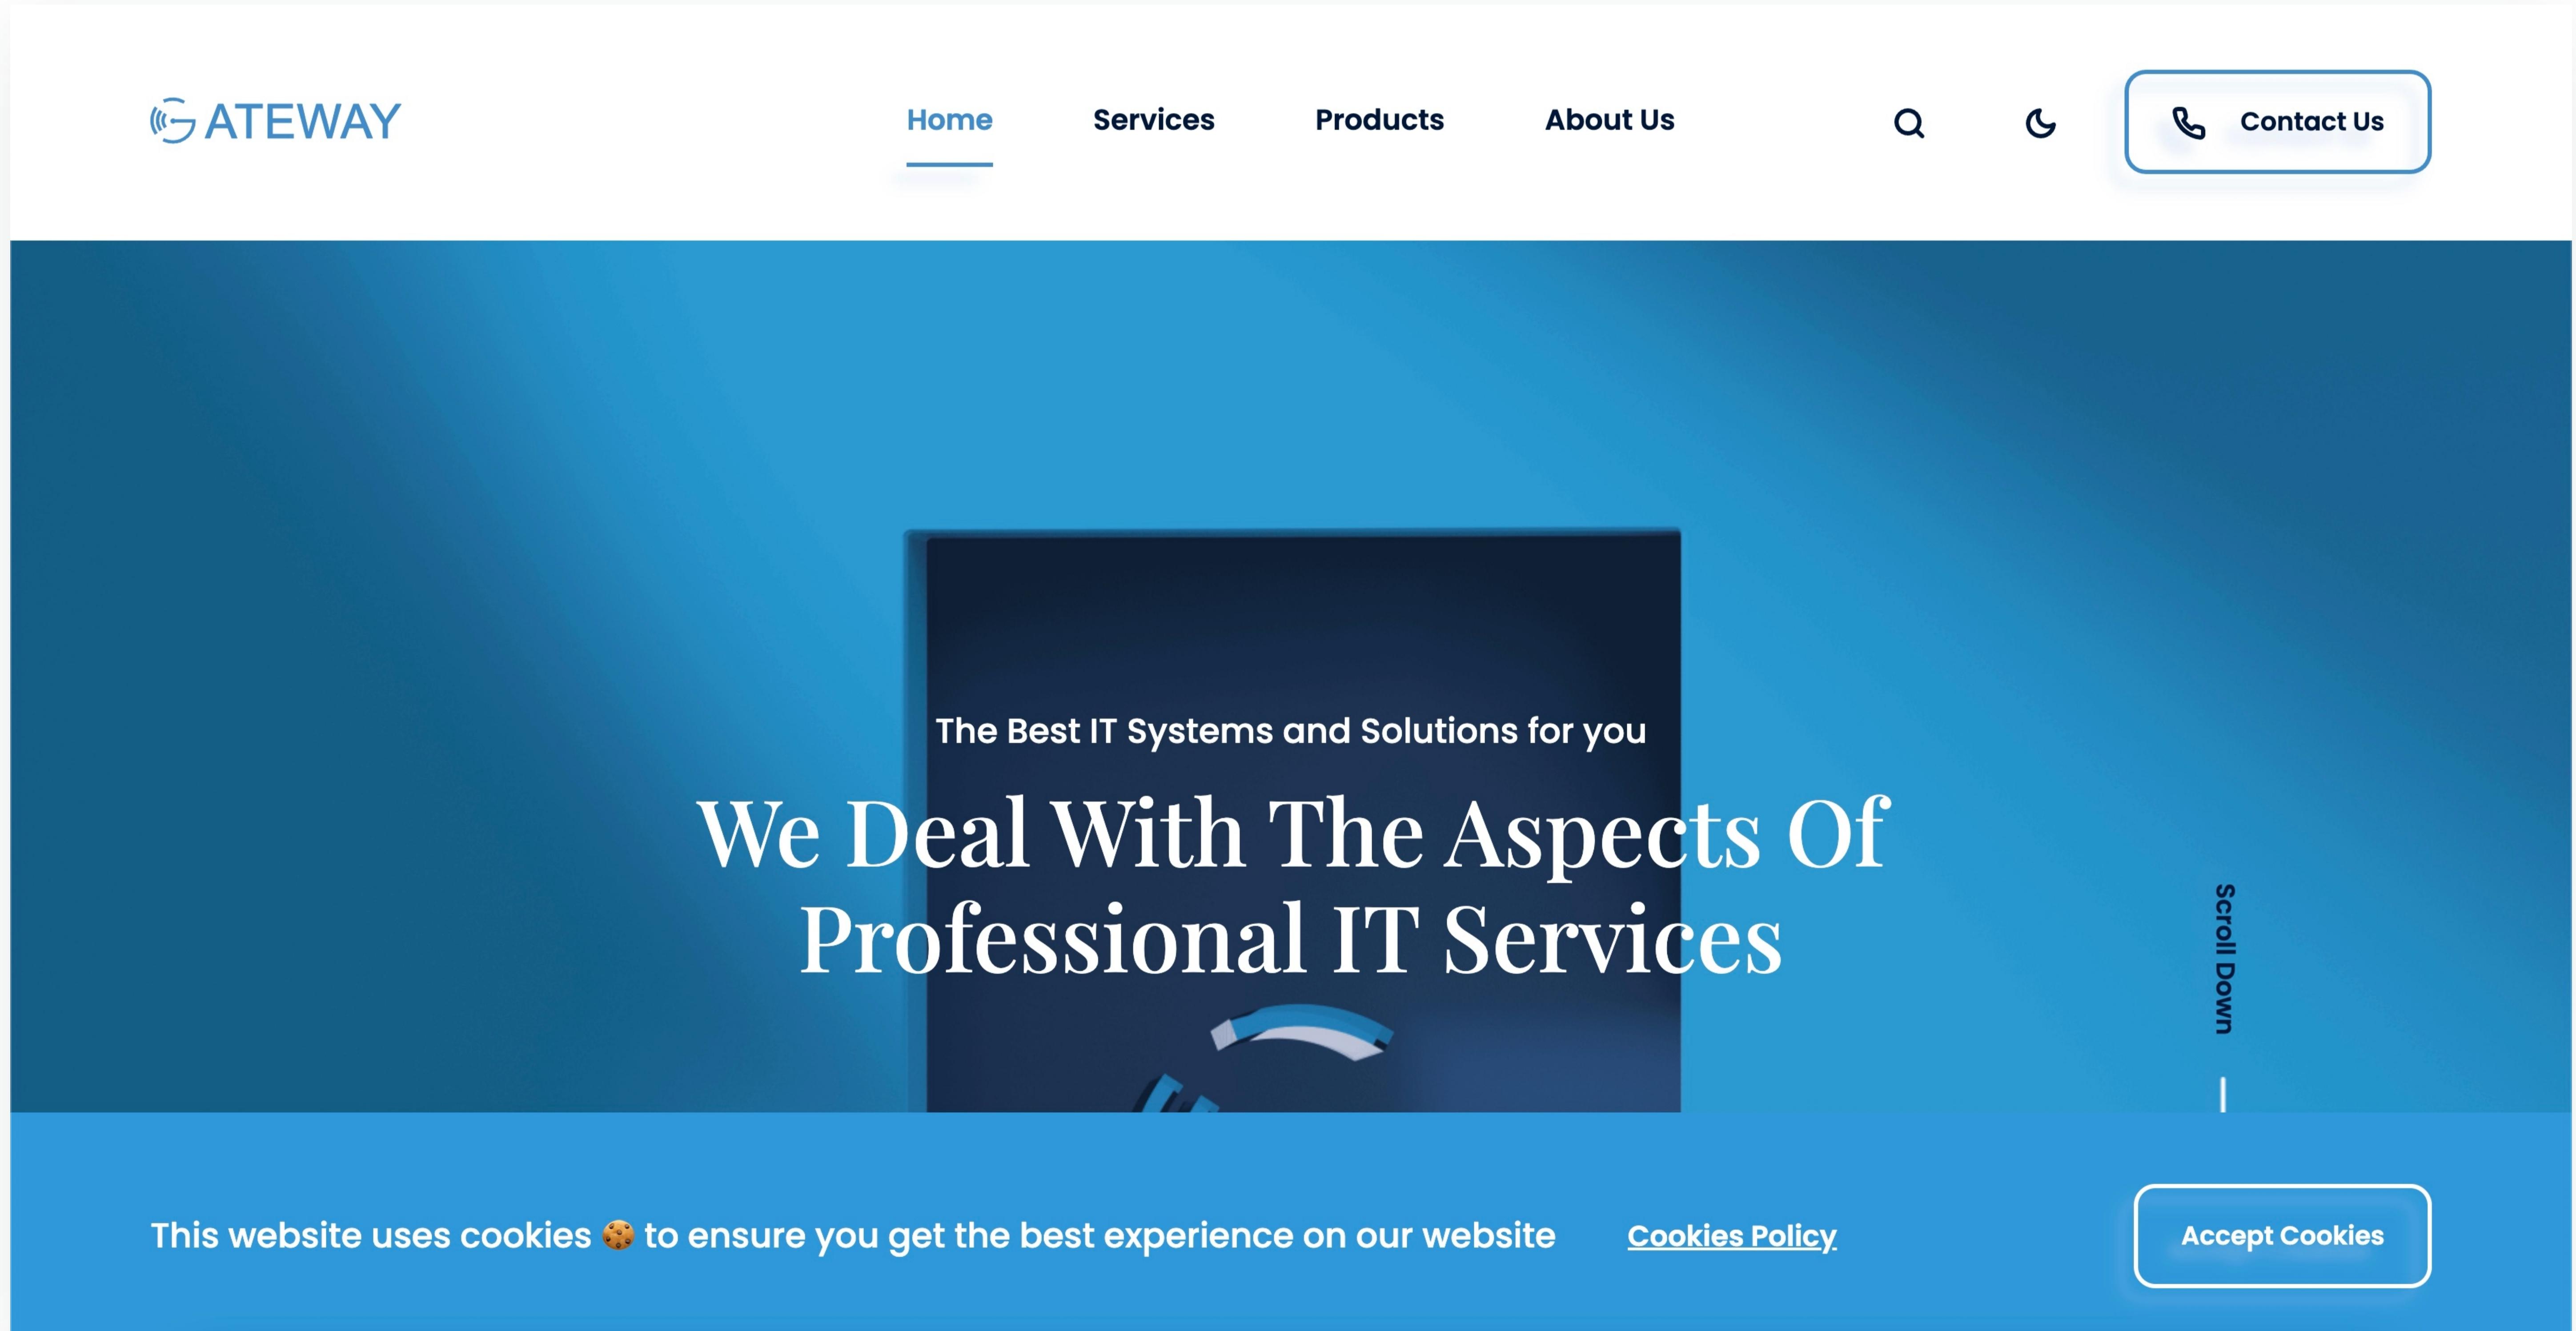

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

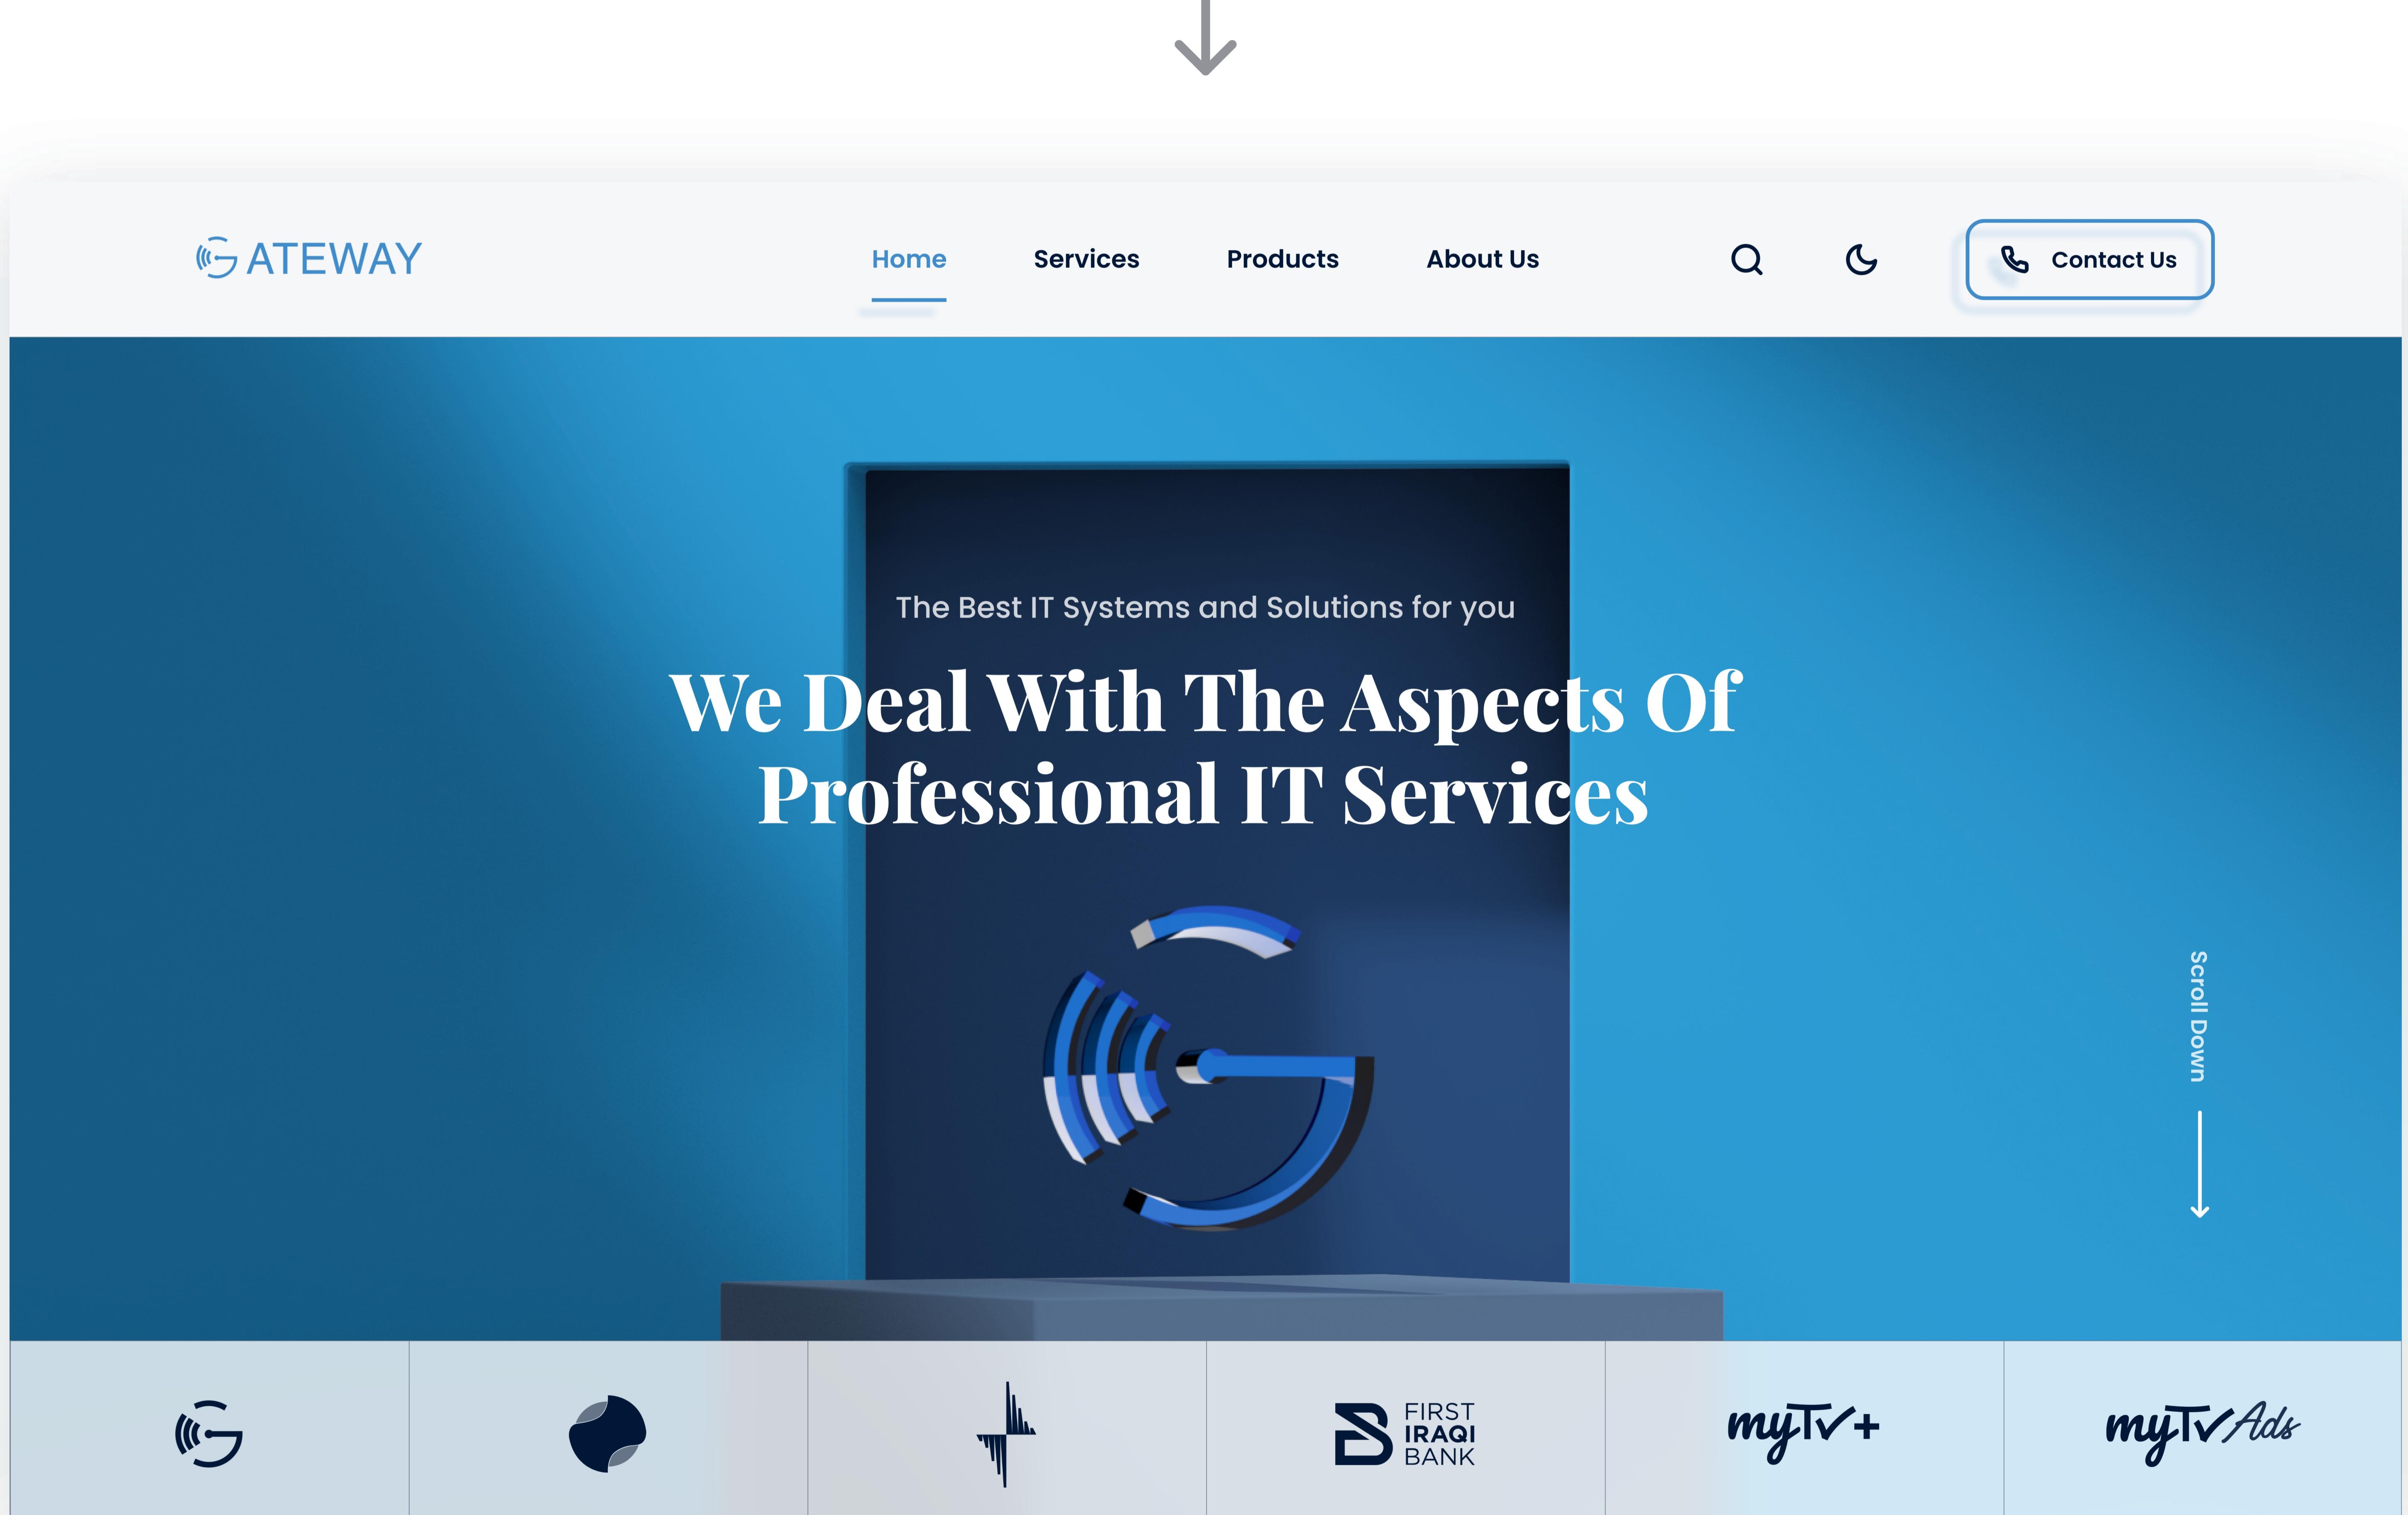

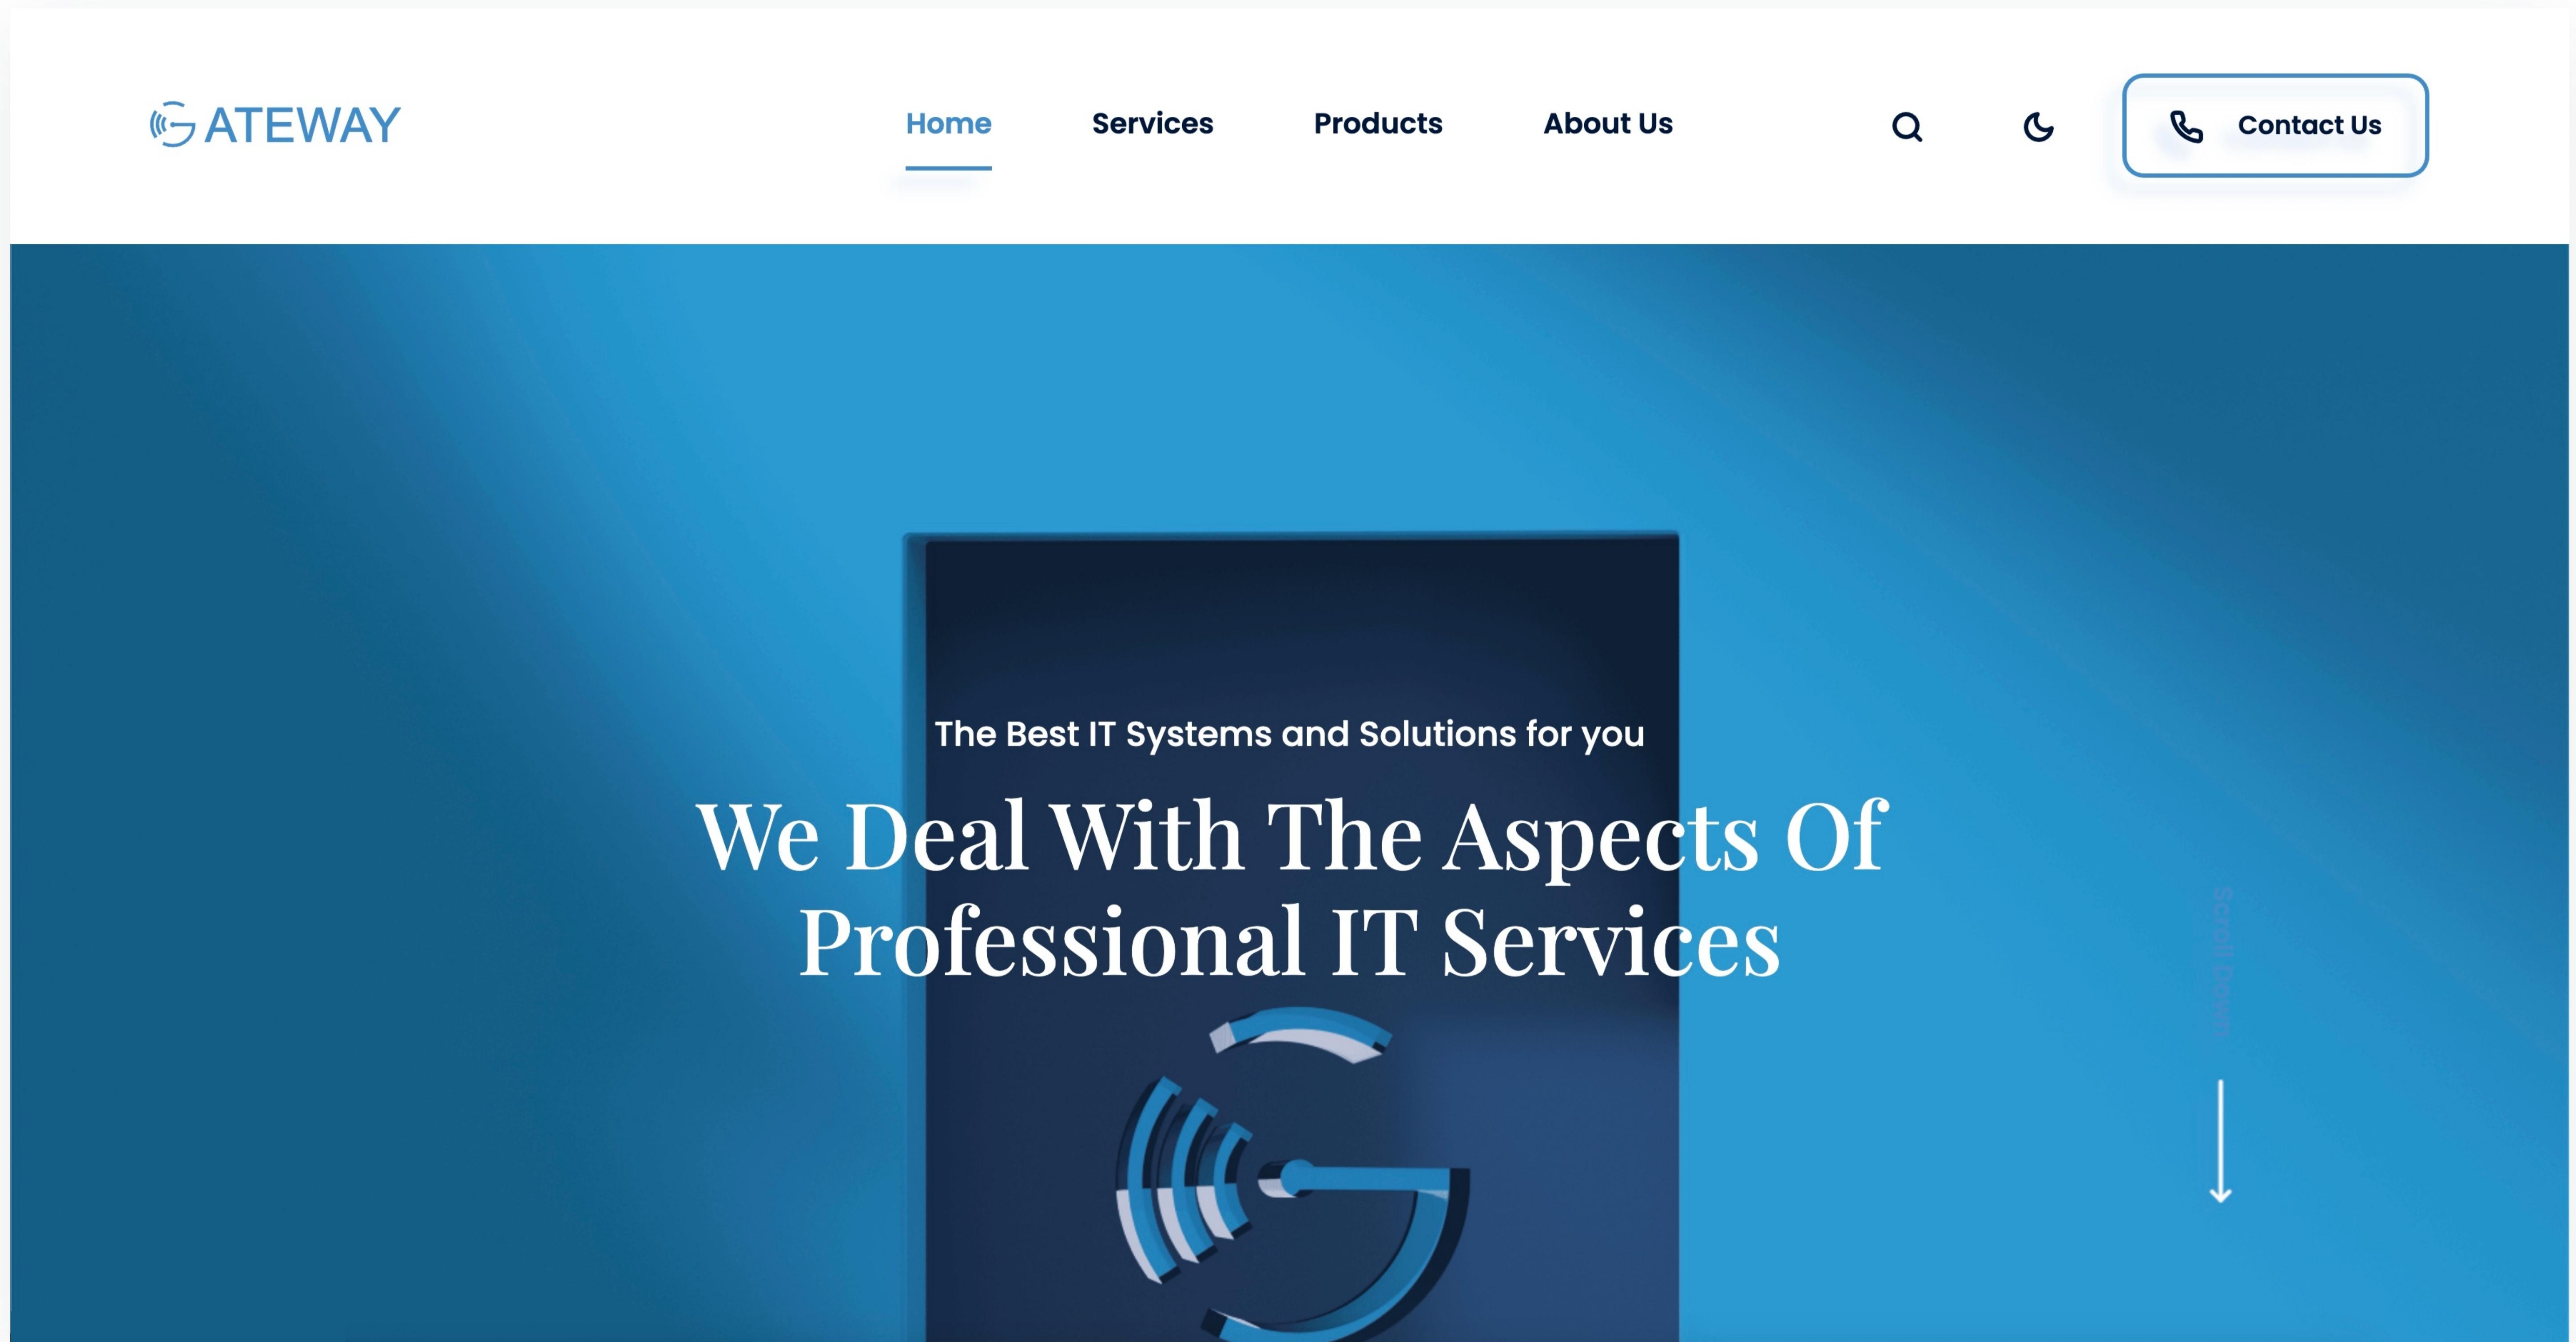

- (C) Hero Section -> Cookies Policy Message: the whole blue box is clickable!, the only clickable part should be the "Accept Cookies" button.

- (D) Hero Section -> Cookies Policy Message: The background of message must be a Glass effect, just like a Top Navbar background, and we designed it in the XD design file. Please revisit it.

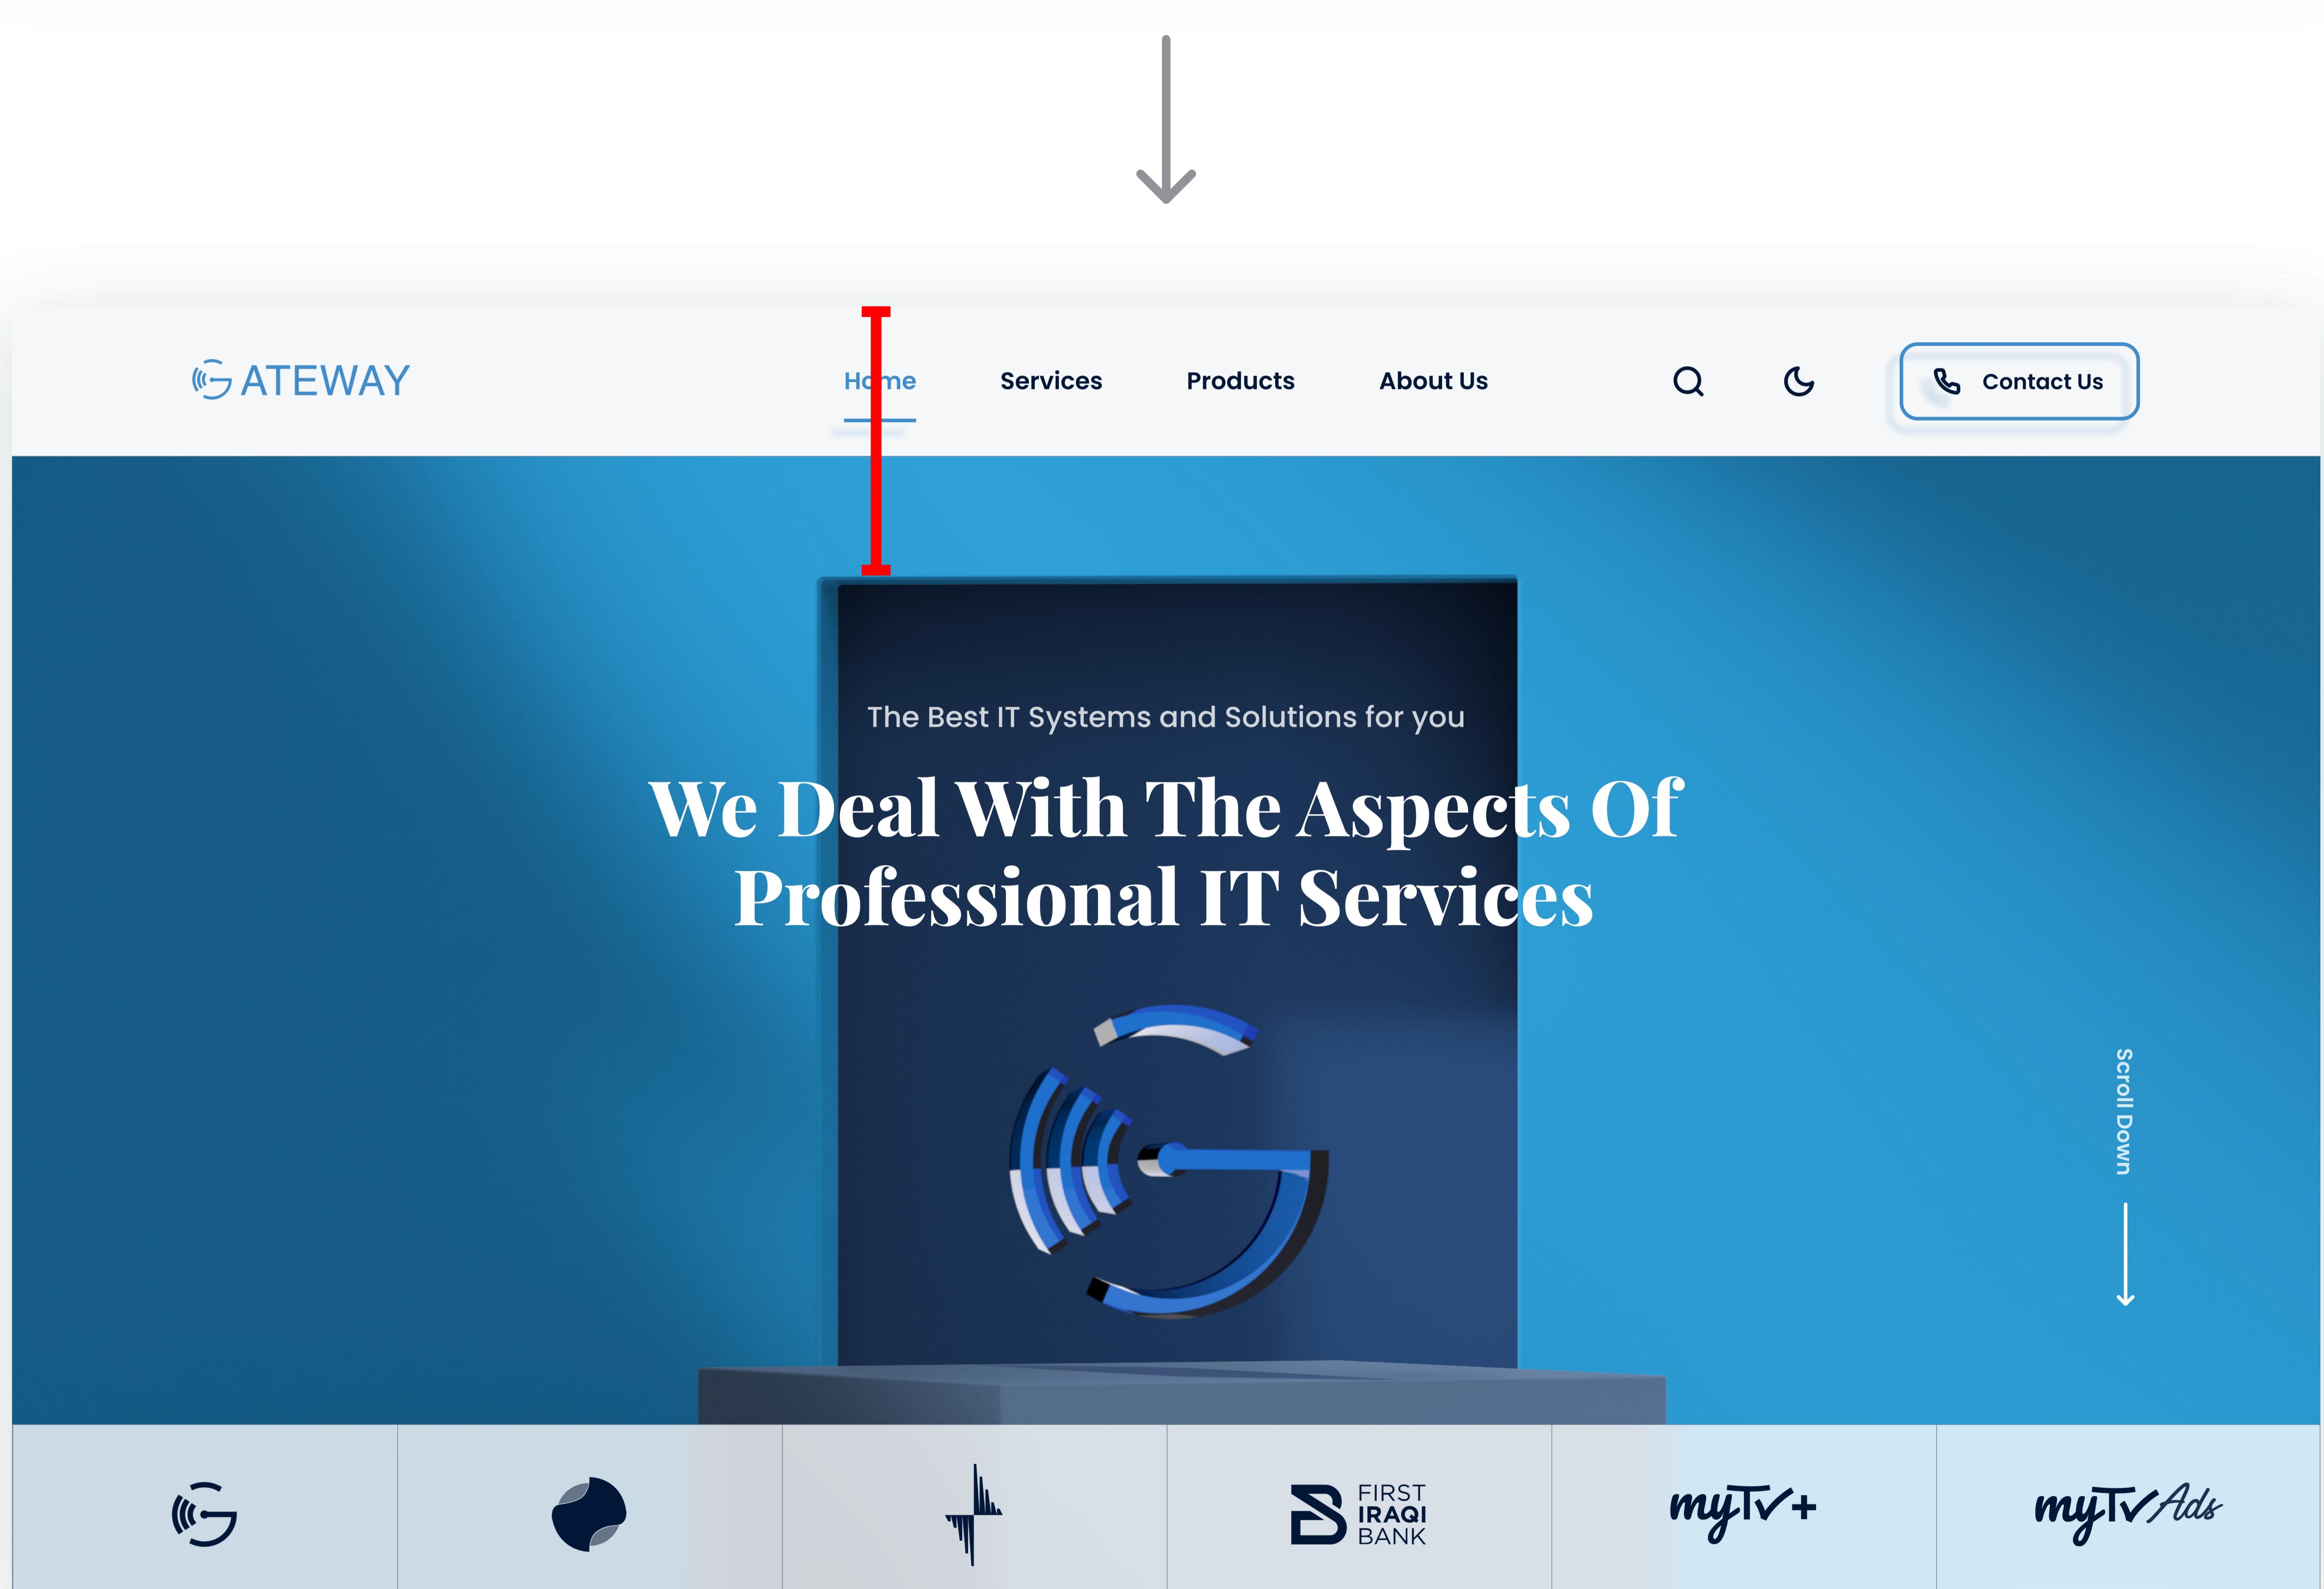

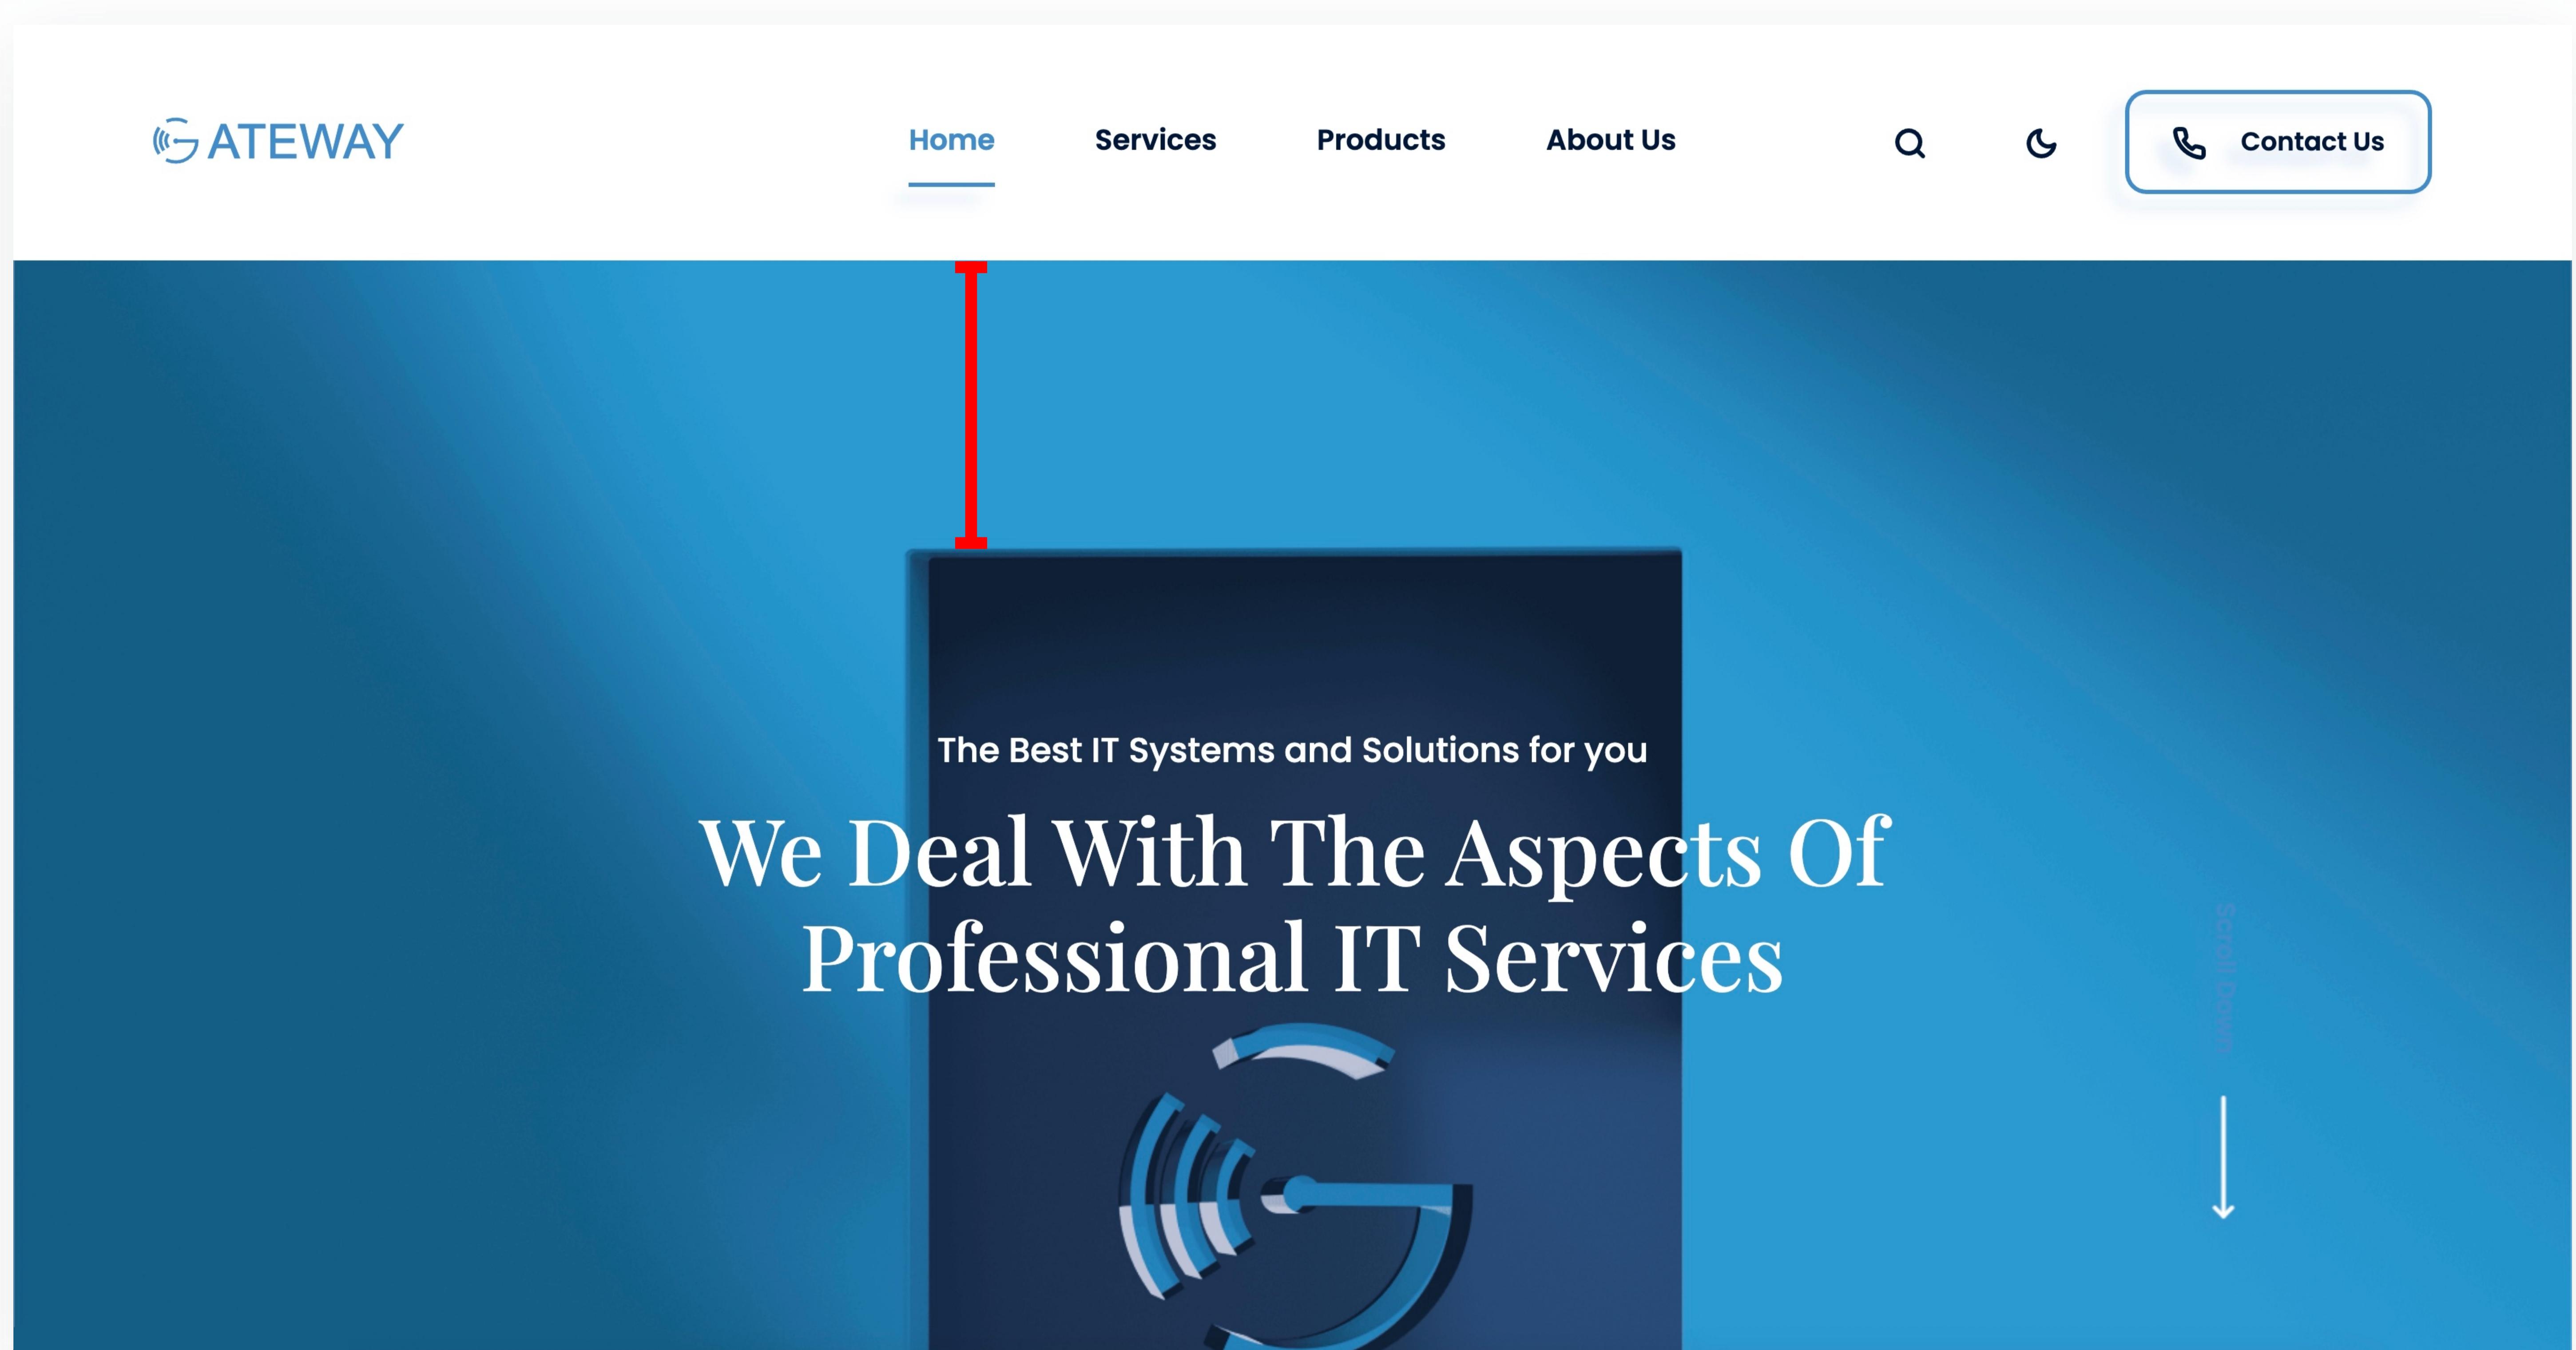

- (E) Hero Section -> Background Image: Please don't compress any background image in any section or page, you can use the Assets from "New Assets" folder. I know most of these images have large size, but the quality of our images on the website is very important. Please can you use another external web cloud to save all image assets and then bring back and use it again as a global link?

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

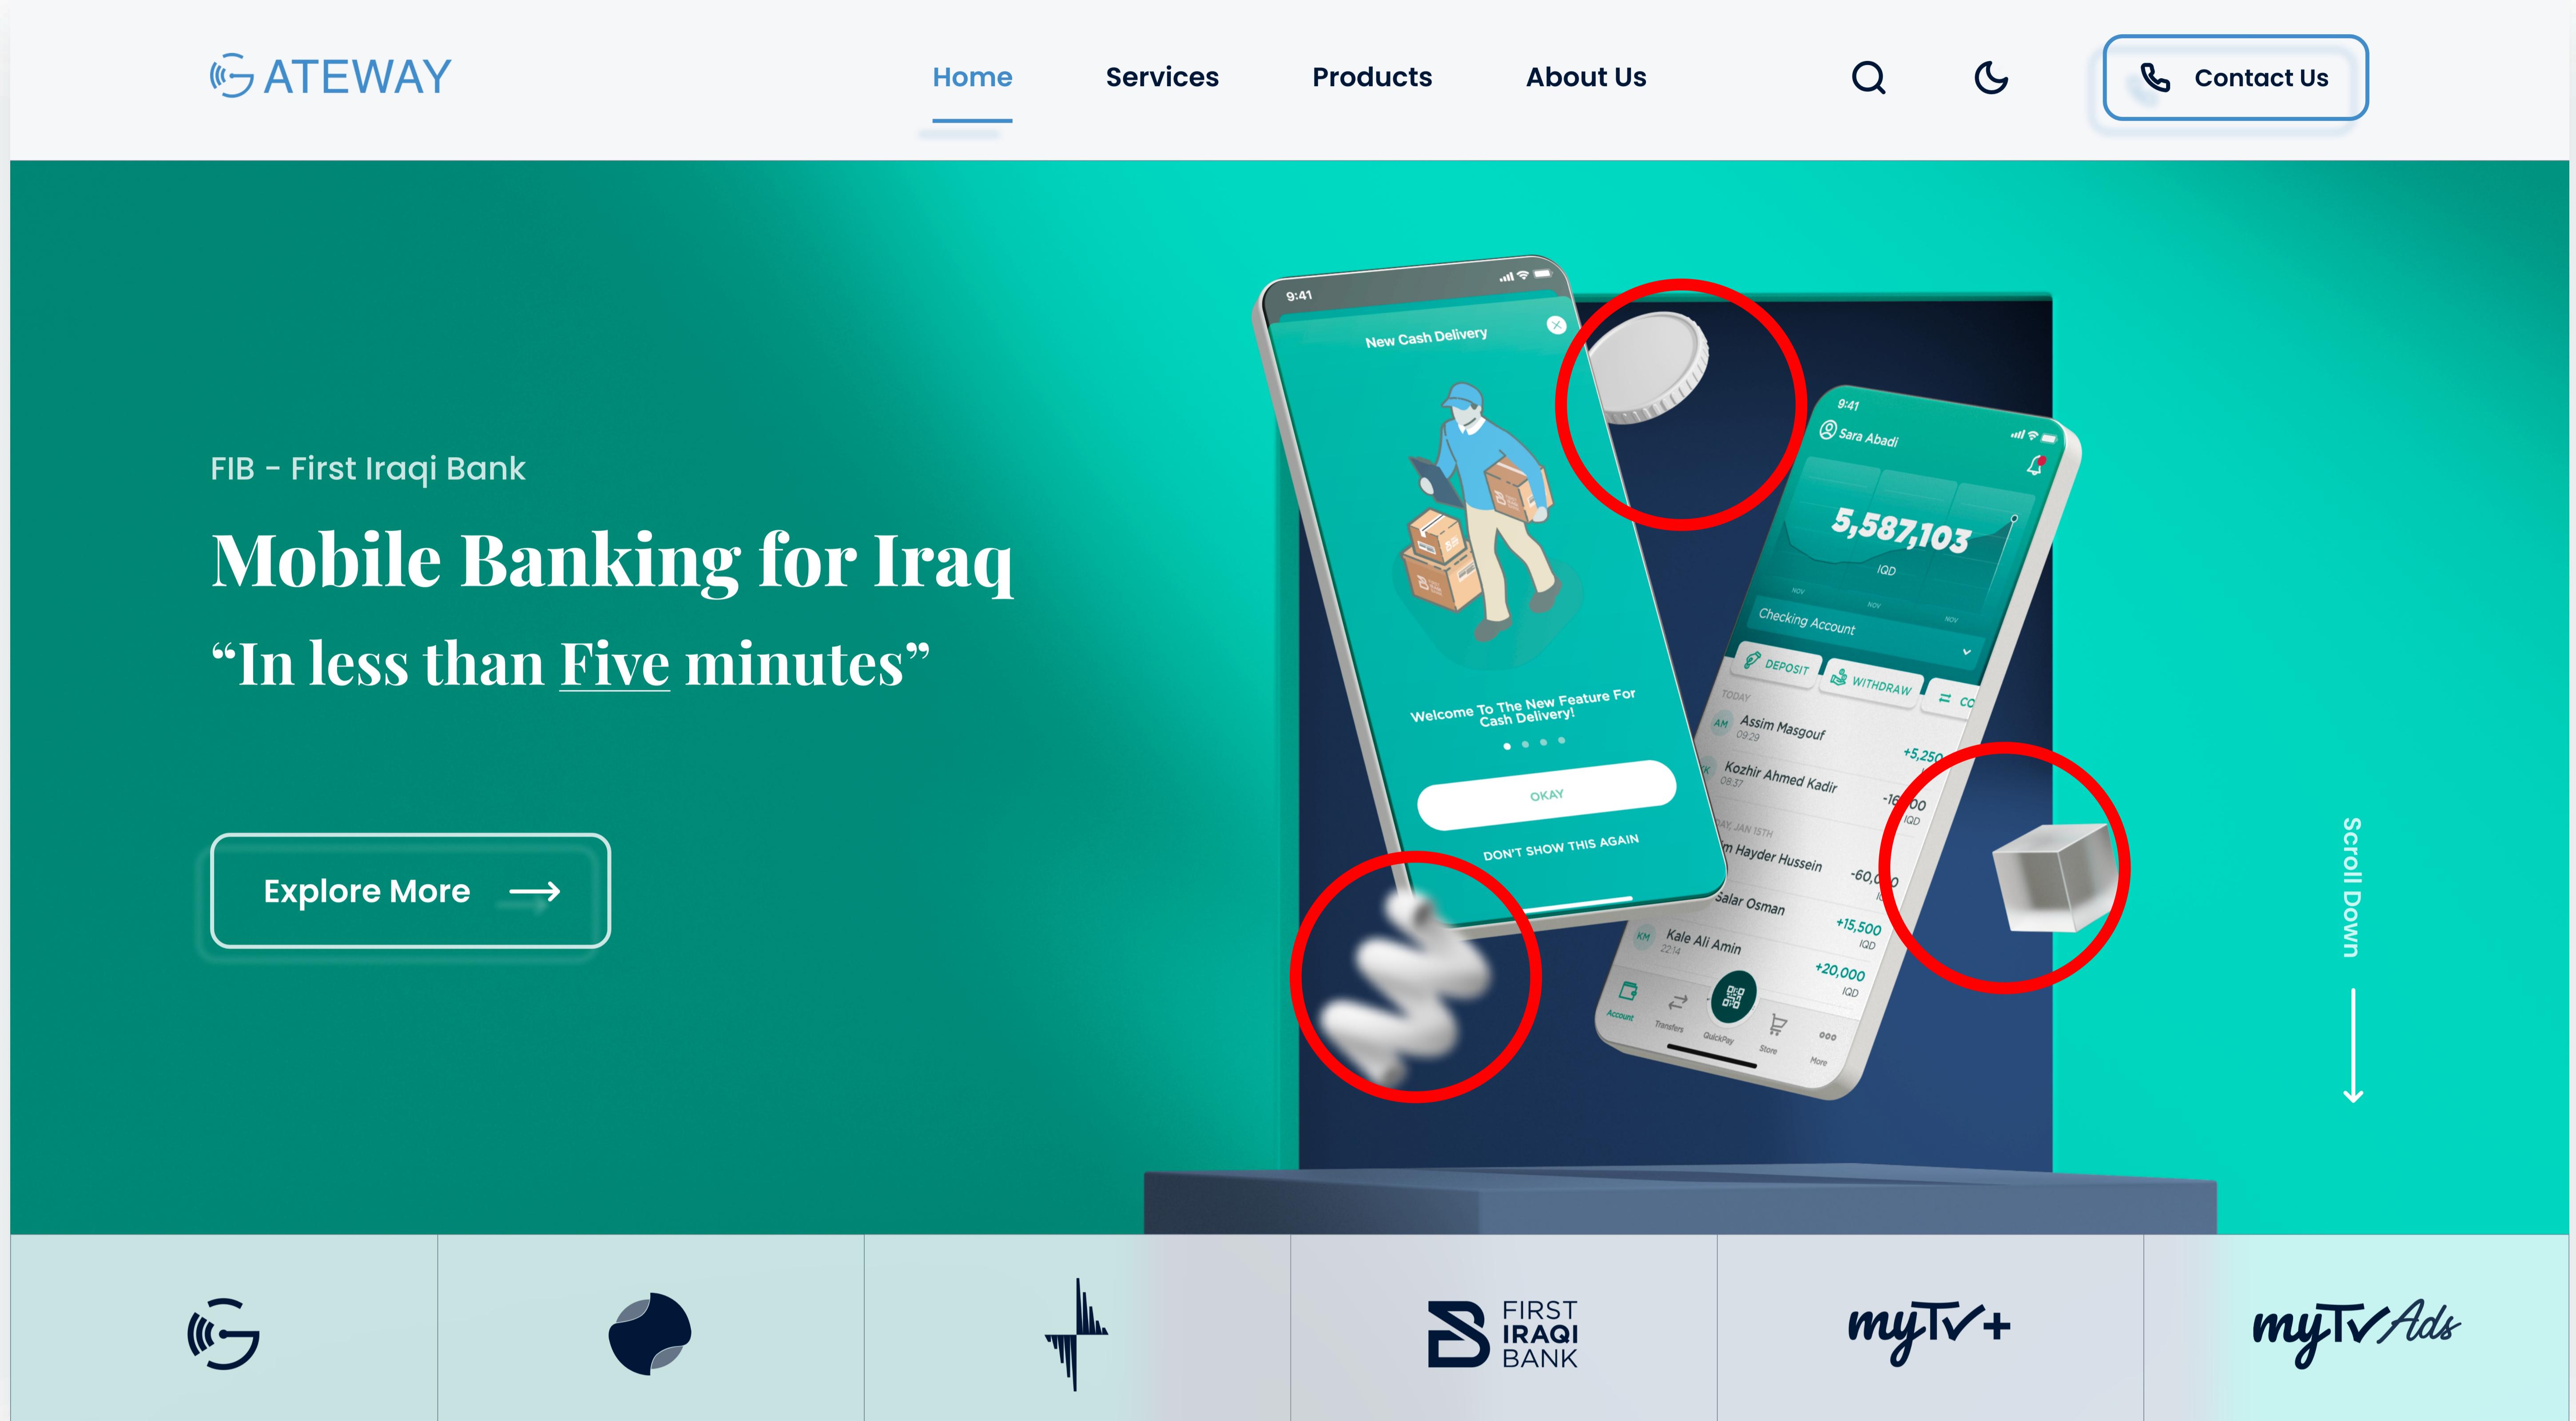

- (F) Hero Section -> Background Image: Please see the XD design file again, be notice, background image started from position (0px, 0px) on the screen, not after "Top Navbar", it must be placed behind the "Top Navbar". And for a "White background" + "Glass background" for "Top Navbar" you must place a White <div> behind a Glass effected "Navbar".

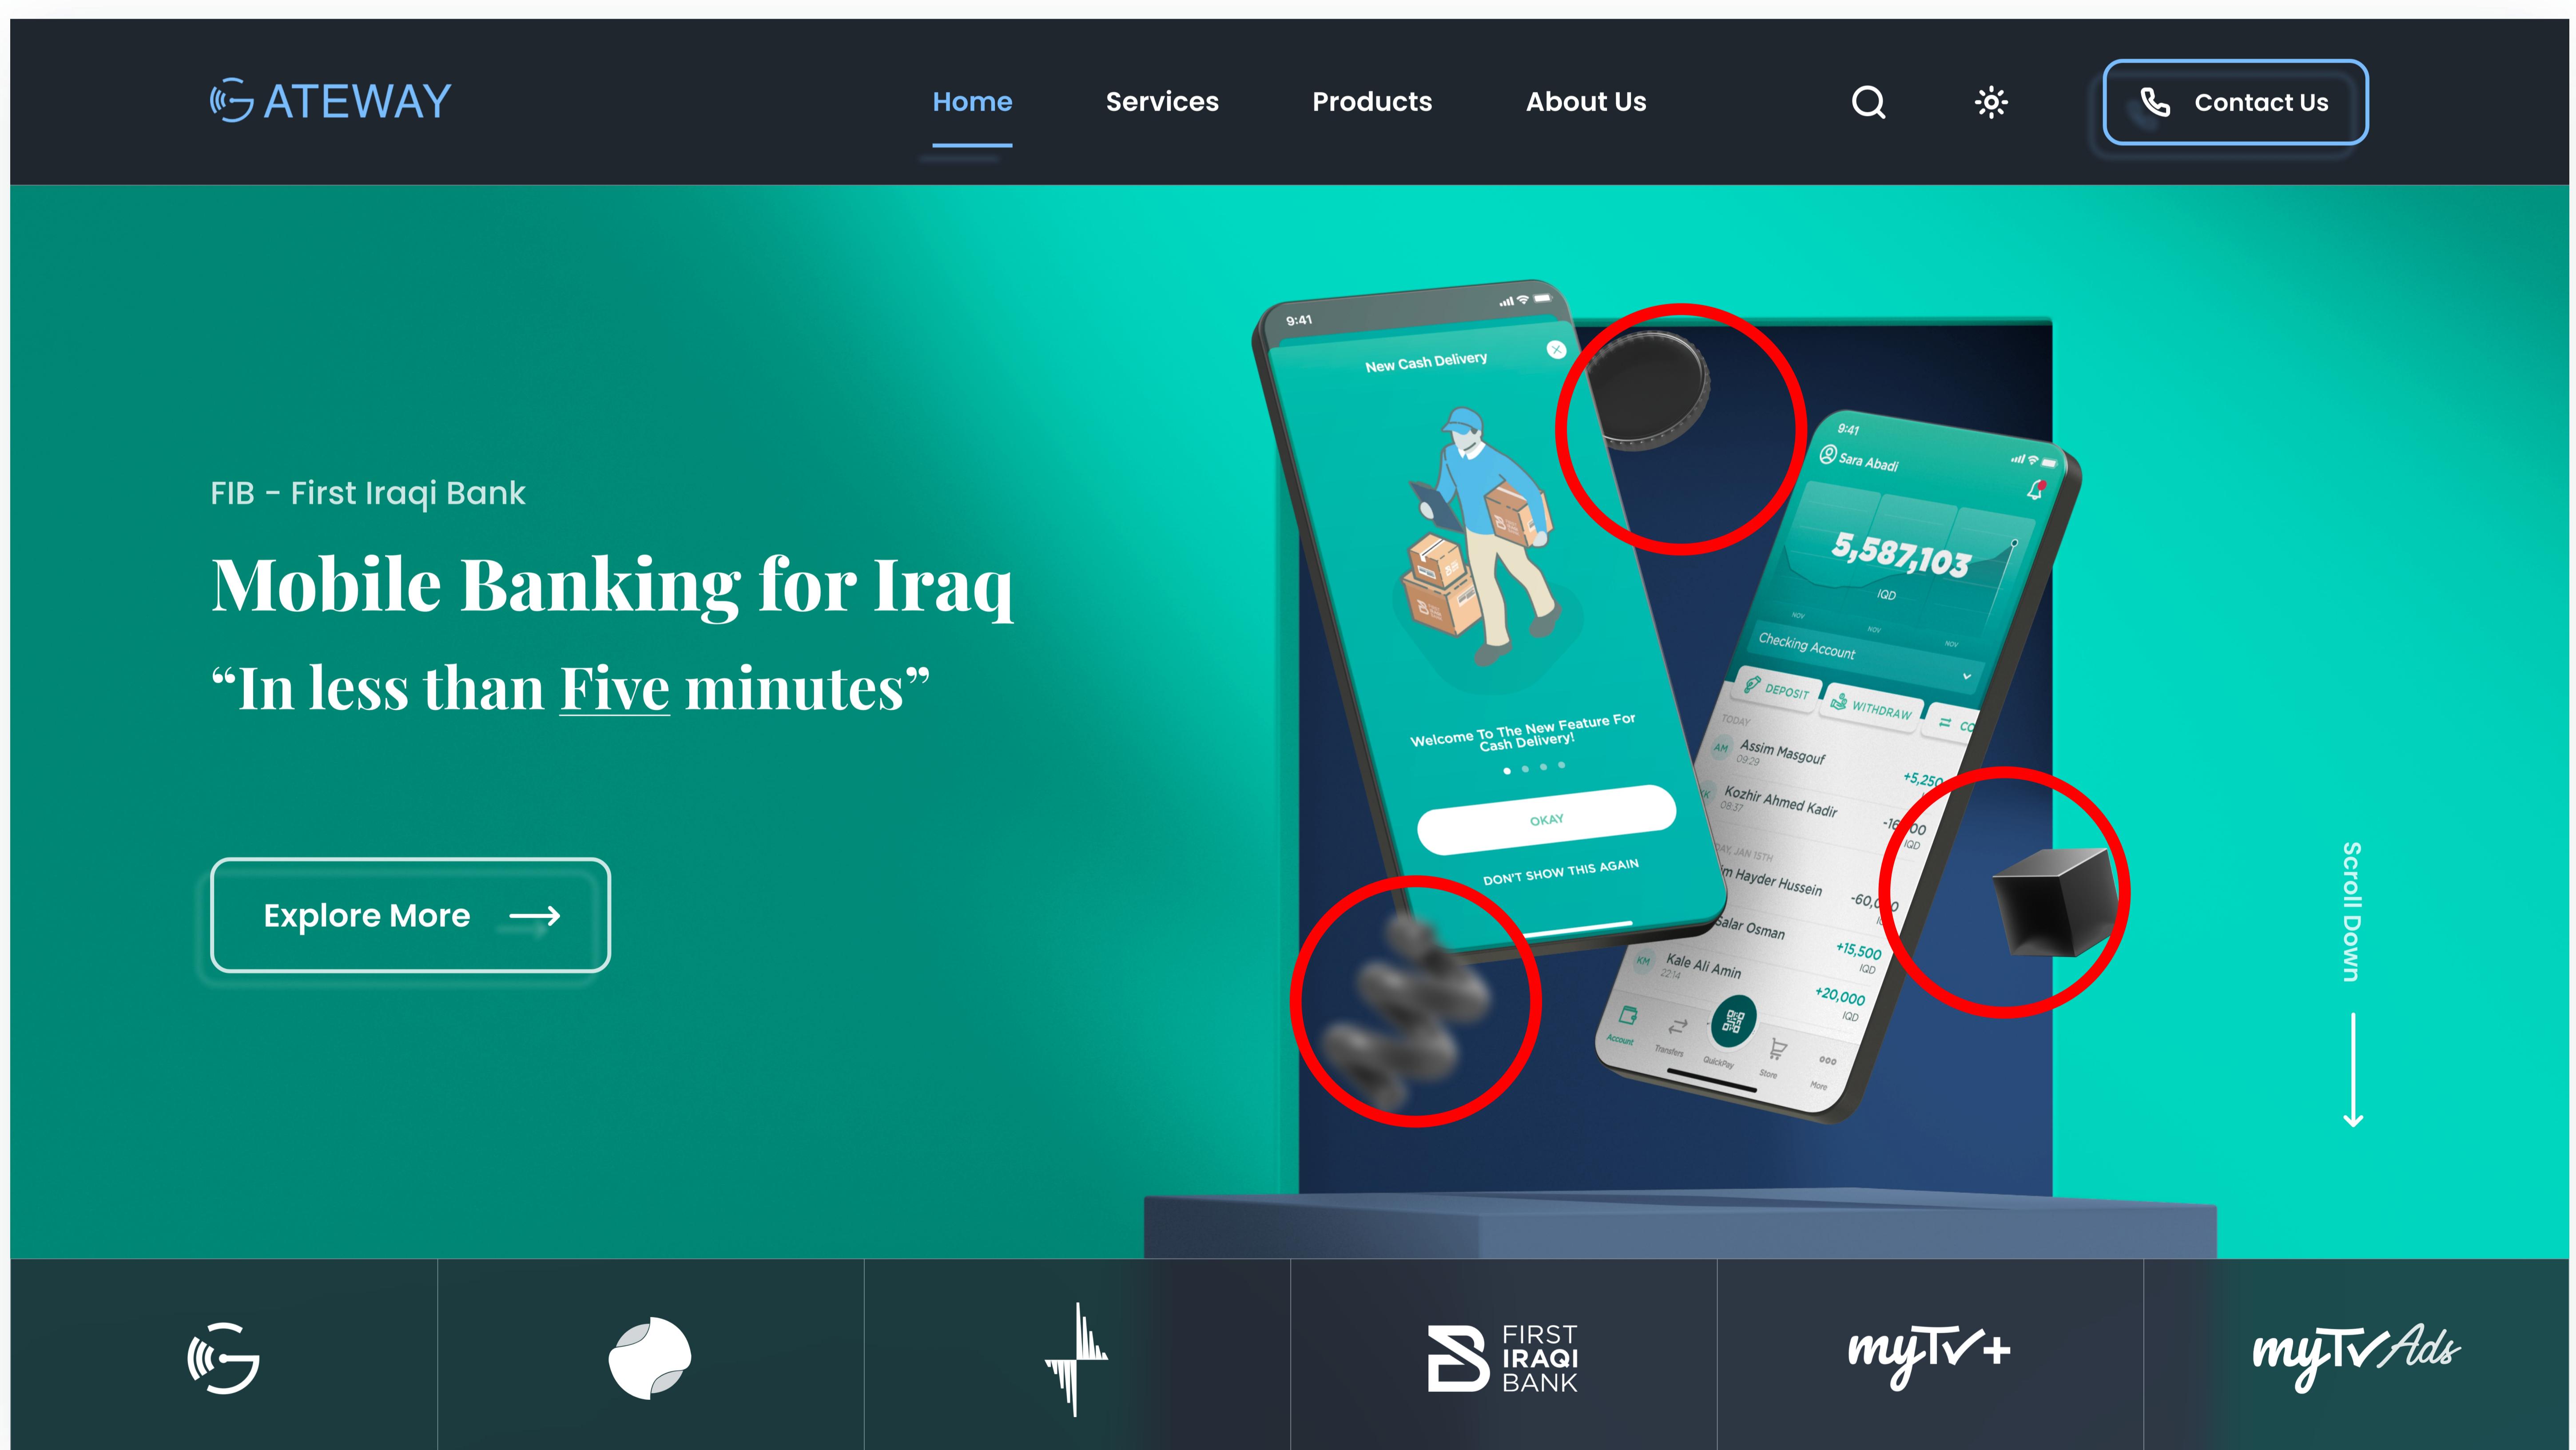

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

(G) Hero Section -> Background Image: Please Please use Dark “Image, Icon, Illustration... assets” in Dark Mode, and Light “Image, Icon, Illustration... assets” in Light Mode.

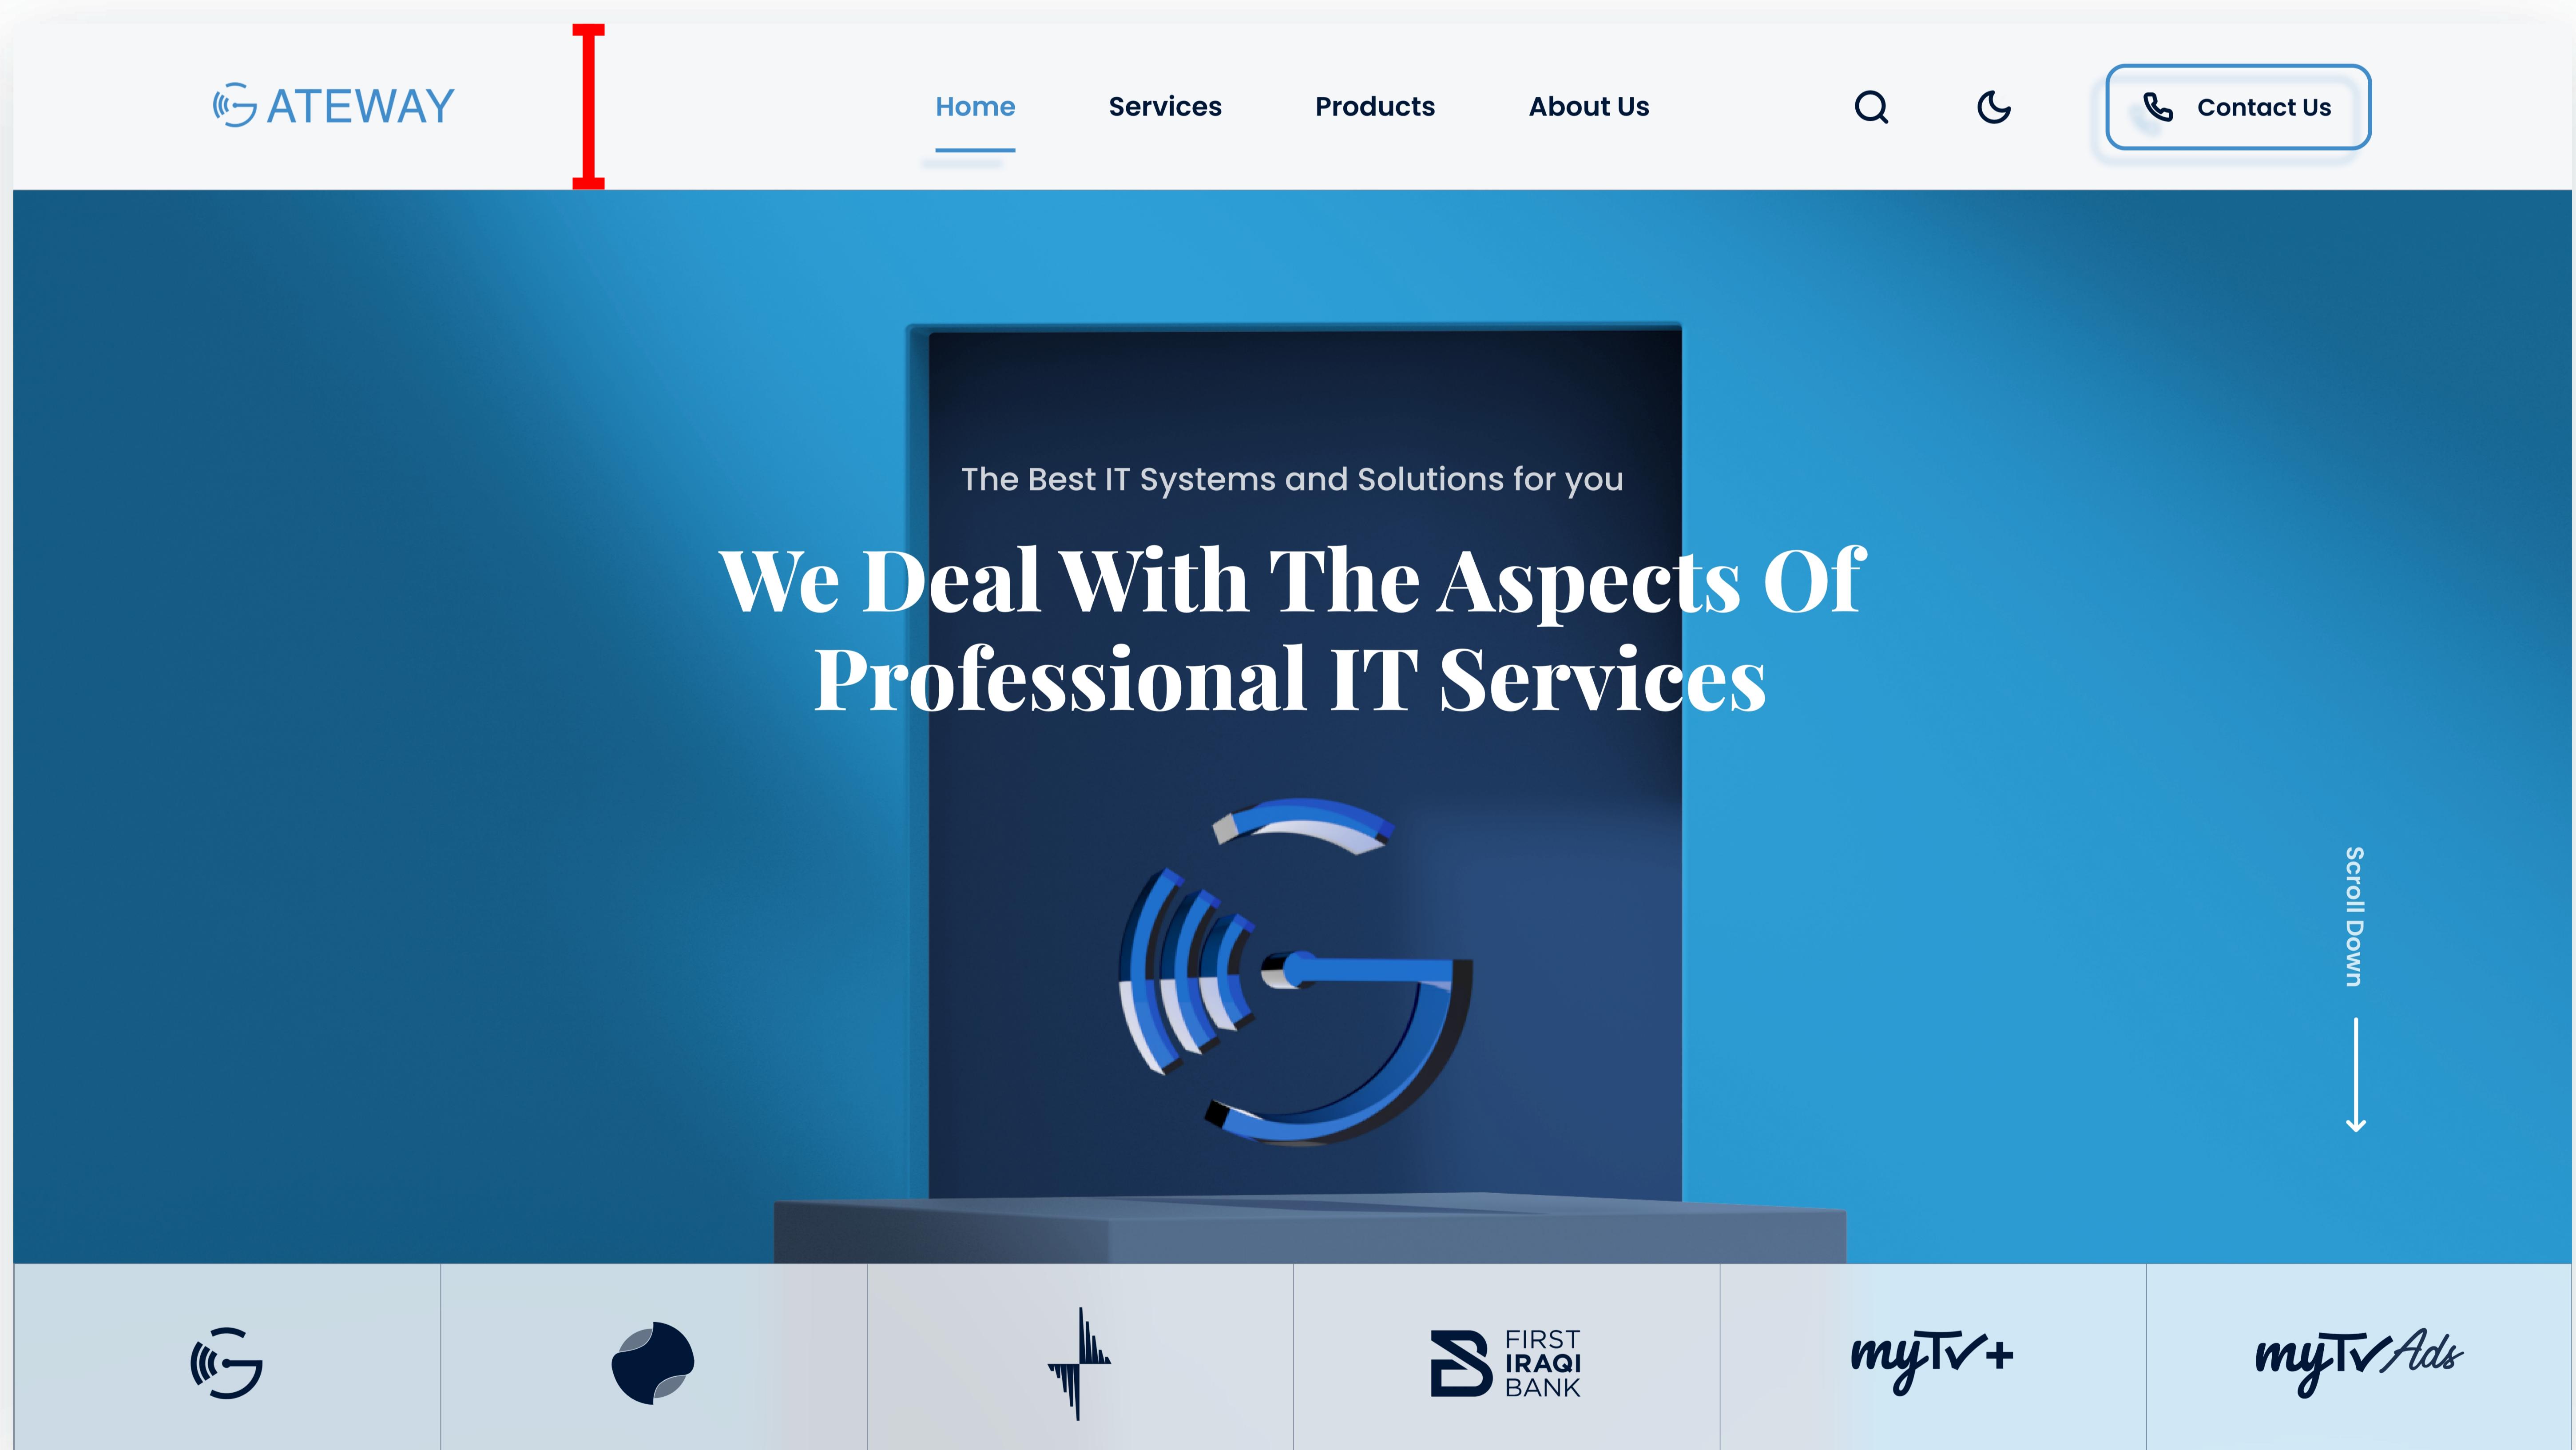

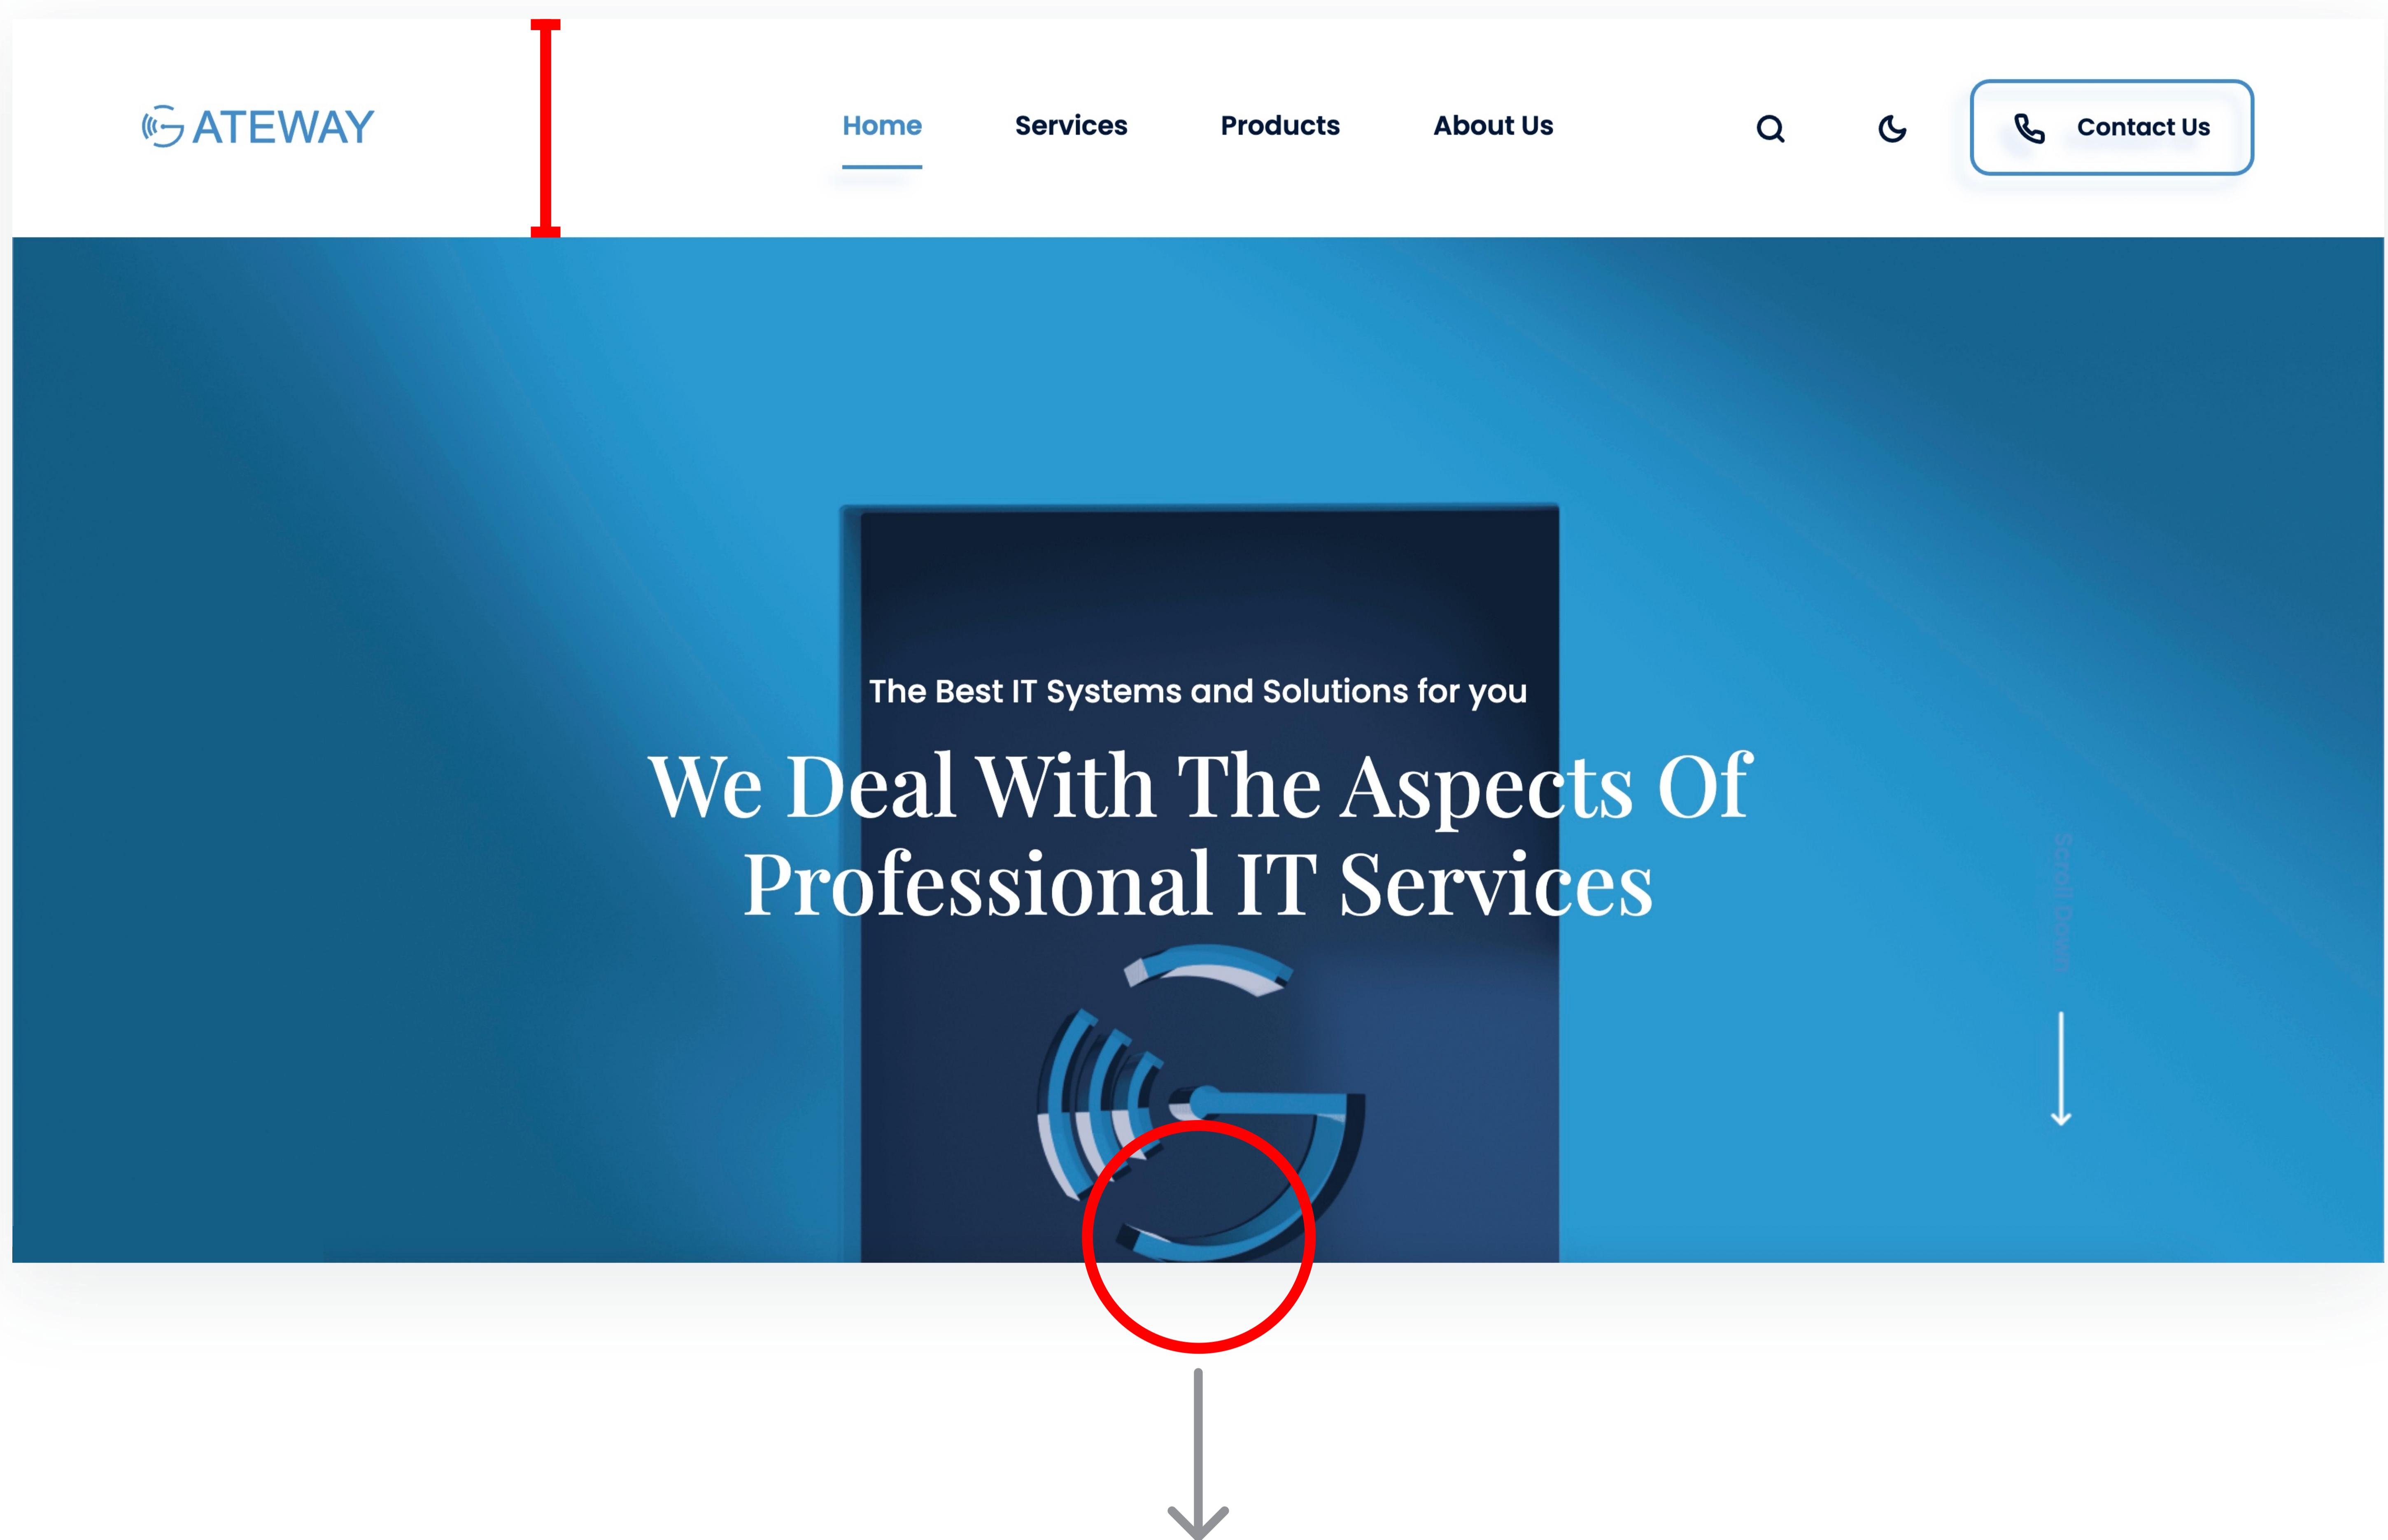

All Images: New Assets/ _Desktop/ Backgrounds/ Header Background [Home Page]/ Light Mode/ ... For Mobile Go to _Mobile folder

All Images: New Assets/ _Desktop/ Backgrounds/ Header Background [Home Page]/ Dark Mode/ ... For Mobile Go to _Mobile folder

(H) Hero Section -> Top Navbar: please decrease the height of the “Top Navbar” nearly by “12px”.

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see “Desktop_UI [Dark Mode].xd”

- (I) Hero Section -> Top Navbar: please give a border-bottom for “Top Navbar”, but please be note that the color of the border for both (Dark and Light Mode) are different, And change the color of the “Top Navbar” background, like a second screenshot. you can see XD design file for getting color code.

The screenshot shows the top navigation bar of a website. The bar includes a logo on the left, followed by five menu items: Home, Services, Products, About Us, and a Contact Us button on the right. A red arrow points to the left side of the "Home" menu item, indicating where a border-bottom should be applied. The background of the top bar is white.

Our Services

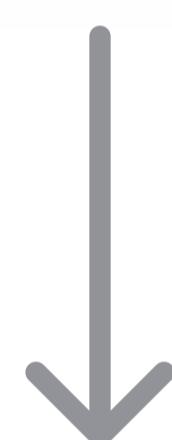

An Overview Of What We Do

Business Process Development
We have converted Business Process Development into a flexible, agile procedure to best suit our customers...

Artificial Intelligence/ Machine Learning
AI & ML come hand-in-hand with regards to sustainable development within enterprises of multiple disciplines...

Telecommunication Services
Constitute a large sum of our overall business, starting with basic networking operations to state-of-the-art...

IT and Web Solution
With E-businesses commerce proliferate need emerges for innovative solutions to optimize the world

The screenshot shows the top navigation bar of the same website in dark mode. The background of the top bar is dark gray. A red arrow points to the left side of the "Home" menu item, similar to the first screenshot. The rest of the page content is identical to the first screenshot, including the "Our Services" section and the four service cards below it.

File Name: Desktop_UI [Light Mode].xd

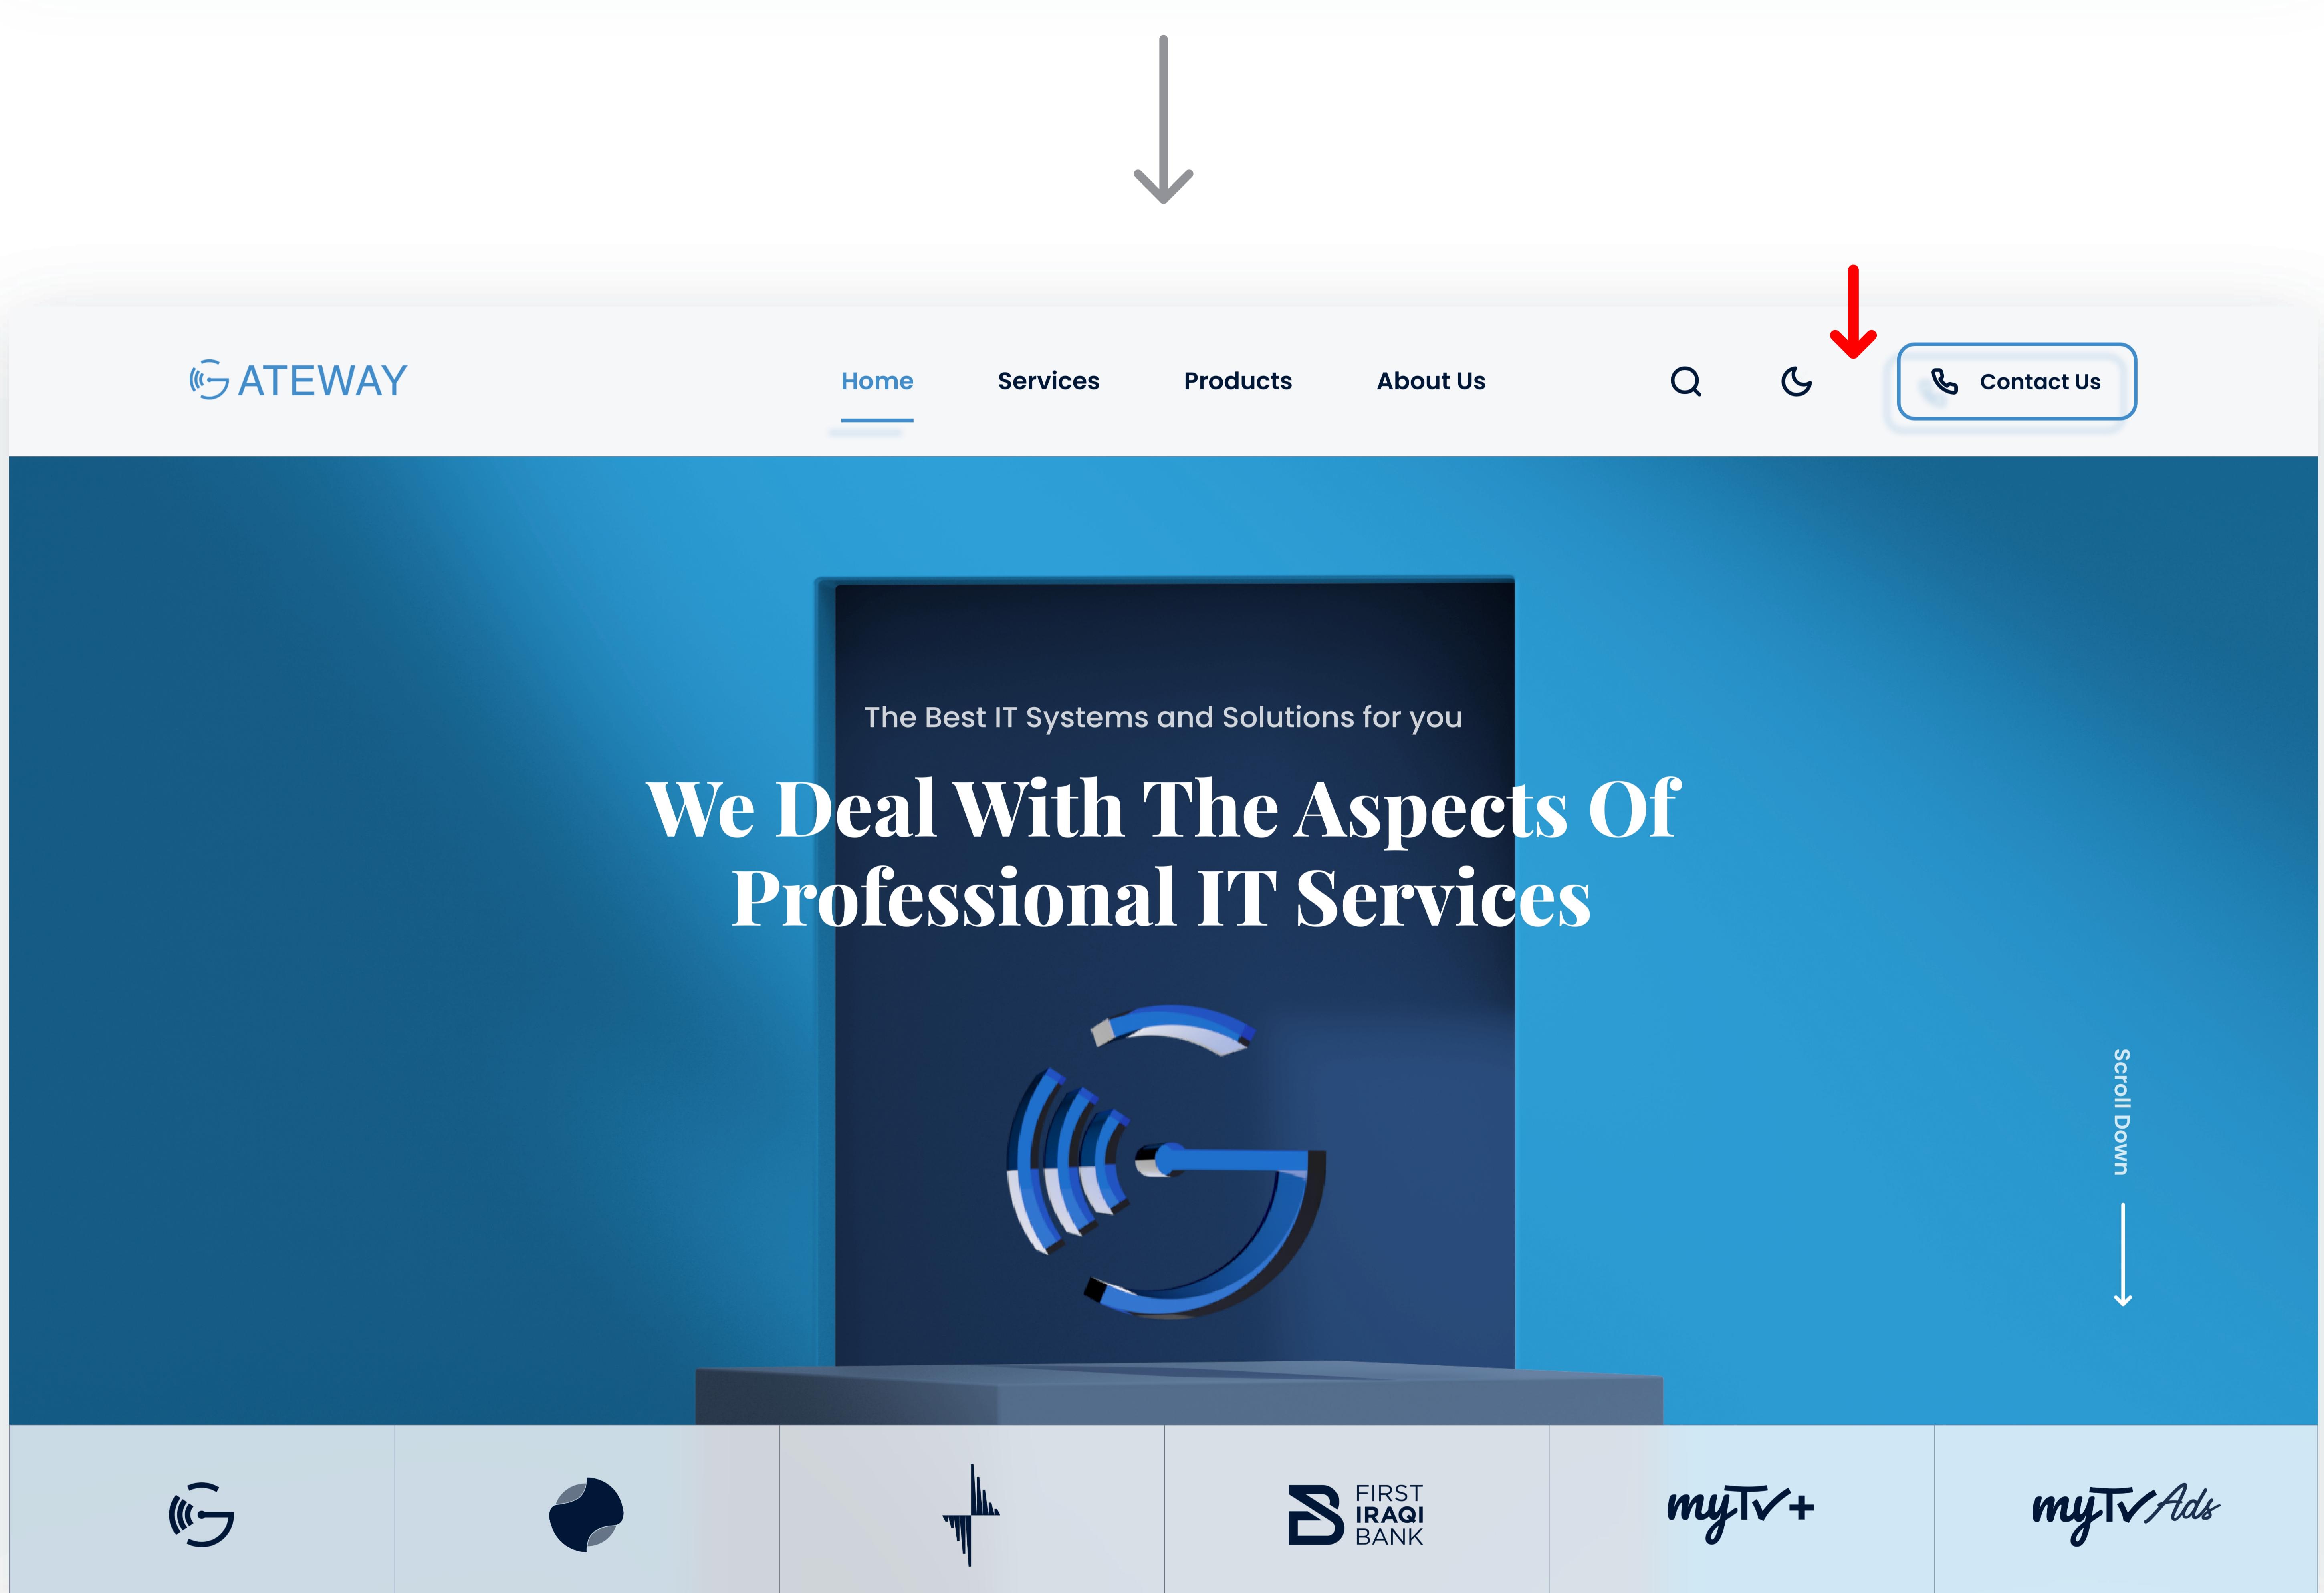

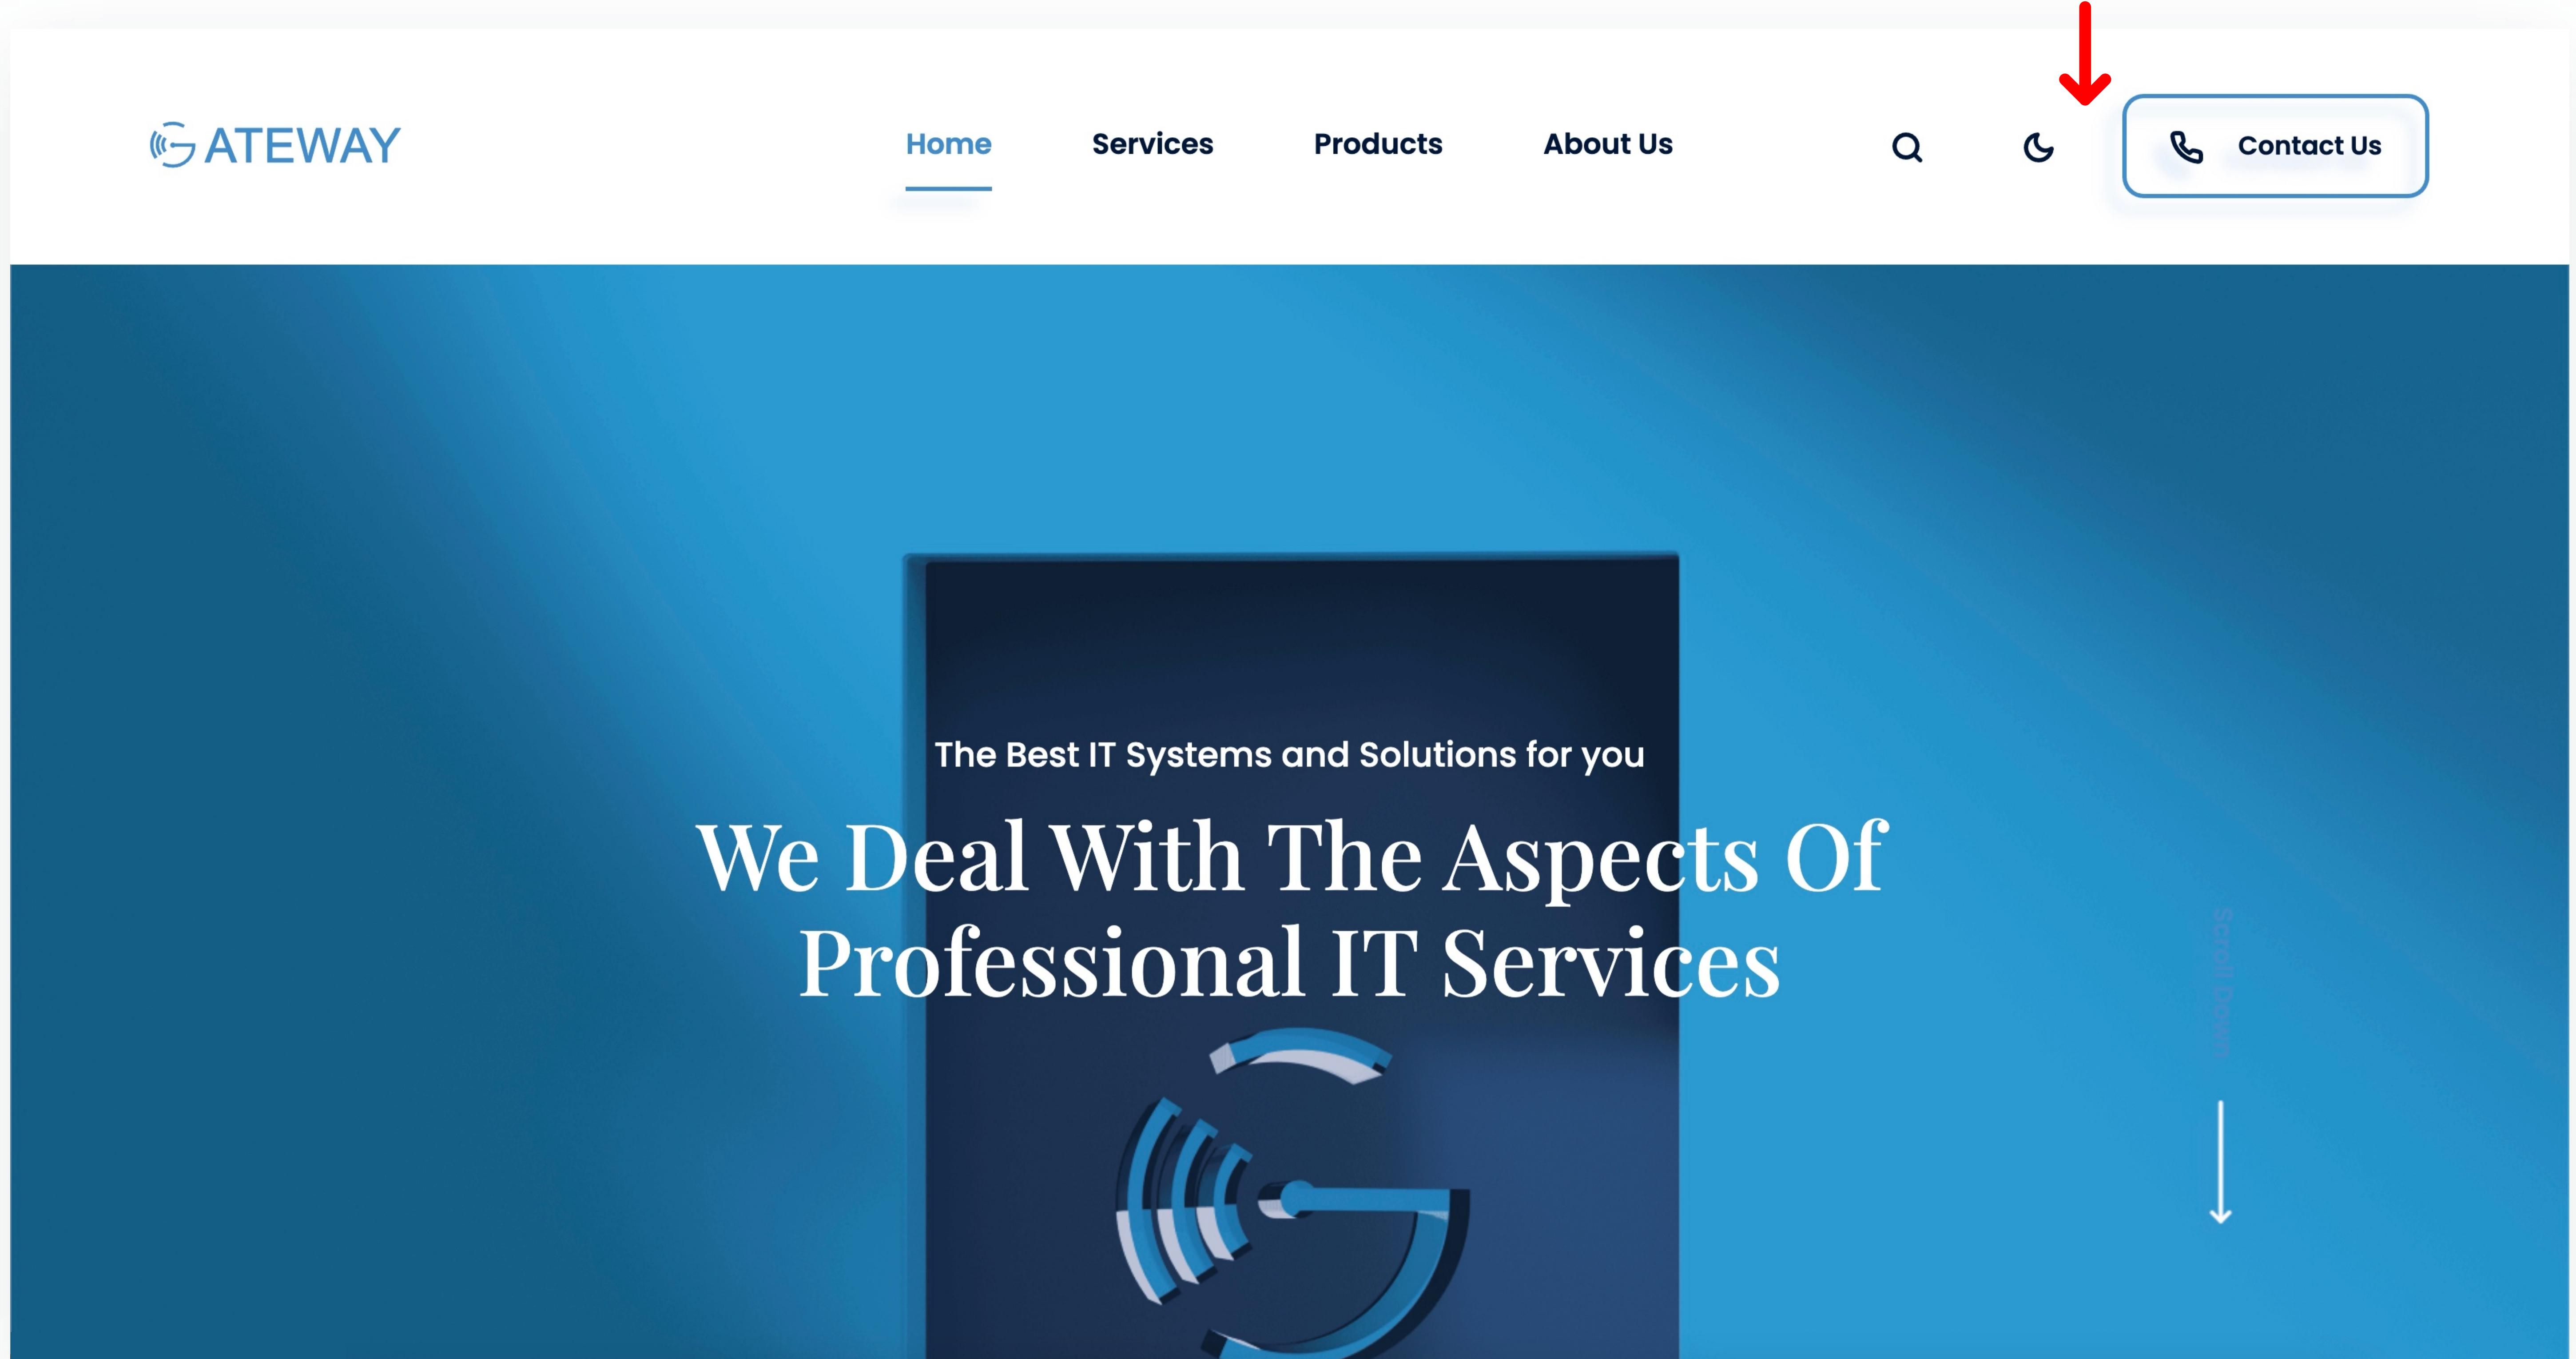

For Dark Mode see “Desktop_UI [Dark Mode].xd”

- (J) Hero Section -> Top Navbar: please please use our Dark Logo from assets folder for “Dark Mode” and Light Logo for Light Mode. Don’t export any asset from XD design file ⚡

File Name: Sitemap & Design System.xd

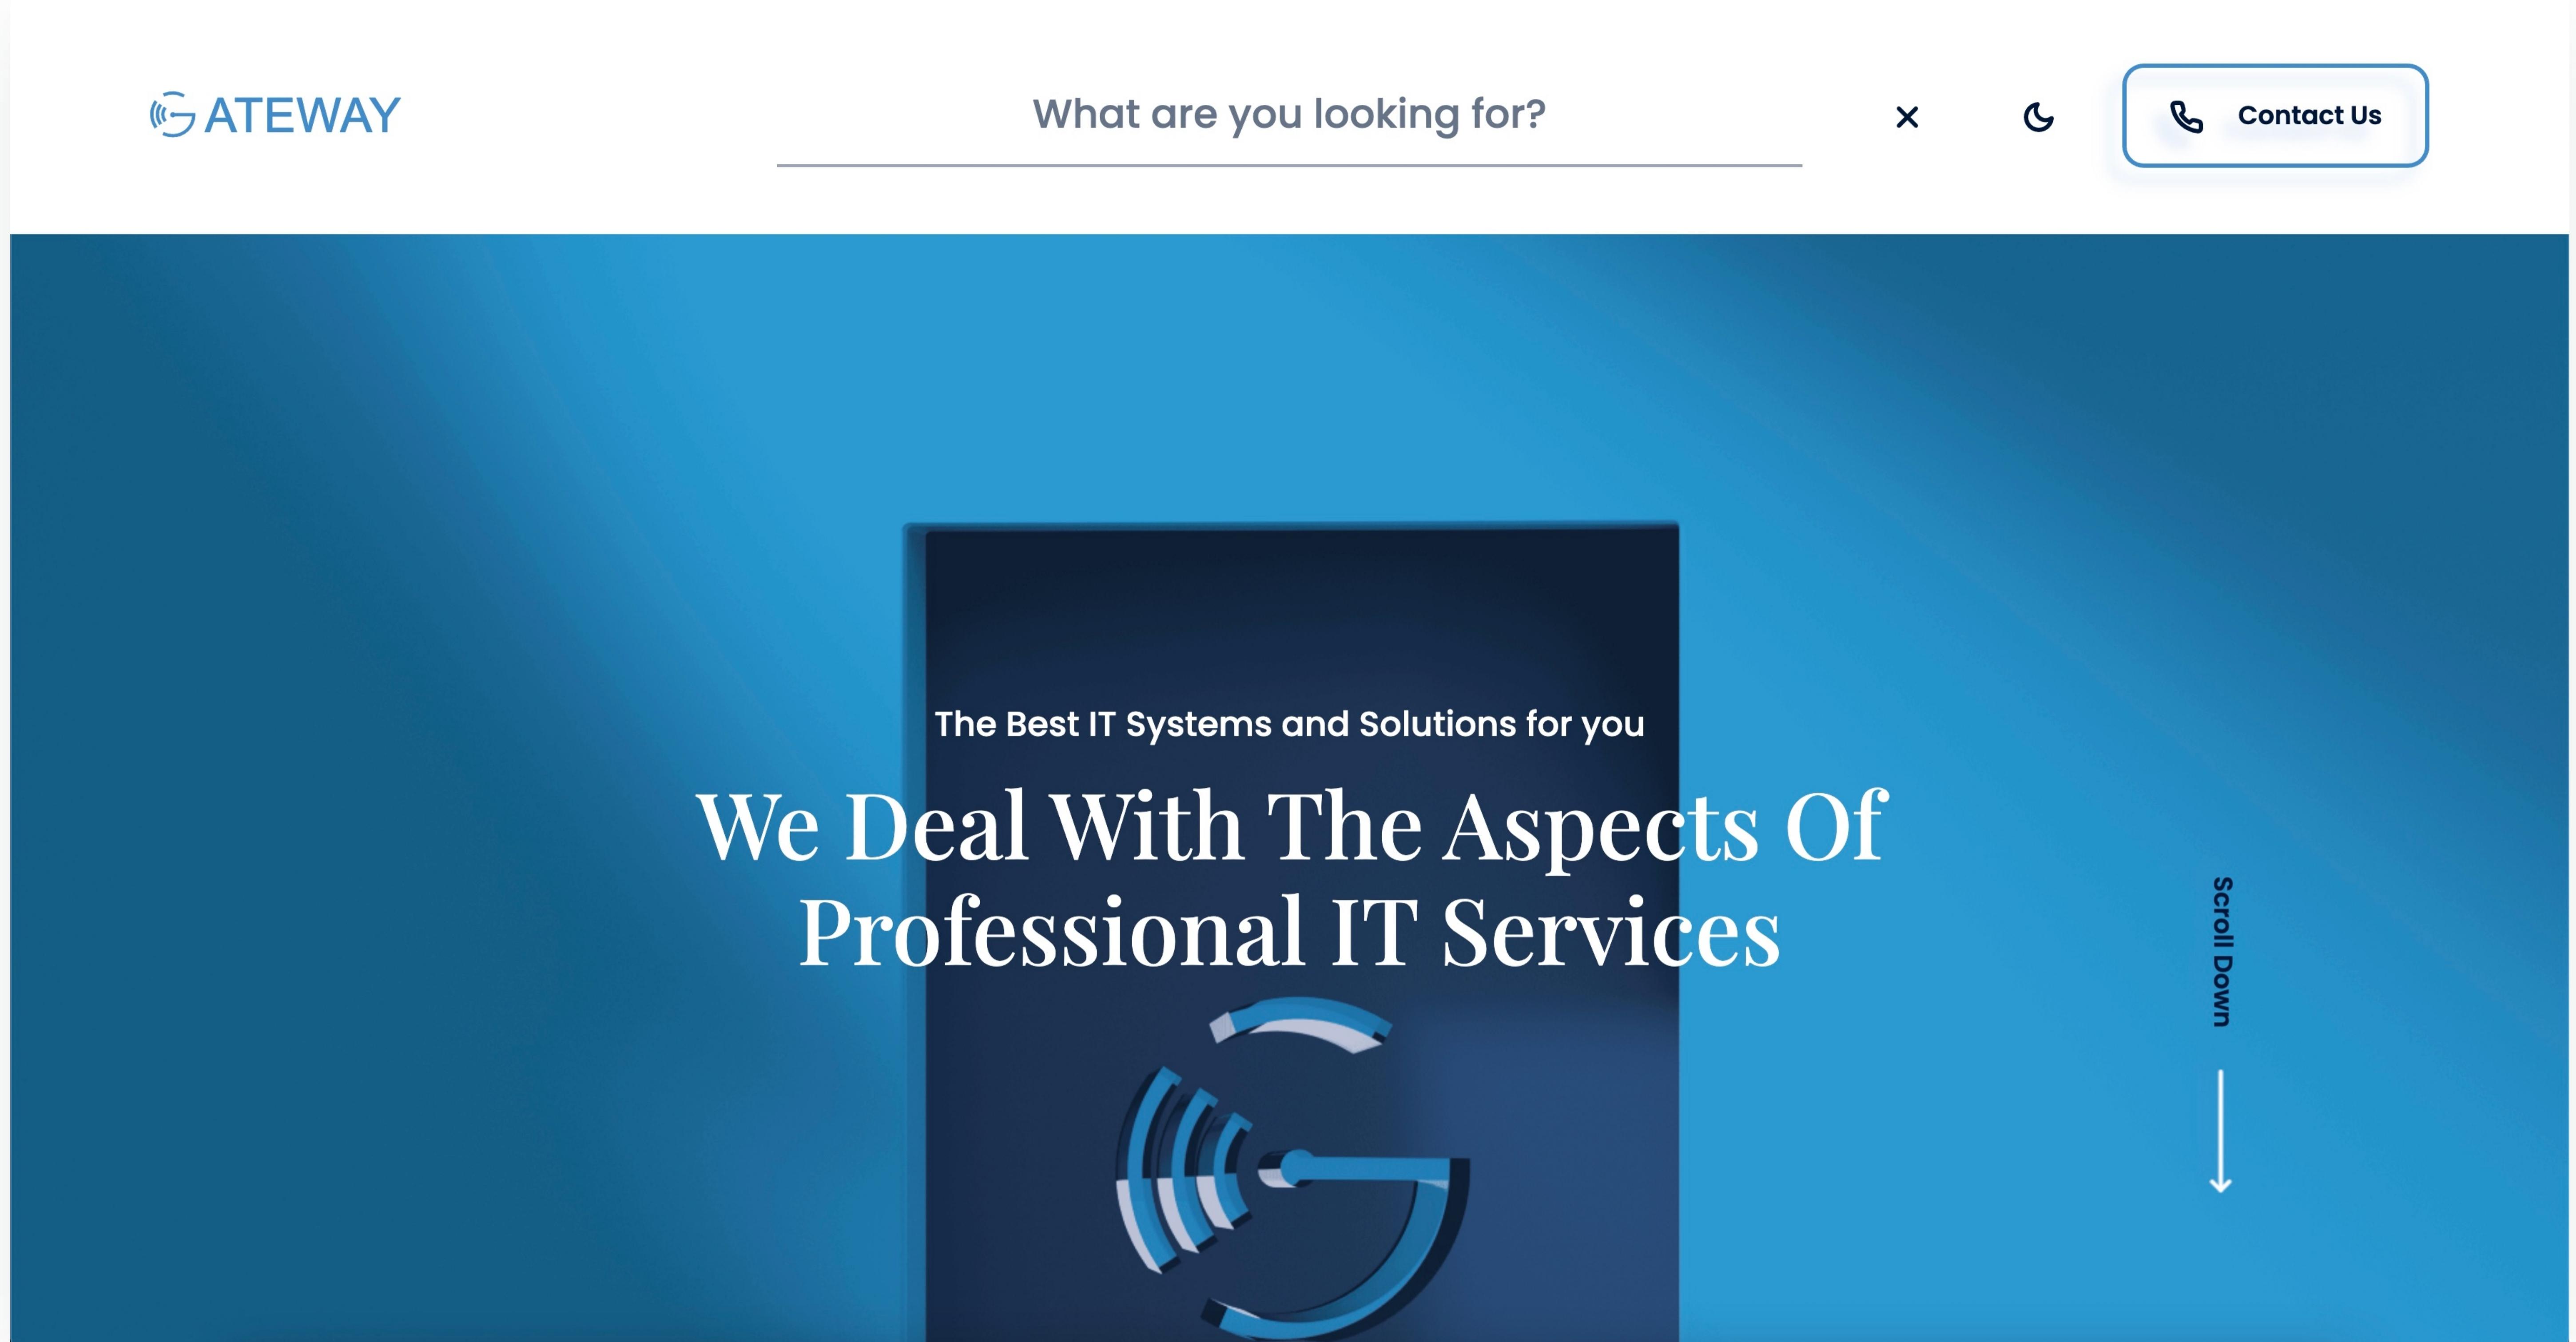

- (K) Hero Section -> Top Navbar: please add more space between “Contact Us” button and “Moon” icon, must be like the space between “Search” and “Moon” icon.

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see “Desktop_UI [Dark Mode].xd”

- (L) Hero Section -> Top Navbar: Search field does not animated! It must be goes from up to down smoothly.

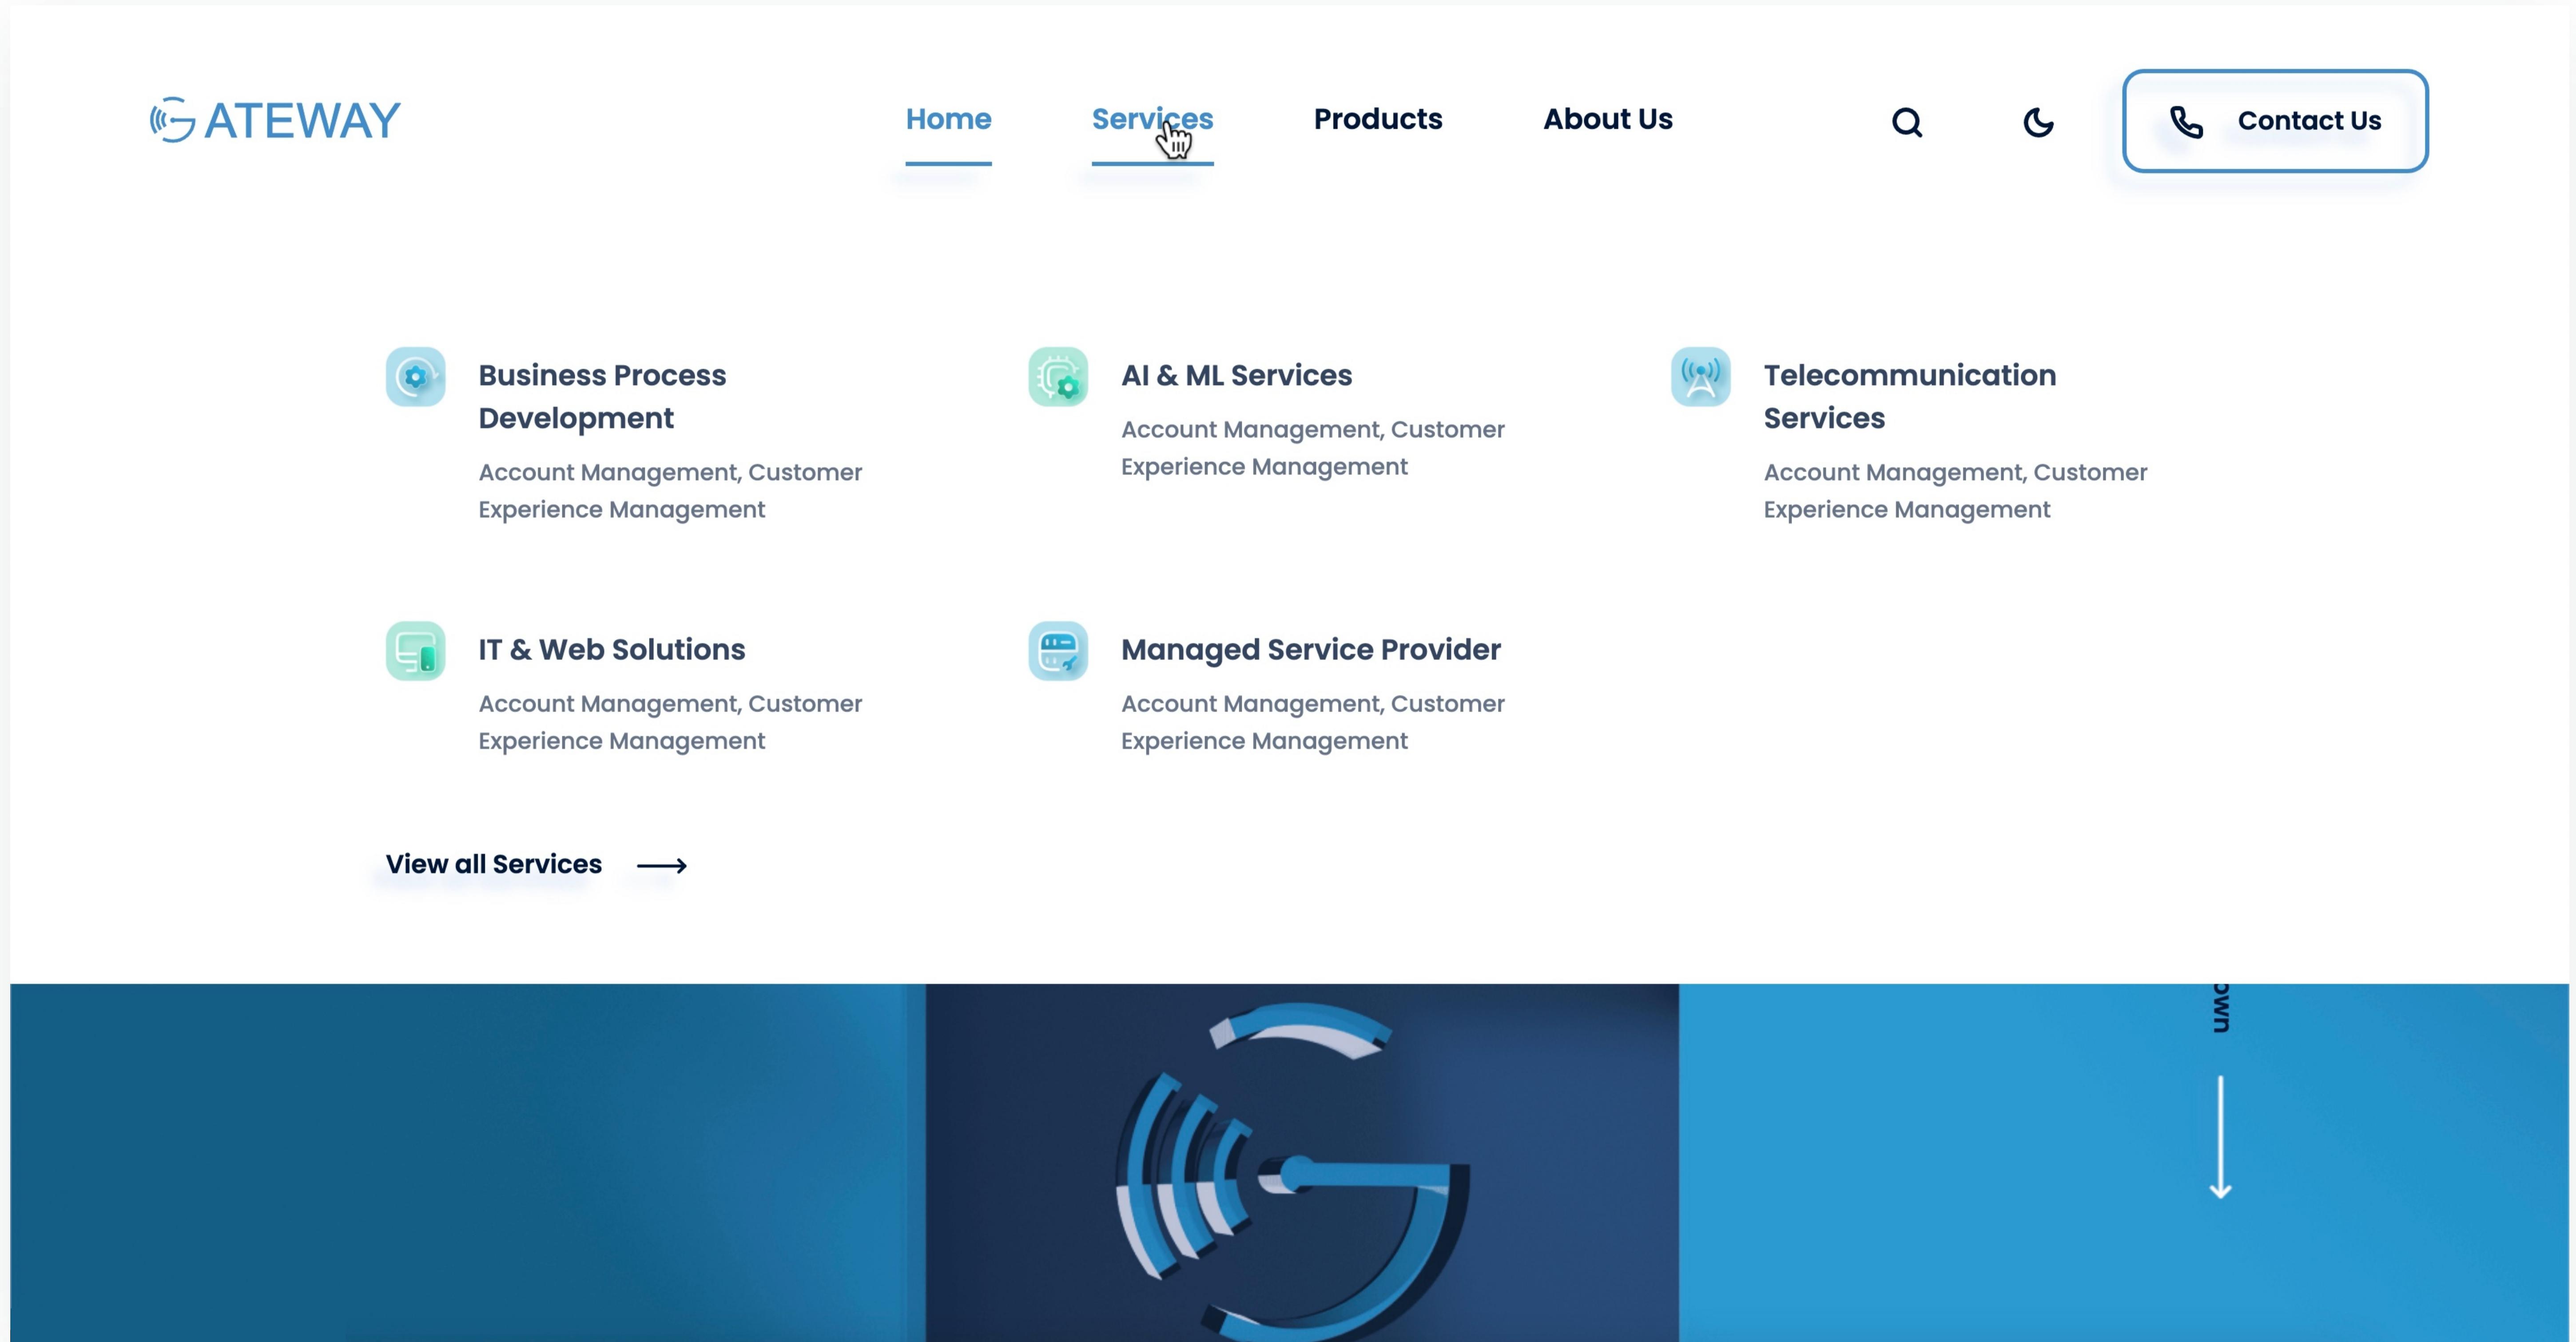

- (M) Hero Section -> Top Navbar: Where is the state of the "Search" field??!!! Please be note when we click on the close button the field must be cleared for the second use!

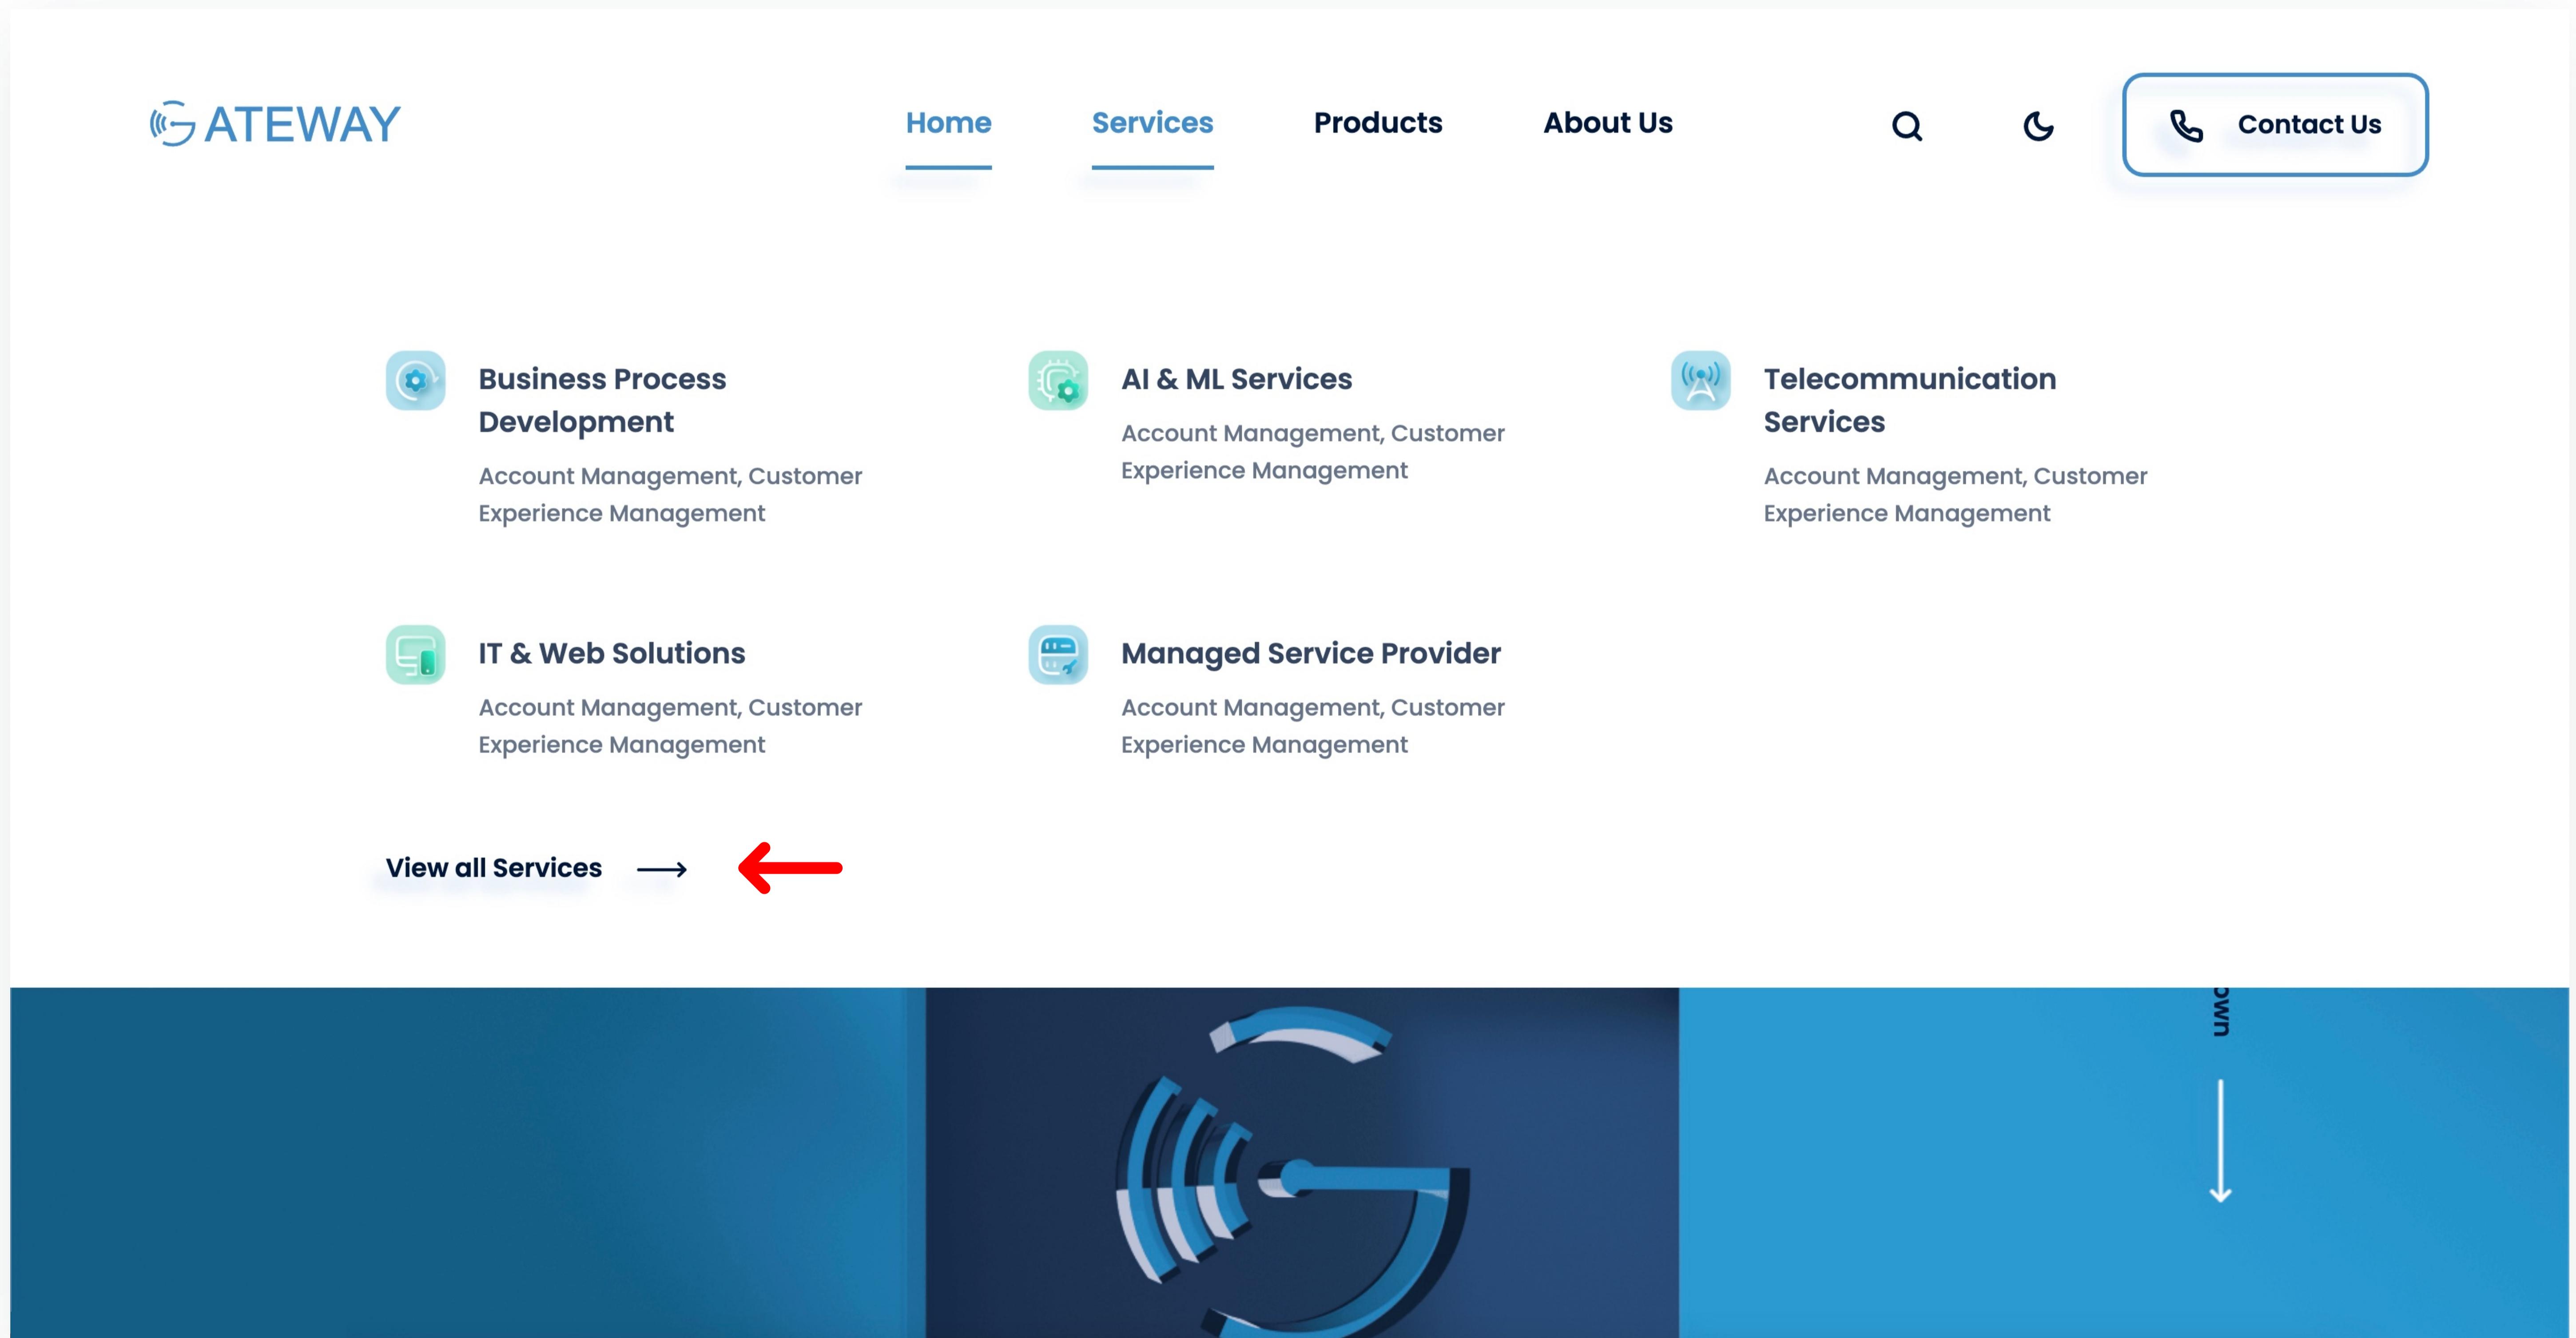

Normal	On Focus	On Typing	On Leave	On Error

File Name: Sitemap & Design System.xd

- (N) Hero Section -> Top Navbar: “Services” mega menu will open just by hovering on it!!, that is the wrong way to open any mega menu!! Please change to click. And please give the animation effect when it is in the opening, like the animation that we designed in XD file.

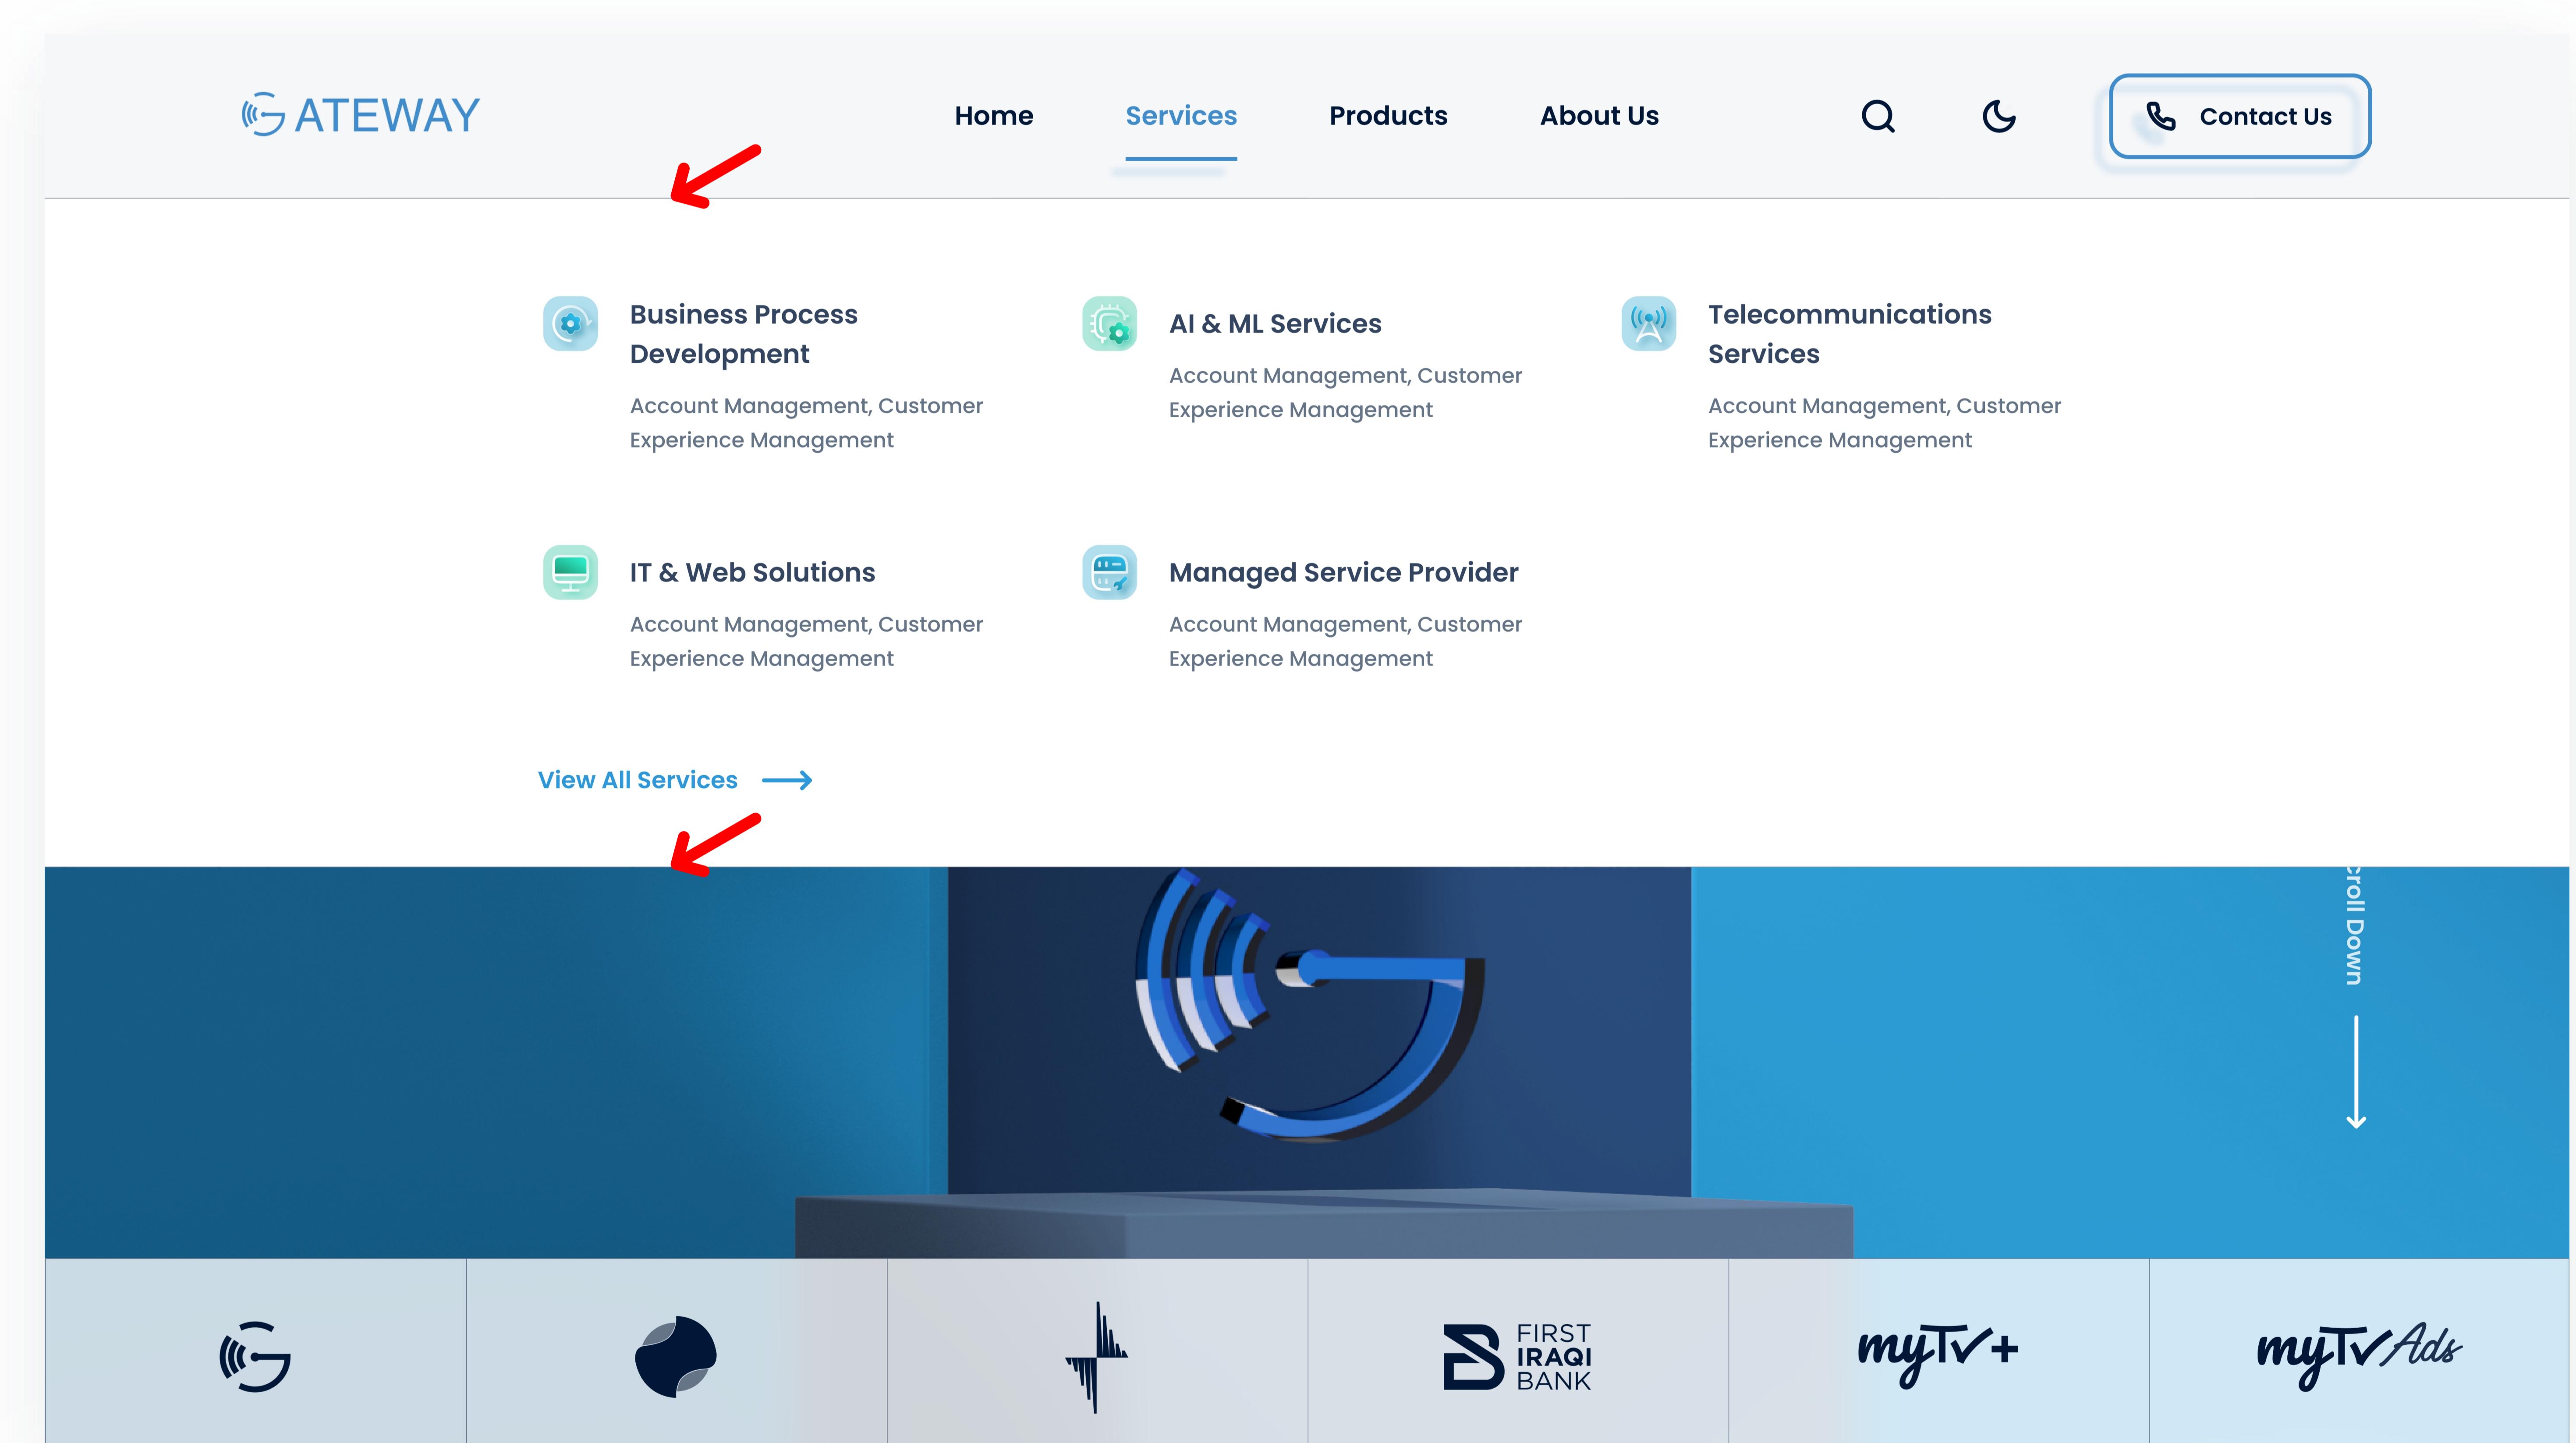

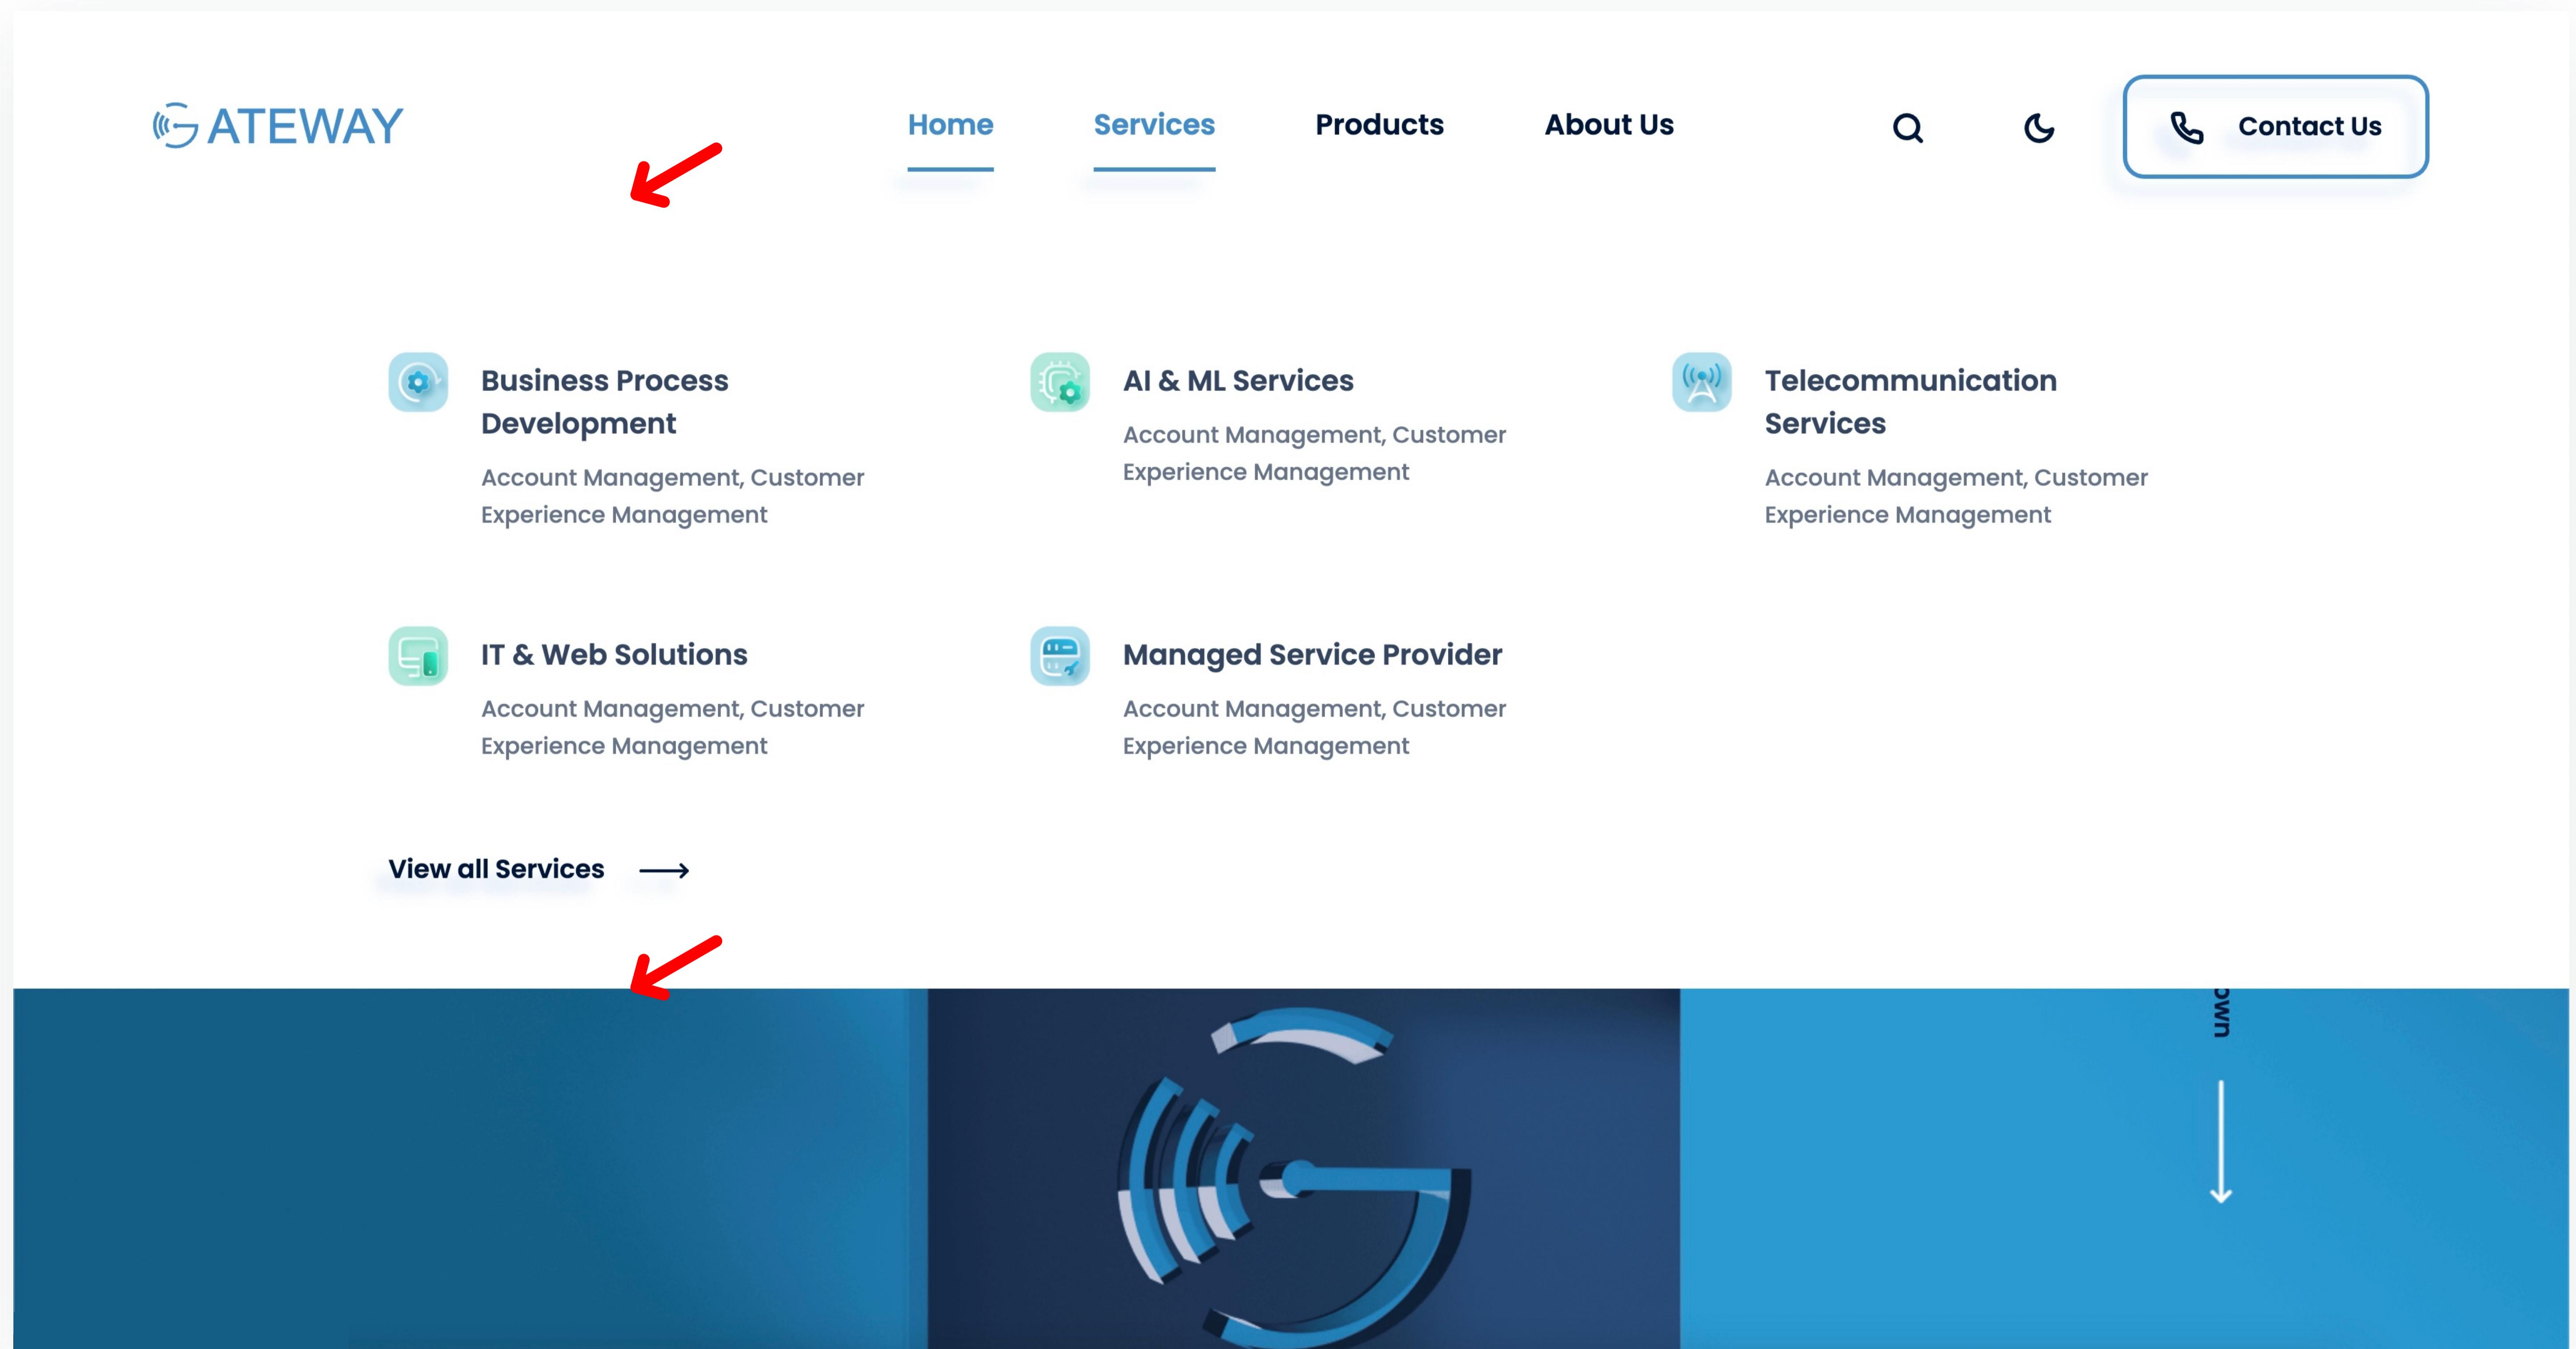

- (O) Hero Section -> Top Navbar: the button should not have shadow, And the arrow icon doesn't have any animation with while hovering!! Just increase the arrow width with an animation please. And please create an Active State for each menu inside “Services” menu.

Note: when we go to one of the “Services” or any other pages, the underline indicator will remain under “Home” Menu??

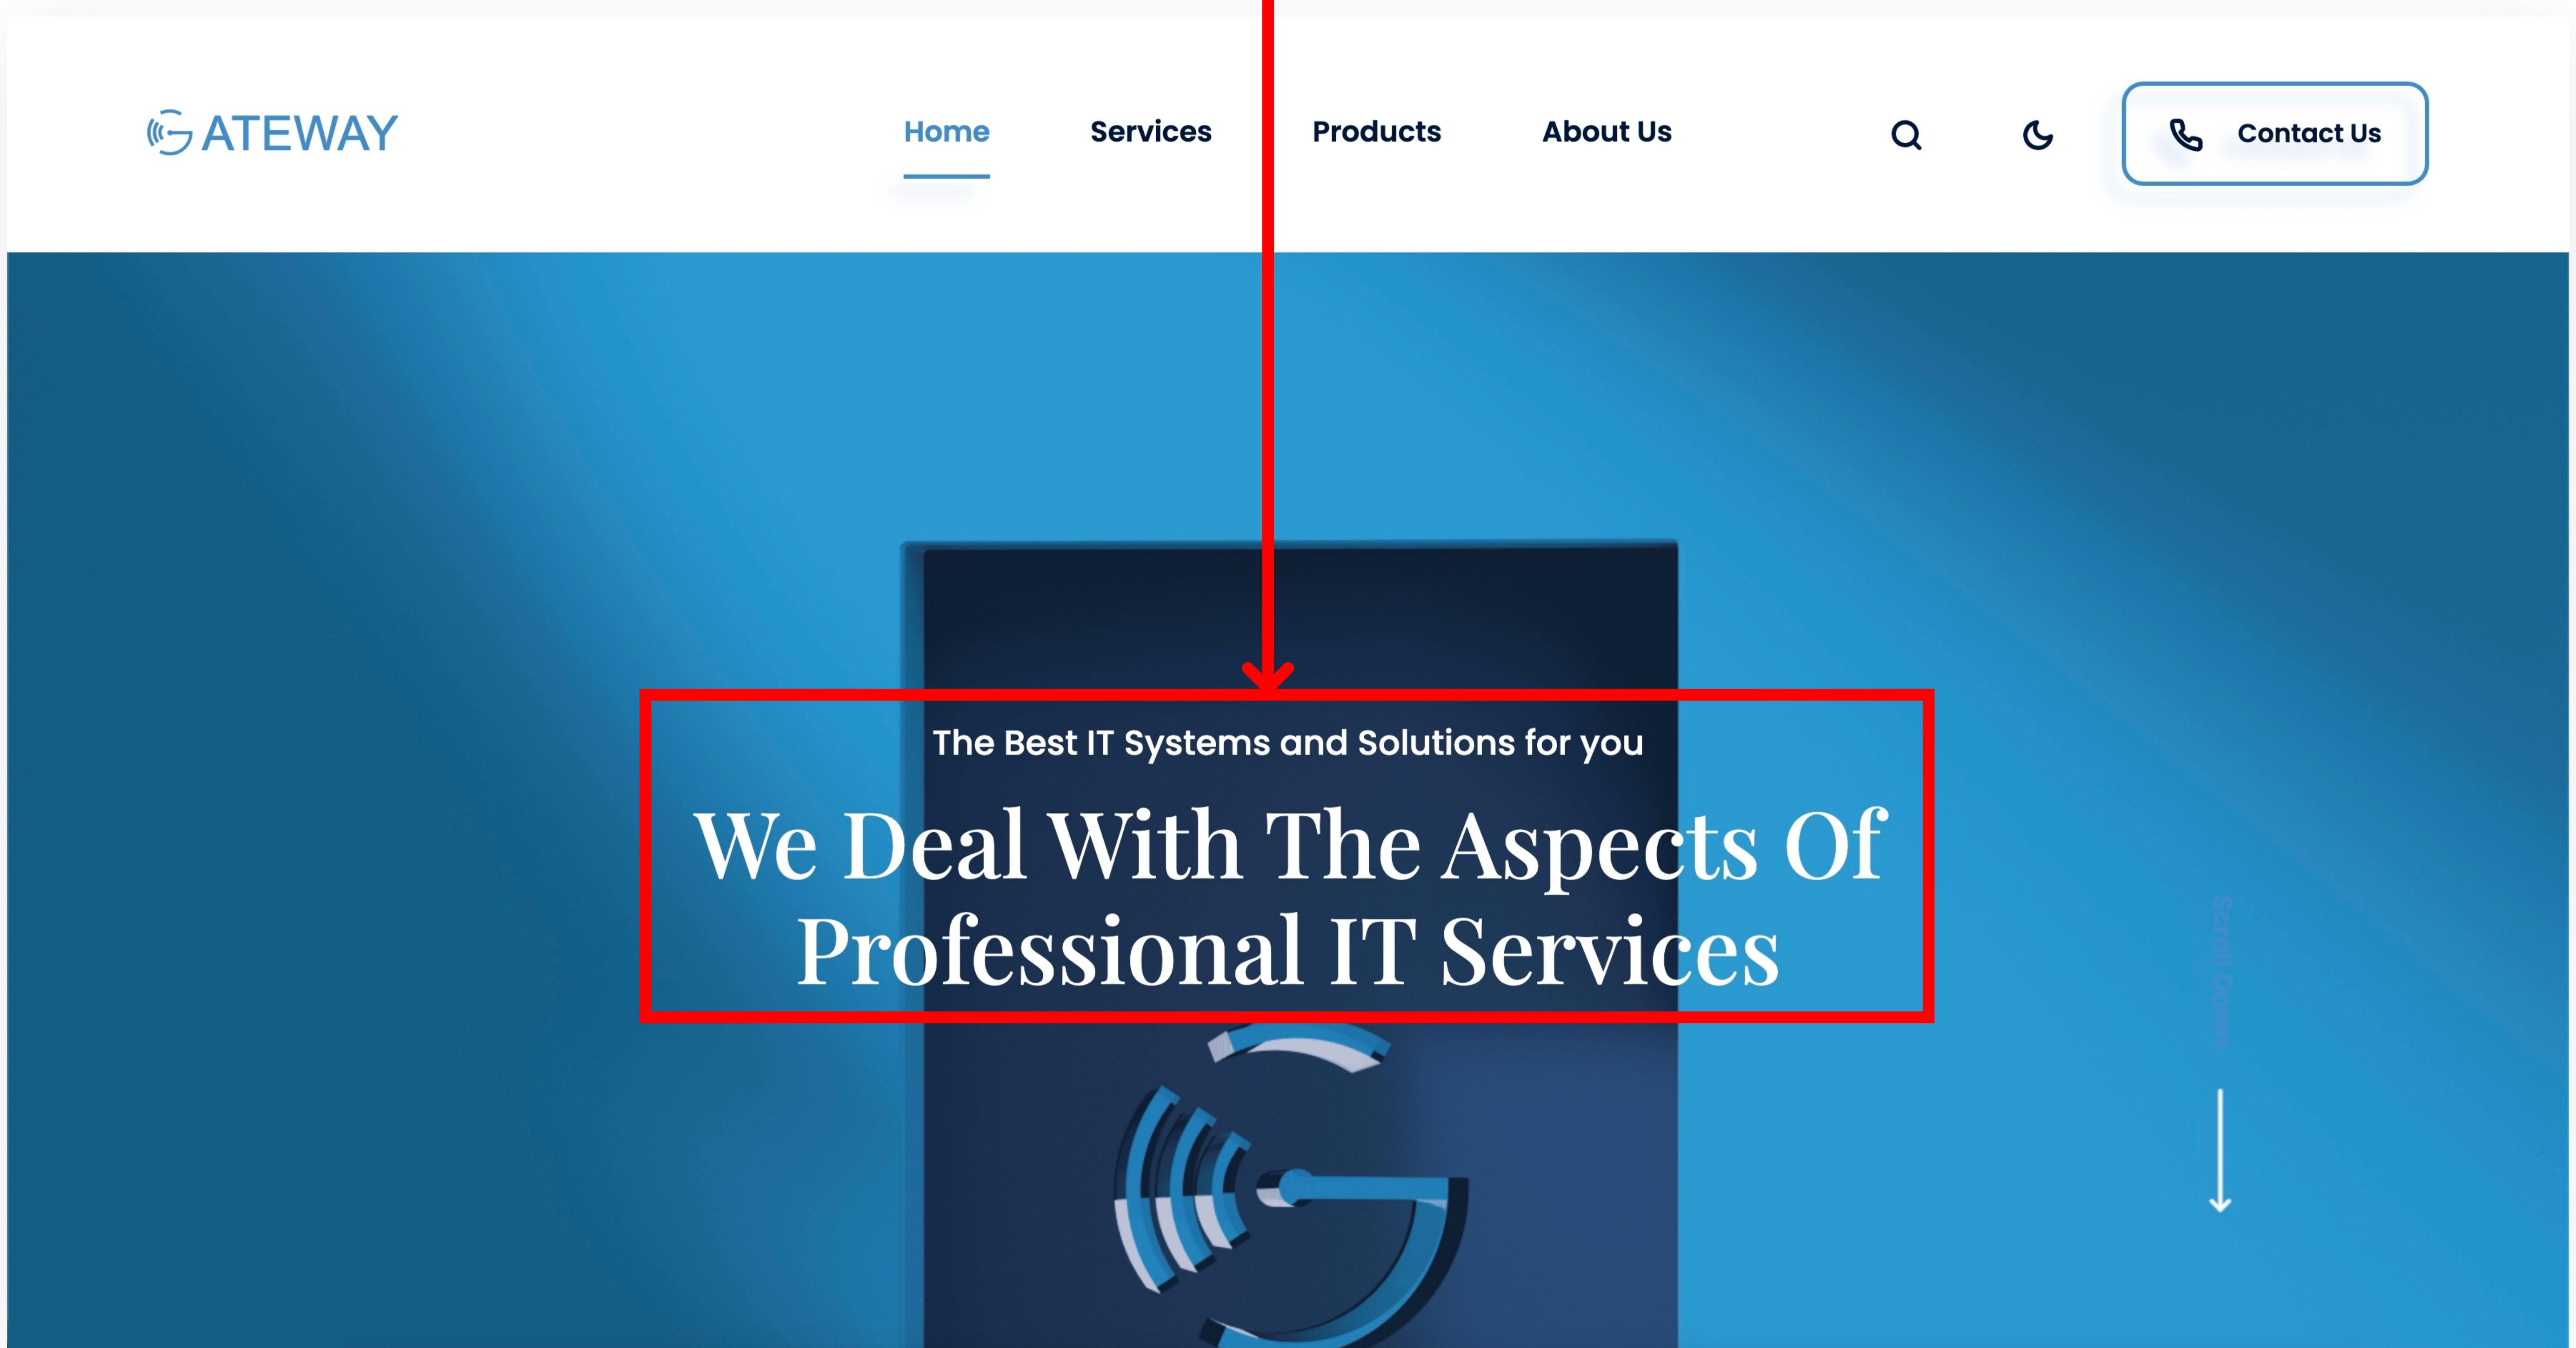

(P) Hero Section -> Top Navbar: Please add a border between "Top Navbar" and "Services" Mega menu, and also to the bottom of the mega menu.

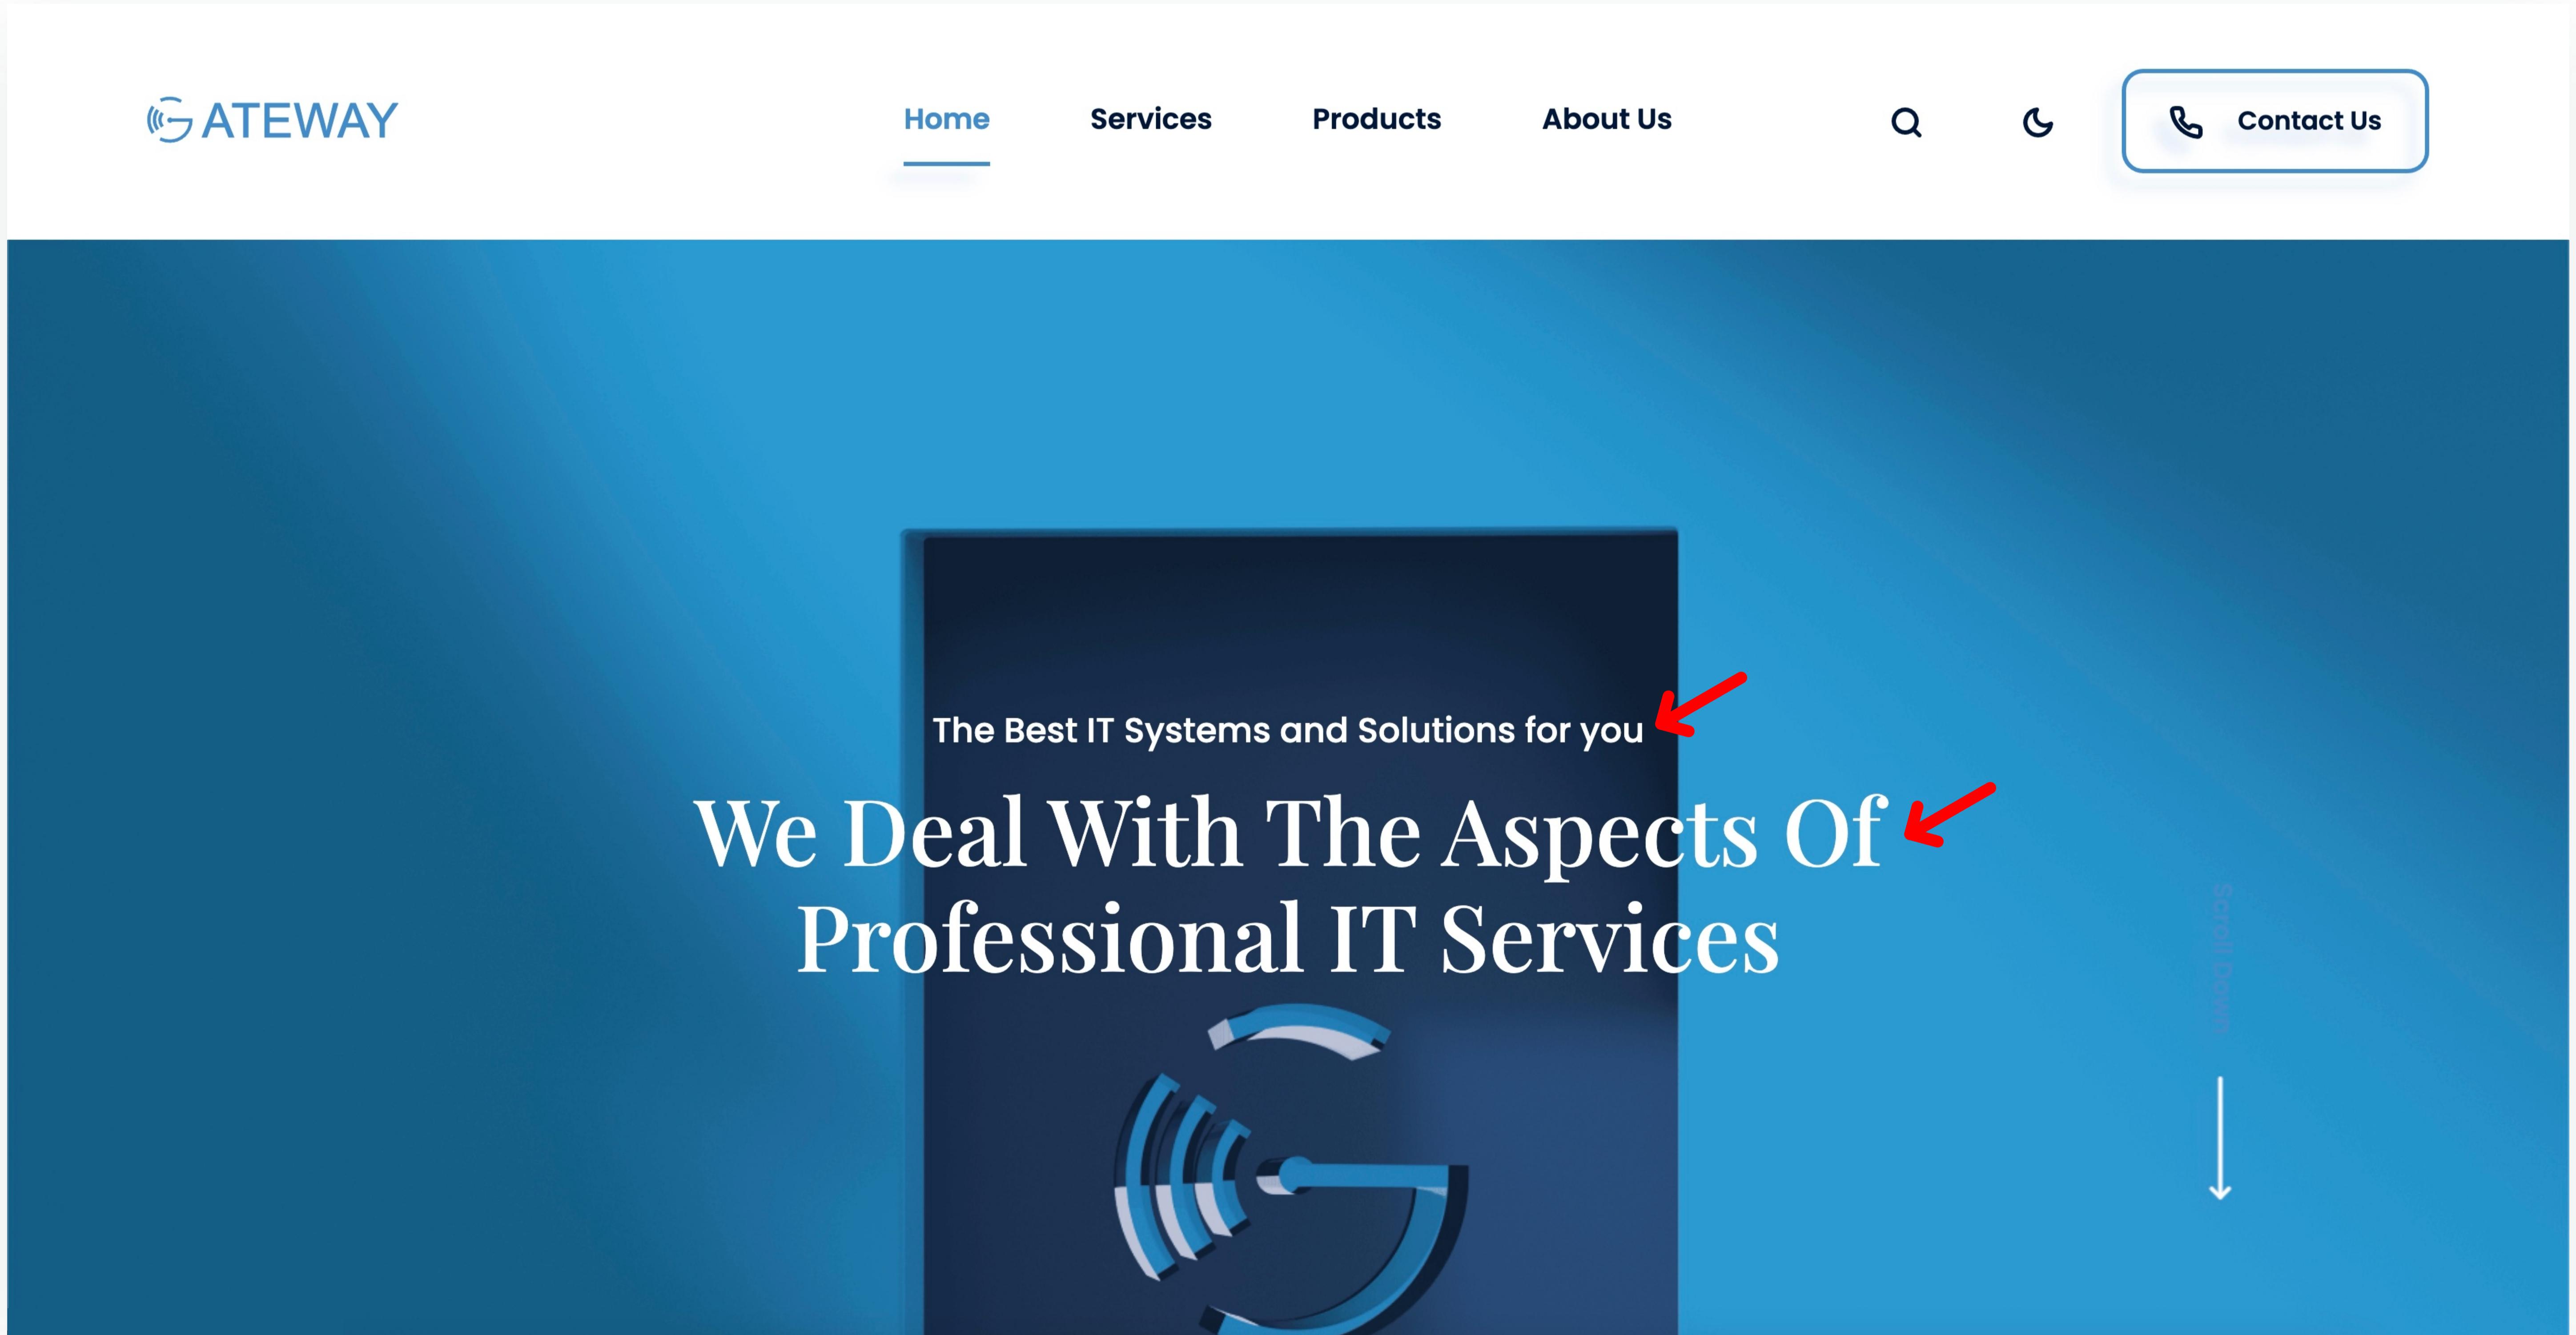

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

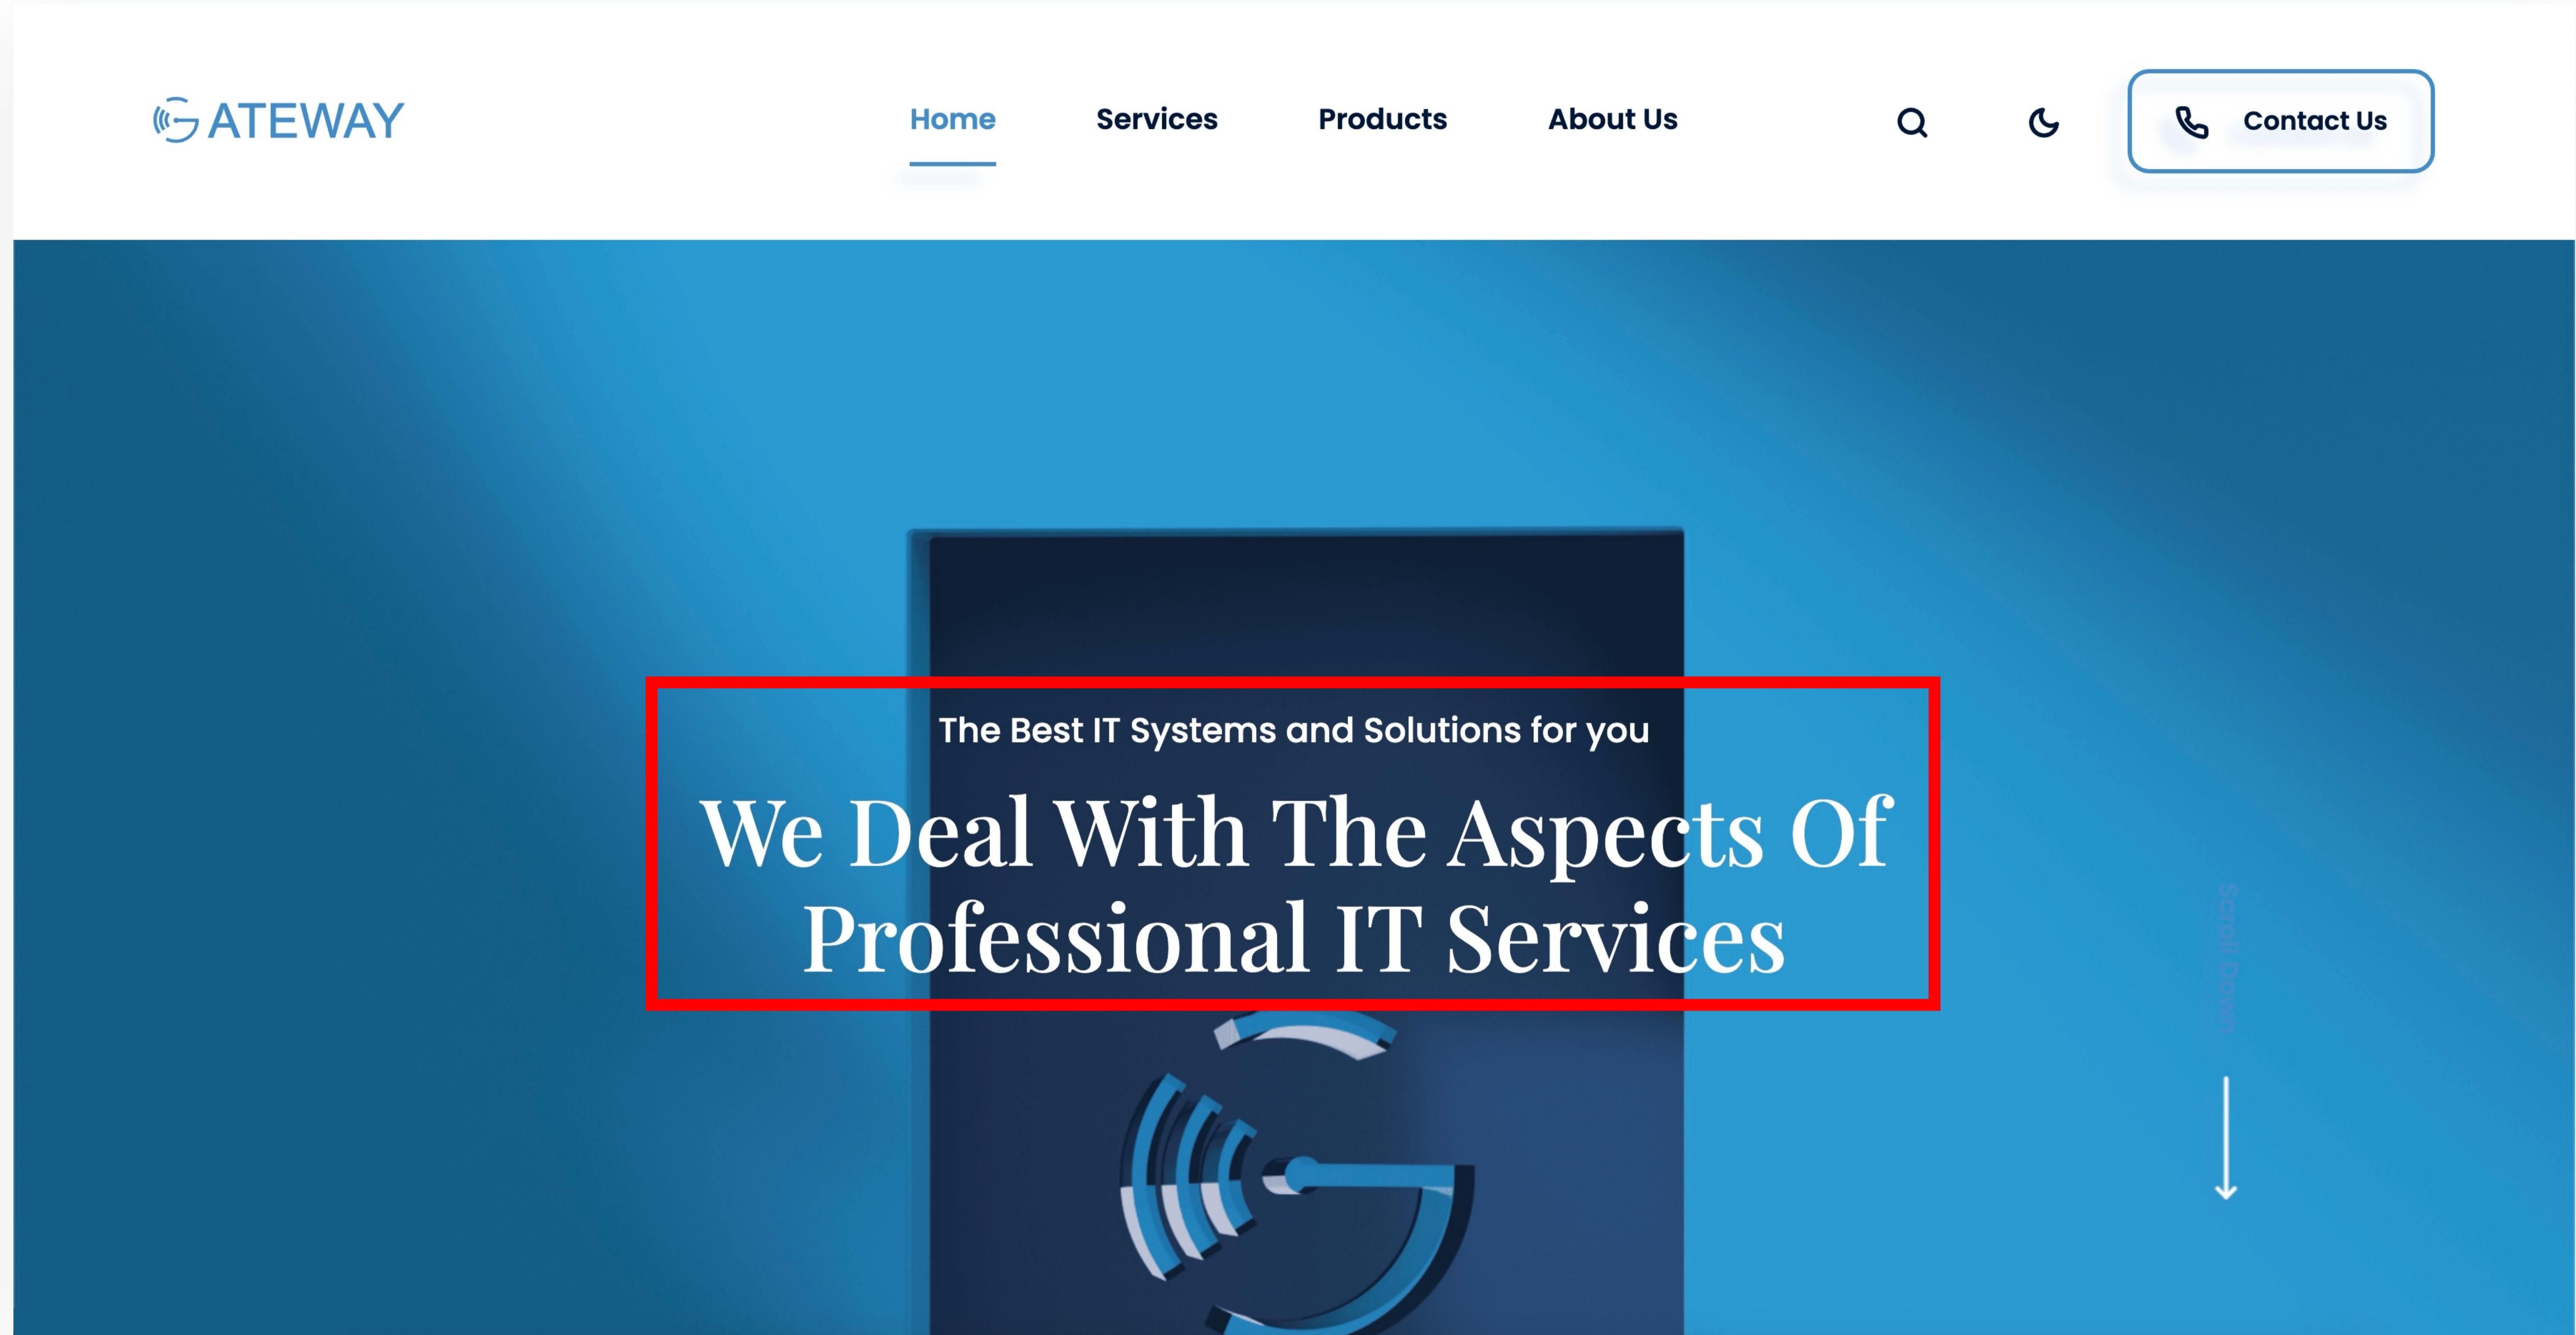

- (Q) Hero Section -> Slide Content: the page titles are almost all the same, Please don't use same text in multiple section or title! Each slide Each section Each title has its own content. We determined from the XD design file

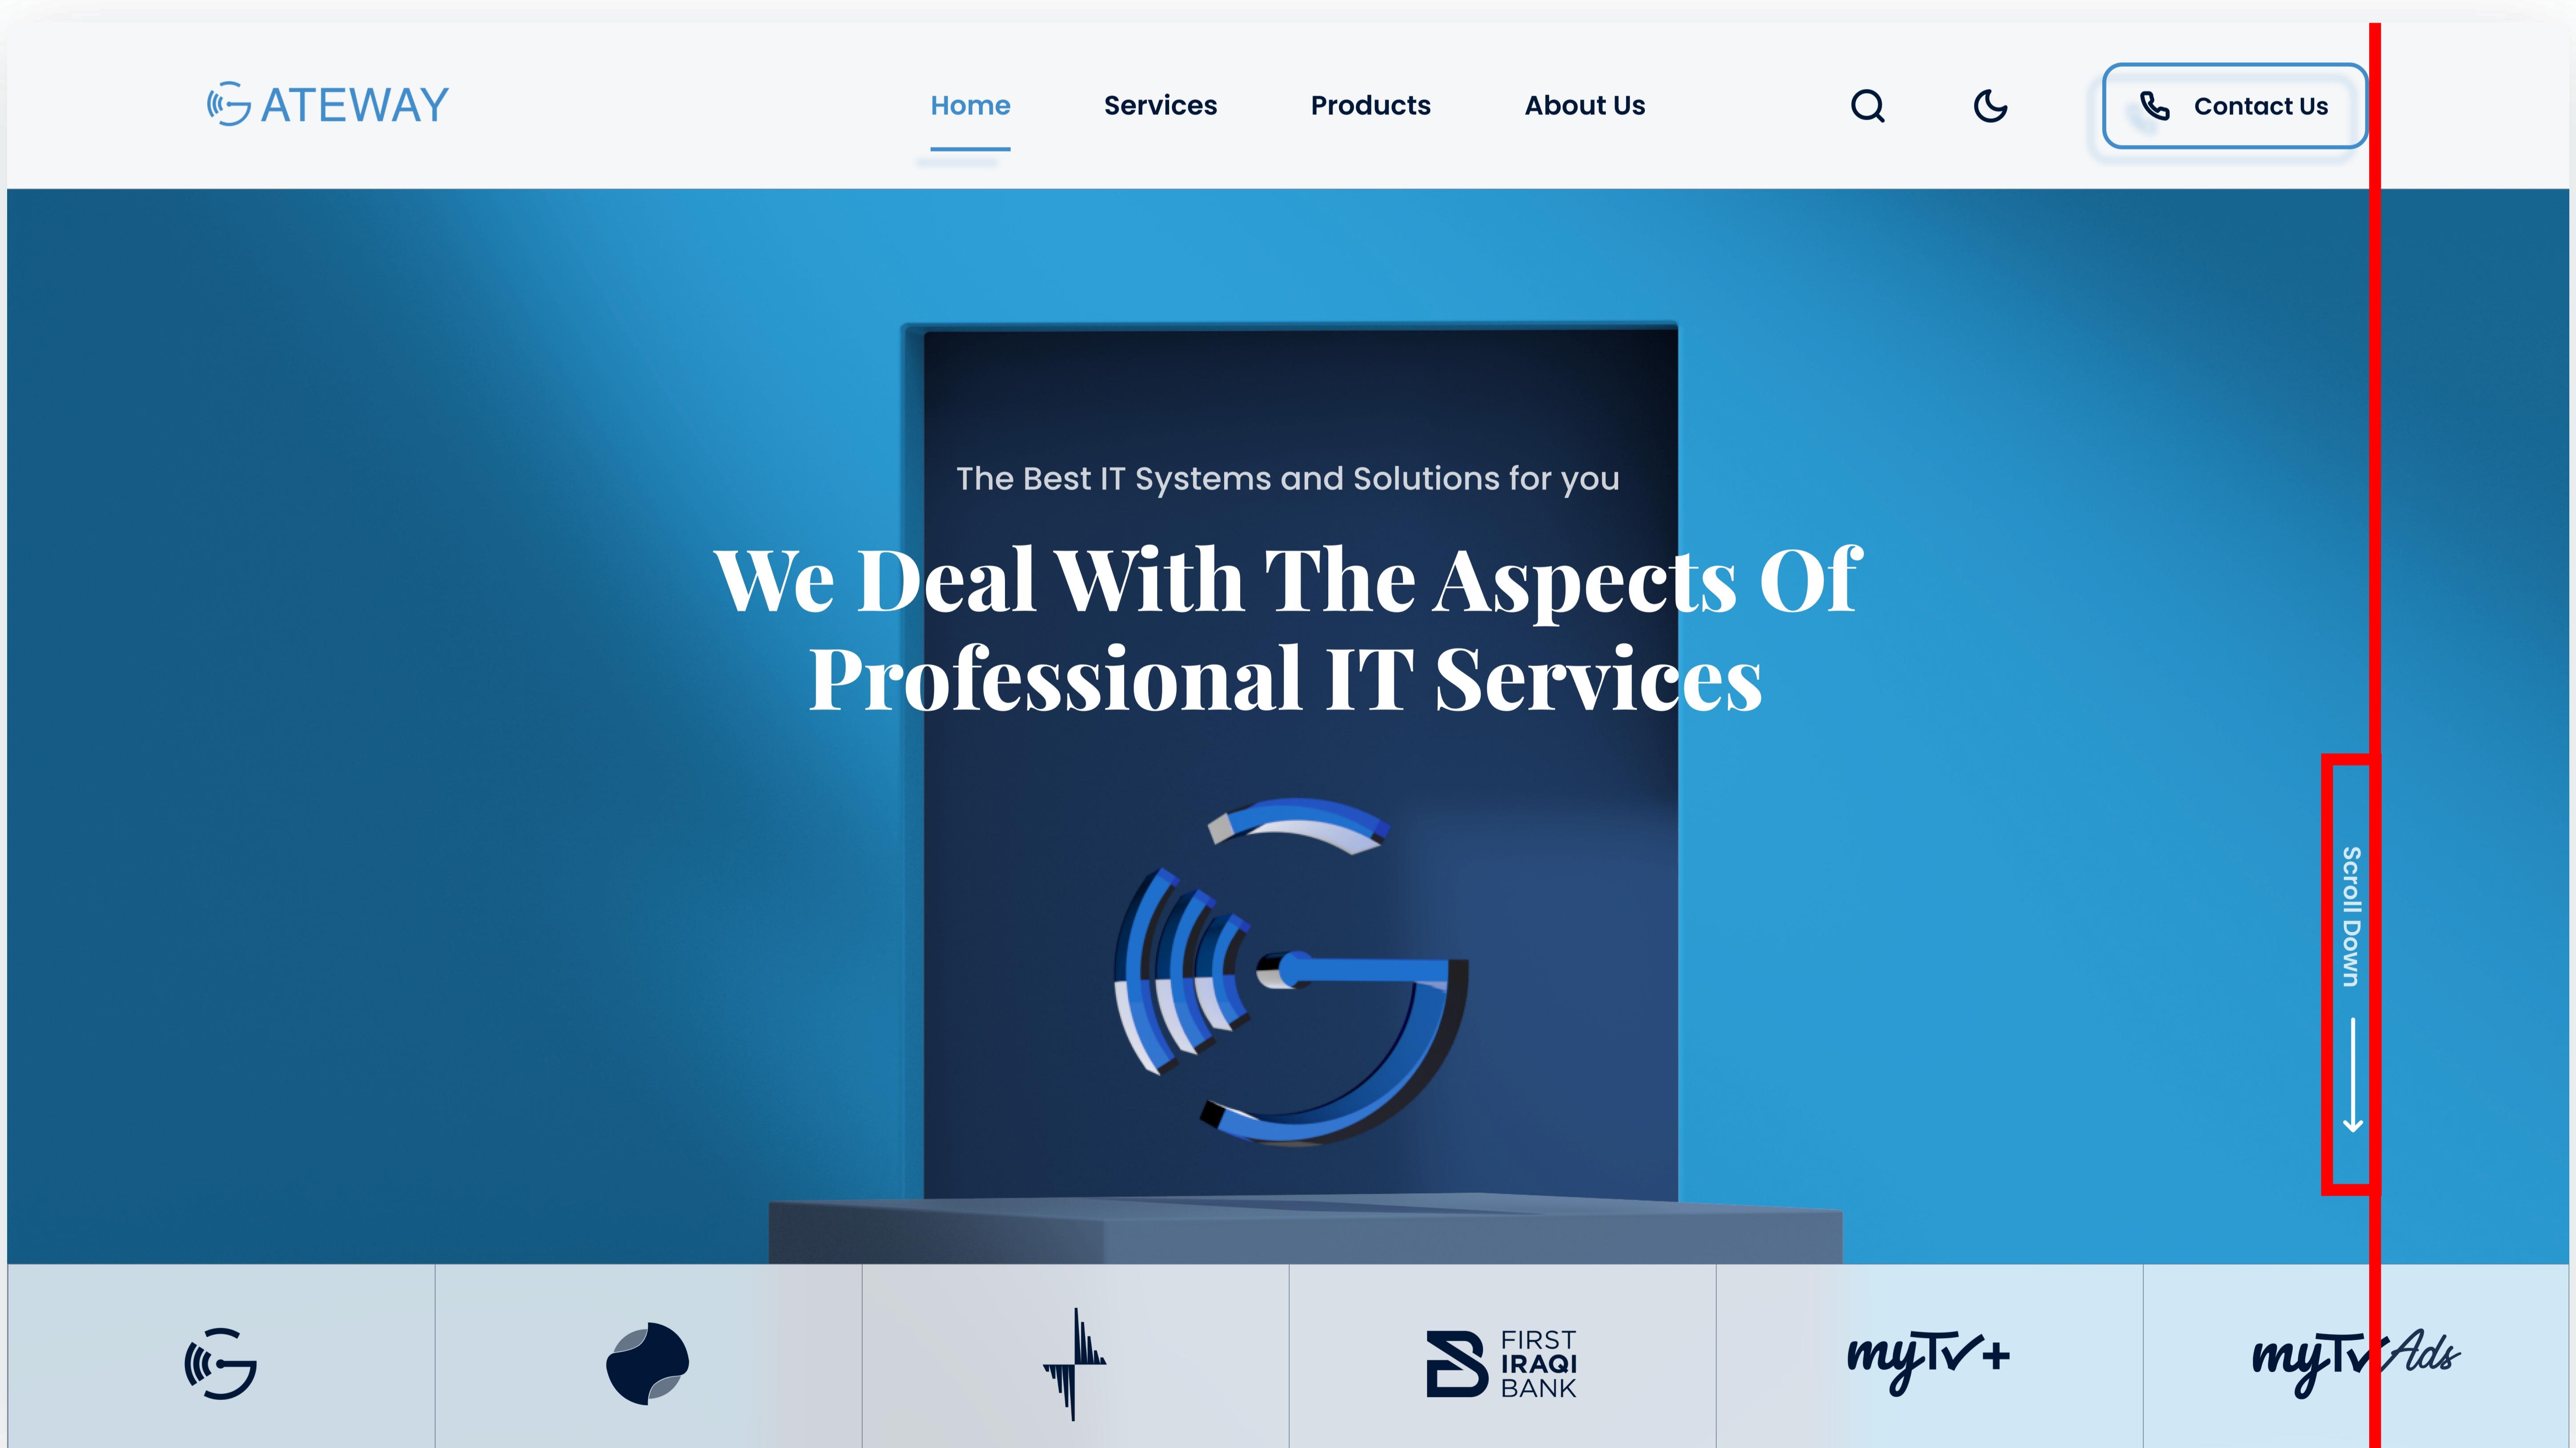

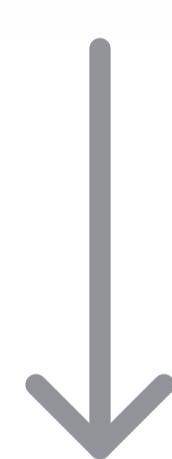

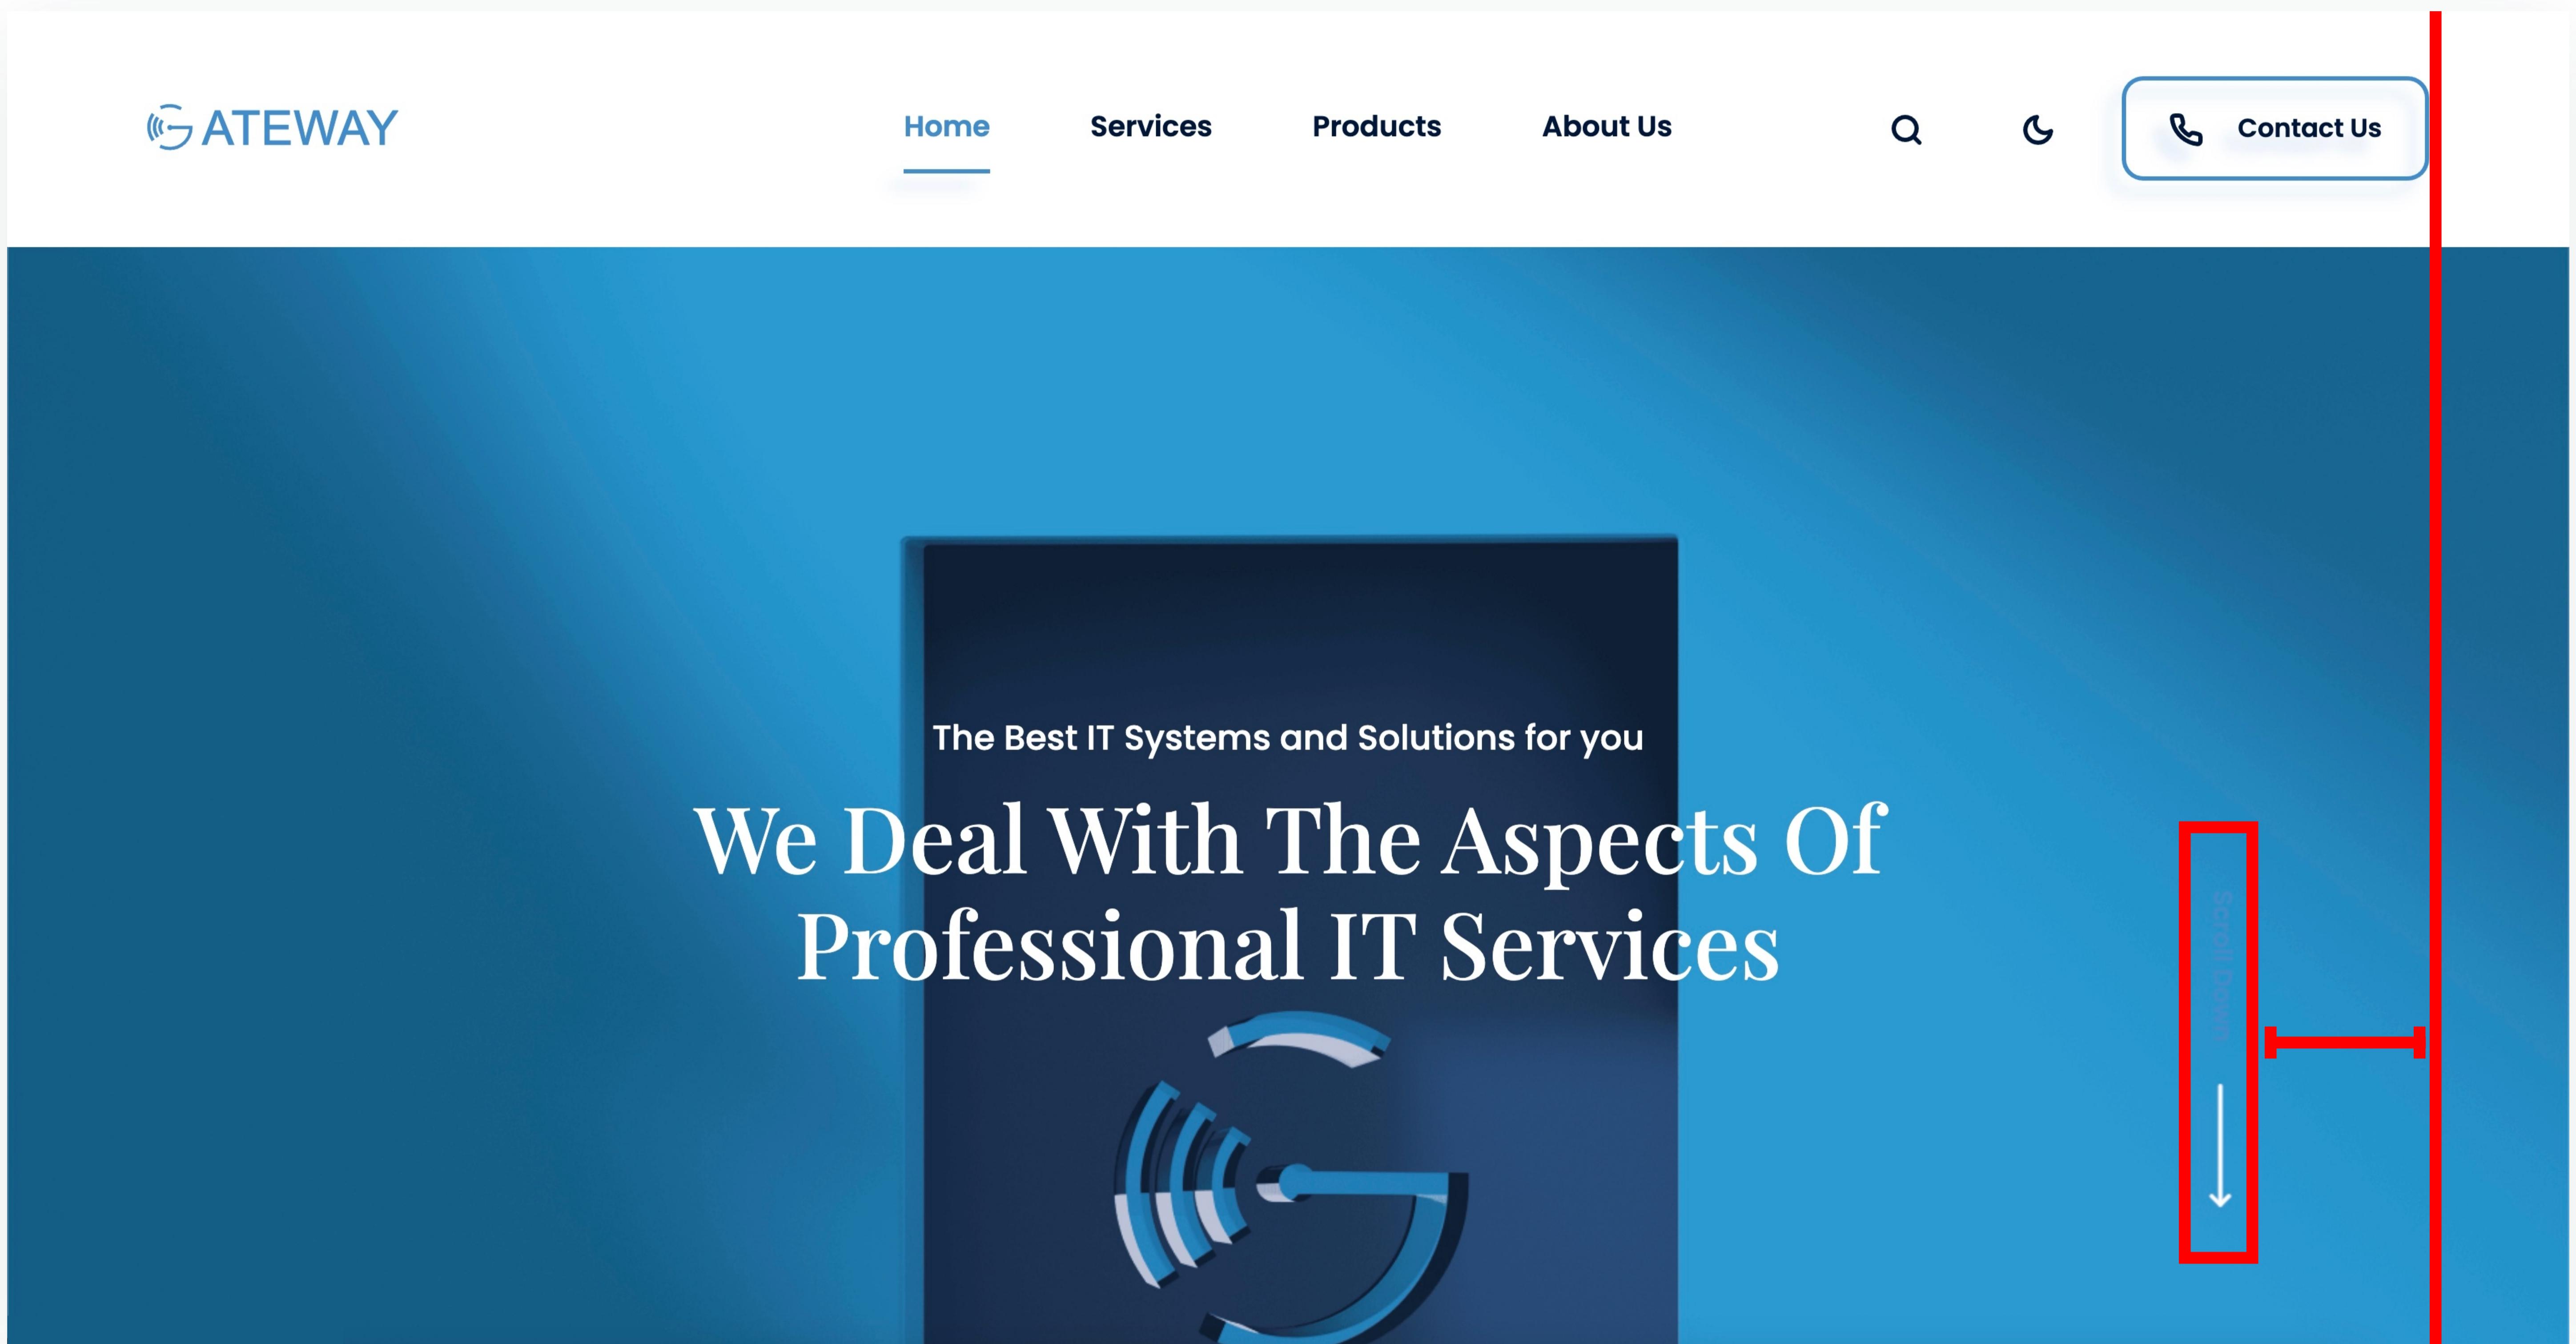

- (R) Hero Section -> Slide Content: You haven't distinguished between primary and secondary font color, we've determined from both [UI Design file] and [Design System file]. The Title and Subtitle are different in color from entire website, you can see the XD design file again. And please decrease the size of both titles a little bit from the slider.

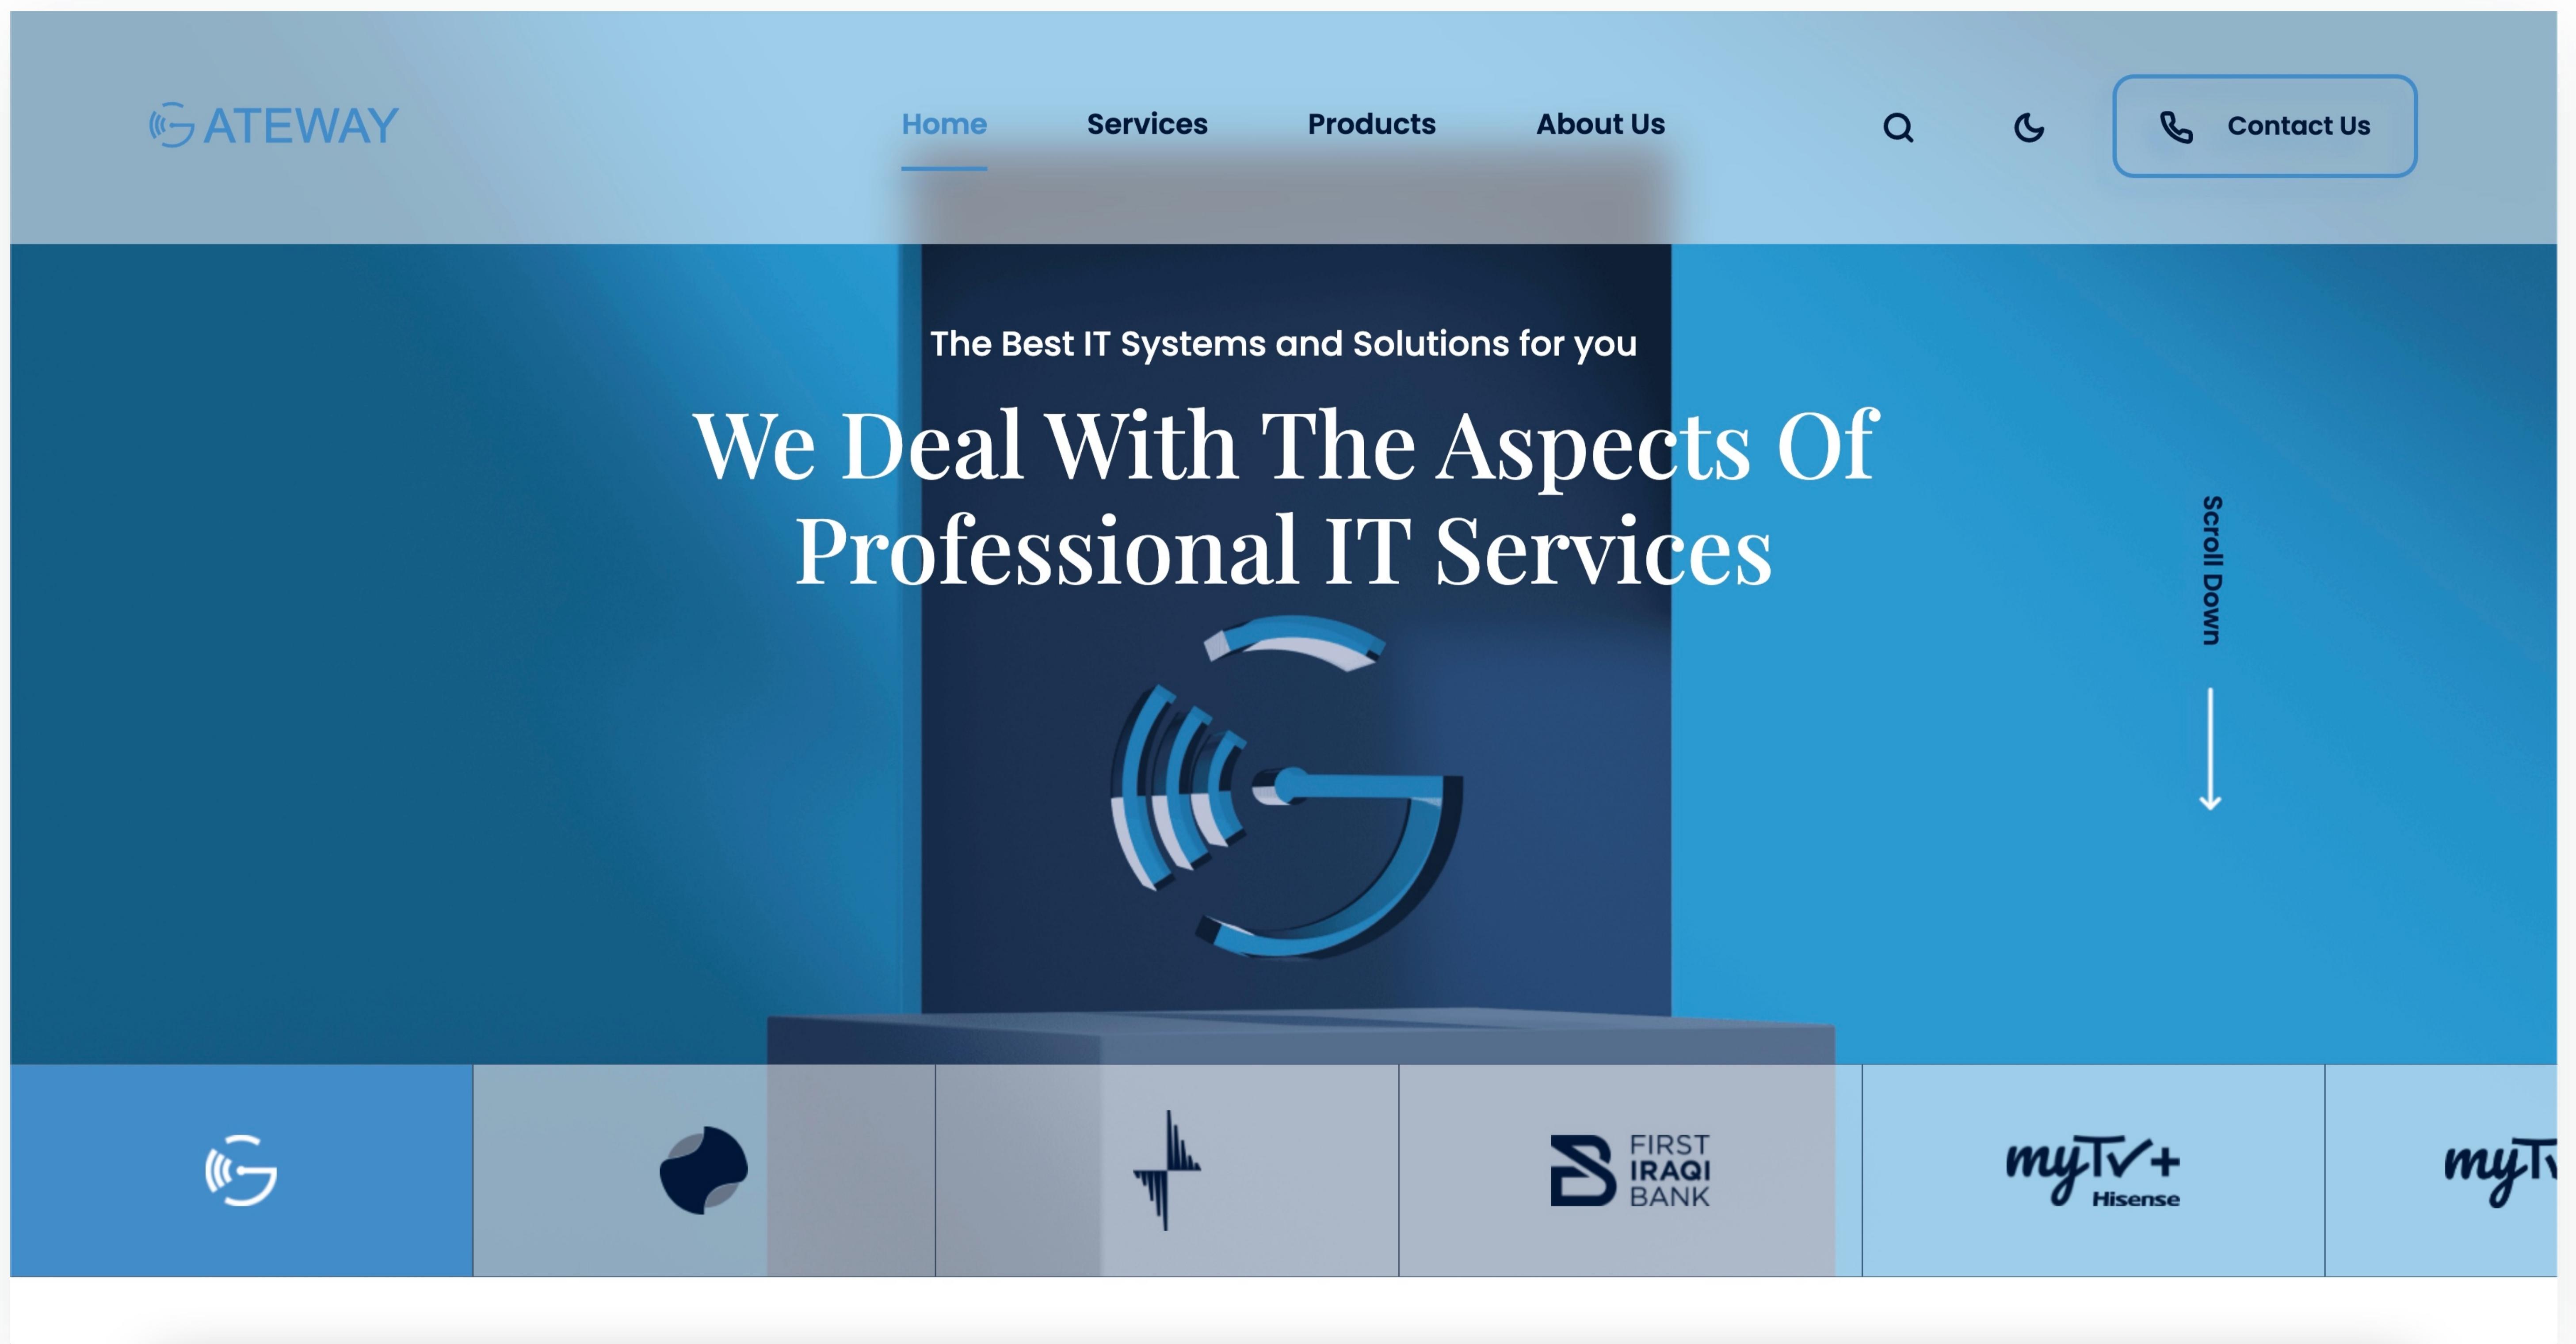

- (S) Hero Section -> Slide Content: the title and the subtitle both doesn't have any animation, please check the XD file and see the animation again.

- (T) Hero Section -> Slide Content: For the "Scroll Down" navigator, Please use .SVG files from New Assets/ Icons folder, your arrow icon .PNG file has a low quality! change the color of the "Scroll Down" text from Light and Dark mode to the white and please don't give shadow to the text!! And please give an animation effect to the arrow icon like a bouncing effect [infinite bouncing]. And must be different in color from those pages that hasn't a background image.

- (U) Hero Section -> Slider Tabs: For the Bottom Tabbars, please use the logos that we've uploaded for you, please don't compress or change the type of the logo!

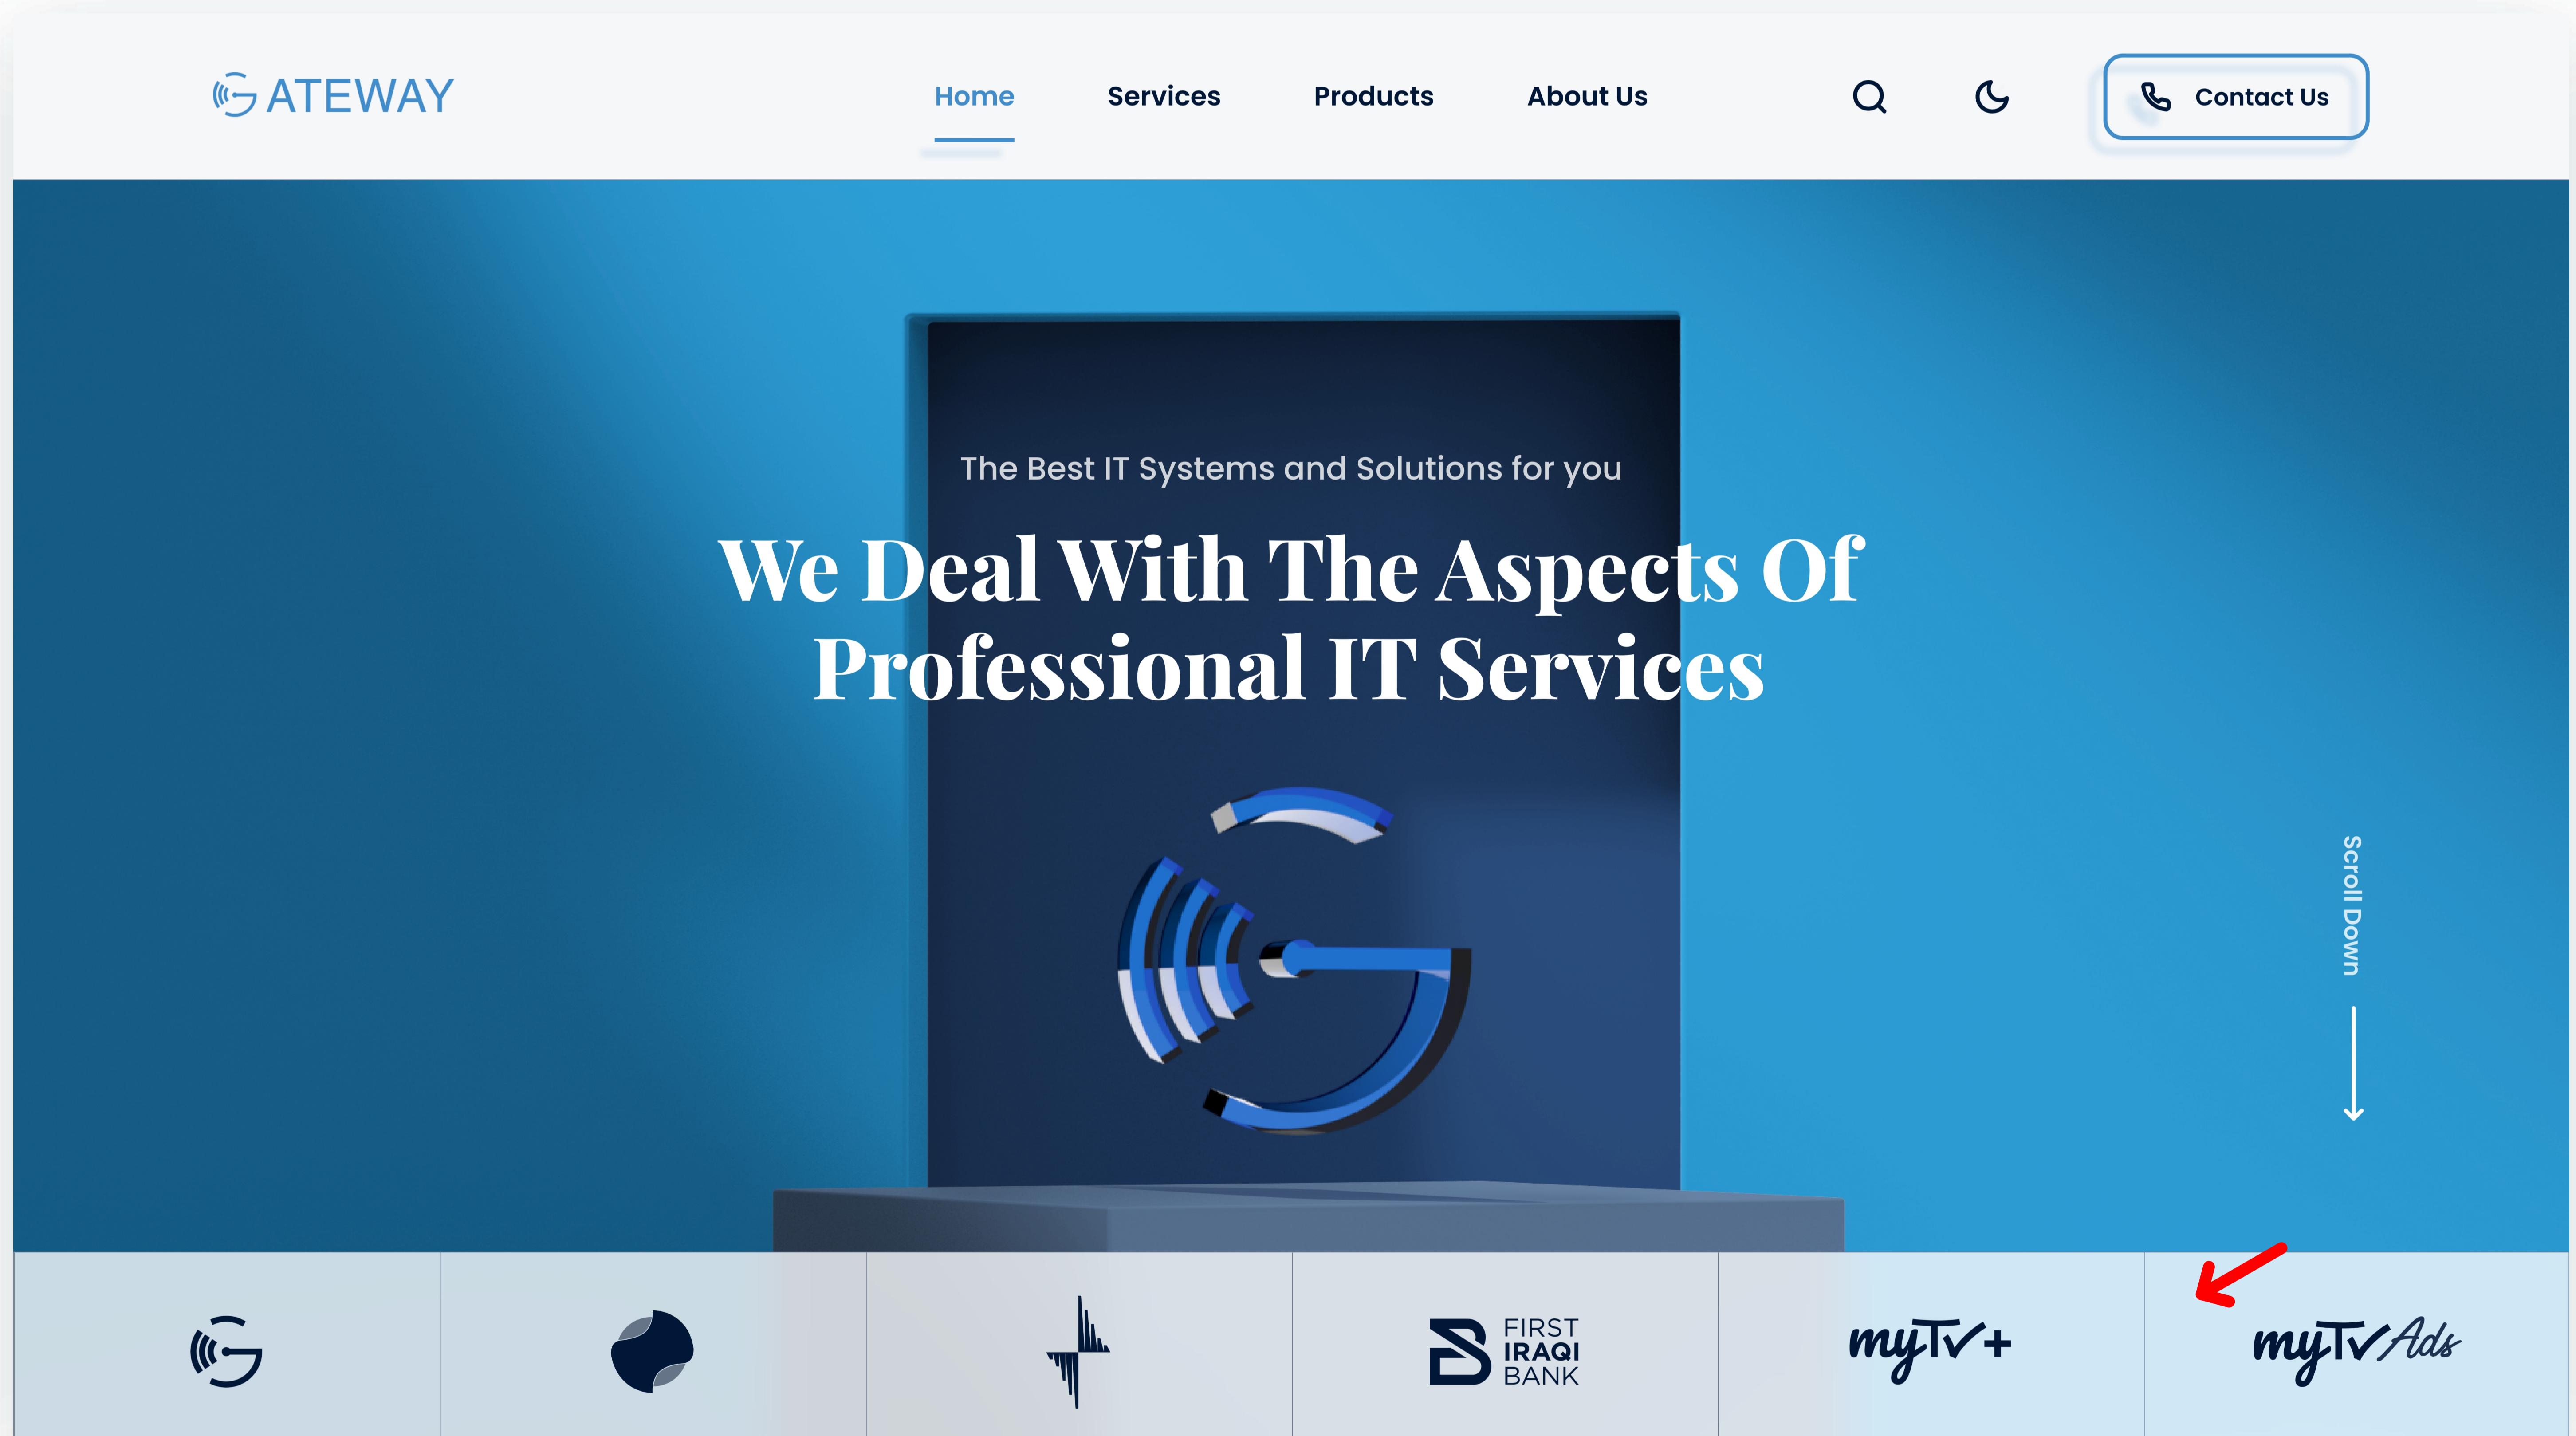

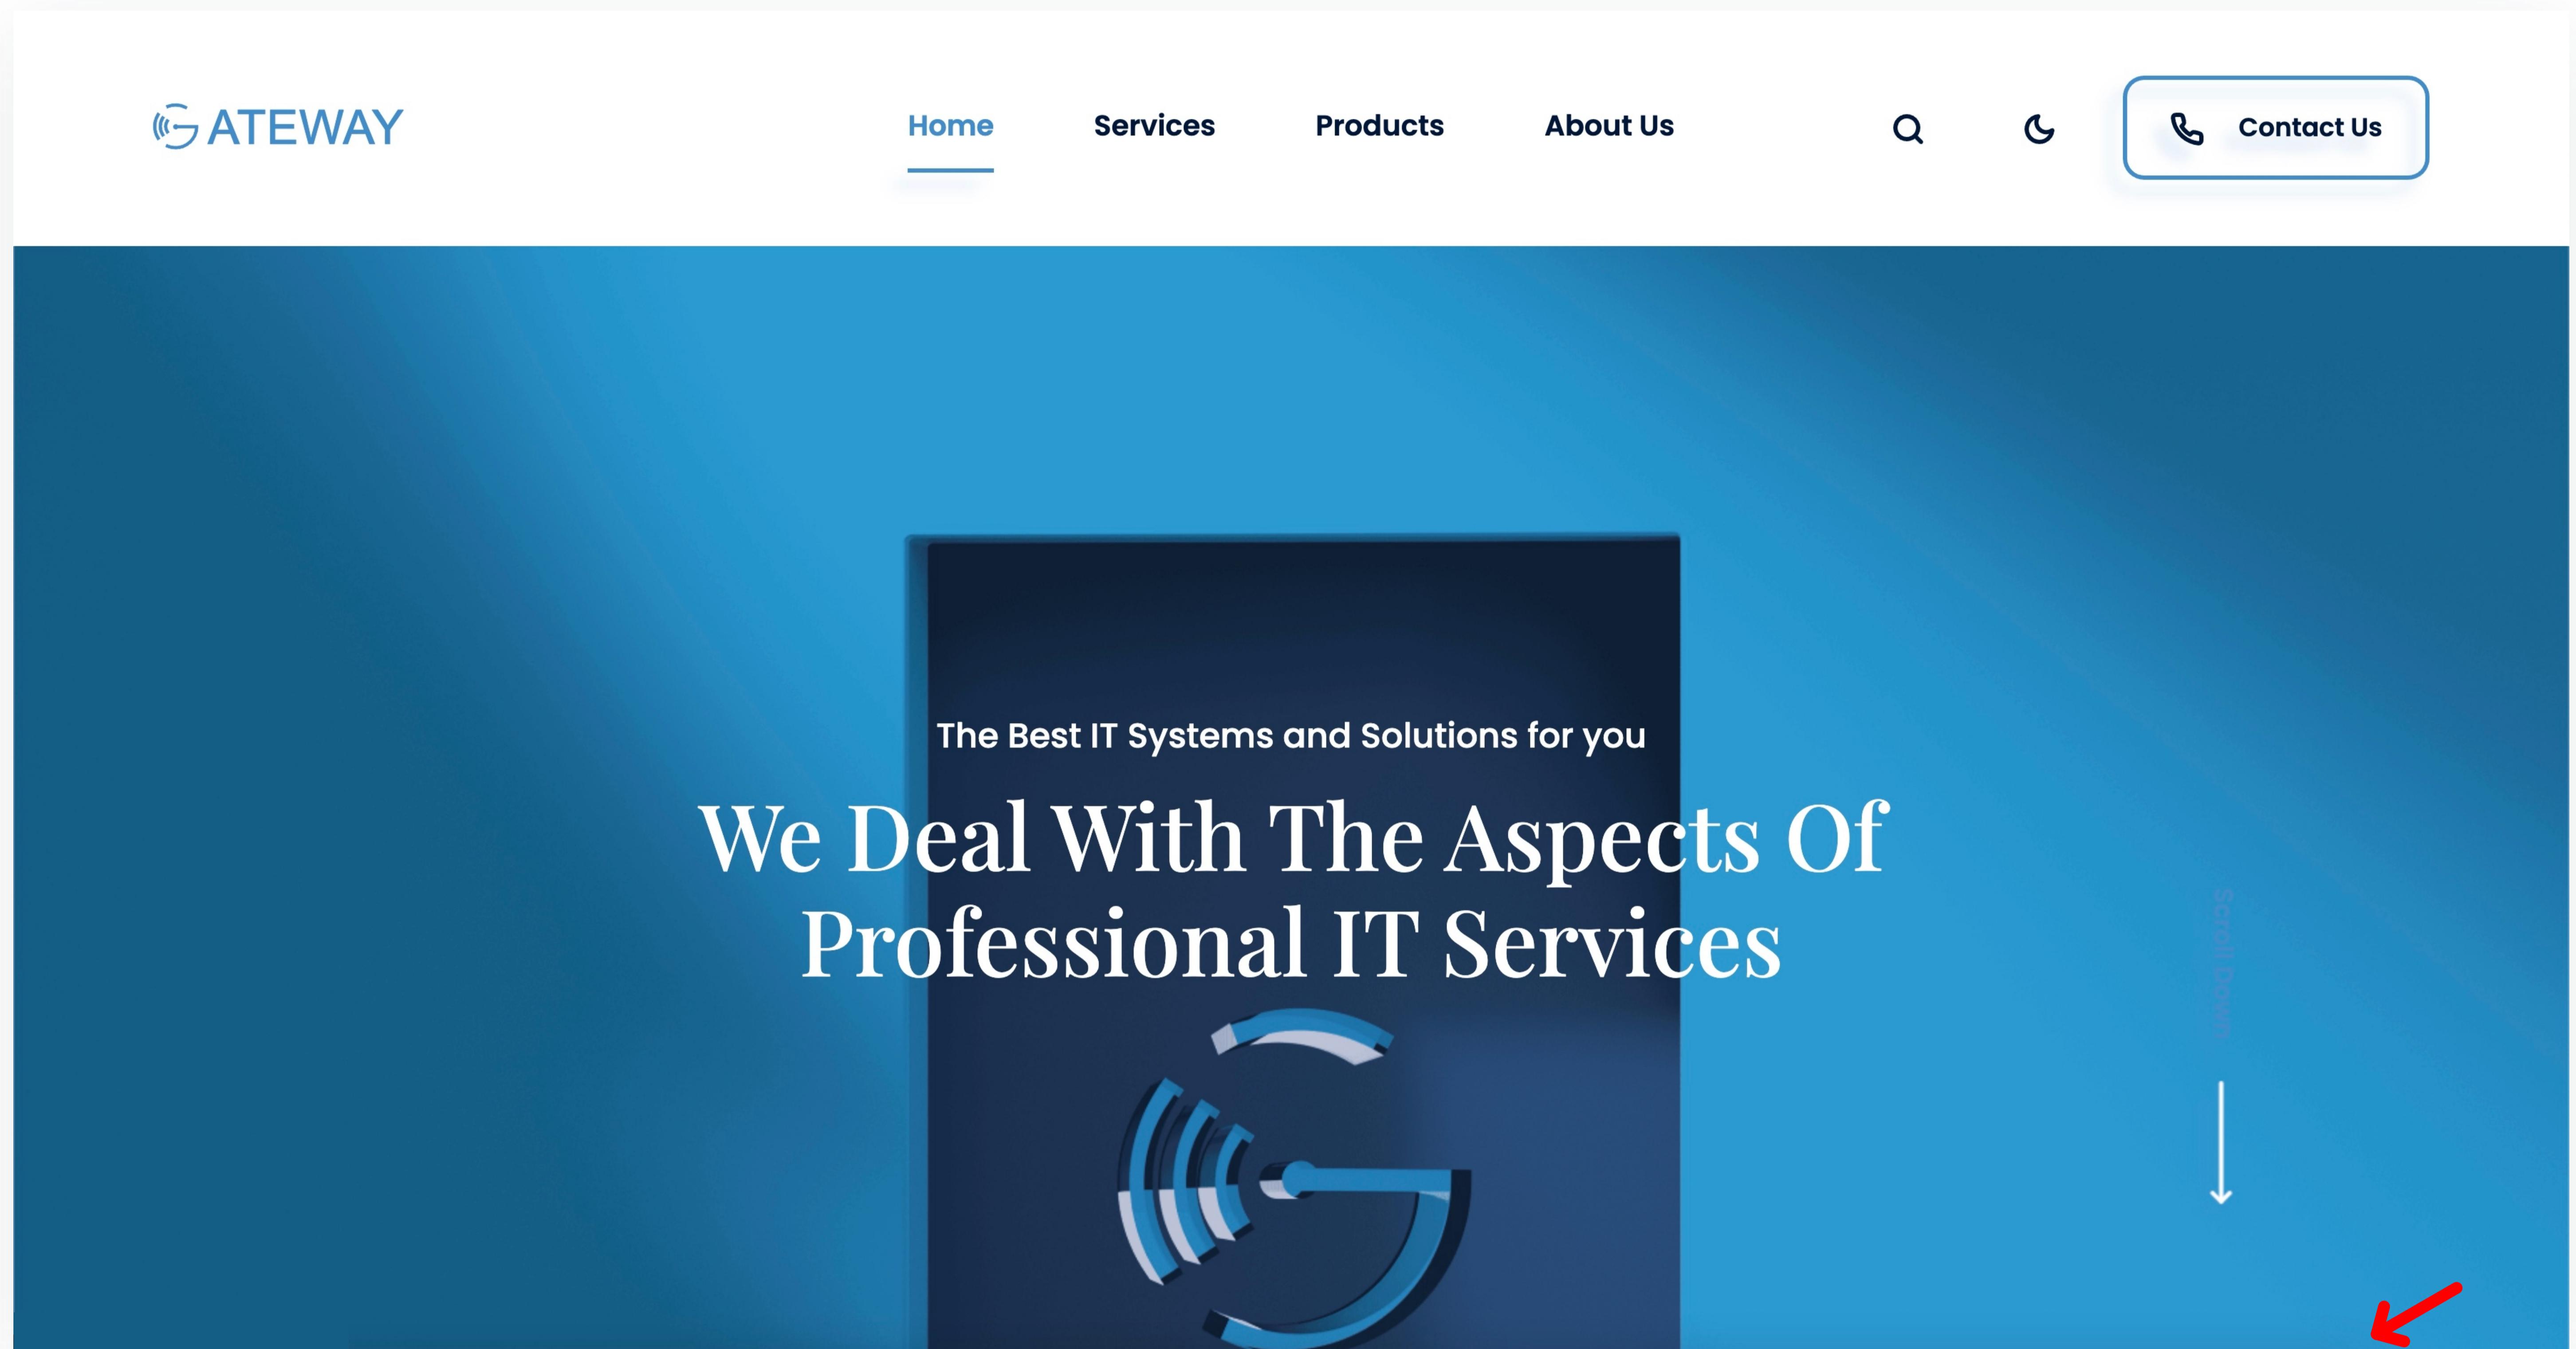

- (V) Hero Section -> Slider Tabs: Please decrease the height of the Tabbars.

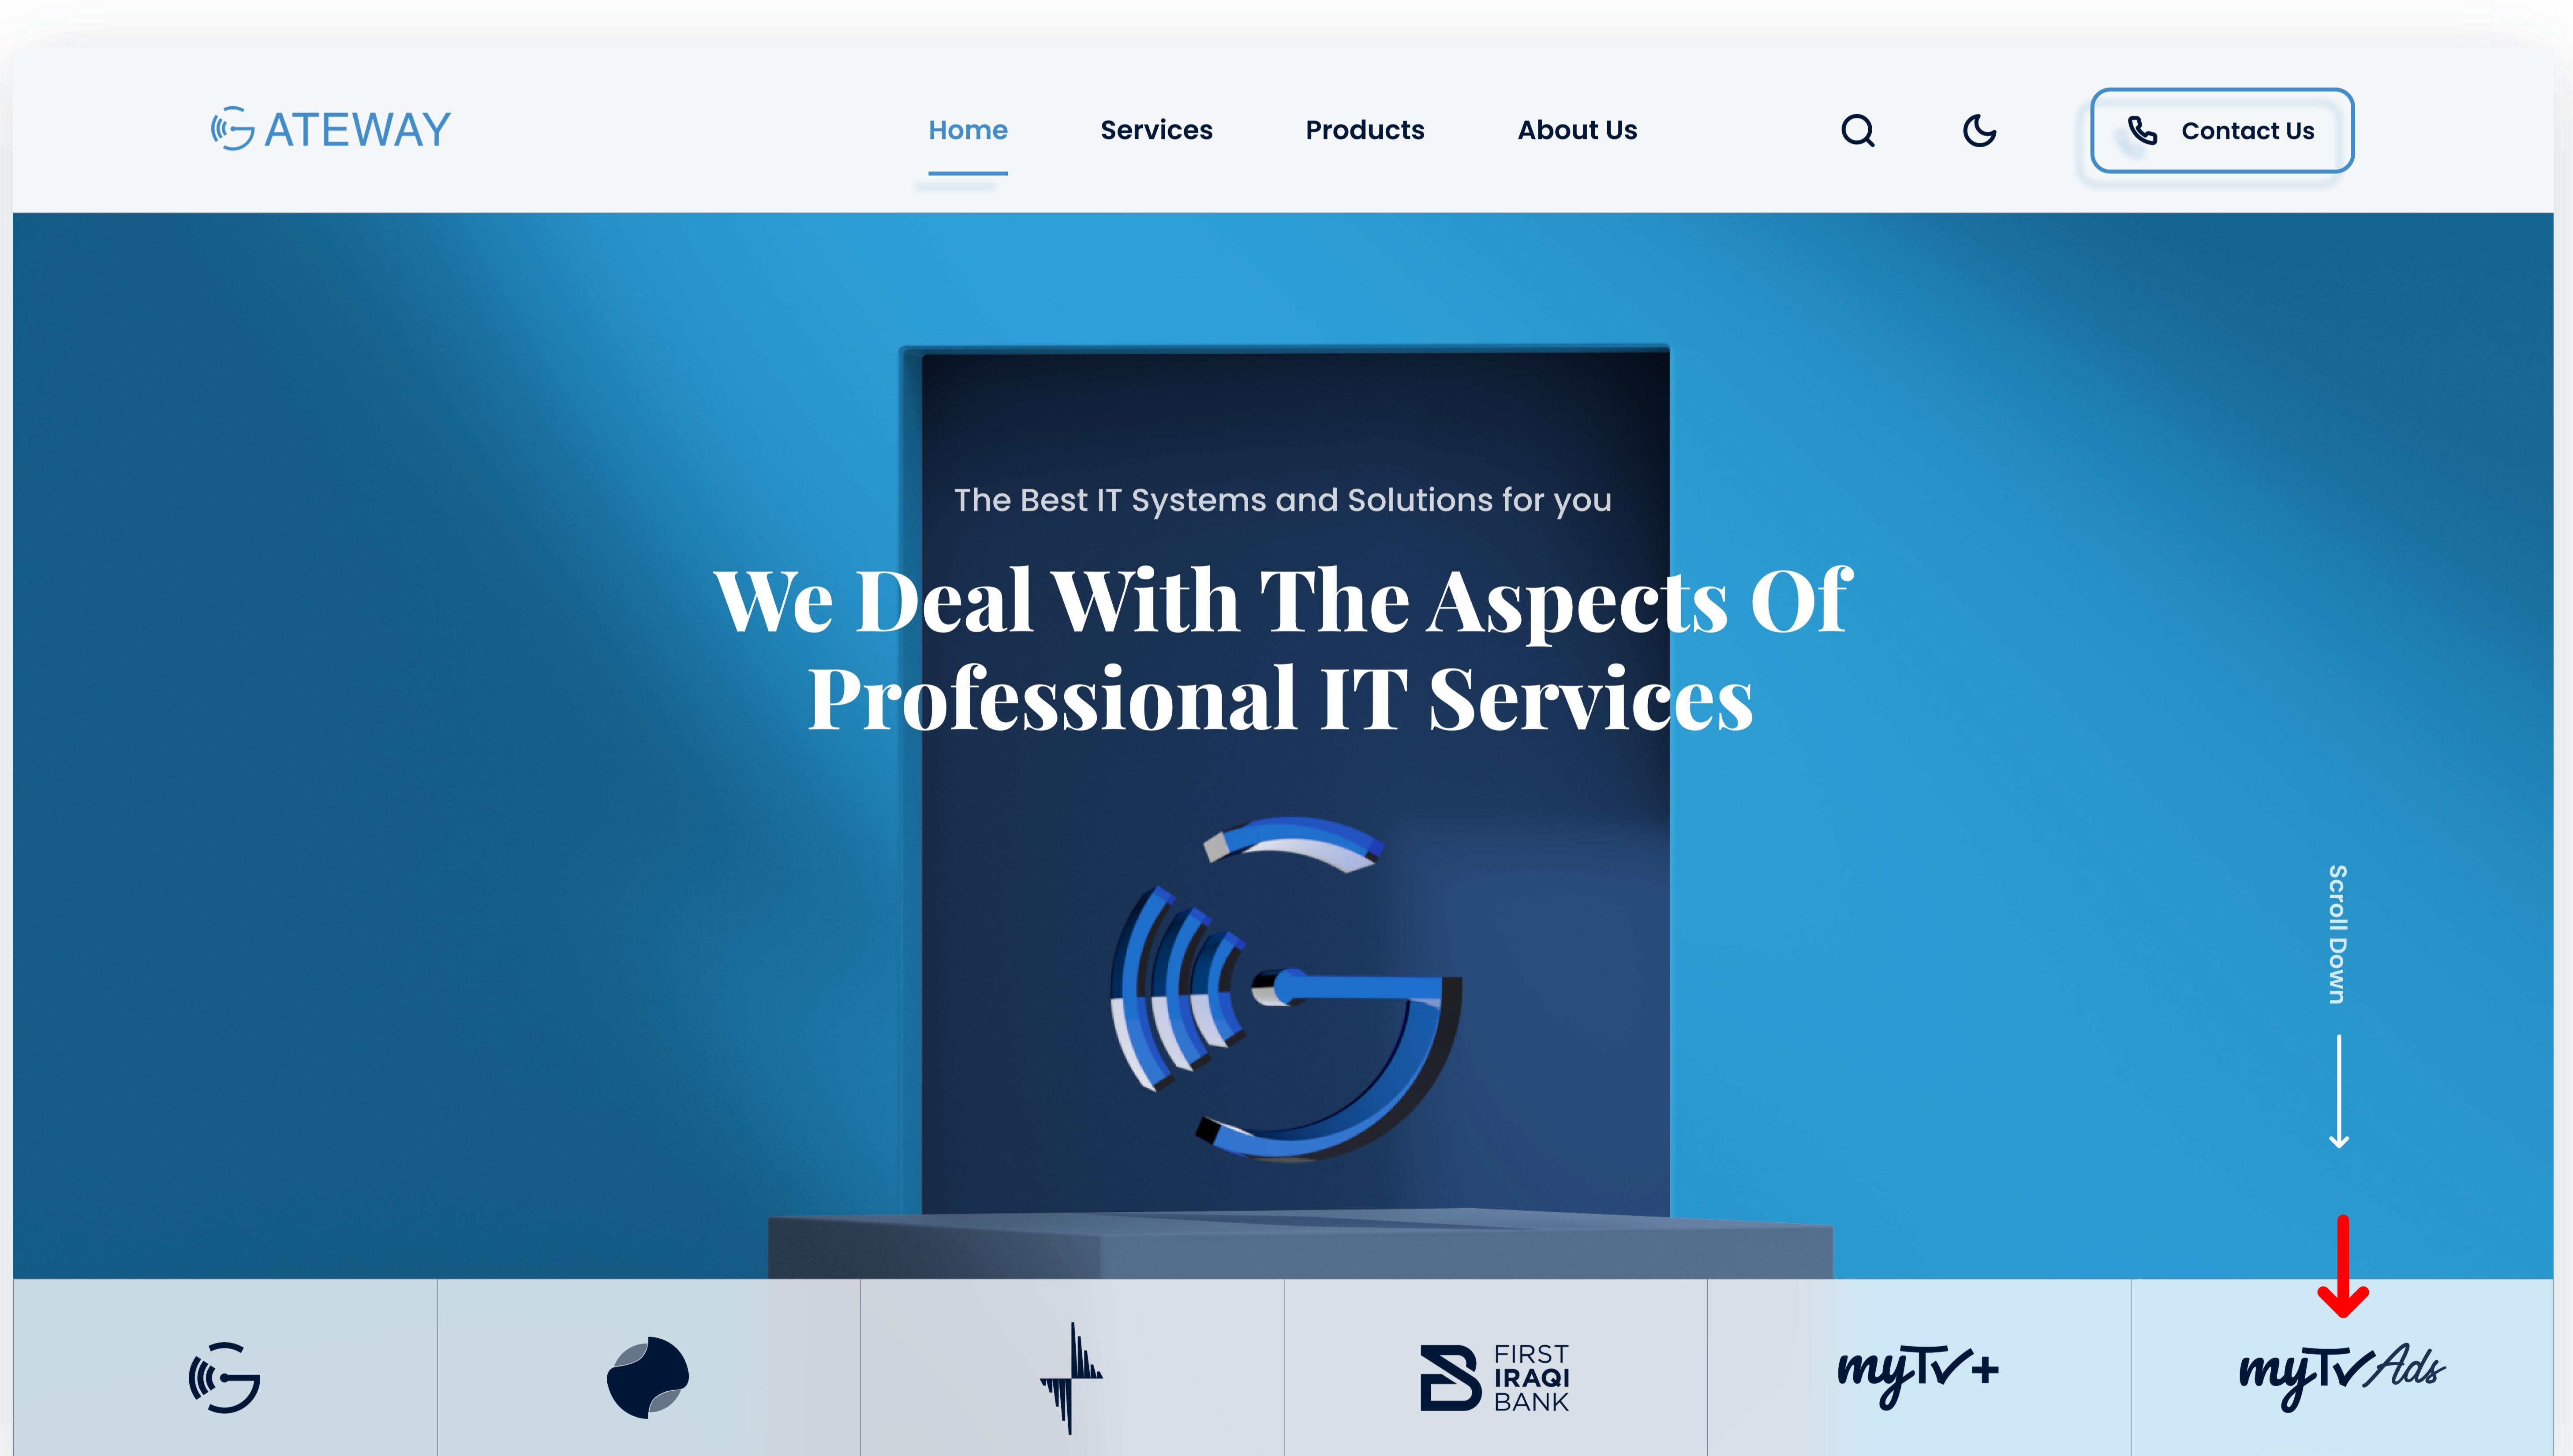

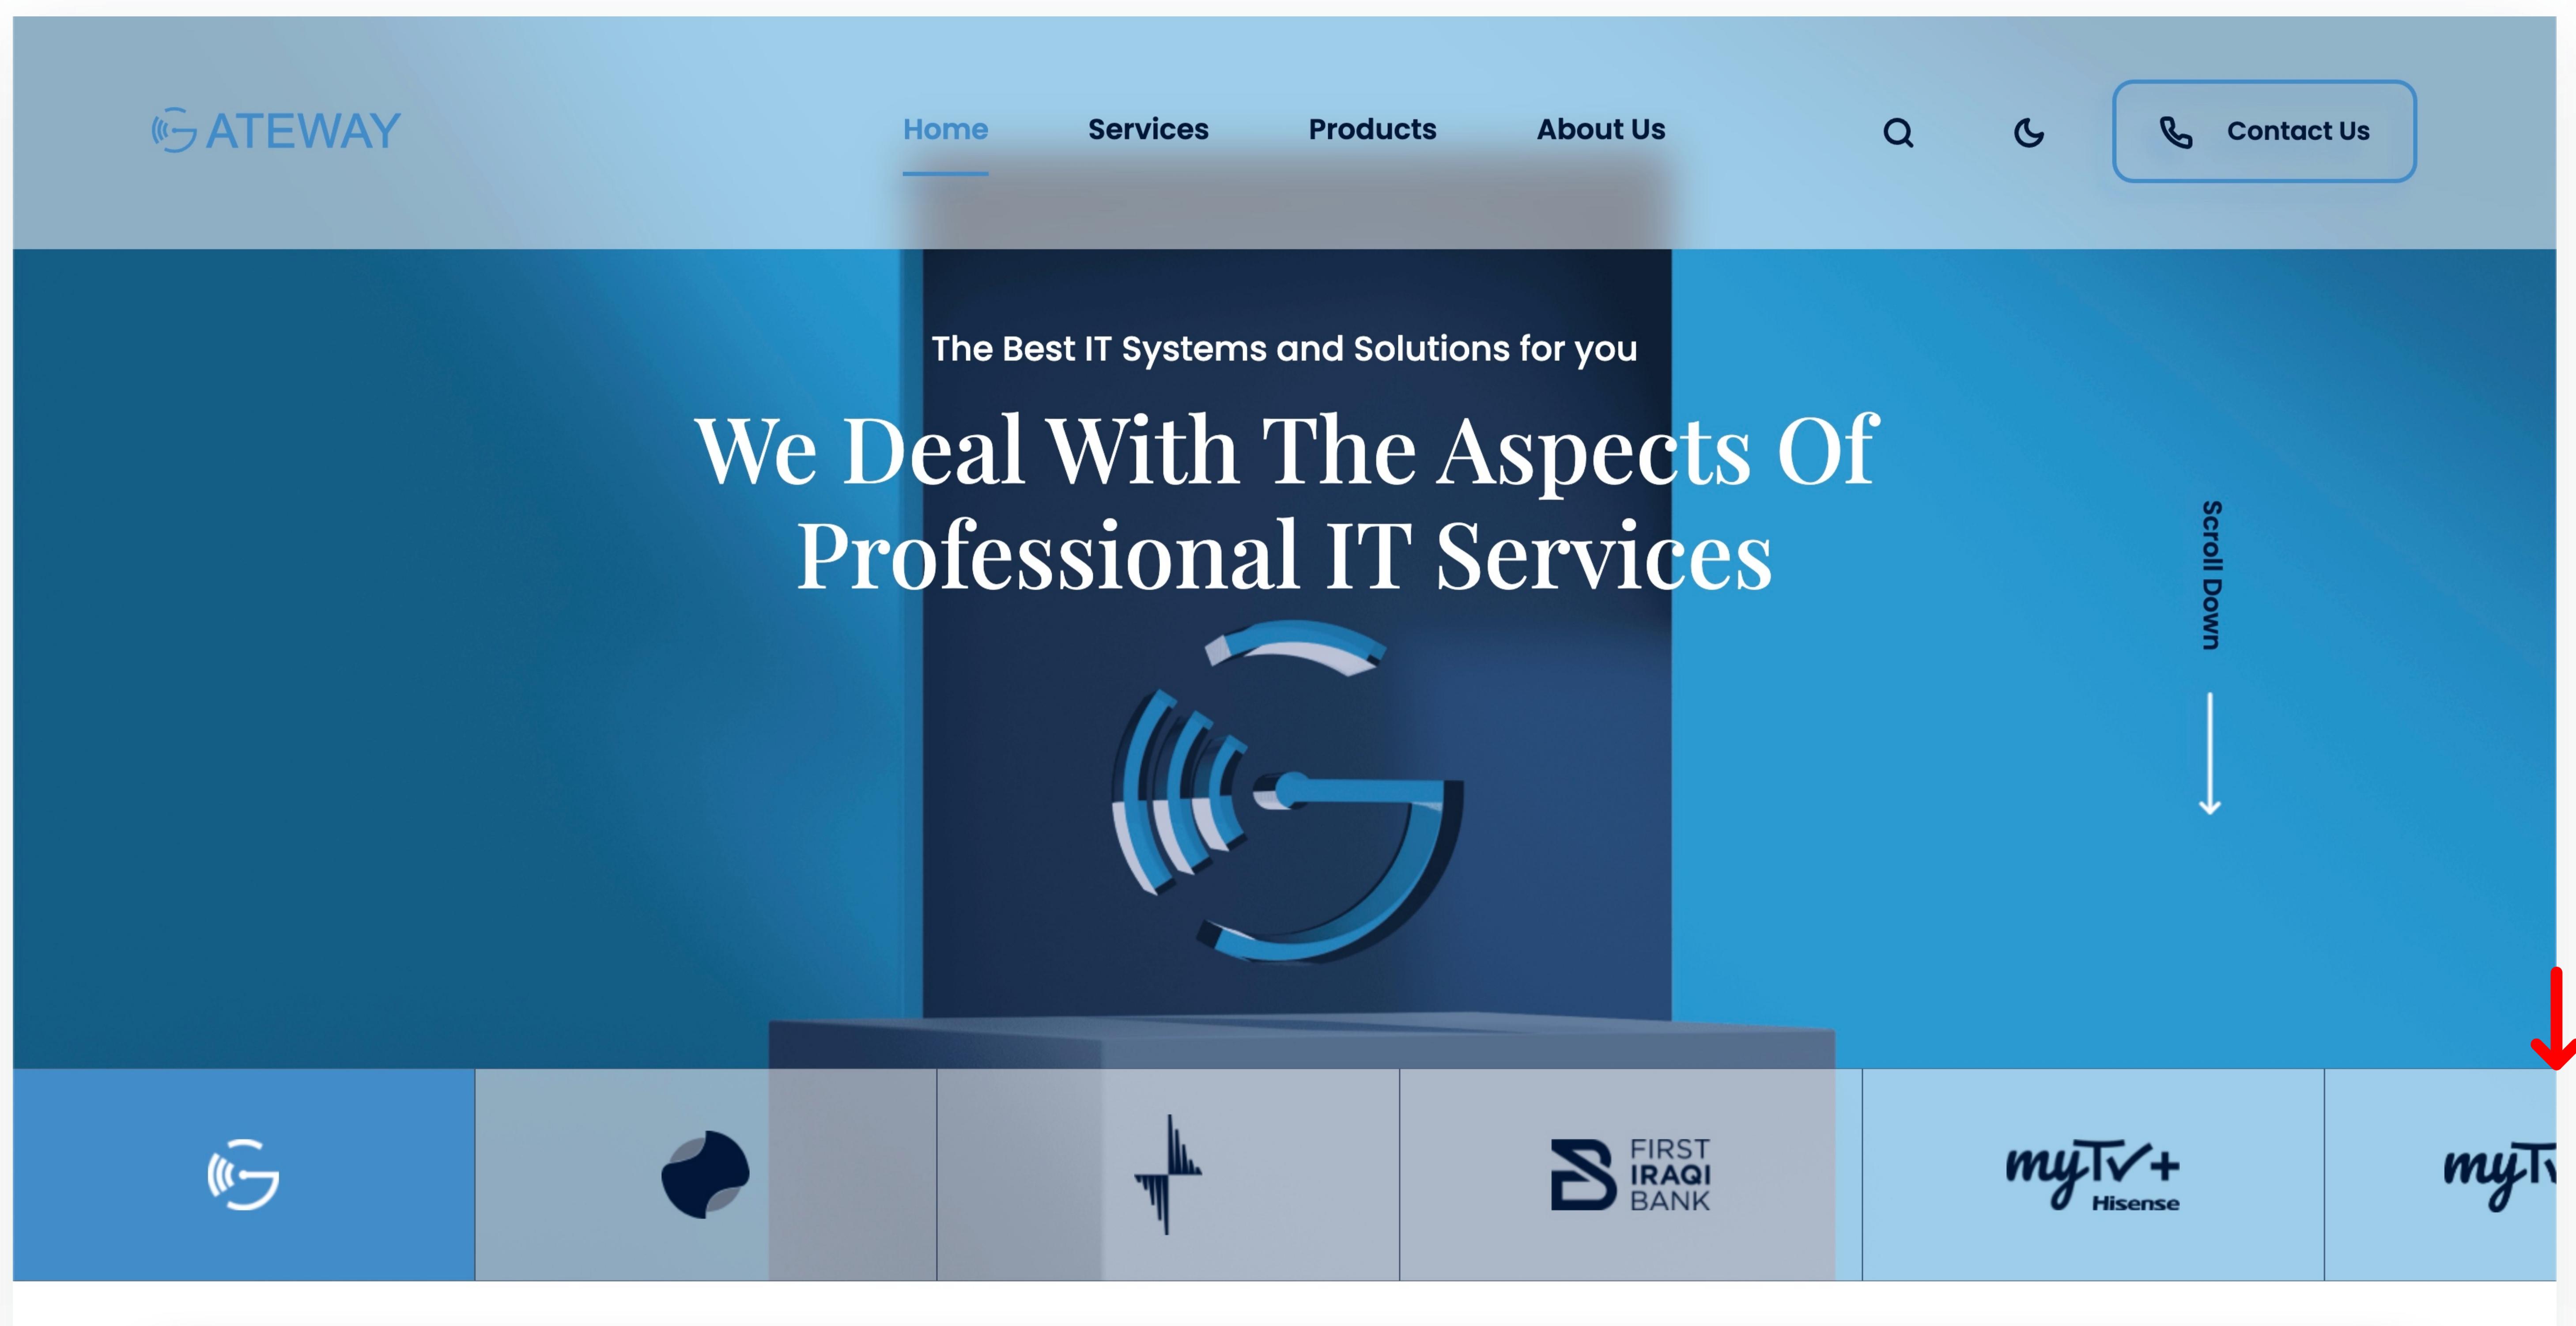

- (W) Hero Section -> Slider Tabs: we've noticed that the Tabs doesn't have a Glassmorphism background!! And please use the same border color for all Tabs that w've used in the Design file.

- (X) Hero Section -> Slider Tabs: Please change the mouse to the (hand) while hovering on any Tabs.

- (Y) Hero Section -> Slider Tabs: Another and a important point on the Tabbar is that, the Tabbar doesn't visible on the (visible screen area), for example when I want to click on the 4th Tab, first I need to scroll down to the Tabbar, after that I can switch to the another slide, that is not the proper way 🚫, It must be fixed in position with the bottom of the visible screen.

(Z) Hero Section -> Slider Tabs: Tabbar must not be scrolled, it must be visible throughout the entire screen width.

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

(AA) Gateway Company: Please add more space between these two boxes, like our XD design file

The screenshot shows the 'Gateway Company' website in light mode. At the top, there's a navigation bar with links for Home, Services, Products, About Us, a search icon, a refresh icon, and a 'Contact Us' button. Below the navigation, the page title 'Gateway Company' is displayed, followed by the main heading 'We Are The Best In Your Area'. A large red arrow points downwards from the center of the main heading towards the gap between two content boxes. The left box contains an icon of a camera lens and the text 'Our Vision' and 'We Work For The Future'. It also includes a paragraph about innovation and a better future. The right box contains an icon of a target and the text 'Our Mission' and 'Customer Success Is Our Mission'. It includes a paragraph about customer success from day one.

(BB) Gateway Company: Please, for any illustration like both two illustrations, from the entire website or any section, decrease margin-left nearly by -10px, because that is not in the same line with the text content.

This screenshot shows the same website layout as above, but with visual annotations to highlight a design issue. Red vertical lines are drawn on the left and right sides of the two content boxes, and a red arrow points to the left margin of the first box, indicating where it needs adjustment. The rest of the page structure is identical to the first screenshot.

File Name: Desktop_UI [Light Mode].xd

For Dark Mode see "Desktop_UI [Dark Mode].xd"

(CC) Why Choose Us: in the XD file we didn't use Uppercase text style, It must be like my XD design.
And please decrease margin-left for all illustrations nearly by -10px, because that is not in the same line with the text content.
And please change font-weight for "High Technology Used" title and another titles to the "bold".

The screenshot shows the homepage of a website called "GATEWAY". At the top, there is a navigation bar with links for "Home", "Services", "Products", and "About Us". There is also a search icon, a contact icon, and a "Contact Us" button. Below the navigation bar, the main content area has a heading "Why Choose Us?" followed by a sub-heading "THE BENEFITS THAT WILL ENSURE YOUR COMFORT". There are four benefit cards arranged in a row:

- High Technology Used**: Includes an icon of a circuit board and a brief description about keeping up with latest trends.
- Making a Design Package**: Includes an icon of a document folder and a brief description about configuration management practices.
- Creative Team Works**: Includes an icon of two people working together and a detailed description about the creative team's role and efforts.
- Transparent Business Model**: Includes an icon of a briefcase and a brief description about being open-minded and flexible.

Red arrows point from the text instructions to the sub-headings "THE BENEFITS THAT WILL ENSURE YOUR COMFORT", "Creative Team Works", and the "Creative Team Works" card description.

(DD) How We Work: about the on scroll animation, Kindly you can see this video:

<https://www.youtube.com/watch?v=FJ44qmE5odc>

The screenshot shows the homepage of a website called "GATEWAY". At the top, there is a navigation bar with links for "Home", "Services", "Products", and "About Us". There is also a search icon, a contact icon, and a "Contact Us" button. Below the navigation bar, the main content area has a heading "How we Work -In General-".

Get Started With 6 Simple Steps

The section is divided into three numbered steps:

- .1 Discovery**: Includes a brief description about the first step of achieving innovative products and breakthroughs.
- .2 Planning**: Includes a detailed description about the planning phase and how it keeps up with latest project management methodologies.
- .3 Design**: Includes a brief description about the design process and the requirements for an innovative solution.

Blue curved lines connect the numbered steps, and red arrows point from the text instructions to the ".1 Discovery" and ".2 Planning" headings.

(EE) How We Work: Please remove Hover State for each steps "We don't have Hover State" in here.

The screenshot shows a website header with navigation links for Home, Services, Products, and About Us. A search icon and a contact button are also present. Below the header, the title "How we Work -In General-" is followed by the heading "Get Started With 6 Simple Steps". The process is visualized as a sequence of three numbered boxes: ".1 Discovery", ".2 Planning", and ".3 Design". Each box contains a brief description of the step. The boxes are connected by blue curved lines forming a loop.

.1
Discovery
The first step in achieving state-of-the-art, innovative products and accomplishing breakthroughs with our clients is a task we strive to achieve by understanding the solutions' features and analyzing our clients' requirements.

.2
Planning
Every great project starts with a great plan, and our team takes the planning phase to a whole new level. Gateway keeps up with the latest project management methodologies and platforms to ensure that our clients are kept in the loop at all stages of development.

.3
Design
Designing a system requires experience, imagination, and a detail-oriented team to deliver an innovative and efficient solution.

(FF) How We Work: Please be note that we have two different SVG line color for Dark and Light Mode, but we've noticed that you use Dark Line color from Light Mode! Please check the Design System again to see that. And Please use our Design Assets.

The screenshot shows a similar website structure to the previous one, with a header, main title, and process diagram. The process diagram consists of three numbered boxes: ".1 Discovery", ".2 Planning", and ".3 Design", connected by blue curved lines. Each box contains a brief description of the step.

.1
Discovery
The first step in achieving state-of-the-art, innovative products and accomplishing breakthroughs with our clients is a task we strive to achieve by understanding the solutions' features and analyzing our clients' requirements.

.2
Planning
Every great project starts with a great plan, and our team takes the planning phase to a whole new level. Gateway keeps up with the latest project management methodologies and platforms to ensure that our clients are kept in the loop at all stages of development.

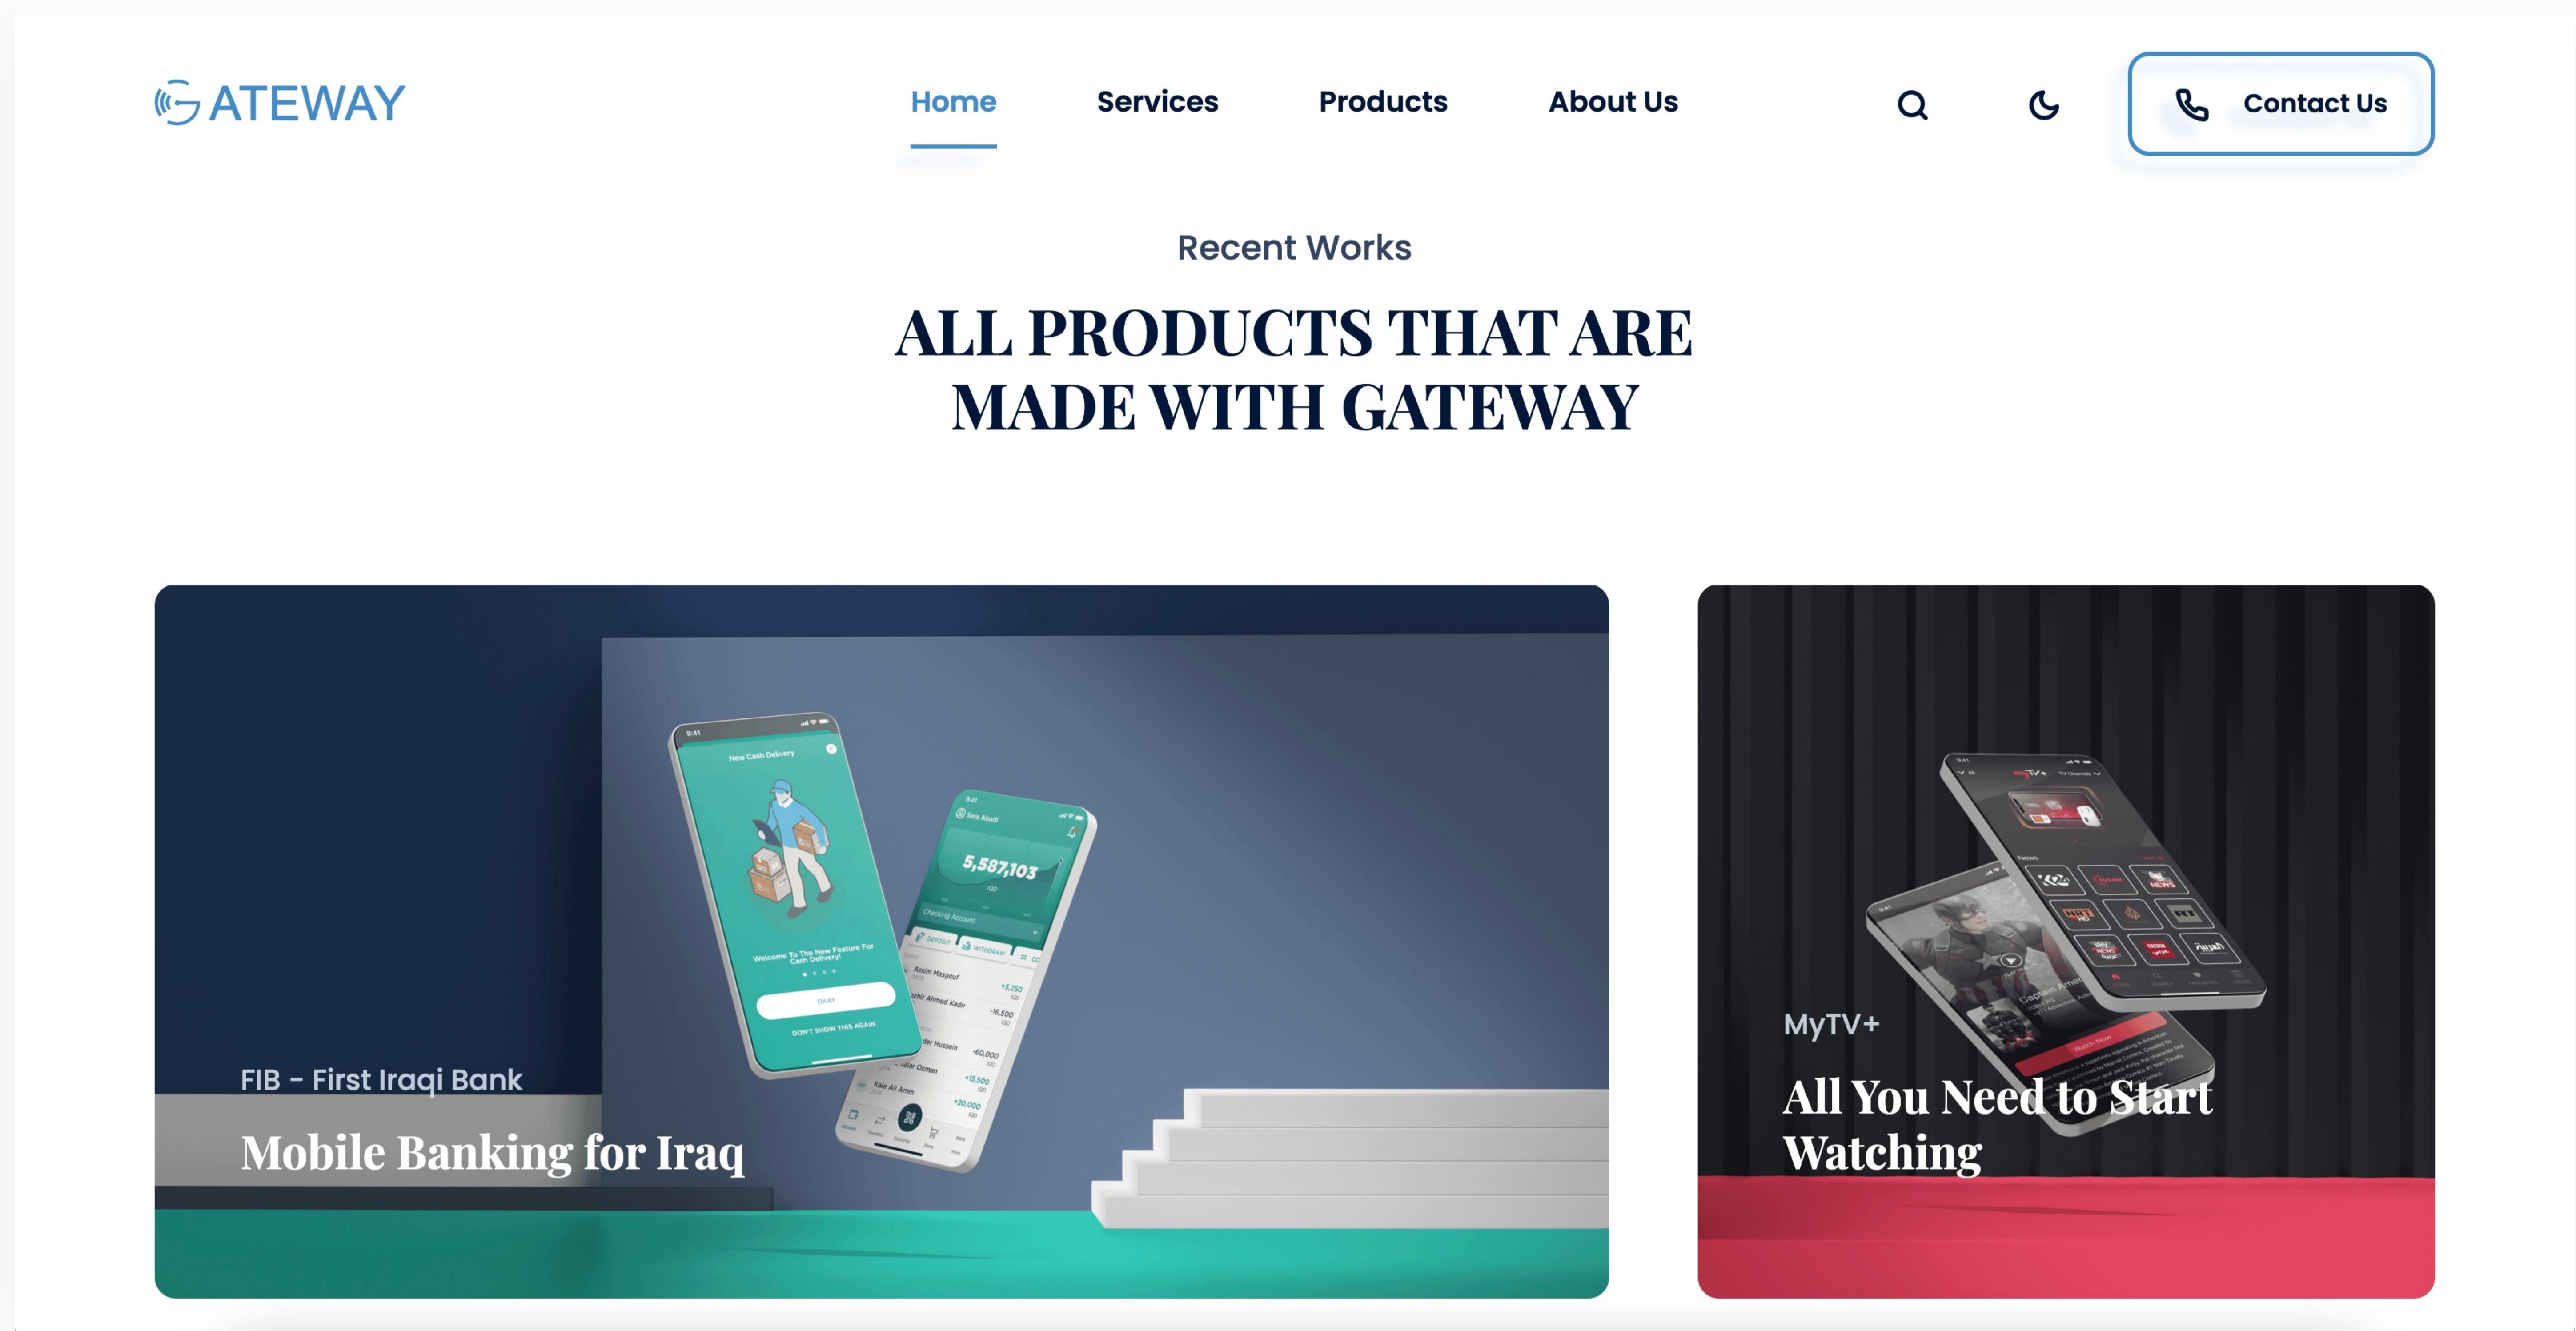

.3
Design
Designing a system requires experience, imagination, and a detail-oriented team to deliver an innovative and efficient solution.

File Name: Desktop_UI [Light Mode].xd

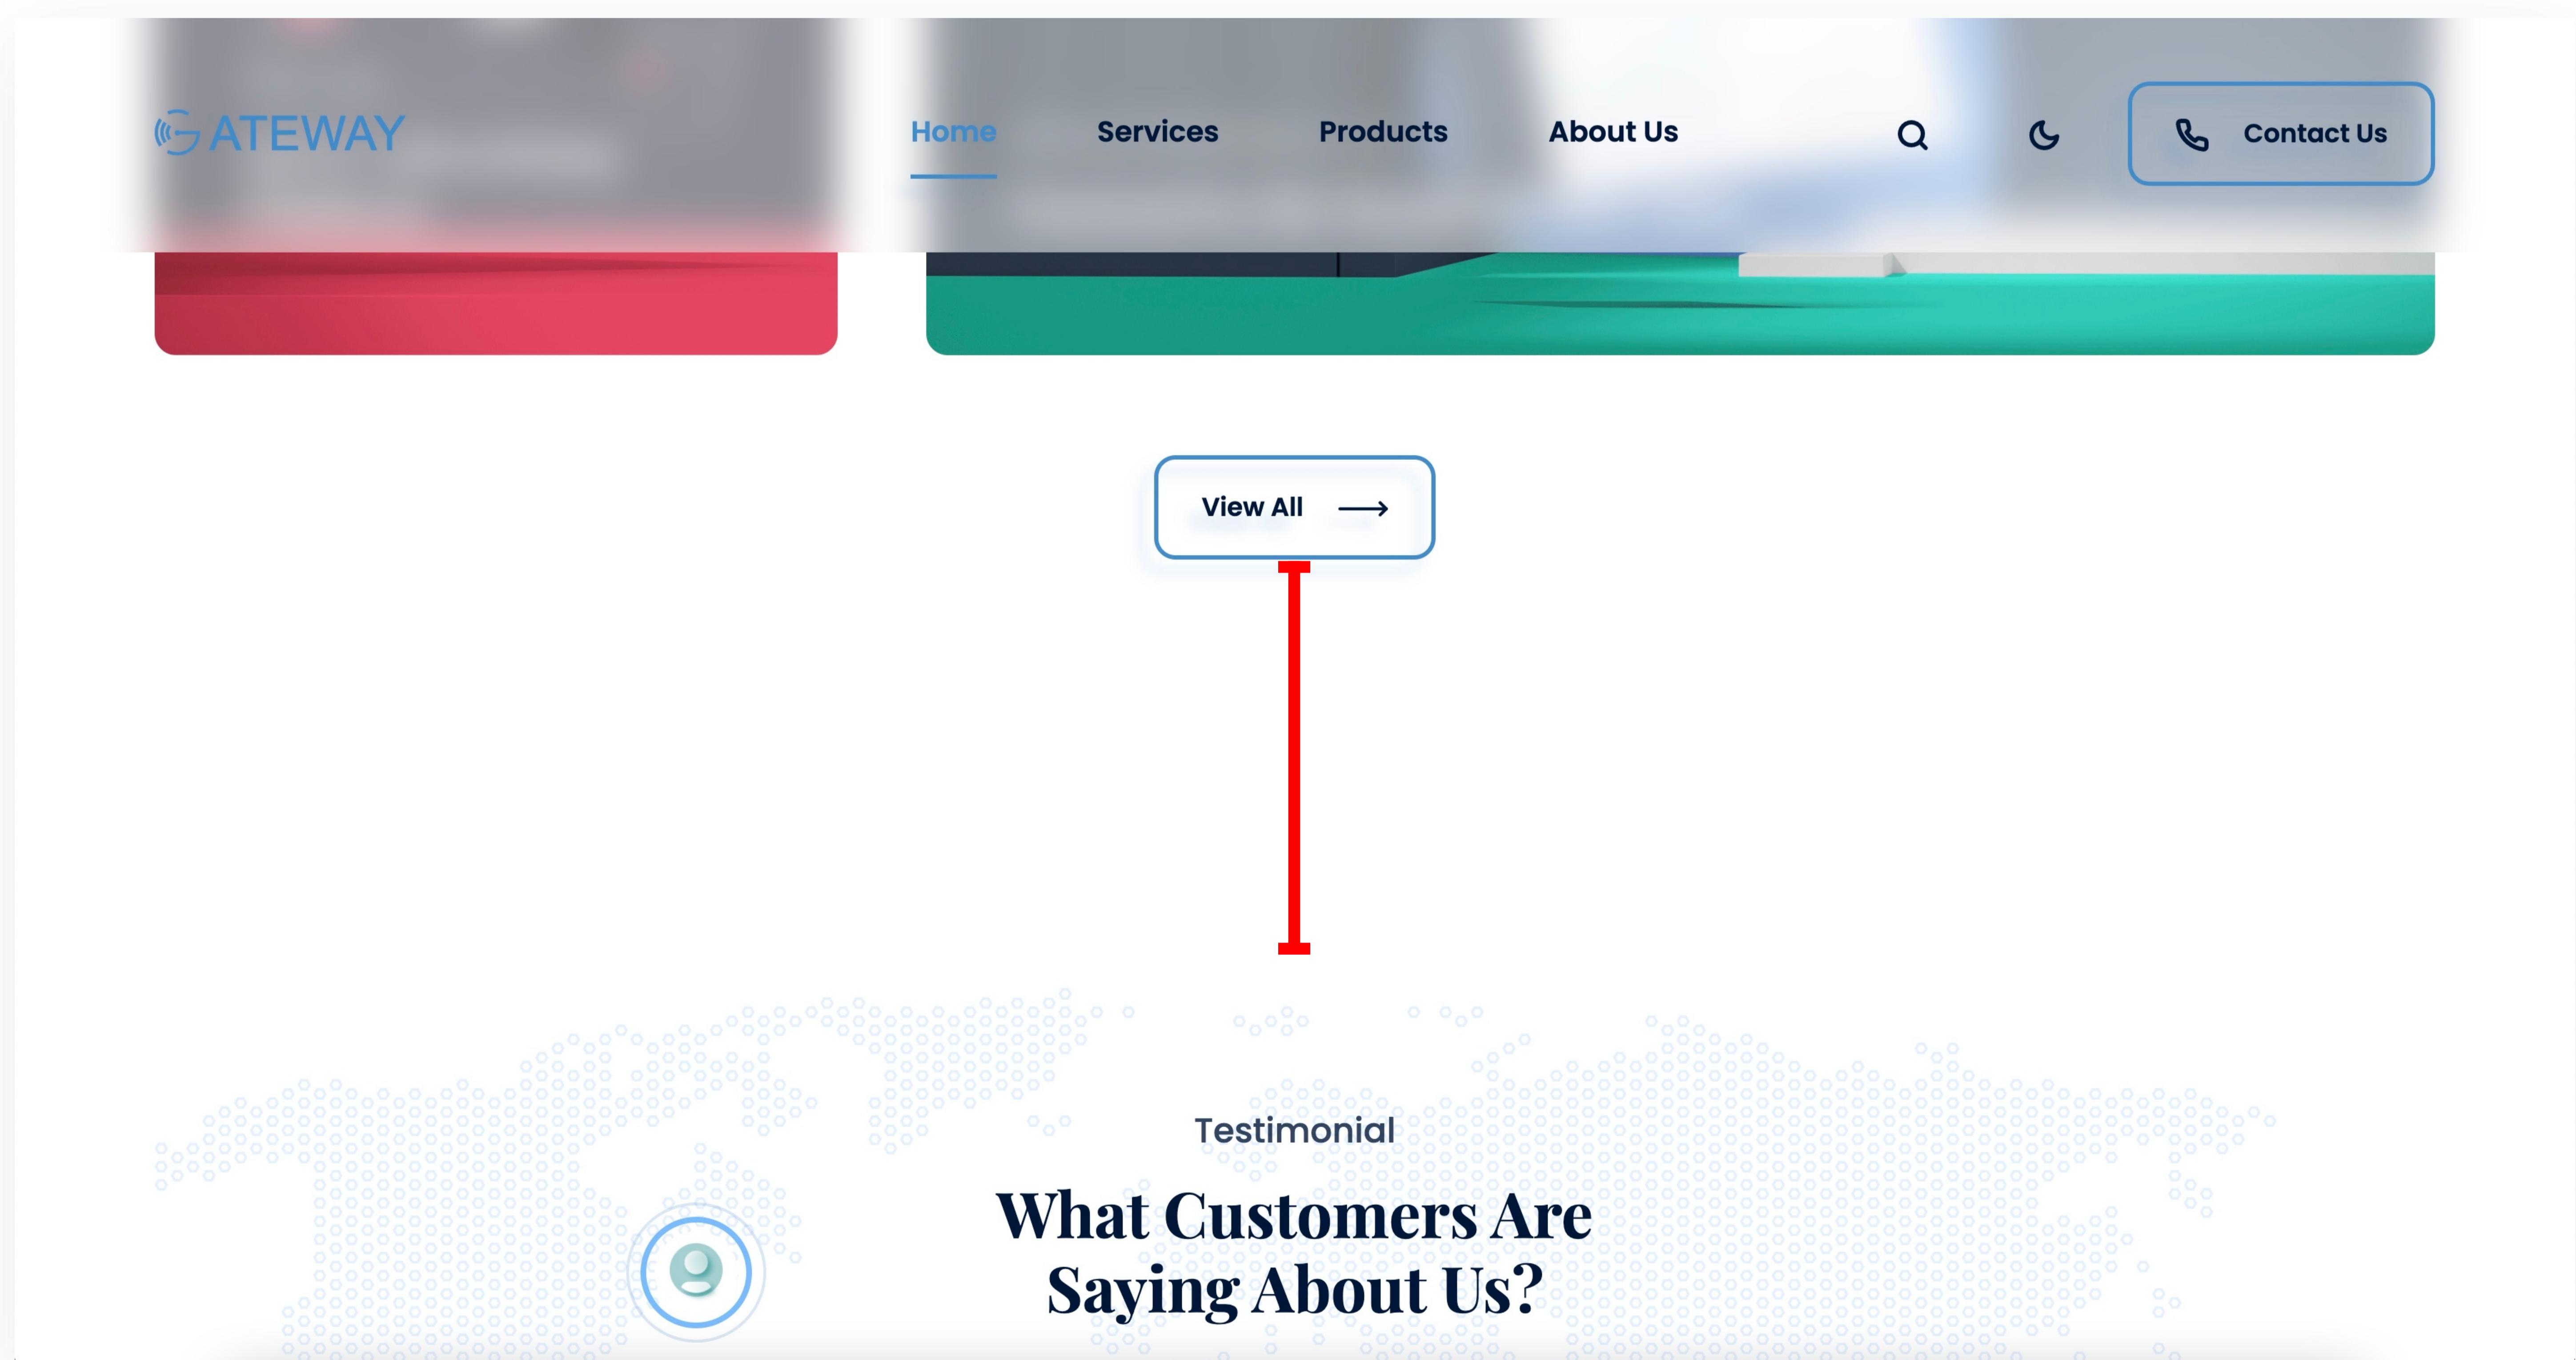

For Dark Mode see "Desktop_UI [Dark Mode].xd"

(GG) Recent Work: Please don't Capitalize Title from anywhere. Use what we designed from XD design file!!

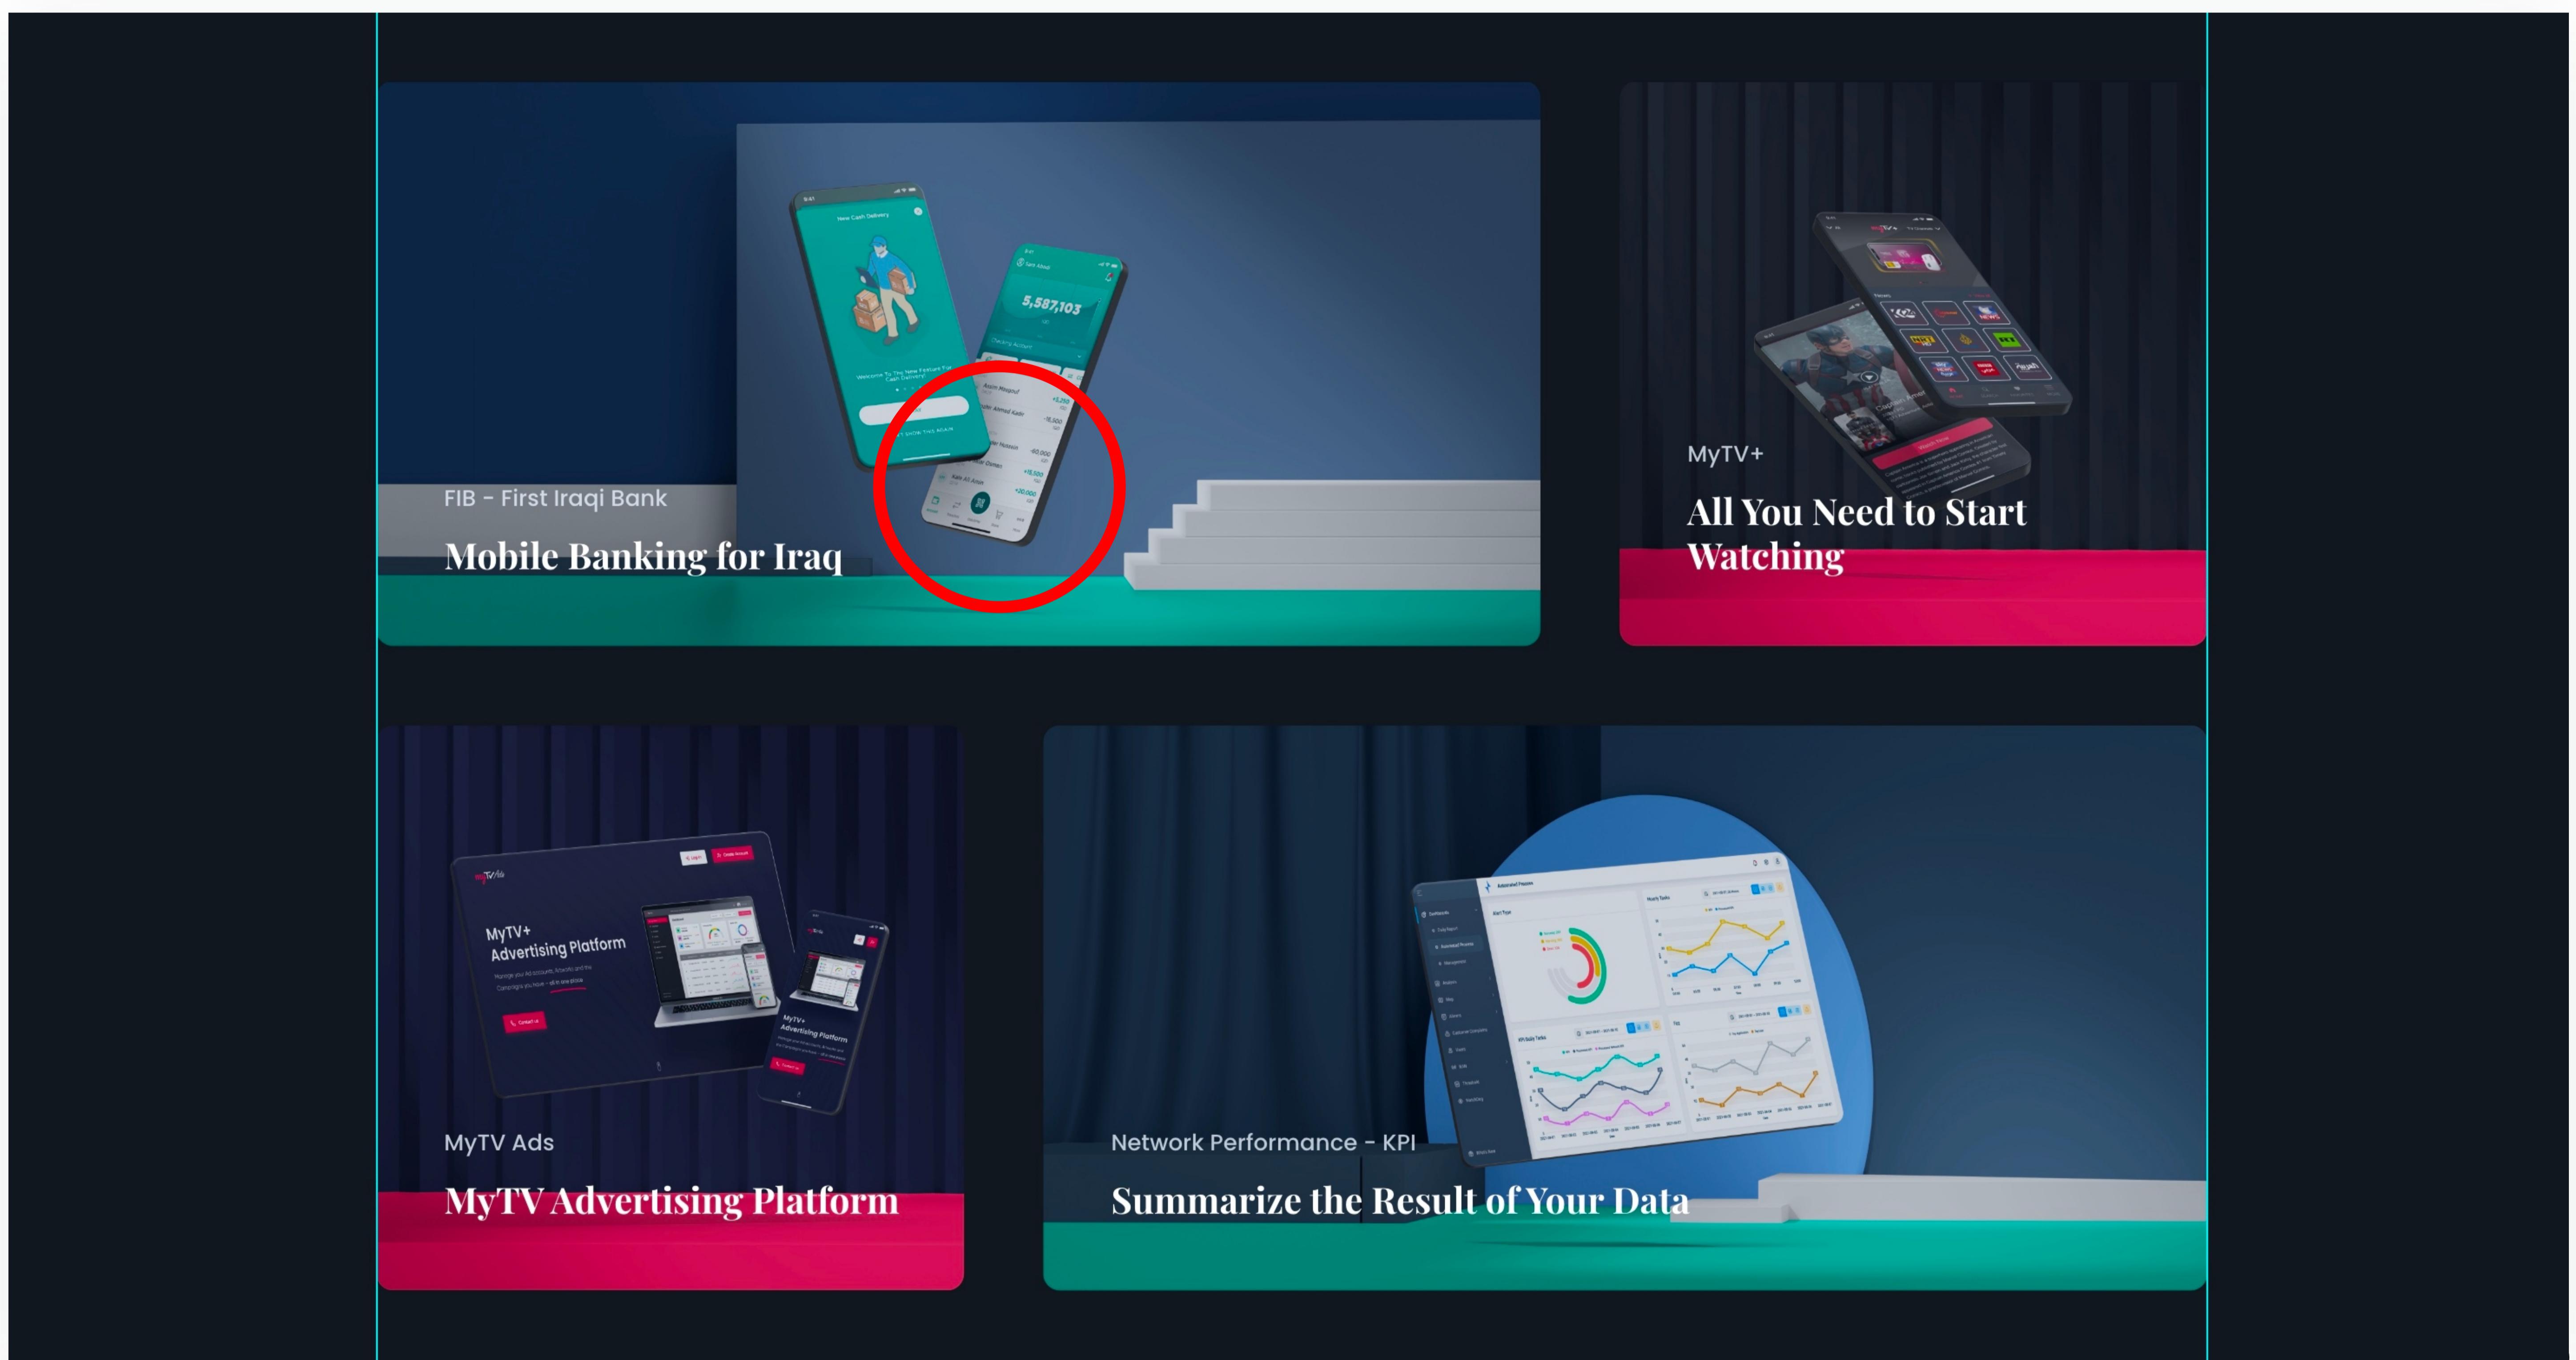

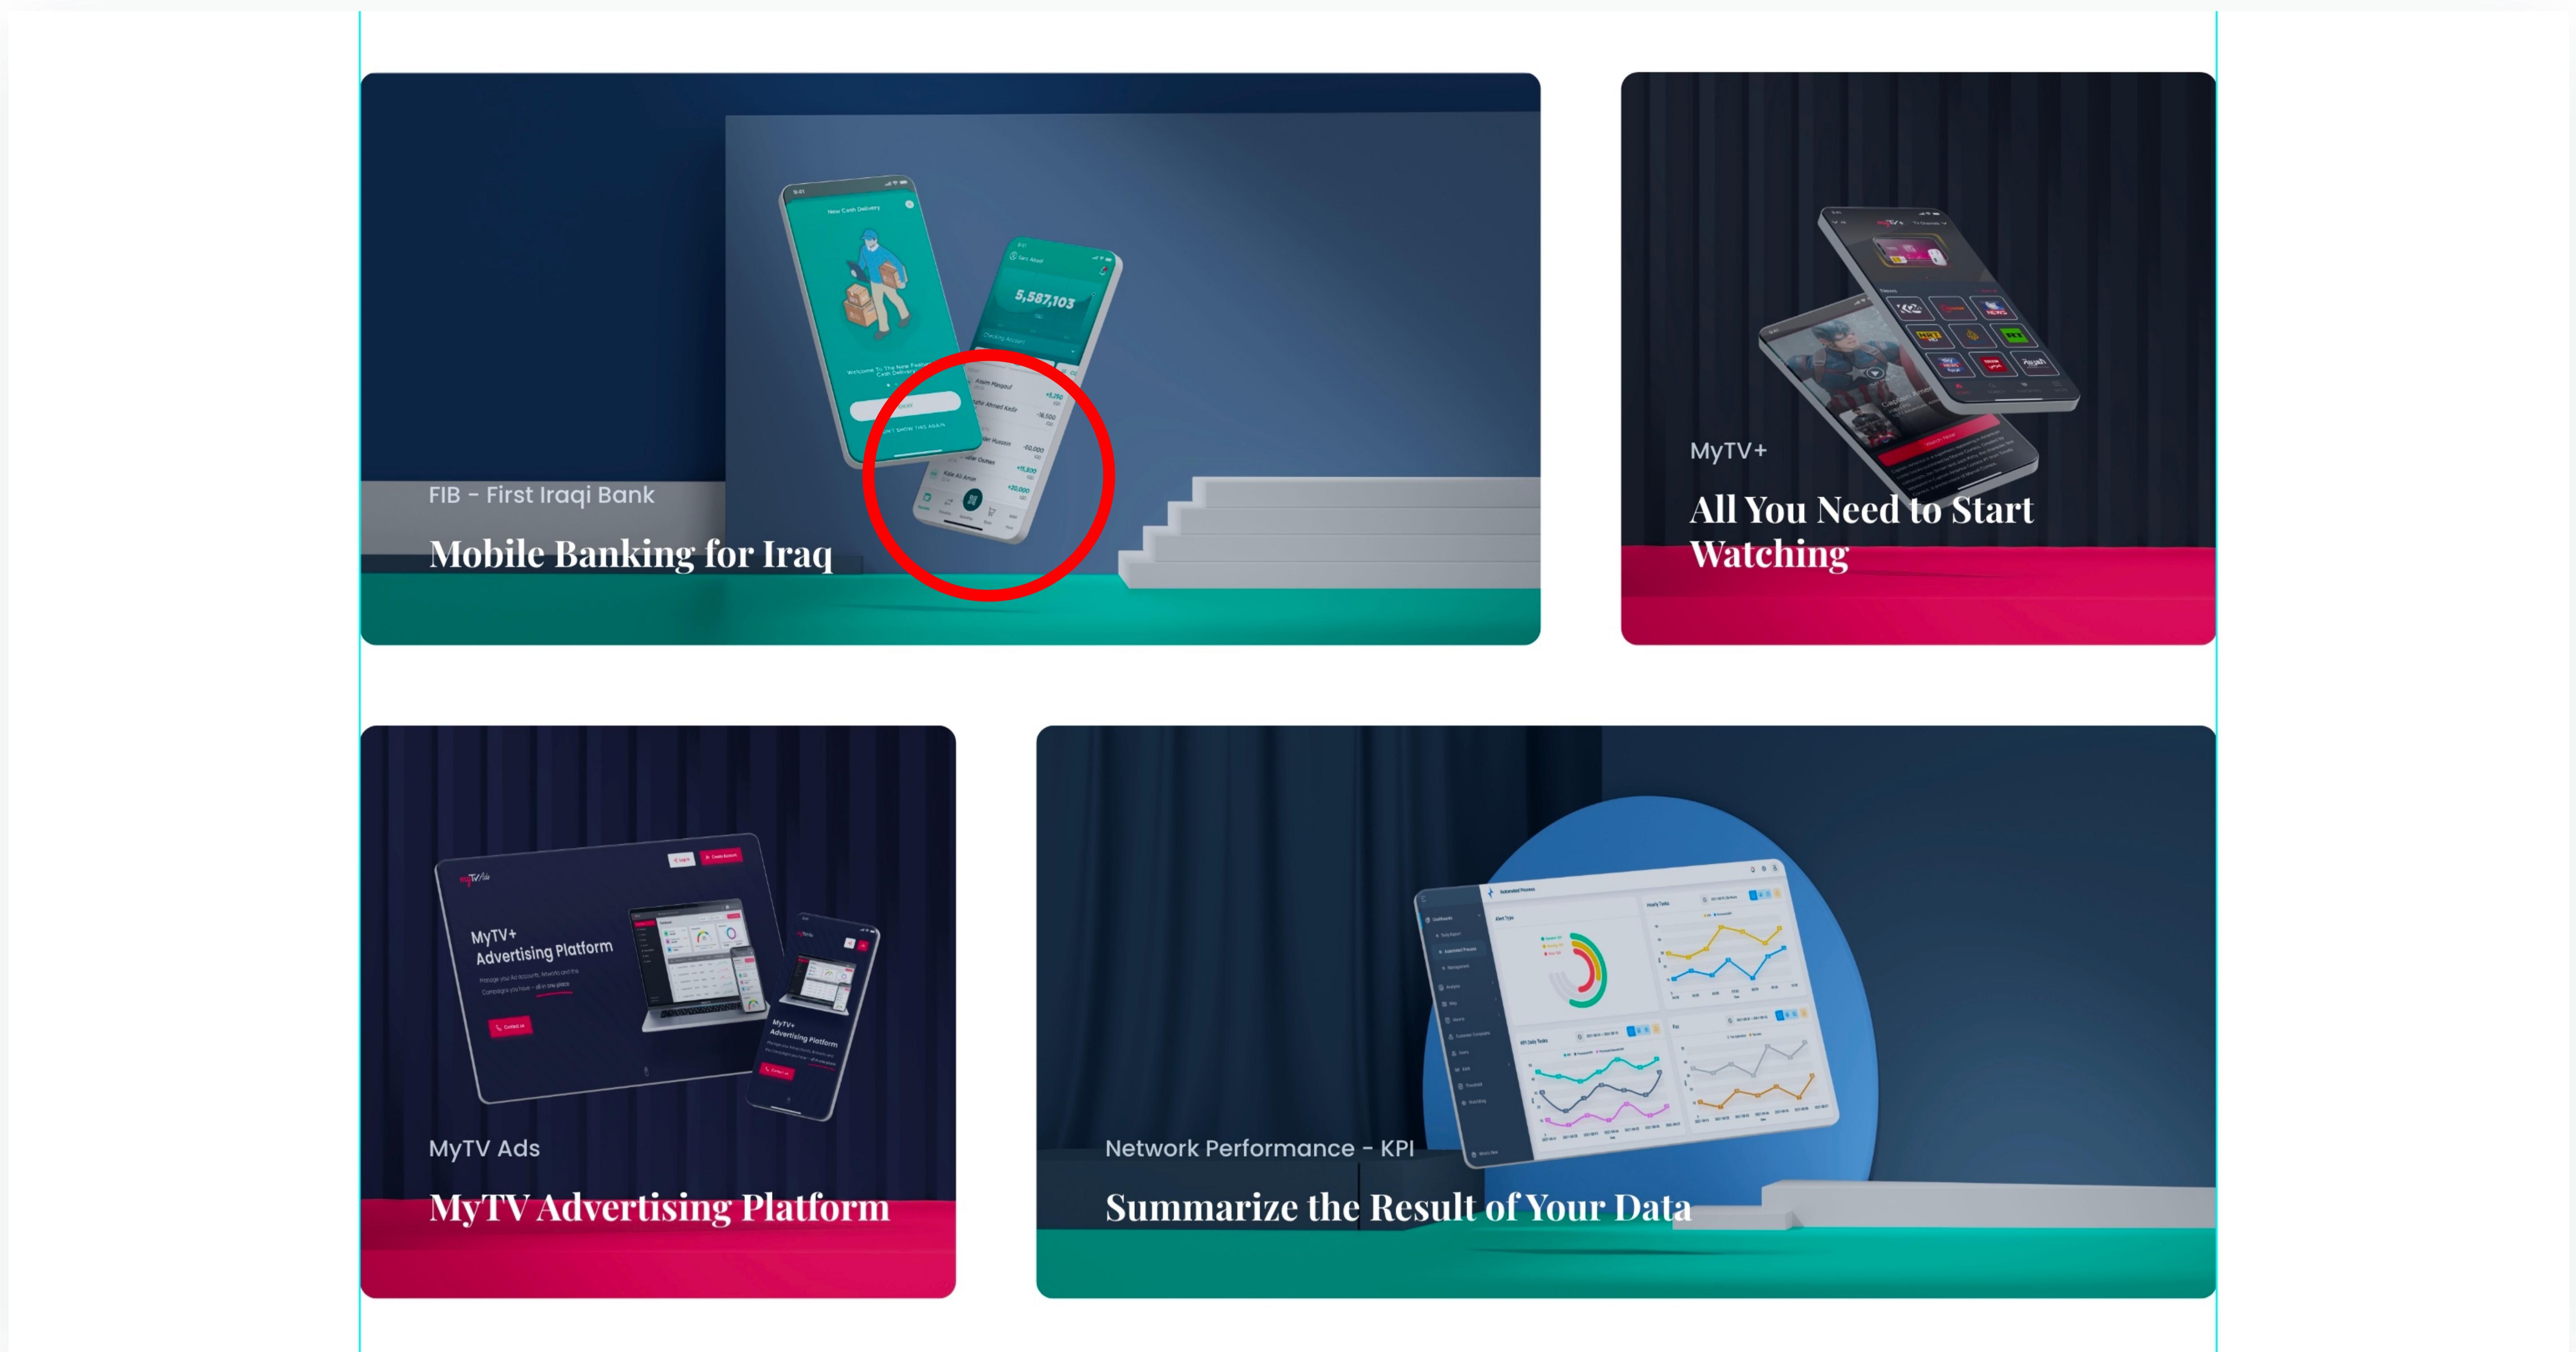

(HH) Recent Work: Please give an animation effect while hovering on each box. Like my design.

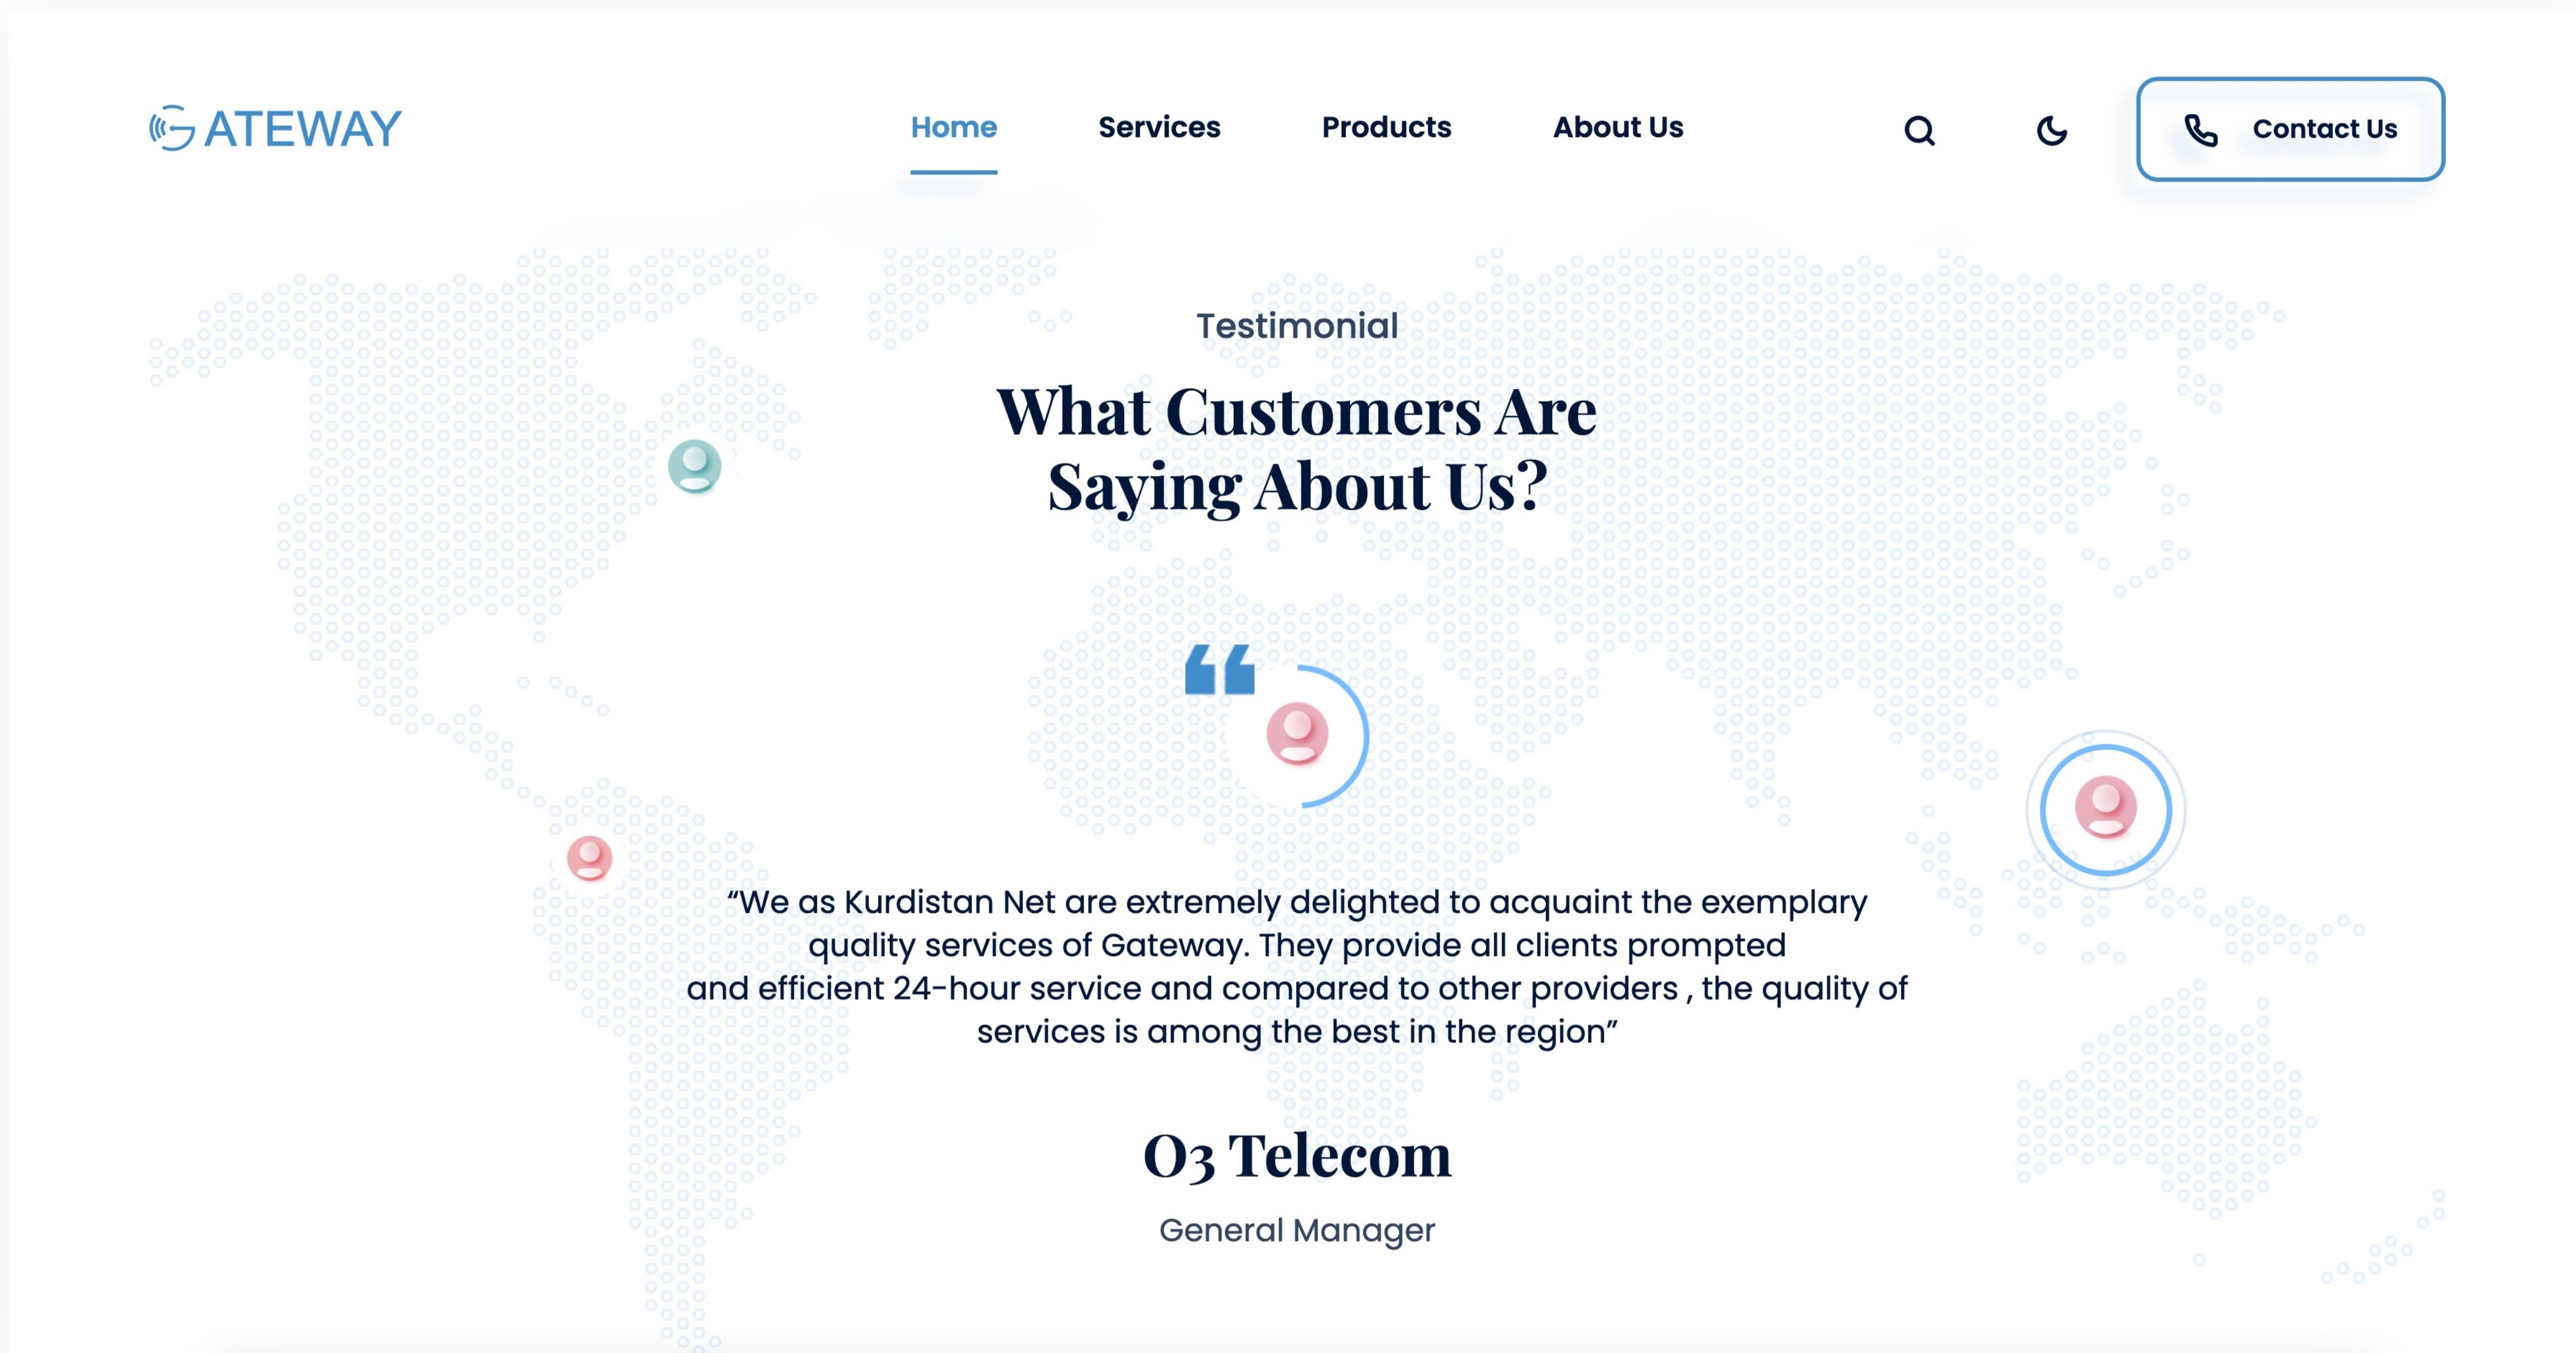

(II) Recent Work: Please decrease the space between Recent Work section and Testimonial section by 50%.

(JJ) Recent Work: Background image for each box has it is different image from Dark and Light Mode, Please see our Light and Dark Mode Design again!!!!

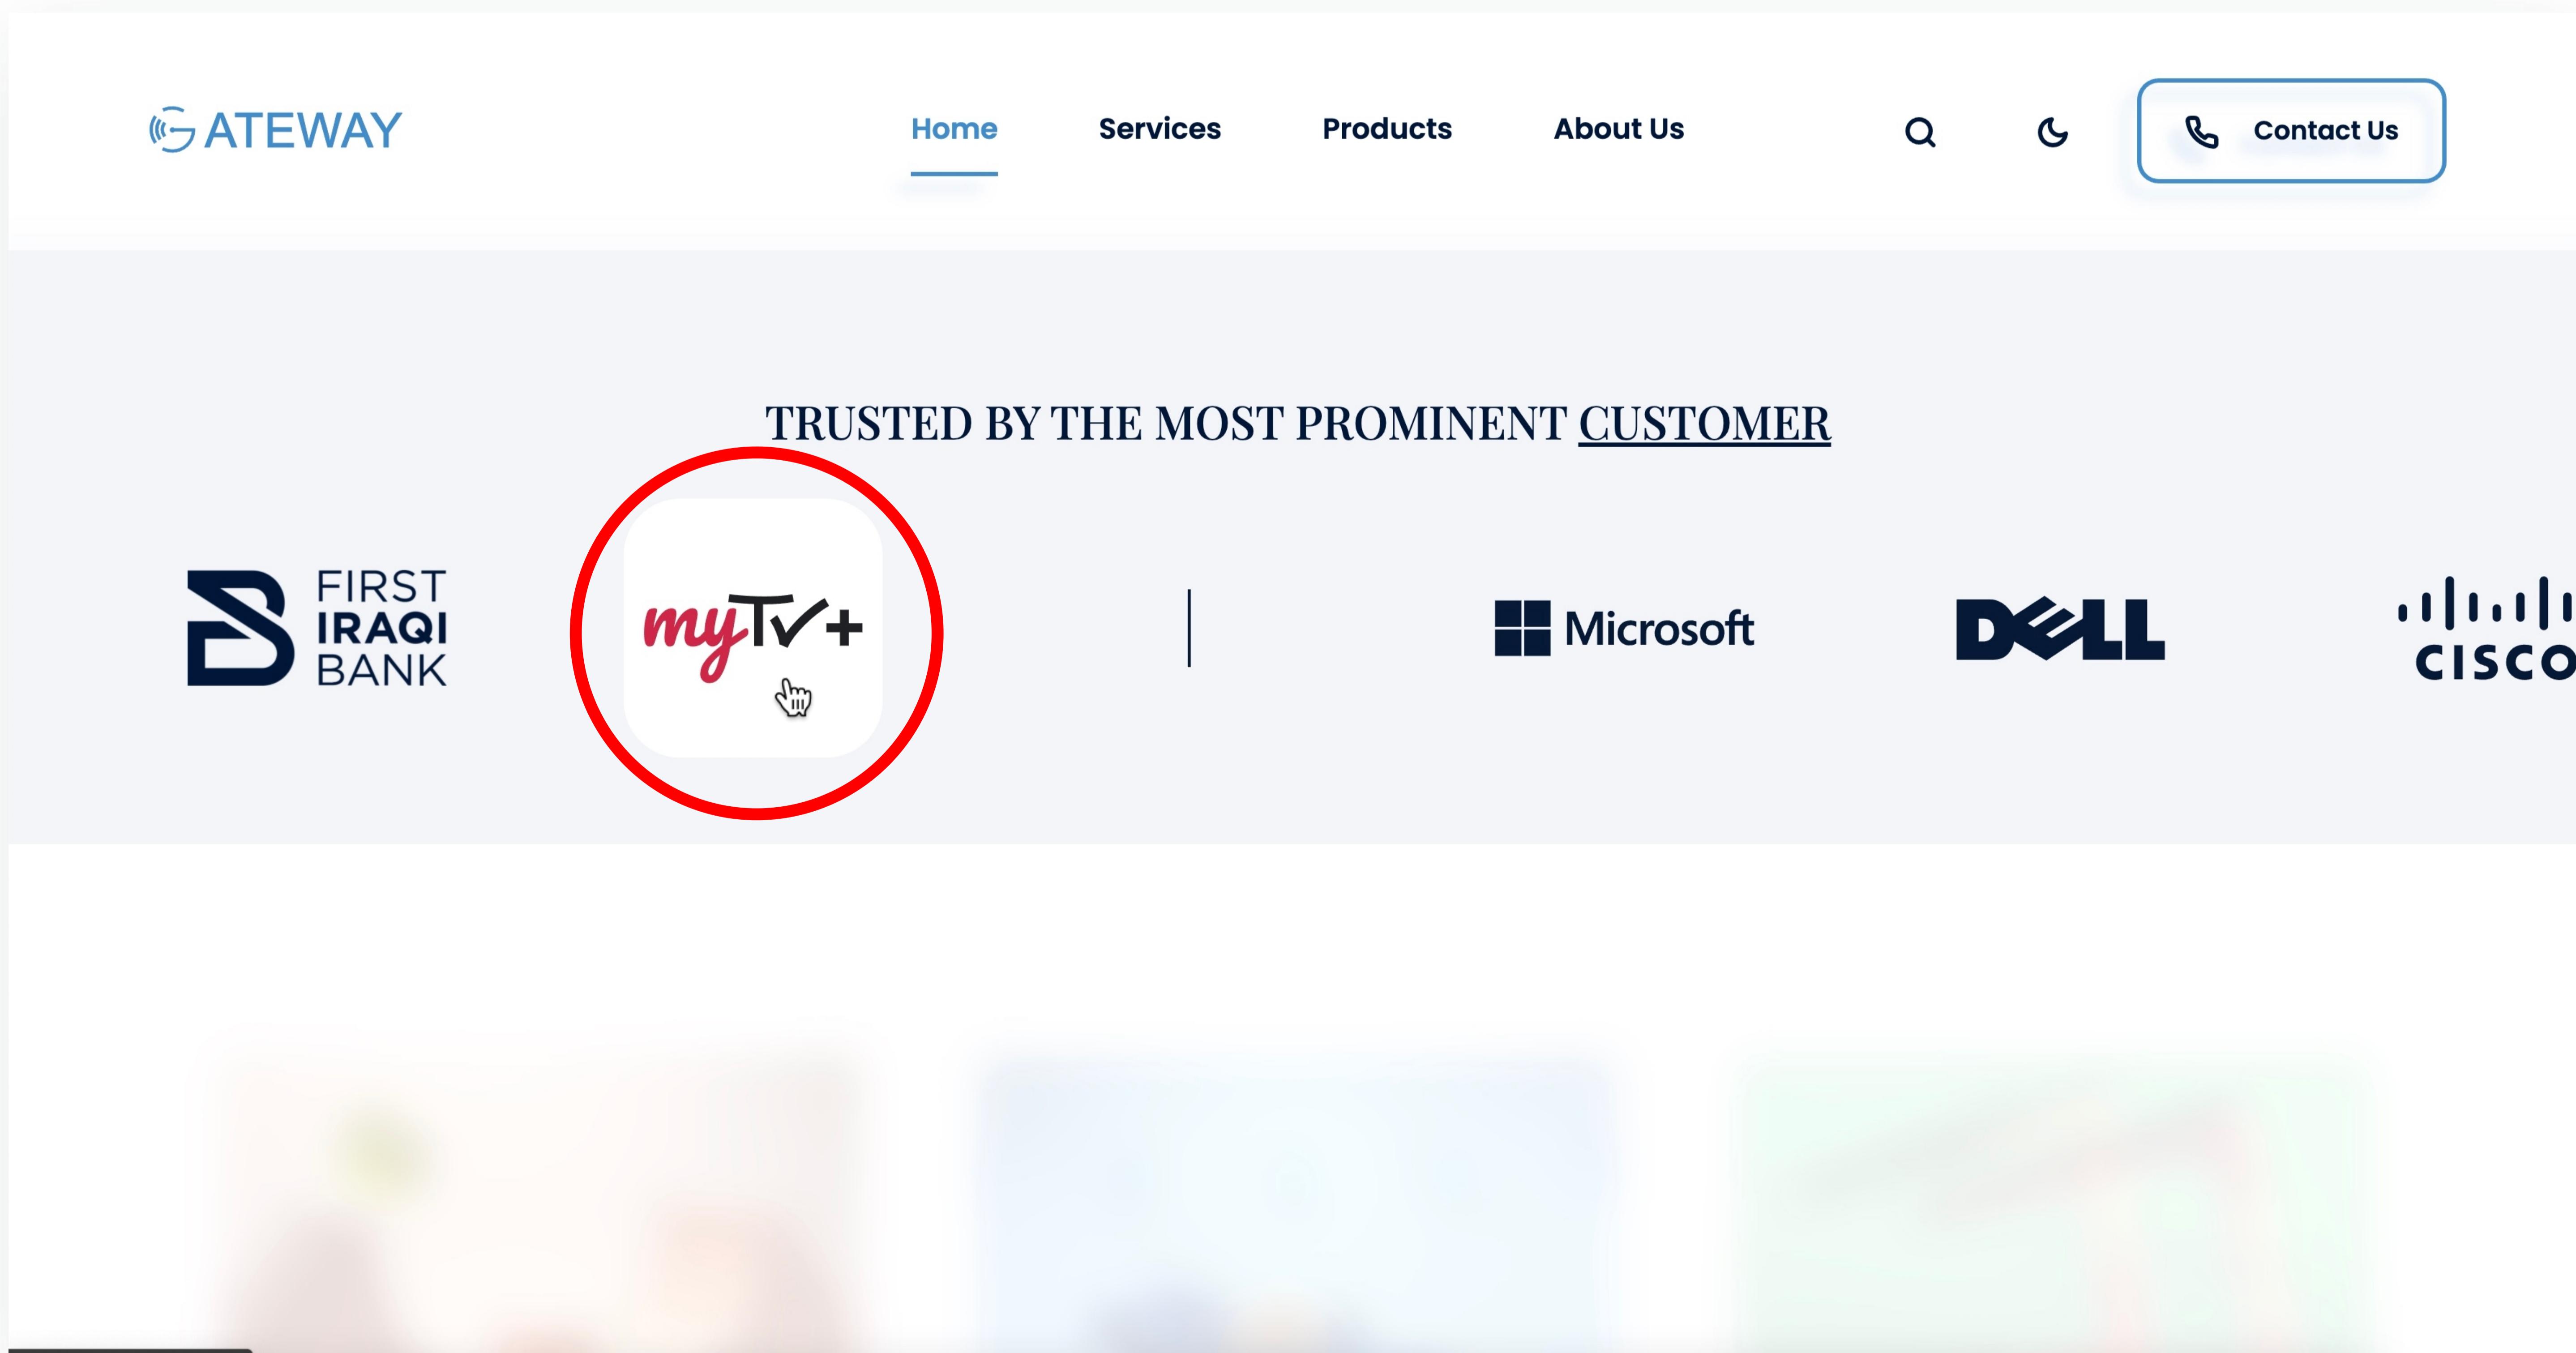

(KK) **Testimonials:** Please add a shadow to each avatars circle like our design! And please add the animation effect, And please use the continues that we have as a text from XD design file for “Paragraph”, “Company”, “Position”. The size of the Avatars are so different with ours from XD Design, please see it again! And please distinguish color palette between Light and Dark mode. And please be attention we have 3 wave line around each active testimonials avatar.

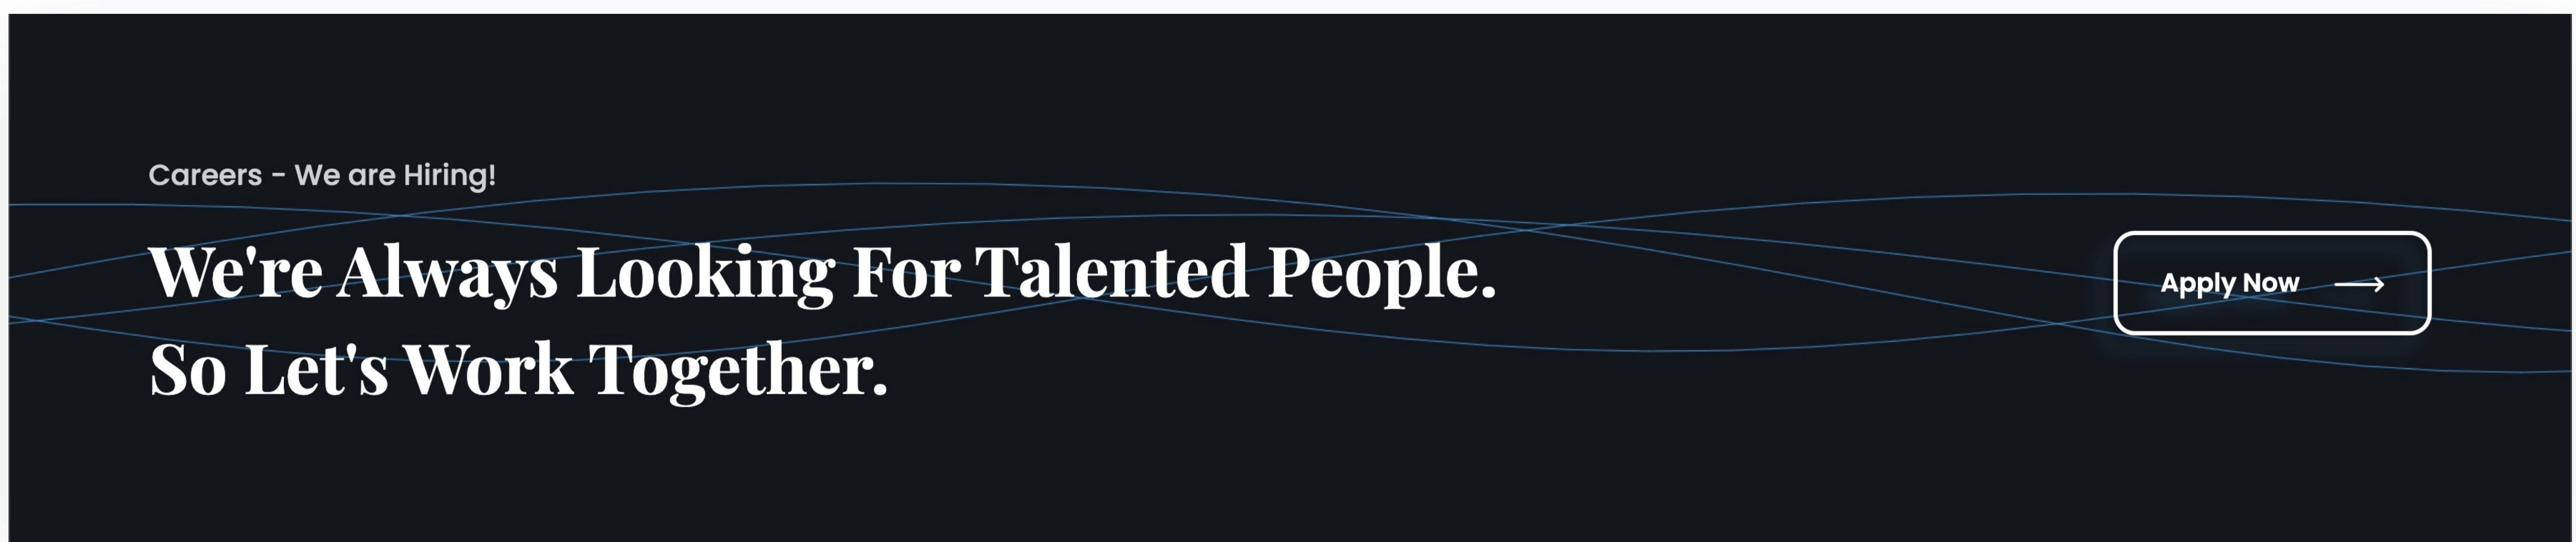

(LL) **Trusted by the Most Prominent Customers/ Partners:** Don't Capitalize all letters, and change font-weight to Bold.

(MM) **Trusted by the Most Prominent Customers/ Partners:** Some logos have a wrong logo in behind while hovering!!

(NN) Careers: For every CTA section like this section from entire website, especially who has a waving in the background, please be noted that the color for each wave line is different, and also different from Light and Dark Mode, you can get the color code from XD file.

(OO) Footer: There is a lot of space inside the footer, Please make sure that is really like our XD Design %100, in Height in Space, and in Size.

3- All Services Page

- (A) Hero Section: change font-weight to “bold” for Big title on all over website, and the color of the three lines are different, please it in the Design System. And please remove shadow for Scroll Down button.

The screenshot shows the top navigation bar with 'GATEWAY' logo, 'Home', 'Services' (underlined), 'Products', 'About Us', a search icon, a refresh icon, and a 'Contact Us' button. Below the navigation is a large section titled 'An Overview Of Our Services'. A text block states: 'Our competencies lie in the abundance of services that follow the latest technological trends in the market. AI, Business Process Development, IMS, Telecommunication services, MSP, IT and web solutions are among many solutions utilized to help startups, SMEs, and organizations create outcome-focused systems with enhanced agility, helping them rapidly reshape, renew, and build novel potential for their businesses.' To the right of the text is a decorative graphic of blue intersecting lines forming a diamond shape. A vertical arrow labeled 'Scroll Down' points downwards from the bottom right of the text area.

- (B) Page content: Please decrease the height of the box image, it must be like our new XD design file, please see it again.

The screenshot shows the same top navigation bar as the previous page. Below it is a section featuring a large image of two people working at a desk, with one person pointing at a sticky note. This image is enclosed in a red rectangular border. To the right of the image is a heading 'Business Process Development' and a paragraph of text: 'We have converted Business Process Development into a flexible, agile procedure to best suit our customers. We pride ourselves on being a few companies that think outside the box...'. At the bottom of this section is a blue button with the text 'Explore More' and a right-pointing arrow.

- (C) **Testimonials:** Please add a shadow to each avatars circle like our design! And please add the animation effect, And please use the continues that we have as a text from XD design file for “Paragraph”, “Company”, “Position”. The size of the Avatars are so different with ours from XD Design, please see it again! And please distinguish color palette between Light and Dark mode. And please be attention we have 3 wave line around each active testimonials avatar.
